### Chapter 691: Unity Of Soul And Blade

The two evil clansmen shuttled back and forth in the arena. The Force glow on their bodies blossomed as they crashed into each other continuously.

Clang!

Their weapons collided in mid-air, giving off a clear metallic sound. The blade glow and the sword glow shattered instantly. It was a tight match.

However, their attacks were very powerful. The impact swept through the arena and slammed onto the defense shield, which shook violently.

The onlookers stepped back involuntarily, afraid of getting injured.

“Hong Peng and Murong Shan have gotten stronger. They must have reached low-tier general stage,” someone exclaimed.

“Based on their previous attack, they have indeed reached that stage.” Someone agreed with the person.

“Hmph, the people outside keep boasting about their abilities, but our Zhenli Clan is filled with geniuses too. If we let them out, they will be as famous as those outsiders.”

“That’s right. The martial warriors in our Zhenli Clan are stronger than those useless people outside.”

The evil clansmen got excited as they watched the fight. They had been suppressed and forced to stay in the dark for too long. Hence, they resonated with what the person had said and started clamoring.

‘Wang Teng stared at them weirdly. He glanced at those who had the loudest voice and thought of a few words.

Raging at their incompetence!

“I feel that we should go out and fight with the other geniuses. That way, we can become stronger and the other factions won’t dare to belittle us,” someone shouted in excitement.

There was an eerie silence.

Everyone stared at the evil clansman who spoke, feeling that they were looking at an idiot.

‘Wang Teng almost burst out laughing.

These evil clansmen were like rats living on the streets. Everyone wanted to kill them, and yet, they wanted to stand in broad daylight and fight with the talented martial warriors in the outside world. Their desire to die was strong.

He wondered where this evil clansman got the courage to shout these words.

The evil clansman was stunned. He didn't know why he made that idiotic statement. Everyone was looking at him with a strange gaze. He understood what they were thinking and wanted to dig a hole for himself.

Damn it, this was embarrassing!

Boom!

At this moment, a loud explosion came from the arena, attracting everyone's attention.

Hong Peng and Murong Shan's fight got intense. They were both injured. Their faces were slightly pale, and they had exhausted most of their Force reserves.

However, they continued to stare at each other intently. No one wanted to stop. Both of them got cheated. They had to kill the other party to vent the hatred in their hearts.

Their gazes collided in mid-air, almost creating sparks.

"Die!" The blade in Hong Peng's hand gave off a glaring light. More than ten golden blade rays shot out, aimed straight at Murong Shan.

Murong Shan didn't step back. Killing intent appeared on his face. He wielded his sword and released rays of sword glow. Once these rays of light gathered together, he hurled them out.

Boom, boom, boom!

The two attacks collided. Explosions rang through the air, and the blinding light obstructed everyone's vision.

They're indeed powerful. Wang Teng activated his Eyes of Essence to see their situation behind the light.

They were an equal match. After this collision, both parties got injured and flew out. They were half-kneeling on the ground.

After some time, the light in the arena dispersed, and everyone saw the situation inside. They gasped in astonishment.

Adraw!

It was a draw!

No one had expected this result.

They felt that someone would definitely die here. After all, the grudge between them was huge. Only blood could wash the humiliation they had received.

'Women couldn't be shared.

'Wang Teng didn't care about this. His gaze was already attracted by the attribute bubbles scattered in the arena.

Water Sword Conscious\*375

As the attribute bubbles merged into his body, Wang Teng's pupils moved. A golden blade glow appeared in his mind. The blade conscious attribute bubbles turned into droplets of golden light and merged into the golden blade glow. It grew twice as big.

Boom!

The metal blade glow slashed out, almost cutting the space with its sharp blade conscious.

It was terrifying!

The image only appeared for a split second before entering the depth of Wang Teng's mind. It became a part of him.

8th level metal blade conscious! He had succeeded!

'Wang Teng's metal blade conscious was at the 7th level, but he advanced a level today and hit the 8th level. Its power had increased significantly.

After the metal blade glow dispersed, the image in Wang Teng's mind changed. He saw waves tossing and churning in the sea.

Suddenly, a sword glow cut through the surface of the sea. It turned into countless water droplets and merged into Wang Teng's water sword conscious.

Water Sword Conscious: 3855/6000 (6th level)

However, his water sword conscious remained at the 6th level. It didn't increase.

Wang Teng didn't mind, though. Any increase was good.

The next stage of 'conscious' was 'ultima.' Currently, he only had Strength of Ultima. He understood how powerful the Strength of Ultima was, so he was excited to see the strength of his 'conscioues' once they rose to the 'ultima' stage.

The two people in the arena panted heavily. Their faces were pale, and they were staring at each other with bloodshot eyes.

Hong Peng couldn't accept the result. His gaze turned ruthless. "Murong Shan, I admit that I underestimated you. I didn't think that you could force a draw with me. But this is the end. I won't allow you to live."

He threw down the blade in his hand and placed his palms together. A terrifying blade aura erupted from his body.

This blade aura became stronger and stronger. It manifested into numerous rays of light and churned in the air.

He was the blade now!

"You're crazy!" Murong Shan's pupils constricted in fear. In a panic, he started retreating, disregarding the injuries on his body.

“Go!” Hong Peng howled.

In an instant, Hong Peng’s body turned into a blade glow. He flew out.

Boom!

Murong Shan froze on the spot, and the blade glow landed on his head. A line of blood flowed down.

Bang!

Murong Shan’s body was chopped into two. Blood splattered everywhere, and he collapsed.

Everyone was dumbstruck. Their mouths were agape, and they couldn’t close them for a long time.

Everything happened too suddenly. No one had the time to react.

Wang Teng straightened his body. A sharp glint shot out of his eyes.

Unity of soul and blade!

Hong Peng had executed the unity of soul and blade!

He didn’t think that he would see the legendary unity of soul and blade on an evil clansman.

This didn’t make sense!

Chapter 692 Play The Fun Way!

Unity of soul and blade!

You couldn’t blame Wang Teng for being surprised. This was something extraordinary.

The unity of soul and blade was a god-like realm. It was vastly different from the water and fire conscious that Wang Teng possessed.

The water and fire conscious was directed at the Force attributes. On the other hand, the unity of blade and soul was directed at the blade attribute. When performing it, the person would merge with the blade conscious and execute boundless power.

One strike was enough to destroy the earth!

Of course, to reach this stage, the martial warrior must be powerful too. However, it was extremely difficult to reach this realm. You needed exceptional blade talent and some luck to achieve enlightenment.

For instance, Wang Teng possessed both Imperial Realm Enlightenment and ultimate stage blade talent, but he had only heard of the unity of soul and blade stage. He was nowhere near achieving it.

You could imagine how talented a person had to be to hit that stage. How did Hong Peng do it? Wang Teng wasn’t looking down on him. He was just honestly curious. He felt that he was looking at a ghost. Fortunately, he noticed a few attribute bubbles dropped by Hong Peng. Pick them up!

Wang Teng’s eyes lit up. He hurriedly released his spiritual power and pulled the attribute bubbles over.

Amalgamate Blade Scripture\*10 Metal Force\*380

Suddenly, a memory appeared in his mind. The outline of a figure was formed using light, and it started practicing a blade skill...

