

Master Qin 371

Chapter 371 You Haven't Broken Up With Her Yet?

Xiaoze was now the general manager of the Gu Corporation.

He was still young and less experienced than the others.

But who asked Xiaoze to be the crown prince of the Gu family?

With Xiaoze as the general manager of the Gu Corporation, no one dared to say anything, even if they were dissatisfied.

"You were the one who suggested the acquisition of C.U." Qinhui knocked on the table with his hand. "Why did you do it in the first place?"

"The results of the marketing department's investigation were pretty good. We didn't expect C.U. to have such a hidden risk," Xiaoze lowered his head and said. "Before this, their brand's reputation has always been good. We've also done market research, and their style was very popular with female consumers in the middle to high-end consumer market."

"What's the use of the previous investigation?" Qinhui said unhappily, "The truth is out there. Let's not talk about the previous investigation!"

Xiaoze couldn't help but complain, "I already told C.U. to look for Jiang Xun to be the spokesperson, but who knew they'd change it to Su Youlan on their own accord? If Jiang Xun was the spokesperson, there wouldn't be so many problems."

Qinhui squinted his eyes and asked, "You're saying that Jiang Xun was the one who did this? Did Jiang Xun deliberately tarnish C.U.'s reputation because of the endorsement?"

Xiaoze had wanted to say that if Jiang Xun was the spokesperson, C.U. would not fall into a negative state, but he didn't expect Qinhui to misunderstand.

He quickly explained, "Why would you think that? I mean, if Jiang Xun is the spokesperson for C.U., given her reputation, the netizens won't believe it even if someone says it's not good. It's all because C.U. didn't listen to me and acted on their own."

"Stop talking about that. Hurry up and settle the C.U. issue!" Qinhui said.

"Yes." Xiaoze was about to leave Qinhui's office.

When he was at the door, Qinhui suddenly stopped him. "Wait."

Xiaoze paused and turned around.

"You broke up with Jiang Yuexi, right?" Qinhui asked.

Xiaoze hesitated, and Qinhui frowned. "You haven't broken up with her yet?"

Xiaoze replied awkwardly, "I did want to break up with her, but what she said...was pitiful. Although Feng Nianzhen and Jiang Chengye are divorced, Jiang Yuexi is still Jiang Chengye's daughter and is still living with the Jiang family."

"Moreover, Jiang Chengye only has one son, Jiang Jixuan, who is Jiang Yuexi's younger brother. In the future, Chengye Group will definitely be inherited by Jiang Jixuan. Even if Jiang Chengye is single now, even if he finds another woman and raises another son, he will not be able to grow up to be able to compete with Jiang Jixuan." Xiaoze analyzed and explained the situation to Qinhui. "So I think Jiang Yuexi has a high status in the Jiang family."

"Then who do you think Jiang Jixuan treats better, Jiang Yuexi or Jiang Xun?" Qinhui asked.

"This..." Xiaoze laughed. "No matter what, Jiang Jixuan is Jiang Yuexi's younger brother from the same father and mother. He's only half-brother to Jiang Xun. He's not as good to Jiang Xun as he is to Jiang Yuexi, right?"

"But I've only heard about how Jiang Jixuan and Jiang Xun are getting along recently. Have you heard about how Jiang Jixuan and Jiang Yuexi are getting along?" Qinhui leaned back in his chair, his elbows on the armrests, and his hands relaxed and crossed in front of him. "I saw the news on Weibo. Jiang Xun was wronged, and it was Jiang Jixuan who stood up for Jiang Xun. It was even Jiang Jixuan who took the initiative to say that Feng Nianzhen and her daughter had let Jiang Xun down. Since Jiang Yuexi is Jiang Jixuan's biological sister, why did Jiang Jixuan help Jiang Xun instead of Jiang Yuexi?"

"The paparazzi caught Jiang Jixuan going to Jiang Xun's house to watch the ending of 'Path of Life' with Jiang Xun. Did you hear that Jiang Jixuan supported Jiang Yuexi?" Qinhui asked.

