

## The Mans Decree Chapter 1661 -

### Chapter 1661 Cherry Boy

When Kai saw that, he panicked and did not know what to do. The truth was that Kai's EQ was so low that it was practically non-existent. He did not know how to coax girls, not to mention sweet-talking!

He did not understand why so many women had taken the initiative to pursue him!

"Please don't cry. It's not what you think... Really..."

Kai was at a loss as Astrid continued to cry. He wanted to wipe her tears off, but he didn't dare to do it!

"It is exactly what I think. Do you think I don't know about your relationship with Lizbeth? I've heard all about it. Why was it OK for you to sleep with Lizbeth while your girlfriend was detained at Warriors Alliance? Besides, she's your girlfriend's best friend..." Astrid questioned Kai.

It seemed like the woman had already looked into the people who were close to Kai and investigated their relationships with him.

"That's nonsense. I didn't sleep with Lizbeth. Who did you hear it from? I have not even slept with Josephine yet. I'm still a virgin!" Kai explained anxiously.

When Astrid heard that, she froze for a moment and stopped crying before staring at Kai in disbelief.

My god! He's a cherry boy!

"Are you for real?" Astrid asked, finding it incredulous.

"I swear that I haven't done anything with them. I wanted to save it until I got married..." Kai replied earnestly.

Astrid could not help but chuckle when she saw the serious expression on Kai's face.

"I would have never expected that a formidable man like you would still be a virgin! Since that is the case, I won't have to worry anymore. At least I'm not at a disadvantage. There's nothing for me to be scared of. I'm sure that you will fall in love with me!"

Astrid was brimming with confidence.

There was nothing she had to worry about since Kai had not been intimate with those other women.

Kai let out a helpless sigh when he saw Astrid smiling again. She had really scared him earlier!

The man was thankful for the calming incantation. If not for it, it would be impossible for a healthy young man like him to resist the temptation!

“It’s getting late. You should rest now. I’m going out...”

Kai could not wait to leave the room!

“Don’t go. You can sleep here tonight...” Astrid offered.

“No, no, no. I’m scared—”

Before Kai could complete his sentence, he was interrupted by Astrid. “You can stay here. I’ll leave. There are other rooms for me to sleep in.”

After saying that, Astrid turned to leave. When she reached the door, she turned around suddenly and smiled at Kai. “Good night...”

After the woman left, Kai shut the door at once and sat on the bed while panting heavily.

As he wiped off the cold sweat from his forehead, then he let out a bitter chuckle. He could not believe that, as a Greater Martial Arts Marquis, he would be that terrified of a woman!

“Alas! What’s with modern society? Are all women so bold these days...”

Kai let out another sigh before sitting cross-legged and starting to cultivate. He was sure that he would not be able to fall asleep that night.

The next day, Kai got out of bed early.

As he breathed in the fresh air, he could not help but marvel at the impressive design of the Gunderson residence’s courtyard.

“Mr. Chance, did you sleep well last night?”

Just then, Fernando walked over to Kai and asked with a teasing look in his eyes.

“Good morning, Mr. Gunderson. It was all right...” Kai answered awkwardly, nodding his head.

When Fernando noticed Kai’s expression, the grin on his face got wider. After giving a pat on Kai’s shoulder, Fernando said in a tone an elder would speak to someone of the younger generation, “I’m glad that you slept well. I will be taking you to the Gunderson

family estate later. For your information, the Gunderson family estate has always been out of bounds to outsiders.”

## The Mans Decree Chapter 1662 -

### Chapter 1662 Different From What I Imagine

After Fernando said that, Kai seemed to understand his intentions.

No wonder Astrid entered my room in the middle of the night. It was planned.

Kai would need to be a member of the Gunderson family if he wanted to enter the Gunderson family estate.

If he got together with Astrid, naturally, he would become a member of their family. After becoming their family, his entry to the Gunderson family estate would be justified.

However, Fernando did not know Kai did not do anything with Astrid last night.

She did not coerce him to do what she wanted with the prize of going to her family estate. It seemed to Kai that she really intended to make an effort to win him over.

“Mr. Gunderson, we should go now. I can’t wait to get there!” Kai urged Fernando.

Kai was afraid Fernando would not take him to their family estate if the latter knew he did not sleep with Astrid.

“All right. Since you’re impatient, let’s go.”

After he said that, he lightly waved his hands, and a ray of light enveloped them suddenly.

Kai knew that was teleportation magecraft. It seemed that Fernando was already a master of that spell.

When the lights flashed, Kai quickly closed his eyes. When he opened them, he realized they were now out in the wilderness.

“Is... Is this the secret realm? It doesn’t look any different from the mundane world to me,” Kai exclaimed as he looked around curiously.