The blade skill was very strange. The figure didn't use a blade; he was the blade. He used some special means to merge the blade conscious into his body and launched an attack similar to the unity of soul and blade. After some time, Wang Teng let out a long sigh.

No wonder!

This wasn't the actual unity of soul and blade. It was a scripture invented based on the unity of soul and blade. Even so, this was a powerful and rare blade skill!

The creator of this skill must be a genius. He could use the unity of soul and blade as a reference to invent a similar attack.

This made more sense. How could this evil clansman reach the unity of soul and blade stage with his talent!

What a pity. If it was truly the unity of soul and blade, it would be a huge gain for him.

No matter how difficult to comprehend a realm was, he could understand it by picking up the related attribute bubbles.

Wang Teng shook his head and looked at his attributes panel.

Amalgamate Blade Scripture: 10/100 (basic understanding)

I'll keep this blade skill then! Wang Teng sniggered. These evil clansmen were all bad people. He didn't feel guilty snatching their skills.

If there was a chance, he would want to get more Amalgamate Blade Scripture attribute bubbles from this man.

Wang Teng's gaze turned dangerous.

In the arena, Hong Peng suddenly vomited a mouth of blood after executing his last attack. His skin started to crack, and blade wounds appeared on his body. His clothes were drenched in blood.

Is this the side effect? Wang Teng blinked when he saw this scene.

The trick of this scripture was to merge the blade conscious into one's body using a special method. This would give the illusion that the person had reached the unity of soul and blade.

However, a human's body was fragile. Even a general-stage martial warrior would be tempting fate if he compressed so many strands of blade conscious into his body.

If he wasn't careful, he could have erupted! Hong Peng was lucky that he didn't get cut into pieces by his own blade conscious.

But Wang Teng wasn't that worried. He had many powerful physiques, and he possessed the Eight Level Devil Scripture, the Leiting Physique, and the Ancient God's Body. His physical body had reached an indomitable stage. If he couldn't keep the blade conscious in his body, who could?

The Amalgamate Blade Scripture seemed to be tailor-made for him.

In an ordinary person's hand, the Amalgamate Blade Scripture might be a sharp weapon, but in his hand, it was a rocket-size cannon. He would play with it the fun way!

"I won!" Hong Peng looked at Ma Feifei with a smile. Then, he fell back.

Ma Feifei gave a pitiful look, but there were no emotions in her eyes. She was as ruthless as a cold-blooded python. Unfortunately, no one noticed this. They were too stunned by the scene just now.

Within a split second, Murong Shan was chopped into two, dying a miserable and gruesome death. Hong Peng had collapsed too. He seemed seriously injured.

So... What happened just now?

Many people didn't understand how Hong Peng managed to release that huge burst of energy just now. It was supposed to be a draw.

However, some people soon realized the truth.

"Is that the Amalgamate Blade Scripture?!"

"It must be. It must be the prohibited skill that cripples you if you use it improperly. I didn't know Hong Peng practiced it."

"But he's a talent too. He managed to learn it."

"However, it's a waste for him to use it to fight over a lady."

There was a huge commotion. Everyone was surprised. Looking at their expressions, they seemed familiar with the Amalgamate Blade Scripture.

It looks like only a few people have learned this skill! Wang Teng thought to himself. If more people practiced it, he could collect more attribute bubbles. What a pity..

After the life-or-death duel ended, everyone left the scene.

Murong Shan's lifeless body in the arena. No one kept his corpse.

He was pursued by many and viewed as a genius. Yet, no one cared about him after he died. What a heartless world.

Wang Teng gained some insight into how cruel these evil clansmen were.

Hong Peng was still alive, but no one care about him either. He was left in the arena to die.

Ma Feifei frowned. She scanned the surroundings and saw Wang Teng. She shouted instantly, "Yao Ji, come over and bring Hong Peng back."

She was ordering him around, disregarding his identity.

Wang Teng felt helpless. He wanted to leave, but he remembered how much Yao Ji loved Ma Feifei. If he rejected her, it would be hard for him to explain himself.

He walked into the arena in exasperation and lifted Hong Peng's collar. He looked at Ma Feifei.

"What are you looking at? Go!" Ma Feifei glared at him and walked down the arena.

Damn it, why are you shouting at me? One day, I'll make sure you shout until your voice is gone. Wang Teng cursed in his heart. He glanced at Ma Feifei's amazing figure and glared at her back view furiously. "What are you staring at?" Ma Feifei suddenly stopped and frowned. She turned to look at Wang Teng

Wang Teng had already lowered his head. He raised his head and asked innocently, "Stare at what?"

What an actor!

Ma Feifei furrowed her brows furiously. Was it her illusion? She looked at Wang Teng's perverted face, and her contempt grew apparent. She snorted and turned to leave.

Chapter 693 This Woman Is Appalling!

Wang Teng didn't know where Hong Peng lived, so he followed Ma Feifei and allowed her to lead the way.

They walked along the streets, one in front and one behind. Wang Teng's pupils kept moving. He ogled at Ma Feifei's body with a greedy expression. Ma Feifei's face turned as black as the bottom of a pot. She knew that 'Yao Ji' was secretly looking at her, but she didn't have any evidence!

Every time she turned her head, 'Yao Ji' would be looking at the ground. It was as if he never looked at her. She felt so frustrated that she wanted to vomit blood!

She wished to vent her anger, but there was no outlet. She was screaming in her heart.

When did 'Yao Ji' become so hard to deal with?

Ma Feifei was puzzled. Many thoughts went through her mind. After some time, the two of them arrived at a cave. Ma Feifei said coldly, "The token is on Hong Peng. Take it and open the door."

Wang Teng followed her orders obediently and found the token on Hong Peng. He scanned it on the rune at the door, and the stone door slowly opened.

He threw Hong Peng on the bed and turned to leave.

"Stop, did I say you can go?" Ma Feifei scoffed. "What else can I do? Stay behind and go to bed with you?" Wang Teng smiled and copied Yao Ji's tone.

Ma Feifei was stunned. Her expression suddenly turned seductive, and she stared at Wang Teng with her beautiful eyes. She licked her luscious red lips with her pink tongue.

"If you want to, I don't mind."

Wang Teng was stunned. What the hell is this? This Ma Feifei isn't following the script!

She was disgusted with him a second ago, looking as if he owed her a few billion. Yet, in a blink of an eye, the frost melted, and a mesmerizing smile had appeared on her face. She looked enchanting.

This lady isn't simple!

Wang Teng turned vigilant. She dared to seduce a person like Yao Ji! How much courage would that take?

This Ma Feifei was a tough lady!

"What? Do you want to make out with me in front of Hong Peng?" Wang Teng didn't back down. He glanced at the unconscious Hong Peng and gave a meaningful smile.

"Isn't this more exciting?" Ma Feifei smiled sweetly. "Hong Peng is probably crippled. You can do whatever you want to me in front of him. I... am at your disposal. I will not resist."

Damn it, what kind of speech is this!

Wang Teng was dumbstruck.

What the shit, I was wrong. This isn't just a tough lady. She's a badass! Wang Teng shuddered. He almost couldn't control himself.

Ma Feifei suddenly took a step forward with a sway of her body. It was mesmerizing. Wang Teng admitted defeat right then. He took a few steps back and swallowed some saliva. What the hell, this woman is appalling!

No wonder Hong Peng and Murong Shan were crazy for her and fought over her with their lives.