Xiaoze: "..."

"So, go and find out which sister Jiang Jixuan is closer to," Qinhui said. "Is how similar your blood is important? If it was useful, Jiang Xun wouldn't have been sent to the countryside by Jiang Chengye from a young age without any care."

"Don't get too engrossed in that Jiang Yuexi," Qinhui reminded him. "Don't forget that you were engaged to Jiang Xun when you were young."

"Yes." Xiaoze nodded and left Qinhui's office.

*

At night, when Jiang Xun came out of the shower, she saw Mufeng sitting on the bed. She leaned back on the pillow and had a laptop on her long legs.

Jiang Xun didn't disturb him while he was working. She took a thick script and went to bed, ready to read it.

Because "Path of Life" had received great reviews, Jiang Xun also received more scripts.

However, due to the intense competition in the industry, she had never revealed that she had a backer.

Mufeng did not interfere too much with her work in the entertainment industry. Jiang Xun had to work hard on her own.

As a result, she was invited to play the female lead in a script that was given to her, but the quality of the script was not high.

If the quality was high, she would not be able to play the female lead.

With the problem of her popularity, the producers were also worried that she could not carry the series.

There was also the problem of having a backer.

The producer did not know about her relationship with Mufeng. There were many artistes with stronger backgrounds who could naturally take on the leading roles.

However, Jiang Xun had never cared about the leading role, the supporting role, or the titles.

There were only two reasons for her to choose a role in a script.

One was that she liked it and wanted to act in it.

The other was to bring her merit points.

Therefore, Jiang Xun chose the current one from a few scripts.

She was playing the role of the radiant moon immortal lord, who was gradually turning dark.

She was originally the emperor's fiancée, but because of the female lead's appearance, her relationship with the emperor had developed problems.

The emperor paid a lot of attention to the female lead, which made her feel insecure. She was worried that the female lead would steal the emperor away, so she made things difficult for the female lead.

As the emperor paid more attention to the female lead, he found that he had fallen in love with her.

After the radiant moon immortal lord learned of this, she hated the female lead to the core and wanted to kill her, but the emperor stopped her and seriously injured her.

The radiant moon immortal lord joined the Demon Dao. After that, she used the secret arts of the Demon Dao to make her cultivation advance by leaps and bounds. After killing the demon lord and unifying the Demon Dao, she led a 100000-strong demon army to attack the immortal world and fell into the Asura sea with the emperor and the female lead.

The three of them reincarnated and performed a love triangle in the mortal world.

The radiant moon demon lord was naturally the villain.

In the third life, the emperor and the female protagonist returned to the immortal world, and the radiant moon demon lord also returned to The demon world.

They entered the final contest.

In the end, the villain, the radiant moon demon lord, died, and the emperor and the female protagonist lived happily ever after.

Jiang Xun had chosen this script because she felt that as the villain, she would definitely be scolded by the audience.

Moreover, the radiant moon demon lord was determined to interfere with the relationship between the male and female leads and torture their bodies and minds.

As long as the audience was obsessed with the male and female leads, they would definitely hate the radiant moon demon lord and hope that she would quickly go offline.

Jiang Xun was very optimistic about the effects of the radiant moon demon lord.

Chapter 372 Special Way To Disclose A Relationship

Jiang Xun never had the habit of looking at Mufeng's work content. It was just that Mufeng was right next to her, so it was impossible for her not to see it.

Even if she turned her eyes slightly, she would see his computer screen. Jiang Xun really didn't do it on purpose.

She only realized that Mufeng was not working after taking a look.

The search results were displayed on his computer screen:

[Special way to disclose a relationship]

[Memorable way to make their relationship public]

[How to make it romantic and different to announce your relationship?]

Jiang Xun was speechless.

"I thought you were working, but that's all?" Jiang Xun couldn't help but say.

Mufeng: "..."

"I've been thinking about it for a few days, but I can't think of a particularly different way." Mufeng even wanted to pass the task to the planning department and let them think about it carefully.