Looking at Kai, Fernando chuckled. “We’re not at the secret realm yet. Teleportation magecraft could only be used in the same dimension. Since the secret realm is not in the same dimension as the mundane world, it’s impossible to teleport directly into the secret realm, let alone bring someone in.”

Upon hearing his explanation, Kai went red in embarrassment.

Nevertheless, they continued on their journey. Kai followed Fernando for some time before reaching the foot of a mountain.

Then, he saw Fernando take out an octagram-shaped item and started chanting.

In no time, numerous lights started to form in the air, and a door slowly opened where the lights congregated.

It was like a gateway to heaven. However, when Kai tried to look into it, he couldn't see anything.

"This is the Gate of Fire. When the eight secret realms were formed, they were based on the eight trigram pattern. Our family's secret realm is in the south and it symbolizes fire. Hence ours is called the Gate of Fire. There are other gates, too, like the Gate of Heaven, Gate of Earth, Gate of Thunder, Gate of Wind, Gate of Water, Gate of Mountain, and finally, Gate of Lake. Violet Cloud Palace's secret realm is in the east, so theirs are called the Gate of Thunder," Fernando explained, and Kai learned something new.

"Mr. Gunderson, how many sects and prestigious families are living in each secret realm? Are there any limitations?"

Kai wanted to know how big the secret realm was and how many sects and prestigious families were inside.

Surprisingly, Fernando shook his head. "Honestly, I don't know. It's beyond my knowledge. I never did a count, so I don't know how many sects and prestigious families survived that year."

After that, Kai followed Fernando into the shining door. Once they had passed through it, it immediately vanished.

What entered Kai's eyes was a whole different view. All he could see was a vast desert devoid of life. Other than the massive sand dunes, he saw nothing else.

Kai could barely believe his eyes and stared doubtfully at Fernando's face.

"Mr. Gunderson, is this... the secret realm?"

In Kai's knowledge, secret realms were supposed to be filled with lush greenery, and beasts roamed aplenty. In short, it should be a good environment.

Why is this place so desolate?

At Kai's confusion, Fernando smiled. "Hm? It doesn't look like what you've imagined, right?"

“Yeah, it’s different.” Kai nodded.

Fernando guffawed. “Hahaha! Of course, it’s different! Every secret realm has its own environment. For example, Violet Cloud Palace’s Gate of Thunder is a place with constant snowfall all year long...”

## The Mans Decree Chapter 1663 -

### Chapter 1663 Sealing His Cultivation

Kai felt embarrassed after hearing that. Even though he was a spiritual energy cultivator, he was ignorant of the matters relating to the heavenly realm.

Gosh, I sound like a beginner. This is so embarrassing!

“Don’t worry. You’ll learn about this sooner or later. After all, I can take you to this place often after you’ve become one of us.”

As Fernando looked at Kai, the former had a knowing smile on his face. Then, he waved his hands, and light enveloped them yet again.

In the next instant, they appeared in a bustling street. Rows and rows of hawkers were selling food and other products, stretching as far as the eye could see. To Kai, this town was no different from those in the mundane world.

“Come on, this way...”

Fernando led Kai through a street and stopped in front of a courtyard.

Glancing at the courtyard, Kai exclaimed incredulously, “Mr. Gunderson, don’t tell me this is the Gunderson family estate?”

Fernando nodded in affirmation. “Yes, this is the place.”

For one moment, Kai was at a loss for words. The courtyard was not impressive and did not look like a place that belonged to a prestigious family to him.

In fact, it could not even compare to Fernando’s courtyard in Jadeborough.

Although Fernando could guess what was going through Kai’s mind, he said nothing and smiled faintly. Then, he brought Kai in.

When Kai stepped through the gate, he was greeted with a gust of spiritual energy, and the next thing he saw was a lofty and majestic manor.

Two guards stood straight at the manor's entrance, emitting energy at the Marquis level. Are they Martial Arts Marquises?

Kai was so shocked he almost dropped his jaw.

Again, Kai turned to look at Fernando in disbelief. Knowing that Fernando was also a Martial Arts Marquis, Kai felt that it was strange that the guards were on the same level as he was.

"This is the Gunderson family estate..." Fernando said with a smile.

"Mr. Gunderson, if I may ask, what... what position do you hold in the Gunderson family?" Kai was curious.

Smiling faintly, he answered, "I'm just an errand boy for the Gunderson family. Actually, no one from the direct line wants to go to the mundane world."

When he was explaining, he had a slightly helpless look on his face. In general, spiritual energy cultivators only have a primary purpose in mind—to practice spiritual energy cultivation.

To them, going to the mundane world was akin to putting a constraint on their cultivation progress.