He had to admit that this lady was enchanting. She was an epitome of sexiness and possessed lethal attraction towards men.

"You have always wanted me, right? Why are you afraid now? Do it. Once you do it, you can have me. Don't be afraid..." Ma Feifei walked closer. She continued to stimulate Wang Teng with her words.

In her eyes, Wang Teng was a coward. He wanted her but didn't have the guts. He was useless.

But it was expected of Yao Ji.

Wang Teng's acting was amazing. "Don't come over. I'll shout." Wang Teng kept retreating until there was no path behind him. He felt the wall, and his expression changed.

"Go ahead, shout. No matter how loud you shout, no one will save you." Although Ma Feifei looked delicate and weak, her words were domineering.

Wang Teng had a strange feeling. Director, did we take the wrong script? "Cough, actually, we can sit down and discuss properly. You don't have to do this. I might be a little ugly, but I have ambitions in life. Pleasure is not my only pursuit. I think that we should have some feelings for each other before we do this. That'll be better," Wang Teng looked at her seriously and said.

Ma Feifei's face twitched. She almost died of disgust.

To hell with life pursuits!

You don't pursue pleasure?!

Why don't you go and die?

Don't you know how ugly you are? Do you think you have the right to talk about love?

Ma Feifei lifted the corners of her lips and sniggered. "You... want to talk about love?"

"Why don't we find a nice place, sit under the moon and the stars, and chat about our future?" Wang Teng said with a longing expression.

"Why don't..." Ma Feifei smiled beautifully. She seemed as if she wanted to agree, but the next instant, her gaze turned vicious, and killing intent surged out.

"Why don't I send you to hell first!" she shouted in a low voice. A strong wind blew over. She turned her hand into a claw and grabbed Wang Teng's throat.

They were less than a meter away from each other, so she arrived in front of Wang Teng in a single step. It was almost impossible to evade this sneak attack.

Unfortunately, when she touched Wang Teng...

Slash!

Her claw went right through his body and landed on the wall behind him.

"Afterimage!" Ma Feifei's expression changed.

"I have been guarding against you."

Wang Teng's voice came from behind her. Ma Feifei wanted to dodge, but it was too late. She felt a huge force from the back pressing her against the wall.

Bang!

Ma Feifei's face slammed onto the wall with a dull thud.

It sounded painful.

Her beautiful face was shoved into the wall. She looked tragic.

"Let me go!" Ma Feifei struggled frantically, twisting her body like a snake.

Wang Teng was pressing against her, so he felt her body rubbing against his violently. His expression turned strange.

"Stop moving. I'll shoot you if you continue moving!" Wang Teng warned coldly.

Ma Feifei also noticed Wang Teng's abnormality. She chuckled and replied, "Take your gun out!"

"F\*\*k!" Wang Teng felt humiliated. He said furiously, "Cut the bullshit. Why do you want to kill me?"

"Who says that I want to kill you?" Ma Feifei denied it.

“Looks like you won’t shed a tear until you see the coffin.” Wang Teng sneered. “I love stubborn people like you. Why don’t I take off your clothes and hang you outside for others to appreciate? Will you still keep quiet then?” “How dare you!” Ma Feifei’s expression changed. Even her voice became shrill. She wasn’t that fearless of a lady. “Wait and see.” Wang Teng laughed. He grabbed her clothes and pulled forcefully. A piece of her dress fell down...

## **Chapter 694 Zuotian Liehua**

Ma Feifei’s expression turned ugly. There was fear in her eyes. She didn’t expect Yao Ji to treat her so roughly. This pervert was a straightforward man! She was so beautiful and sexy. Other men yearned to have her, but this fellow wanted to take off her clothes and hang her as a showpiece.

Beast!

Inhumane!

With another tearing sound, Ma Feifei’s sleeves were torn, revealing her fair skin.

What a fierce young man!

Ma Feifei’s figure could be seen faintly. Wang Teng was amazed when he saw it from the corner of his eyes.

He was prepared to take off another piece...

“Stop!” Ma Feifei shouted hurriedly. She couldn’t care anymore.

“Have you thought about it carefully?” asked Wang Teng.

“I don’t want to kill you. I just want to control you.”

“Control me? Why do you want to control me?” Wang Teng frowned.

“I’m a weak lady. I wanted to find someone to protect me in this dangerous place,” Ma Feifei said pitifully.

“Continue acting!” Wang Teng snorted.

If he hadn’t seen this lady’s vicious side, he would have believed her. As expected, all ladies were good at acting!

They were better than him!

“What do you want me to do? You don’t believe me when I’m saying the truth,” Ma Feifei said sadly.

Wang Teng slapped a certain part of her body and smirked. “Stop acting and speak properly.”

Ma Feifei felt as if she got struck by lightning. Her mouth opened wide in surprise, and there was embarrassment in her eyes.

When did she suffer such a treatment?

No one would tease her like this in the Zhenli Clan. Even Hong Peng and Murong Shan were fooled by her. They thought that she had fallen for them, but they didn't touch her at all.

Yet today, she lost to this perverted young man!

Wang Teng caught the strange expression that appeared on her face for an instant. He had a sudden thought. No way!

He seemed to have discovered something amazing. He sized up Ma Feifei's face carefully.

He even used his Eyes of Essence.

He was astounded by his discovery.

"You're not Ma Feifei!" Wang Teng gave a meaningful smile.

"What are you saying? I don't understand." Ma Feifei's gaze flickered, and her face tensed up.

Wang Teng kept quiet and grabbed her face.

"What are you doing? Let me go!" Ma Feifei's expression changed tremendously as she screamed.

However, Wang Teng was pressing down on her, so she couldn't break free even if she employed her Force.

Hiss!

Wang Teng felt around Ma Feifei's chin and found something. He tore it off.

A thin mask came off her face.

An unfamiliar face appeared in Wang Teng's vision, and it was a beautiful face too, better than the one before.

She looked charming and womanly.

Wang Teng wanted to laugh.

This lady did the same thing as him, but her skills weren't as good as his. Moreover, she met a bug like him. That was why she was exposed.

Ma Feifei was furious. She glared at Wang Teng coldly.

"Tell me, who are you?" Wang Teng was extremely curious.

What was her motive?

What was her real identity?

"I don't know," Ma Feifei said coldly.

"Do you think that I won't take off your clothes and throw you out?" Wang Teng scoffed.

"How dare you!" Ma Feifei was furious.

“Wait and see if I dare,” Wang Teng sneered.

“Even if I die, I won’t speak.” Ma Feifei was resolute. She was controlled by Wang Teng, so she couldn’t move. She could only bite her tongue to commit suicide.

Wang Teng pinched her chin and said calmly, “You have the right to commit suicide, but I’ll still take off your clothes and throw you outside after you die. Don’t doubt my words. I’m a man with principles.”

“You’re a devil!” Ma Feifei’s face turned pale. She looked at Wang Teng in despair.

“No, I’m a good person.”

“You’re a scum!”

“No, I’m a good person,” Wang Teng replied firmly.

“To hell with being a good person. A good person won’t take off a lady’s clothes,” Ma Feifei cursed uncontrollably.

“Alright, since you said that, I won’t argue with you. I’m a devil and a scum!” Wang Teng nodded and admitted it.

Ma Feifei: ...

“I’m going to do what a scum does. Come, look at my eyes,” Wang Teng said.

