

The Man's Decree Chapter 731 (The Man like none Othere chapter 731)

Chapter 731 Bath

The Emyrean Sect wasn't far away from Mapleton at all. However, the path they needed to travel on was a mountain trail, so they had to slow their pace.

It wasn't until noon that they arrived at Emyrean Sect.

At that moment, hundreds of young ladies had gathered in front of the Emyrean Sect gates. None of them were the sect's members, though many were the sect's believers. The rest were villagers from nearby. It was a cramp sight with so many young ladies gathering there.

Kai was a little puzzled. Why are there so many ladies gathering in front of the Emyrean Sect? There are so many people here that we can't get in.

At that moment, a Senior Grandmaster shouted from the observation tower, "Everyone, we are back! Please make way!"

The Senior Grandmaster used his elixir field to shout louder than a loudspeaker. Those ladies promptly turned around and stood to the side when they saw the entourage.

A lot of women began to scream when they saw Carlos in red.

Carlos, on the other hand, smiled happily at seeing so many women.

Is Carlos really that popular with the ladies? Kai was bewildered. I know he's pretty handsome, but he's not some superstar. Why are there so many ladies going crazy over him?

Lyanna looked out of the carriage when she heard the ladies screaming.

All the ladies outside stared at her with envy as they wished they were the person sitting in the carriage.

When the entourage arrived at the gate, the Senior Grandmaster who shouted earlier spoke again. "Today is Mr. Xuereb's wedding day, thus we're opening the gates to allow you all to take a bath in our pool! The water in the pool came from our mountain's spring water. It can nourish your body, improve your mental and physical health. Most importantly, it can help you stay beautiful. However, all of you are only allowed to stay in the pool. If you ignore our rules and run around the place, don't blame us when we show no mercy."

Just as he finished speaking, the hundreds of ladies screamed and rushed through the gates.

The moment Kai stepped into Empyrean Sect, he could feel the surrounding spiritual energy becoming very thick. It made all the hair on his body stand up before he tried to breathe in as much spiritual energy as possible. Why is the spiritual energy here so thick? Is it because of the spirit spring?

He could barely hold back his desire to get a taste of that spring water.

However, he knew he would get found out if he ran around the place at that moment. He decided to check out the spirit spring during the wedding because everyone would be paying attention to the ceremony.

Soon, they arrived at a hall inside. The hall was more than a thousand square meters big. It was heavily decorated as well. As it wasn't wedding time yet, everyone was currently resting in the hall.

Carlos spoke to Weston for a while before leaving. Seeing that, Kai seized the opportunity to leave too.

"Everything's ready, Mr. Xuereb. All those ladies are still taking their baths," the Senior Grandmaster who shouted earlier whispered into Carlos' ear when he walked out of the hall.

"Good!" Carlos smiled. "Once I absorbed their negative energy, Lyanna's aptitude to bewitch will finally help me become powerful enough to even win against my father."

He slowly made his way to the summit behind the hall when he finished.

Kai sneaked out of the hall and also headed to the back by following the traces of spiritual energy.

At that moment, on the summit behind the hall, a huge natural spring pool appeared. Above that was a spring with an area of only a few dozen square meters that constantly poured water outward. The water that emerged from it was stored in the spring pool.

Chapter 732 Exciting Scene

More than a hundred young ladies took off their clothes and bathed in the spring pool. Some still wore swimsuits while others went fully naked.

Kai was hiding behind a rock on the summit when he saw that magnificent scene. He was staring at them so hard that his eyes were about to pop out.

Drip!

He swiftly lowered his head and noticed his nose was bleeding. A drop of blood had hit the ground.

“Da*mit!” He quickly tried to stop the bleeding.

Even an energy cultivator like him had a hard time controlling his excitement when he saw that.

However, Carlos, who was standing not far from the spring pool, had no reaction whatsoever as he stared at the naked young ladies.

It reinforced Kai’s theory that Carlos was definitely no longer a man.