Mufeng simply stopped searching. There were no reliable answers on the internet. They were all scams.

Something about an unforgettable public way of buying the Han Corporation's LED screen and putting a picture of him and his girlfriend on loop on the big screen.

Mufeng was wondered if the person who came up with this idea would be able to find a girlfriend.

He decided to stop searching. He closed his laptop and placed it on the bedside table. He turned around and saw the script in Jiang Xun's hand.

boxn ov el. c o m

"What's the role this time?" Mufeng asked.

"It's a mythological drama, and I'm the second female lead, the villain," Jiang Xun said.

Mufeng furrowed his brows slightly. "Why are you the second female lead?"

"I chose the role myself. I don't really like it when I'm given the role of the female lead." As for the other scripts that she liked, they would not let her act as the female lead.

However, she did not tell Mufeng about this.

She also did not expect Mufeng to interfere with the casting and let her become one of the members of the production group.

It was not bad to be the second female lead.

“Can I take a look?” Mufeng pointed at the script.

“Sure,” Jiang Xun passed the script to Mufeng generously.

Mufeng quickly flipped through it. Luckily, there were no intimate scenes. There was no kissing on the cheek or forehead.

Mufeng’s expression gradually relaxed.

“Why did you choose this role?” Mufeng returned the script to Jiang Xun. “The male and female leads of this script are a little tricky.”

Jiang Xun didn’t expect Mufeng to read so quickly. He read ten lines at a glance and quickly finished most of the entire script.

What else did this man have that she did not know?

Strong abilities, high IQ, and amazing memory.

“You think so too?” Jiang Xun’s eyes were bright as she looked at Mufeng in surprise.

Mufeng nodded. Thinking of the plot he had just seen, the corners of his mouth twitched slightly. “This radiant moon demon lord is just an unlucky egg who was betrayed by a scumbag and a mistress.”

“Who said it wasn’t!” Jiang Xun couldn’t agree more. She didn’t expect Mufeng to see the same important point as her after just a brief look. Jiang Xun slapped her thigh excitedly. “At first, the radiant moon demon lord and the emperor were fine, but the female lead suddenly intervened.”

“The emperor started liking the female lead.” Jiang Xun sneered. “Isn’t this a story of a scumbag and a mistress?”

Jiang Xun pursed her lips. “What kind of bad luck does the radiant moon demon lord have to be a third party to the female lead and have such a scumbag fiancé? It’s clearly the male and female leads who let the radiant moon demon lord down. Could the radiant moon demon lord not be angry? She was an immortal lord and the emperor’s legitimate fiancée before she turned into a demon, but she was toyed with by the female lead. In that chaotic world where no one could care about whoever someone wants to kill, I think it’s only normal for a big boss to want to kill the female lead.”

“Of course, there’s one thing I don’t quite agree with. It’s because she only wanted to kill the female lead in the beginning and didn’t want to do anything to the male lead.” Jiang Xun pointed at the script in anger. “Both the male and female leads are responsible for this kind of thing. She should kill the male lead as well. But fortunately, after she became a demon, she planned to kill the male lead as well, so that he would be treated the same as the female lead. Most importantly, whether it’s in the immortal world, the devil world, or his second reincarnation in the mortal world, the radiant moon demon lord

had only held on to the male and female leads without hurting anyone else. That's why I think this role is pretty good."

Mufeng looked at Jiang Xun silently for a while before saying, "I think you're pointing at me."

Jiang Xun was confused.

What the hell?

How did this man come to this conclusion?

Jiang Xun had just opened her mouth when Mufeng suddenly took the script that was on her lap and placed it on the notebook on the bedside table.

Before Jiang Xun could react to what he wanted to do, she was already pulled into his arms and kissed until she could not speak.

Jiang Xun: "..."

This dog man, we were just chatting, why did he suddenly attack!

In the middle of the night, the strong wind and heavy rain brought with them thunder and lightning. The rapid raindrops patted the peach branches on the shore, shaking them continuously.