“What are you doing?” Ma Feifei was astounded and looked away hurriedly.

Unfortunately, it was too late. A red glow appeared in Wang Teng’s eyes and shot right into Ma Feifei’s.

Bewitch!

Ma Feifei didn’t get controlled immediately, though. She struggled a little.

“Huh!” Wang Teng was stunned. This was the first time someone could resist his Bewitch. She was an interesting lady.

He increased his spiritual power, and the glaring crimson light pierced into Ma Feifei’s eyes. Her mind went blank, and her consciousness faded away. She was in a daze.

Wang Teng smiled. He started questioning her.

“Who are you?”

“Zuotian Liehua from Country Neon.”

“Why did you infiltrate the Zhenli Clan?”

“To create internal turmoil and control the Zhenli Clan.”

“How long have you been here?”

“One and a half years.”

Zuotian Liehua answered all the questions Wang Teng gave her. Since he had used the Bewitch skill, she couldn’t control herself and revealed all her secrets.

She's from Country Neon! Wang Teng was surprised. He didn't know that Country Neon had found the base of the Zhenli Clan one and a half years before Country Xia. They even wanted to control the Zhenli Clan.

However, Country Neon found this place by chance.

Zuotian Liehua was a crucial part of it.

This lady was a dangerous beauty.

An evil clansman went to Country Neon to have fun and met her. He wanted to abduct her, but this lady wasn't easy to deal with. He got tricked by her instead.

She specialized in spiritual illusion, so she used the same method as Wang Teng to get information about the Zhenli Clan out of his mouth.

This led to what happened now.

But, she still landed in Wang Teng's hand. Moreover, she lost in the area of her specialization.

Wang Teng looked at her strangely and woke her up.

Zuotian Liehua slowly regained consciousness. Her dull expression disappeared and she shuddered when she saw Wang Teng. She exclaimed in fright, "What did you do to me? Why is your spiritual power so strong?

Who are you?"

She threw three questions at him directly.

You could imagine how astounded she was!.

### **Chapter 695 Using The Calmest Tone To Say The Most Vicious Words**

Zuotian Liehua was appalled and stunned. Her beautiful face was filled with disbelief.

Is this the useless Yao Ji?

When did he become so powerful?

Was he acting in the past?

Zuotian Liehua couldn't remain calm. She couldn't believe what was happening.

"Me? I'm Yao Ji, the real Yao Ji," Wang Teng replied calmly. It was hard to imagine that he was lying from his sincere expression.

Zuotian Liehua took a deep breath. The truth was right in front of her, so she had to believe it. She forced herself to regain her composure and asked, "What did you do to me?"

"Nothing. I just asked you some questions."

"You used spiritual illusion on me!" Zuotian Liehua was flabbergasted.

“It isn’t that profound of a skill. It’s just spiritual illusion.” Wang Teng snorted.

“You!” Zuotian Liehua felt that she was humiliated. The spiritual illusion that she was extremely proud of was nothing to Wang Teng.

Spiritual Illusion was a profound skill!

When a normal martial warrior met someone who knew spiritual illusion, they would definitely lose, especially if their spiritual power wasn’t strong. This was the advantage of a divine spirit master.

As a result, she could charm Hong Peng and Murong Shan. Mind you, they were low-tier general-stage martial warriors while she had just entered the brigadier general stage. The difference in their cultivation levels was vast.

Hence, spiritual illusion wasn’t an ordinary or normal skill.

But she couldn’t refute either. Her confidence was destroyed when Wang Teng broke her spiritual defense and she fell under his illusion.

“Do you want to stay alive?” Wang Teng didn’t mind her angry gaze. He continued asking her with a smile.

“What do you want?” Zuotian Liehua snapped back.

“You have been hiding here for a long time, so you should know where their main hideouts are, right? Bring me there.”

Zuotian Liehua was shocked. Yao Ji knew everything about her.

Damn it!

Her identity had been exposed.

Zuotian Liehua wasn’t willing to accept her fate. Her mind worked furiously to come up with a plan.

“Don’t play games with me. I don’t mind using the previous method to make you speak the truth. Although it will be boring since you’d only be an obedient puppet, at least you won’t cause trouble for me.”

“You’re... a devil!” Zuotian Liehua’s expression changed. She glared at Wang Teng and said helplessly, “I can bring you, but you must let me leave after you’ve finished your business.”

“I promise!” Wang Teng answered without hesitation.

Zuotian Liehua was speechless.

This fellow replied too quickly. He must be lying.

Every man was a liar!

“You don’t believe me?” Wang Teng was lost his words.

“What do you think?”

“Alright, I’ll make an oath. If you listen to me obediently and won’t cause trouble, I promise I’ll let you go. If not, I’ll get struck by lightning and die a terrible death.” Wang Teng raised his hand and swore to heaven.

“This isn’t enough!” Zuotian Liehua shook her head. “An oath will just bind your heart. It isn’t real. I don’t believe you.”

“What do you want then? If this doesn’t work, I can only kill you. I don’t mind spending more time and energy looking for the hideouts myself.” Wang Teng’s gaze turned cold. He stared intently at Zuotian Liehua.

Zuotian Liehua was terrified. That gaze, he wasn’t just scaring her; he would really kill her!

“Alright, I believe you.” Zuotian Liehua nodded unwillingly.

She was in his hands, so she had to listen to him. She didn’t want to die!

This fellow must be a eunuch. How could he bear to harm a beautiful and enchanting woman like her?

He wasn’t a real man!

Zuotian Liehua cursed Wang Teng multiple times in her heart.

“Very good, he who understands the times is a wise man, or a girl.” Wang Teng didn’t know what she was thinking. He nodded in satisfaction when she agreed to his request.

“When are we going?” Zuotian Liehua asked.

“No hurries. Let’s solve this problem first.” Wang Teng suddenly turned to look at Hong Peng on the bed.

“You want to kill him?! This is the base of the Zhenli Clan. It will be troublesome if he dies,” Zuotian Liehua said in astonishment.

“It can’t be helped. He heard something he shouldn’t have.” Wang Teng walked in front of Hong Peng and smiled at him. “Am I right, Hong Peng?”

The other party was unconscious due to his heavy injury. He didn’t make any movement.

Zuotian Liehua was puzzled. She rubbed the side of her face that was plastered on the wall just now and walked over.

“Is he awake? But this fellow doesn’t seem like a smart person. If he is, he wouldn’t have been fooled by me,” she said.

“Cough, everyone will turn smart when they’re about to die,” Wang Teng said casually. “Also, it doesn’t matter if he’s awake. I’ll be killing him anyway.”

Zuotian Liehua’s heart turned cold.

He used the calmest tone to say the most vicious words.

This ‘Yao Ji!’ was a brutal guy!

She suddenly felt fortunate that she had agreed to his request just now. If not, he might have killed her directly. There was no chance of bargaining at all.

Wang Teng didn't notice the slight change in her expression. He took out his brick and gestured at his head.

Where should he hit?

This fellow had the Amalgamate Blade Scripture. He must get as many attribute bubbles from his as he could.

Zuotian Liehua was stunned when he saw the brick in Wang Teng's hand.

Why was he holding a brick?

Besides, it was gold in color. How exaggerating and rustic!

Was he going to use the golden brick to smack Hong Peng to death?