"Then, do the other prestigious families living in the secret realms have representatives in the mundane world? I don't think I have seen them anywhere."

In truth, Kai was a little mystified. After all this time, he had only met Fernando, a representative of the Gunderson family in the mundane world.

"I think there are, but their identities are usually confidential, so I'm not sure. Anyway, let's go in. I reckon the Great Elder must be anxious from waiting."

Without wasting more time, Fernando led Kai deeper into the estate.

As they passed by the guards, Fernando showed them his pass, and they let them in.

Oh. It seems like Fernando is not that important to their family.

They passed through multiple courtyards before stopping at a three-story building.

Standing at the entrance, Fernando shouted, "Your humble disciple, Fernando Gunderson, requests a meeting with the Great Elder..."

Immediately, a middle-aged man walked out of the building. He had a full beard and a fierce aura around him.

Sending a cursory glance at Kai and Fernando, the man then lightly waved his hand.

A gust of spiritual energy appeared and wrapped around the two.

Unlike the expressionless Fernando, Kai was alarmed. Instantly, a golden light flashed and blocked the foreign spiritual energy from entering his body.

That was because Kai realized the spiritual energy was trying to seal off his cultivation.

How could Kai let someone seal his cultivation for no reason?

On Kai's body, golden sparks flew while he fought hard, using the Power of Dragons to stop the foreign spiritual energy from entering his body.

The bearded man frowned at the sight.

"Mr. Chance, do not resist. This is a mandatory procedure to meet the Great Elder. Everyone has to seal their cultivation," Fernando said before he entered the door.

## The Mans Decree Chapter 1664

Chapter 1664 Meeting Great Elder

Seeing that, Kai had to retract the Power of Dragons.

In an instant, his elixir field was sealed, and he looked no different from an ordinary person.

"Go on in," the man with full facial hair invited.

"Thank you, Third Elder," Fernando said with a polite bow.

He then led Kai into the building.

Inside, Kai detected a faint fragrance. He took a deep sniff and immediately furrowed his brows.

As an alchemist, Kai was familiar with this fragrance. It originated from a tree that would emit this scent when it was burned.

However, the fragrance wasn't used to refresh the air. In fact, it was used just like formaldehyde to reduce decay. Thus, dead bodies wouldn't rot for a long time after getting fumigated in the smoke.

Kai couldn't understand why this spice was used in the Gunderson family estate where Great Elder lived.

Before Kai could figure out what was going on, Fernando went on his knees.

"Greetings, Great Elder. I have brought him here," he declared after giving a polite bow.

Kai belatedly noticed an elderly man seated on the seat at the top with white facial hair covering his entire face.

He looked really old as his skin was all wrinkly. It seemed that he was about to die any time.

The elderly man didn't move an inch, but his eyes were sharp and bright. One would assume he was dead if it weren't for his eyes.

Kai was so engrossed in staring at Great Elder that he didn't offer a bow.

"Mr. Chance, hurry up and bow!" Fernando glanced at Kai anxiously. "You're part of the Gunderson family now, so it's a sin to not bow to Great Elder!"

However, Kai didn't get on his knees. He wasn't a Gunderson and had never knelt before anyone previously.

"Greetings, Great Elder!" Kai said cordially.

Cold sweat formed on Fernando's head, as he was afraid Great Elder would be upset at Kai's rude action.

Instead of flying into a fit of rage, Great Elder said calmly, "Have a seat."

Fernando was stunned. I've never sat before Great Elder. Every time I come here, I'll have to get on my knees. Why is Great Elder so gracious today when Kai is here? He is asking us to sit down!

Without hesitation, Kai strode toward a chair and sat down.

However, Fernando dared not get to his feet and remained in a kneeling position.

"Serve us coffee, please," Great Elder ordered.

Right then, a gorgeous lady clad in a white dress stepped out of a room. She could be a fairy with her stunning looks.

However, her face was pale, and Kai couldn't detect any aura on her. It looked like she was a walking corpse.

The woman came to Kai slowly. Lowering her head slightly, she placed a cup of coffee in front of Kai.

Kai stared at the woman's face, utterly baffled.

I cannot sense any aura on her. Is she a zombie puppet?

Kai felt a chill go down his spine at that thought.

If my guess is right, then the Gunderson family estate isn't a safe place for me to stay in.

When the woman turned around, Kai pretended to brush against her hand accidentally.

The woman's hand was icy cold, so Kai was certain she was a corpse!  
Instantly, Kai's breathing turned rapid.

His strength had been sealed, so he couldn't defend himself and was at their mercy.  
Gently, Kai took the cup of coffee with trembling hands.

He had never been this nervous in his life.