Carlos slowly sat down and draw weird symbols with both of his hands in the air. Soon, a small vortex appeared in the air. Those ladies in the pool didn’t notice anything as they continued to play with each other.

Seconds later, a white mist began to rise from those ladies’ heads. It looked like steam rising from hot water.

Those white mists were swiftly sucked into the vortex. Kai knew those were those ladies' negative energy, not normal steam.

As their negative energy continued to be sucked away, those ladies began to look pale. Their bodies started to shiver from a mysterious cold feeling.

However, they continued to stay in the pool because they wanted the water to make them look beautiful.

Kai shook his head resignedly. These ladies are going to die.

Still, it wasn't time for him to show up yet as Carlos would notice him.

Thankfully, just as those ladies were about to keel over and die from negative energy depletion, the Senior Grandmaster who shouted loudly earlier showed up.

"All right, everyone. Time's up. Please leave now. Mr. Xuereb has prepared gifts for you all," he announced.

When those ladies heard there were presents for them, they instantly got off from the pool, dressed up, and left with the Senior Grandmaster. They didn't know that they just lost more than ten years of their lives staying in the pool.

Once they all left, Carlos opened his mouth and swallowed the vortex in the air. "Ahh, there is so much negative energy! This will push my power to another level. I'll finally be able to reach the Martial Arts Grandmaster level and surpass my father after I absorbed Lyanna's negative energy."

He stood up and laughed excitedly.

Unbeknownst to him, Kai was hiding behind a rock not far from him. Although Kai wasn't really interested in him. It was the spirit spring that he was after.

After Carlos left, Kai hurriedly arrived at the source of the spring, which was so deep that the bottom couldn't be seen, and stretched his hand into it.

The moment he made contact, the spiritual energy erupted toward his body like a volatile volcano. He devoured the spiritual energy ravenously.

“There must be something inside...” When he touched the spring water, he knew the water itself didn't have spiritual energy. It came from whatever was within the source of the spring. He didn't know what it was, but it was definitely a magical item if it could release such a massive amount of spiritual energy.

Without any hesitation, he took off his clothes and dove right into it.

The deeper he went, the thicker the spiritual energy became. The surrounding also became darker as he dove deeper.

He could feel the pressure increasing as well. If not for his tough body, he would've been squashed into mush.

Chapter 733 Big Turtle

Kai concentrated and passively absorbed the spiritual energy around him instead of diving further. The level he arrived at that moment had enough spiritual energy for him to raise his power to even greater heights in just a few days.

However, he wouldn't be able to spend too much time cultivating there. July 15 was right around the corner, and Lyanna was still in the Empyrean Sect. Carlos would have done something to her by then.

So, after resting for a while, he dove deeper and deeper. Logically, the surrounding should have become darker as well, but it was oddly brighter the further he went.

Suddenly, a shadowy figure approached him. He furrowed his eyebrows. How can something survive in such a deep level?

When the shadowy figure got close enough to him, he realized it was a turtle. It was the first time he met a turtle with a meter-long shell.

The turtle was staring at him with hostility. There were unknown symbols carved into its shell.

Is this turtle the reason there's so much spiritual energy here? He stared at the animal motionlessly.

The turtle glanced at him for a little longer before diving back down. He let out a sigh of relief when the animal decided not to attack him.

Kai quickly followed behind the turtle to figure out how it got there.

However, he only managed to follow for a couple more meters before the turtle swam back. This time, the symbols on the turtle's shell began to glow in gold.

Soon, the golden glow covered the entire area like a big net. He was trapped in the middle.

An arcane array? His eyes stared wide at the golden glow around him. It's not just a mere magecraft. It's a genuine technique of an immortal, a real arcane array. Why did someone place such a powerful arcane array on a turtle's shell?

He was pleasantly surprised to see someone placed an arcane array on the turtle's shell because it meant there must be a valuable magical item hidden somewhere below.

Despite his desire to dive deeper, the golden glow had completely wrapped itself around his body. He couldn't even swim up to the surface, much less dive in deeper.

It was making him panic. Am I going to get trapped here?