Wang Teng didn't know that Zuotian Liehua was looking at him as if he were a sadist. He aimed his brick at Hong Peng's head and slammed it down.

Bang, bang, bang...

Since he had decided to do it, he would do it. He didn't hold back.

Dull thuds resounded in the cave for some time. Zuotian Liehua felt her eyelids twitching as she watched Wang Teng. The muscles on her face trembled.

She saw Hong Peng's face swelling up at visible speed as if it was a balloon. Soon, it became twice as big.

"Vicious!" Zuotian Liehua took a deep breath and quietly shifted to the side. She kept her distance.

"Stop hitting..." At this moment, a weak voice came from Hong Peng's mouth. He raised his hand with much difficulty to beg for mercy.

"Oh, you're awake? I thought you could remain unconscious for a while longer." Wang Teng clicked his tongue.

Hong Peng: ...

Zuotian Liehua: ...

They looked at him as if he were the incarnation of a devil.

Look at what he was saying.

Especially Hong Peng. His eyes had swelled till there was a narrow gap in their place. He looked fearfully at Wang Teng and stuttered, "Please..."

### **Chapter 696 You Can Walk In Front**

"Please... spare me!" Hong Peng was on the brink of tears. What was he supposed to do in front of such a ruthless person? He felt hopeless.

He wished that he didn't wake up so early.

He heard something he shouldn't have, and now, the other party was beating him to death. If he didn't plead for mercy, he would be lying in the coffin soon.  
Curiosity kills the cat. He was the poor little cat now!

He was just a little big.

"Although I'm satisfied with your attitude, but..." Wang Teng paused.

Hong Peng's heart was lifted into the air. The 'but' meant nothing good.

As expected, he heard Wang Teng saying, "But... | don't want to let you go. So, please go and die. Only dead people will remain silent."

He lifted his hand and prepared to kill Hong Peng.

"Wait! Wait!" Hong Peng screamed.

Wang Teng didn't plan to stop.

"I know a secret Ma Feifei doesn't. That is a real secret that only the core members know," Hong Peng shouted hurriedly. He knew that if he was hit with this brick, based on the force Wang Teng used, his head would break and he would die. He couldn't care about other things anymore.

"Oh?" Wang Teng's hand stopped abruptly right above Hong Peng's head. It was only a finger away.

Cold sweat appeared on Hong Peng's head. He panted heavily in fear.

Zuotian Liehua's expression changed.

Hong Peng knew something she didn't?

He was lowering her usefulness.

If Hong Peng was right, her value would decrease and this Yao Ji might reconsider his decision.

Zuotian Liehua was a smart girl. And smart people always overthink things. She saw herself getting abandoned by Wang Teng.

Her gaze turned malicious as she stared at Hong Peng.

"Core secret!" Wang Teng's eyes shimmered. He wore an interested expression.

"Yes, it's definitely a core secret." Hong Peng heaved a sigh of relief. At the same time, a drop of cold sweat dripped down his forehead.

He managed to stay alive.

"Since it's such an important secret, I should be careful..." Wang Teng spoke slowly. An evil crimson gaze appeared in his eyes.

Hong Peng had a bad feeling.

"Come, look at my eyes," Wang Teng said.

"No, I will tell you the truth..." Hong Peng was frightened.

He felt wronged. He had decided to speak the truth. Why was he still treated this way?

However, Wang Teng didn't give him a chance to explain. Spiritual power surged out and his Bewitch was activated, gaining control of Hong Peng's consciousness instantly.

"What is this?" Zuotian Liehua felt her heart pounding. She recognized that this was the skill he used on her.

"So, what's the core secret?" asked Wang Teng.

Hong Peng gradually opened his mouth with a dazed expression. "The pope intercepted and captured an alien spacecraft in the past. He hid it under the snow mountain. Less than ten people in the entire Zhenli Clan know about this."

Wang Teng and Zuotian Liehua were staggered.

"Alien spacecraft!" Wang Teng was shocked. The Zhenli Clan had an alien spacecraft?

Seriously?

However, Hong Peng was influenced by his Bewitch skill, so he must be saying the truth.

Zuotian Liehua was thunderstruck too. At the same time, she felt worried. Would Yao Ji let her go after she heard this secret?

She wasn't certain and felt a little helpless. Was she going to die here?

At this moment, Wang Teng suddenly turned and smiled at her. "You seem afraid of me."

"No... no!" Zuotian Liehua stammered. She forced herself to calm down.

"Don't worry, I won't kill you," Wang Teng said, "But you need to give me your spiritual flame."

"Okay, I'll give it to you," Zuotian Liehua answered directly.

Wang Teng had prepared some threats, but he wasn't given the opportunity to use them. He felt a little extra.

Why did you agree so quickly?

When did this lady become so sensible?

The spiritual flame was the soul of a person. Giving it away meant that she was passing her life to him. Even so, Zuotian Liehua still agreed without any hesitation. It seemed abnormal for some reason.

"Do you not want to hesitate for a moment?" Wang Teng asked curiously.

It was Zuotian Liehua's turn to feel speechless.

Was there something wrong with this fellow's mind?

At this stage, she was too lazy to explain herself. She closed her eyes and quietly sensed the position of her origin of the soul.

After some time, a faint little flame floated out of her forehead.

Spiritual flame!

Wang Teng's eyes lit up. He released his spiritual power, allowing it to swallow the spiritual flame. Then, it retracted back into his mind.

He had two spiritual flames in his consciousness now. One belonged to the metal armor flaming scorpion while the other was Zuo Tian Liehua's.

After the spiritual flame got absorbed by Wang Teng, Zuo Tian Liehua trembled. Her face turned extremely pale. She seemed weak.

"Let's go." Wang Teng turned around, intending to leave this cave. Suddenly, he remembered that Hong Peng was still alive.

His spiritual power flowed out, invaded Hong Peng's consciousness, and destroyed it. A few attribute bubbles dropped on the ground. He picked them up.

Chapter 697 It's Not Easy To Bear With It!

Deep in the snow mountain.

The sky had turned dark. Zhou Xuanwu and Xiao Nanfeng sat cross-legged on a frozen block of ice and waited for Wang Teng's return.

The runemasters hung around them, muttering with an unhappy expression. This place was extremely cold. The chill seeped right into their bones and almost froze their blood. Even martial warriors wouldn't be able to handle the cold if they stayed for too long. These runemasters didn't train their physique especially, so they were on the brink of collapsing after staying here for an entire day. However, because of Wang Teng's identity, they couldn't say anything. They could only complain quietly to vent their frustrations.

Zhou Xuanwu and Xiao Nanfeng knew what they were thinking.

"Why isn't he back?" Xiao Nanfeng frowned and asked.

"Maybe he's held up by something?" Zhou Xuanwu hesitated. He wasn't certain either.

"Did he get caught?" Xiao Nanfeng asked.

"Impossible. With his ability, no one in the Zhenli Clan will be able to catch him. If there was a fight, we'd have detected it," Zhou Xuanwu said.

"He must be having too much fun," Xiao Nanfeng sighed and said helplessly.

"Having too much fun?" Zhou Xuanwu was stunned. He suspected if he had heard wrong.

At this moment, their wristwatches vibrated.

“Wang Teng!” Just when they were talking about him!

They exchanged glances with each other when they saw the name on their wristwatches. Then, they answered the call immediately.