"I won't like other women." Mufeng's hot breath landed on Jiang Xun's black eyes, which seemed to be covered with mist. "After all, there's a little vixen like you at home. How can I have the energy to deal with others?"

Compared to Jiang Xun, those were just ordinary women.

Jiang Xun gritted her teeth and kicked his calf. "Who are you calling a little vixen!"

Mufeng chuckled softly and buried his head in her neck. His breath, which was trembling with laughter, landed on her neck. It was so itchy that Jiang Xun could not stand it.

"Anyway, all my energy is focused on you." The man's thin lips pressed against her neck, his voice muffled.

*

Jiang Xun had never thought that one day, she would rush to the crew with her suitcase.

Jiang Xun felt that filming day and night was better than being dragged by Mufeng for an entire night.

The mythological drama, "Yu Jun, The Legend of Qing Yan," was about to be filmed.

They were filming in Hengcheng, film and television city.

Jiang Xun checked into the hotel room. After tidying up a little, she opened the system store.

She had just checked the system panel. She had 5303 merit points now, just enough to unlock a skill.

Jiang Xun took a look at the acting skills book, thought for a moment, and decided to unlock the happiness, anger, sorrow, and joy acting skills.

When she opened it, a system notification appeared: [Which one of the happiness, anger, sorrow, and joy skills would you like to unlock?]

1. [Happiness]
2. [Anger]
3. [Sorrow]
4. [Joy]

Jiang Xun was speechless.

“System, you’re really something.”

Jiang Xun recalled her previous acting experience. She was indeed lacking in this kind of emotional performance.

She couldn’t say which was her weakest point.

If she had to choose one, Jiang Xun thought about it and chose [Anger.]

As such, in the acting skills book, the emotional acting skill that represented anger was unlocked.

All the acting skills came into Jiang Xun’s mind.

Jiang Xun continued to absorb and master it.

Jiang Xun’s current brain had already memorized the lines of the script. She found a scene from her memory where the radiant moon demon lord discovered that the male and female leads had betrayed her together and angrily questioned the male lead. She played a scene in front of the hotel room’s dressing mirror.

Then, she practiced and adjusted it according to the instructions in the skill book.

Chapter 373 Why Was She Still Doing Something So Low?

The next day, she joined the crew and started filming.

Both the male and female leads were the top actors in the entertainment industry. Although Jiang Xun had the support of “Path of Life,” she was not an absolute main character because of her scenes in “Path of Life.” There were many veteran actors in “Path of Life,” so she was quite out of the industry.

Therefore, “Path of Life” allowed Jiang Xun’s acting skills to be recognized by the industry. However, Jiang Xun had just entered the industry and was far from being able to defeat the top of the industry.

Originally, Yicheng had calculated that Jiang Xun would be able to take on a decent female lead drama after taking on another secondary female lead drama.

Of course, the premise was that the second female lead’s character was well-set and not hated by the audience.

But who knew that Jiang Xun would choose such a supervillain?

It was hard to say if Jiang Xun could act as the female lead in the next drama.

Yicheng was afraid that if she played too many villains, she would leave an inherent impression on the audience. Even if she played the kind heroine, the audience would not be able to see her as the character.

But he had no choice, as Jiang Xun was the lady boss.

He was just a tool manager, only responsible for pulling resources for the lady boss.

The decision was still up to the lady boss.

Since Jiang Xun liked to play such roles, he would let her be.

Anyway, Jiang Xun had never cared if she played the female lead or another role.

Jiang Xun brought Xin'an into the production team. She wasn't the type to get close easily.

She never took the initiative to chat with anyone.

boxn ov el. c o m

Under normal circumstances, everyone would get along and slowly become familiar with each other.

Of course, taking the initiative to say hello after meeting was a basic courtesy.

Jiang Xun greeted the director and the crew members who she usually interacted with.

Even if there were many people, one might not remember them all, but after spending a lot of time together during filming, one would definitely remember them.

Jiang Xun also met the female lead, Jian Shuixin, and the male lead, Zheng Xuyi.

However, before Jiang Xun could say hello, Shuixin pulled Xuyi away with an unsightly expression.