Then, his eyes narrowed before he punched the turtle. If I can kill the turtle, the arcane array will be broken.

When he threw his punch, it formed a water pillar that struck the turtle.

Boom!

Kai felt a powerful force strike back at him while the turtle remained unscathed.

Swoosh! Swoosh!

After he attacked the turtle, the arcane array on the shell glowed in gold again. Martial energy formed ripples as it was shot in his direction. It allowed him to see where it was coming from.

However, since his movements were restricted, he had no way to dodge. Thus, he could only use his tough body to endure the martial energy attacks.

A wave of searing pain was felt on his arm. When he glanced at his arm, he saw a cut there. Blood was spilling out and coloring the surrounding water red.

It would appear that the spring water tainted by his blood was also restricted by the arcane array. It didn't spread out.

He quickly covered his wound to make it heal. At the same time, the arcane array on the turtle's shell had stopped attacking him.

It was only using the arcane array to prevent Kai from diving further.

Chapter 734 Marriage Time

It was time for the wedding to commence in the Empyrean Sect hall.

Lyanna secretly moved her veil away a little bit to look for Kai. Where the hell did he go? He's not selling me out and running away, is he?

She looked around frantically, but he was nowhere to be found.

“The time has come. The newlyweds, please...” a Senior Grandmaster from the Empyrean Sect shouted.

Carlos stared at Lyanna excitedly. After the ceremony was over, they would go to the bedroom. Then, when she was least expecting it, he would suck all her negative energy. That would help him leap through multiple cultivation levels and become a Martial Arts Grandmaster.

There weren't many young Martial Arts Grandmasters in the world.

He became even more excited when he thought he might become the youngest Martial Arts Grandmaster in the martial arts world.

“Why is your father not attending your wedding, Mr. Xuereb?” Weston asked perplexedly when he saw the chair at the end of the hall empty. What kind of father doesn't attend his son's wedding?

“My father has some important matters to attend to. He has left half a month ago, and it'll be a while before he returns. In any case, this wedding is between me and Lyanna. It doesn't matter if my father isn't here. Besides, Poison King isn't here too, no?” Carlos explained with a smug smile.

Weston stayed silent, though Lyanna spoke up.

She removed her veil and said, “It's bad luck to get married when both of our parents aren't here. I think it'll be better if we do it after your father returns...”

There was no way she was going to go through the wedding and become his wife.

And since she had no idea where Kai went, it was the only excuse she could use.

Carlos' expression turned cold. "I have told you that my father isn't returning any time soon. Besides, the date has been set, and a lot of people knew about it. I'm going to be a laughing stock if I cancel it right now."

"I don't care. I'm not going through with it if none of our parents are here." She then turned around and left.

In her mind, she was cursing Kai to hell and back. He promised it was just going to be an act and that he wouldn't actually make her marry Carlos. Yet, he was nowhere to be seen.

Just as she arrived at the hall's entrance, she was stopped by members of the Emyrean Sect.

"Do you think you can leave like that? Are you taking me for a fool? I want to see you try leaving without my permission," he declared sinisterly.

She swept her gaze past the scary members of the Emyrean Sect. All of them were emitting a murderous intent. So, she turned back to Carlos and said, "This is an important event. If you're going through this without your father, it means you're looking down on me. I won't agree--"

“Let me tell you something. I don’t care if you agree or not. You’re marrying me today. This is the Emyrean Sect, not Mapleton. Even if we’re in Mapleton, I still won’t be afraid of you all.” He threw away his facade and threatened her.

The Emyrean Sect was stronger than Mapleton, and she was currently in his territory.

The moment he finished, the members of the Emyrean Sect pulled out their weapons. It shocked Lyanna and the members of Mapleton.

They had no chance of winning against the Emyrean Sect in their territory.

Carlos smirked as he stared at the bewildered expression of the Mapleton group. “I truly love you, Lyanna. Besides, Poison King has approved our marriage. Isn’t it good that our families will work with each other? Why are you changing your mind at the last second? You should think about the benefits that I can provide to Mapleton.”