“Wang Teng, why did you leave for such a long time without contacting us. Many people are waiting for you. Do you understand the overall situation?” Xiao Nanfeng immediately reprimanded him when the call was connected.

“I’m sorry, I found some fun stuff and forgot the time.” Wang Teng chuckled indifferently.

Zhou Xuanwu: ...

This fellow was really having too much fun!

Xiao Nanfeng looked at him and gave an ‘I was right’ expression.

“Oh right, I’ve confirmed that this is the base of the Zhenli Clan. You can start carving the array,” Wang Teng’s voice was heard again.

They became serious when they heard this.

“Wang Teng, aren’t you coming back to coordinate?” Zhou Xuanwu asked instantly.

“I have some matters to settle here. Let the runemasters do it. I’ve told them everything. If they can’t lay the array properly, they can go back and retire.” Wang Teng was straightforward.

As his voice floated out of the wristwatch, the runemasters’ faces turned black.

Damn it, he was looking down on them!

But they couldn’t refute. During the discussion, they had been convinced by his rune mastery. Although his words were unpleasant, his ability was indeed above every one of them.

Since he had the ability, he wasn’t spouting nonsense. He was just being honest! You must admit that he had the right to do so!

“Alright, when the array is done, I’ll do the final inspection. That’s all for now. I’ve something to attend to.” Wang Teng hung up the call.

Xiao Nanfeng and Zhou Xuanwu were frustrated. They wanted to speak, but their words were stuck in their throats.

What an irritating fellow!

This was the first time Zhou Xuanwu was working with Wang Teng, so he understood how exasperated and helpless it was. Yet, he couldn’t do anything.

Zhou Xuanwu glanced at Xiao Nanfeng. He was frustrated too, but he seemed used to it. Suddenly, he felt respect for Xiao Nanfeng.

He must have a hard time bearing with him!

“You’ll get used to it,” Xiao Nanfeng said calmly. He had resumed his composure when he saw Zhou Xuanwu’s gaze.

Zhou Xuanwu shook his head and looked at the runemasters around him. “Have some food and start carving the rune array.”

“Yes!” the runemasters immediately answered.

At the same time, in the snow mountain.

Zuotian Liehua brought Wang Teng to a secluded and well-hidden cave.

The Zhenli Clan had excavated the cave for many years, so the paths here led in all directions. There were many similar deserted caves on this mountain.

After Zuotian Liehua led Wang Teng inside, she suddenly stopped.

He didn’t evade her when he was making the call. Hence, she heard many things she shouldn’t, and it astounded her. She couldn’t remain calm.

Wang Teng! That’s his real name. This fellow isn’t Yao Ji!

Who is he?

He asked the people outside to lay an array. That means that he’s not here alone. He has reinforcements. But, why do they want to make an array?

Could it be... gasp!

Zuotian Liehua felt more and more shocked. She took a deep breath.

She was a smart person. Wang Teng didn’t reveal much during his conversation, but she could guess their motive from his words.

The Zhenli Clan was dead!

Wang Teng noticed Zuotian Liehua’s flickering gaze and knew that she must have guessed something. But he didn’t mind.

Zuotian Liehua’s spiritual flame was in his hands. She wouldn’t be able to cause much trouble.

“Are we there?” He opened his mouth calmly and scanned the surroundings. One look and he noticed the difference in this place.

There was a hole hidden by rune arrays in the corner. On the surface, it looked like normal ground, but there was a passageway hidden underneath.

“We’re here. I dug this passageway secretly. It’s linked to the third mountain, the real base of the Zhenli Clan,” Zuotian Liehua sighed and said.

She walked forward and deactivated the rune array. Then, she lifted the stone panel on the ground and signaled Wang Teng to follow her.

They entered the secret passageway and walked for ten minutes. Zuotian Liehua stopped and whispered, "The third mountain is just ahead of us. It is heavily guarded and normal clansmen like us can't enter. If we get caught, we will be dead."

Wang Teng released his spiritual power and scanned the area in front. He sensed a few humans.

Two of them were near them.

#### **smen V**

Wang Teng activated his Eyes of Essence and immediately saw two evil clansmen wearing a black battle uniform. They had wrapped their heads with a black cloth too.

They got closer and closer. In the end, they arrived near the passageway where Wang Teng was. Then, they unzipped their pants and started peeing...

"Wait for me," Wang Teng said to Zuotian Liehua and disappeared. He found it funny.

"Where are you going?" Zuotian Liehua was startled. She had just reminded Wang Teng that this place was heavily guarded and they mustn't act rashly.

This fellow was reckless.

They would be in trouble if they got discovered.

#### **Chapter 698 The People And The Attribute Bubbles In The Laboratory**

The two evil clansmen wore black robes and hideous masks on their faces. They were facing the mountain wall and doing their business.

"Old Wang, your pee seems weak. Is your kidney alright?" one of them asked. "Bullshit, my kidney is fine. I can handle ten ladies at once," the other person snapped.

"Haha, you must be dreaming."

"Better than you. Don't you know how weak yours is?"

"Nonsense, I'm fine. What do you know?"

"Damn it, you're so irritating."

"Same to you."

The two of them mocked and teased each other, not realizing that a figure had appeared behind them silently.

This person was Wang Teng. He grabbed their heads and knocked them against each other.

Bang!

A dull thud was heard. The duo didn't have any time to react. When their heads slammed into each other, they fainted on the spot.

Weirdos!

Wang Teng heard their conversation and commented in his heart. He dragged their bodies into the secret passageway.

When Zuotian Liehua saw him dragging two guards back within a short time, her mouth opened wide in amazement.

How did he do it?

“Take off their clothes and change into them. We’re going on a little tour,” Wang Teng said. He didn’t care what she was thinking.

He took the lead and stripped one of the guards. In the blink of an eye, he changed.

Zuotian Liehua was a spy, so she was used to doing this kind of thing. She copied Wang Teng and changed into the guard’s attire. After some time, they swaggered out of the secret passageway. Wang Teng had nothing to fear, but Zuotian Liehua was rather nervous. She kept scanning her surroundings, afraid that they would be discovered.

“Stay calm. You’ll get suspected if you act like this. Aren’t you a spy? Can you remain more composed?” Wang Teng said furiously using voice transmission.

Zuotian Liehua felt wronged. She might have been a spy for a long time, but she did everything secretly. She had never appeared in plain sight of everyone.

It was different!

They were in the headquarters of the Zhenli Clan. There were a few hundred guards here. It would be terrible if they were discovered.

Zuotian Liehua didn’t dare to think further. She was afraid that she would run away in fear. Her knees felt a little weak. Anyone who saw her would know that she was a thief.

“Can’t we change our methods?” Zuotian Liehua asked through voice transmission. “Do you have a better way?” Wang Teng asked back.

Silence.

Alright, she didn’t.

Zuotian Liehua had no answer for that. She could only follow Wang Teng obediently.

She was supposed to lead the way, but she was following Wang Teng now. They didn’t do anything. They just toured the place with the other guards.

However, they managed to get an understanding of the area.

The design of this mountain was different from the other two. There seemed to be no residential areas here. It was all laboratories. A few areas were more heavily guarded.

Wang Teng noticed that there were people guarding the blindspots too. Even if the guards walked over, someone would take over them quickly. It would never be empty. This was to prevent anyone from sneaking in.