Jiang Xun turned to Xin'an in confusion. "Were they giving me a hard time just now? I didn't misunderstand, right?"

Xin'an shook his head, "Nope."

"I'll go and find out what's going on." Xin'an was not afraid to ask around.

Every time she arrived at a new place, she could quickly get along with people. Regardless of whether it was accurate or not, she could always get first-hand gossip shared by the crew.

Xin'an took out her phone and asked someone.

After a while, she looked up and said to Jiang Xun, "I asked. They said that Jian Shuixin is Su Youlan's good friend and that she's secretly dating Zheng Xuyi. That's why she doesn't like you. Zheng Xuyi is her boyfriend, so he naturally has to stand on her side."

As Xin'an spoke, she looked around. When she saw that the people around them were too far away to hear her whisper, she still took a step closer to Jiang Xun and whispered, "Jian Shuixin is said to be good friends with Su Youlan, but in fact, it's Jian Shuixin who's licking Su Youlan's shoes. When Lu Xiuse was

still a top celebrity, Jian Shuixin had been with her. There were also differences between top-class warriors, and Jian Shuixin was one level lower. She was counting on Lu Xiuse to bring her along for fun, so the two of them can ride on each other's popularity and traffic."

"Then Lu Xiuse got into trouble and now she can only stay at the bottom of the entertainment circle. Jian Shuixin burned bridges with her immediately and stopped contacting her." Xin'an covered her mouth with one hand to prevent others from seeing the movements of her mouth. She whispered to Jiang Xun, "Then she got to know Su Youlan through someone and is now sucking up to her. In order to please Su Youlan, she'll definitely draw a clear line between you and her, and even be irreconcilable."

Jiang Xun: "..."

Shuixin was a top female celebrity now. Why was she still doing something so low?

Didn't she know that it was better to rely on herself than on others?

However, since Shuixin had such an attitude toward her, she couldn't be bothered to pay attention to her.

At present, Jiang Xun and Shuixin didn't have many scenes together. Moreover, the radiant moon demon lord played by Jiang Xun was originally a villain with an off-the-charts combat power.

The female lead that Shuixin was playing was a pure and innocent little white flower.

The female lead had never been able to defeat the radiant moon demon lord, so the male protagonist had been the one to fight the radiant moon demon lord.

Therefore, when Jiang Xun was acting opposite Shuixin, Shuixin couldn't take the opportunity to lay a hand on Jiang Xun.

Of course, even if she really wanted to, she was no match for Jiang Xun.

*

The capital.

Mufeng had a social gathering tonight.

The other party was a famous patriotic entrepreneur in Macheng, Mu Zhenhua. The Mu Family's ancestral home was in Shanghai. Later, in order to avoid the war, the whole family moved to Macheng and married the richest family in Macheng, thus becoming the richest family in Macheng today.

Although they were living in Macheng, the Mu Family had been funding China in the war. After China was established, the Mu Family became the first company to set up in China and cooperate with foreign capital.

The Mu Family had a tradition of sending their children to the capital to study since the last generation.

The Mu Family was deeply rooted in Macheng and had many children in each generation. Many of them were studying in the capital.

In recent years, the Mu Family had also slowly shifted their focus back to China.

The Mu Family was very famous in China and had a good reputation. Although they were no longer Chinese and had changed their nationality to Ma after going to Macheng, the younger generation of the family had changed their nationality back to Chinese. They had promoted it well on the internet and had attracted many positive comments and love from Chinese netizens.

Their children had always been good at marketing and had a lot of connections with the entertainment industry. The netizens were also very familiar with the young people of the Mu Family.

Because they studied in the mainland, the young people of the Mu Family's generation could speak Mandarin very well, and there was almost no accent.

It also won a lot of good feelings from the netizens.

Therefore, the Qin family also attached great importance to the cooperation between Qin Yang and the Mu Family.

That was because Zhenhua had personally come to China.

Therefore, even Qin Zhenlu would be attending tonight's social gathering.