“There’s a laboratory inside. They’re using humans for experiments,” Zuotian Liehua said using voice transmission.

“What experiment?”

“Human experiment. They want to find a higher level cultivation method by viewing the human body at a micro-level.” Zuotian Liehua frowned as she continued, “Actually, many countries are doing similar experiments. However, they use death row inmates, so it’s more humane.

“Here, they don’t care. Innocent people are their targets too. Every human is different, so in the eyes of those crazy scientists, no differences should be ignored.

“Life is nothing to them. It’s not worth mentioning.” Wang Teng nodded. There was no change in his expression. He knew the presence of these experiments when he saw the gene martial warriors from the White Eagle Nation.

“Let’s go in and take a look,” Wang Teng replied using voice transmission. He wanted to see what these experiments were.

He remembered the Origin Of Life he received from the gene martial warriors. That was good stuff. It would be amazing if he could get similar attribute bubbles in this laboratory.

“How are we supposed to get in?” Zuotian Liehua was confused. They were standing outside. How would they get the chance to enter?

“Follow me?” Wang Teng replied. He brought her to a dark corner and released his dark Force when no one was noticing. He executed his Shadow Merging Secret Skill, and they vanished entirely.

No one realized that two people had disappeared.

“What is this?” Zuotian Liehua widened her eyes in surprise. She found it unbelievable.

Wang Teng didn’t explain, just asking her to follow him. They evaded the guards and entered the passageway leading to a certain laboratory.

“Be careful, there are rune alerts here,” Zuotian Liehua reminded him.

Rune alerts were used to watch over an area. It was like an alarm.

Wang Teng nodded, but he didn’t stop. He released his spiritual power, and the rune alerts in the area lit up. Then, they dimmed.

Zuotian Liehua’s eyes almost popped out of their sockets. She was appalled. If she was right, those rune alerts got deactivated instantly. How... was this possible?

But this was the truth. She followed Wang Teng in without alerting anyone. The rune alerts almost seemed useless.

Who is he? She wondered to herself, feeling dumbstruck.

Even though Wang Teng was still wearing Yao Ji’s ugly face, she felt that he looked different. After some time, as they walked further in, they saw many laboratories. They seemed to be carved into the

mountain. Through the glass walls, they could see the brightly lit rooms. There were numerous large-sized pieces of medical equipment inside. Rows of data blinked on the equipment. People wearing white gowns shuttled back and forth, appearing quite busy.

It was hard to imagine that there was a modern laboratory situated in this snow mountain on the Xingwu Continent.

The Zhenli Clan must have spent much manpower and money to build this laboratory.

Unfortunately, Wang Teng found it. This place would most probably be destroyed. Wang Teng scanned the lab and took in everything he saw. There were large round glass cubicles shaped like pillars lined up in the laboratory. The glass pillars were filled with an unknown liquid and many different human bodies. There were males, females, young, and old. Everyone had tubes inserted in their bodies, which were linked to the machines outside.

This image was cold and heartless. It made people uncomfortable.

They felt like entering a mortuary and looking at the dead bodies lying inside.

Zuotian Liehua frowned. She saw many children in the glass pillars. Their pale bodies floated in the liquid pitifully.

Among them, there was a young girl and a young boy who seemed only 4 years old. Their faces were still chubby, and they looked cute. However, they were lying in the liquid with no signs of life, their eyes closed and their skin white.

Wang Teng activated his Spiritual Sight and realized that these people weren't dead. They were showing weak signs of life.

The Zhenli Clan had locked them up in the glass cubicles and used them for experiments. They were treated like animals.

His gaze turned cold. He added another criminal offense to the long list of the Zhenli Clan's sins.

These evil clansmen deserved to die!

He took a deep breath and glanced around the glass cubicles. There were many attribute bubbles floating there.

Get it!

Wang Teng's spiritual power passed through the laboratory door and swept through the room. The attribute bubbles crossed the glass walls and entered his body.

Chapter 699 Magnetic Physique

The attribute bubbles merged into his body. Some flowed through his meridians while others went to his mind and became memories.

At this instant, Wang Teng's mind was trembling. He felt an immense amount of knowledge overwhelming it.

Strange knowledge floated in his mind. Biology, microbe, pathology, human body, medicine, and many more. Medical Knowledge: 750/3000 (small achievement)

In an instant, Wang Teng's medical knowledge went from basic understanding to well-versed to small achievement. It passed three levels at once.

This was the level of a chief physician in a normal tertiary hospital.

Wang Teng's eyes shone brightly. His expression was fantastic. Gaining medical knowledge in this place was out of his expectations. Also, the rise in the level was a little too fast. In the blink of an eye, he was on par with someone who had been in this industry for twenty to thirty years.

This wasn't just theoretical knowledge. It was a combination of theory and practice.

That meant that if he wanted to, he could be a real chief physician. No one would know that he was a fake.

Well, he just didn't have the credentials!

This was called illegal medical practice.

He was able to reach this stage quickly because the scientists present were all elites in their field. Since they were able to participate in this human research, they weren't just normal medical personnel.

The Zhenli Clan was quite impressive. How did they gather so many elites?

Wang Teng had to acknowledge their ability. Well, at least they were skilled in brainwashing people.

After the stream of knowledge calmed down in his mind, Wang Teng's body started transforming.

As the Origin Of Life merged into his body, his status of life increased again.

This time, there were 48 points. His origin of life reached...

Origin Of Life: 1416

A normal person wouldn't be able to experience a level up in their status of life.

It felt... out of the world!

Zuotian Liehua suddenly realized that Wang Teng was trembling. It was very faint. If she wasn't close to him, she wouldn't have noticed it.

She found it strange.

What was going on? Was he trembling in anger because of what he saw inside?

Zuotian Liehua's thoughts ran wild. Her gaze turned softer when she looked at Wang Teng again. This fellow didn't seem as irritating as before.

He might be a little perverted, but his character... wasn't bad!

Wang Teng wasn't looking at her. He was focused on his body. Besides gaining Origin Of Life, he also received constellation Force.

There were two constellation Forces, wood and earth.

He had the fire Force already, so he possessed three constellation Forces now.

Wang Teng was shocked. Did the Zhenli Clan manage to find a way to cultivate constellation Force?

No, they hadn't grasped it entirely!

They only found a way for the people inside the glass cubicles to breed constellation Force. But even so, this was a huge step. Country Xia hadn't even reached this stage, and they had an alien to research on.

Wait! Wang Teng thought of something. Maybe the Zhenli Clan caught an alien too? Hong Peng had told him that the pope of the Zhenli Clan had captured an alien spacecraft. They might have found some aliens inside.

No wonder!

Wang Teng was enlightened, feeling that he had solved the problem.

The alien the Zhenli Clan found might be newer than the one in Country Xia.

So, where was this alien?

Wang Teng was intrigued. He couldn't do anything to the alien in Country Xia, but that wasn't the same for the alien here.

He sniggered, and his gaze turned evil.

They were going to exterminate the Zhenli Clan, so he shouldn't let the alien go to waste. After all, he was also finding a way to convert ordinary Force into constellation Force.

He had the Fire Essence Scripture from the martial warrior from Country Inka. If he could get his hands on an alien to experiment, he had a high chance of succeeding.

At least he would be faster than others.

The alien would realize its value only in his hands.