Zhenlu didn't care about the company's affairs anymore and rarely came to the company.

In order to attend Zhenhua's dinner party, he had only arrived at the company after work.

But he didn't go in, and instead just waited in the car.

After a while, Mufeng walked out with Chengnan.

Chengnan sat in the front passenger seat, while Mufeng sat in the back, beside Zhenlu.

After all, it was a business meeting and not a family dinner. Mufeng had to bring Chengnan along.

They arrived at Qin Yang hotel.

The dinner was set at the Rutang restaurant in Qin Yang hotel.

The general manager of Qin Yang hotel led them to the door of the dining room.

When he pushed the door open, he saw a young girl with Zhenhua. Her facial features were somewhat similar to Zhenhua's.

"Mr. Qin!" Zhenhua greeted him with a big smile. His mandarin had a slight Macheng accent, making him sound like a Chinese southerner. "CEO Qin!"

He knew that Zhenlu was no longer in charge of matters and the real power was with Mufeng.

Chapter 374 Mr. Qin, Can I Add You On WeChat?

Therefore, in order to distinguish them, Zhenhua naturally called Zhenlu Mr. Qin, while calling Mufeng CEO Qin.

"Mr. Mu, I'm sorry to have kept you waiting." Zhenlu smiled and shook hands with Zhenhua.

“No, we were early.” Zhenhua pulled the young girl beside him over. “This is my daughter, Mu Shihe. She graduated from Beijing University with a master’s degree and is now in charge of the Mu Corporation’s business in China.”

Shihe smiled and called out to Zhenlu, “Can I call you Uncle? After all, it’s not easy to distinguish between the two Mr.Qins.”

Although Zhenlu felt that something was wrong, he couldn’t refute it. He smiled and said, “Naturally.”

“Uncle, Mr. Qin!” Shihe called out and reached out her hand to Mufeng. “Mr. Qin.”

She didn’t take the opportunity to get close to Mufeng just because she called Zhenlu “Uncle.”

Mufeng reached out his hand and shook Shihe’s hand lightly for less than a second before letting go.

Shihe was a little surprised, but she smiled and said, “Mr. Qin is a gentleman.”

Mufeng did not reply to her. He gestured at the seats. “CEO Mu, Miss Mu, please have a seat.”

Zhenhua brought Shihe to take a seat, and Mufeng and Zhenlu also took their seats.

Mufeng looked at Zhenlu, speechless.

Today’s meeting didn’t look like a business meeting at all, but more like a blind date.

Not long after Mufeng entered Qin Yang, before Zhenlu had completely retired, Zhenlu brought Mufeng along when he was discussing business.

At that time, many business partners and their daughters of the right age took the opportunity to discuss business and setup blind dates.

boxn ov el. c o m

However, in a business dinner, there was nothing else after the meal.

The daughters of those people would never have the chance to come into contact with Mufeng again.

Over time, many people gave up.

They all knew that this move would not work.

He did not expect Zhenhua to use this trick.

It was probably because few people came to China and they didn’t understand the previous situation.

Zhenlu secretly waved at Mufeng under the table to show that he was absolutely innocent.

He was very satisfied with Jiang Xun as his daughter-in-law. He definitely did not know that Zhenhua had brought his daughter over tonight.

Mufeng looked at him coldly. It better be like this.

Zhenlu: “...”

This bastard!

If he wasn't satisfied with Jiang Xun, why would he bring Dong Wanbi and Qin Muye to the first fund's business banquet to support Jiang Xun?!

At that time, this brat hadn't even caught up with her yet!

Moreover, the two elders liked Jiang Xun so much. If anyone dared to object, the two elders would beat them to death!

However, Zhenhua did not make it too obvious. Most of what they talked about during the meal was still about work.

Occasionally, he would bring up Shihe's work situation.

After the meal, Mufeng, Zhenlu, and Chengnan walked out of the hotel.

Zhenhua and Shihe also followed.

"CEO Mu, please stay. Don't send me off," Zhenlu said. "You've had a long journey today, so rest early."