He wasn't arrogant. It was because other people were too lousy! "Come, let's go to the laboratory below to take a look," Wang Teng spoke to Zuotian Liehua using voice transmission. He took one last look at the humans inside the glass cubicles and turned to leave.

After walking another ten meters, he saw another laboratory.

This laboratory was different from the one before. There were gigantic cages inside made from some special material. Many huge beasts were locked up inside them.

They were all star beasts! Some were in poor spirits while others remained ferocious. They roared and clawed the cage. When their bodies touched the bars, there would be a spark, and the star beasts would howl in pain. They shrunk back into the cage. It was electricity.

There was a rune necklace around their throat. It seemed to be restricting the Force in their bodies. They could only use their physical strength, but the cage was extremely sturdy and tough. There were runes carved on it too, and it used high-voltage current to keep them in check. The star beasts couldn't escape.

There were many people wearing white robes here. They gathered around an operating table and were dissecting a star beast.

Many attribute bubbles floated around the caged star beasts and the operating table. Wang Teng picked them up without any hesitation.

Suddenly, he froze.

An attribute bubble caught his attention.

Magnetic Physique\*10

Wang Teng immediately felt a change in his body. Special energy flowed into his limbs and muscles, and his physique underwent a unique transformation.

He gained a special physique here.

Magnetic Physique!

Just like its name, this physique would allow him to control anything with a magnetic field. It was intriguing. He seemed to have turned into a magnet. Just like that, he had gained this special physique.

He just received it and the talent wasn't strong, so he could only control some magnetic objects. But this was truly a special physique. You needed luck to find it!

Wang Teng's eyes were glistening. He immediately looked at the spot where the Magnetic Physique attribute bubble was dropped. There lay a quiet beast.

The star beast had spikes all over its body and its skin was brown-yellow. It looked hideous. This was a large lizard.

At this moment, the lizard sensed something. It opened its large eyes and stared in Wang Teng's direction with its ice-cold vertical pupils. There was confusion in them.

Chapter 700 This Fellow Is A Money Lover!

"Huh, it's quite vigilant. Did it sense a similar physique?" Wang Teng was startled when he saw the lizard looking in his direction.

He didn't think that the star beast could see through his concealing skills. That meant that it sensed a similar physique around it.

When the distance was short, magnetic fields could affect each other.

But soon, Wang Teng's Magnetic Physique calmed down. He only had 10 points of Magnetic Physique, so the magnetic field formed was weak. The star beast couldn't feel it anymore.

The lizard closed its eyes in confusion, thinking that it was just an illusion. However, the scientist in the laboratory noticed the lizard's change. They were astounded and quickly looked over.

"What happened? That Black Sand Magnetic Lizard normally acts dead. Why did it wake up voluntarily?"

"That's right, this is so strange!"

"That Black Sand Magnetic Lizard is almost at the lord level and it's smart. Do you think there's a problem?"

"Is there something wrong with the cage?"

"Quick, take a look."

The scientists were in a flurry. They disregarded the star beast they were dissecting and rushed to check the machines and the cage. In the end, they realized that it was a false alarm.

There was nothing! The Black Sand Magnetic Lizard never opened its eyes again. It ignored the scientists as they hustled around it.

"Maybe it's... hungry!" Someone suggested when he saw this scene.

Silence.

Everyone turned silent. They suddenly felt a little stupid. They were frightened by a star beast locked in a cage. Look how timid they were. However, Zuotian Liehua didn't feel this way. She had seen the Black Sand Magnetic Lizard looking in their direction. A second ago, her heart almost jumped out of her throat. She thought that they were discovered.

But soon, she realized that this wasn't the case.

The Black Sand Magnetic Lizard didn't seem to notice their presence. It just sensed something.

Zuotian Liehua knew that she had nothing that could attract the Black Sand Magnetic Lizard's attention. That meant that Wang Teng was the problem.

This fellow...

The longer she interacted with him, the more mysterious he became.

"Let's go." Wang Teng's voice rang beside her ear, pulling her back to reality.

The two of them continued walking in but didn't discover anything. The laboratories at the back were used to keep all kinds of machines and bottles. Some were animal specimens while others were medicines.

Wang Teng didn't pay much attention to them. He shook his head in pity. There weren't attribute bubbles for him to pick up.

Eventually, they walked out of this passageway.

"The third path is where the Zhenli Clan stores their treasures and spiritual herbs," Zuotian Liehua said after they came out.

"Come, let's take a look." Wang Teng's eyes lit up. He walked forward immediately.

He loved treasures.

He had already sold all the treasures he stole from the Darkland with the Leader of Martial Arts' help and used them for the redevelopment of Donghai. He had nothing left, so he needed to fill his pockets.

Zuotian Liehua got speechless when she saw his excited look.

This fellow is a money lover!

He must be!

She followed him closely, afraid that she would lose this concealing ability if she stayed too far away. She knew that she could hide perfectly because of Wang Teng's help. Hence, she didn't dare to move away from him.

There were even more guards on this passageway, some manning the posts inside it. Every few meters, they saw two to three guards at work.

Wang Teng had to remain vigilant. After all, he needed to deal with the rune alerts too. This was a small challenge for him.

When he deactivated the rune alerts, the runes would light up. The only way to deactivate them secretly was to be fast, so fast that the runes had no time to react.

With his current mastery of the Yao Family Rune Deciphering Skill, he wouldn't be able to do that. He could only add more points to it.

Earlier, he had collected close to 5000 blank attributes from the laboratory, so he didn't mind using them now. It was the same as not picking them up in the first place.

Yao Family Rune Deciphering Skill: 1/5000 (big achievement)

Wang Teng used more than 4000 blank attributes and raised the skill from well-versed to big achievement.

At this moment, Wang Teng felt a huge number of rune deciphering methods swarming into his mind. At the same time, his grasp of the skill increased. His hand speed would be amazing if he executed the skill now.

Zuotian Liehua saw him stopping. He seemed to be in a dilemma.

That's right, he can't do everything. If this isn't a challenge for him, he would be a god.

She felt immense pressure from Wang Teng. He was mysterious and hard to understand. She couldn't see through him. Hence, she felt a little relieved when she realized he had his limit too.

arvo

But soon, she got nervous again. They were in this together. If Wang Teng didn't go in, she would have to retreat with him.

However, if he decided to barge in, she would have to take the risk even though they might be discovered.

She looked at Wang Teng uncontrollably. Her expression changed.

He had started moving. He stepped forward.

Zuotian Liehua hesitated. She didn't know if she should follow him. Her body tensed up as she waited. If Wang Teng was discovered, she would turn and run away immediately.

However, what she imagined didn't happen. When he passed by the rune alerts three meters ahead, he executed the skill at an incredible speed and continued walking.

The rune alert had no reaction!

Zuotian Liehua widened her eyes in surprise. She thought that this was an illusion and kept rubbing her eyes.

"Why are you standing there? Follow me." Wang Teng's calm voice entered her ears.

Zuotian Liehua reacted and caught up with him with a look of disbelief.

She wanted to ask Wang Teng how he did it, but she didn't dare to speak. She also knew that Wang Teng wouldn't answer her even if she asked. Hence, she decided to shut up and be an obedient follower.

They walked for a hundred meters and passed by many guards, heading deep inside the passageway.

There were two large caves here, blocked by a thick and heavy metal door that was carved with complicated runes. No one could enter this place easily.