Zhenhua, who was staying at Qin Yang hotel, said, "I've already rested for the entire afternoon. Besides, I don't mind being out a little more."

"Shihe has always been in the capital," Zhenhua said on the way out. "She has a place to stay in the capital. She won't be staying here."

Mufeng and Zhenlu didn't respond to his words until they reached Qin Yang's door. Zhenhua waved at them.

"CEO Mu, please go back." Mufeng said indifferently.

"Alright, alright, alright." Zhenhua waved his hand. Under Mufeng's gaze, he could only go back first.

Chengnan took a step forward and smiled politely, "Miss Mu, did you drive here? Or should I get the hotel to send you home?"

As for taking the opportunity to follow Mufeng's car, she could forget about it.

Before Shihe could say anything, Chengnan had already blocked her way.

"I drove here," Shihe said with a smile.

Mufeng was expressionless and was about to get into the car with Zhenlu.

"Mr. Qin!" Shihe stopped Mufeng and walked to him. "Mr. Qin, can I add you on WeChat? We're going to work together in the future, so it's easier to contact each other on WeChat. Also, my opinion on some matters may be a little shallow. May I ask for your opinion?"

"There's no need," Mufeng said coldly. "CEO Mu is a senior in the business world. If he can't answer your questions, there's no use looking for me."

Chengnan pouted. This Shihe didn't know how to find a better excuse.

Could it be more convenient to ask Mufeng, an outsider, for work-related questions than her own father?

“This...” Shihe explained with a troubled expression. “My father is old, so I don’t want to disturb him.”

“I’m very busy with work, so please don’t disturb me,” Mufeng said coldly. “I have no obligation to be your teacher.”

After he finished speaking, he and Zhenglu got into the car.

Chengnan quickly sat in the front passenger seat and asked the chauffeur to drive.

Shihe watched them as they left until they could no longer be seen before she went to find her car with a dark face.

Mufeng’s rejection of her was very obvious. However, she had been in the capital for a long time and had long heard of Mufeng’s attitude towards the opposite sex. It was not surprising.

She had also seen the Fengjiang ship, but she didn’t take it seriously.

Mufeng didn’t even like the daughters of the big families, so why would he give any preferential treatment to an actress?

Although she was in the capital, she had no chance to get to know Mufeng.

She had thought that she would have to look for an opportunity, but who knew that her family would have a business cooperation with Qin Yang.

And before she could mention it, Zhenhua had already intentionally wanted her to get to know Mufeng.

This was exactly what she wanted.

Shihe felt that even luck and fate were helping her.

No one else would have the opportunity she had now.

This time, although Mufeng’s attitude was cold and his rejection of her was obvious, it didn’t matter. She would still meet Mufeng many times and for a long time in the future.

She was not in a hurry.

*

The next afternoon, Mufeng was in his office.

“CEO, Mu Shihe wants to see you,” Chengnan said as he entered.

“No appointment?” Mufeng asked.

“None.”

“Official business?” It didn’t seem like it. If it was an official matter, Zhenhua should be the one to come forward.

Since Zhenhua had come in person, he naturally could not let Shihe be his representative.

“I’ve asked her what it was about, but she refused to elaborate, only saying that she wanted to see you,” Chengnan said.

“Then just say that I’m not free and won’t see her. If she wants to see me, she needs to make an appointment.” Mufeng did not even lift his head.

Naturally, she wouldn’t be able to make an appointment.

“Yes.”

Chengnan no longer contacted Mufeng because of this matter, so Mufeng did not bother about it.

Jiang Xun was on set. After filming, she came back to rest and was waiting for the next scene. When she was reading the script and pondering over the next scene, she noticed that Xin’an’s mood was not right.

Just as she was about to ask Xin’an what was going on, Shuixin, who had been ignoring her on set and pretending not to see her, suddenly walked over.

Chapter 375 Qin Mufeng Is Suspected To Have Gone On A Blind Date With Mu Shihe

Jiang Xun pretended not to see her and continued to read her script.

Shuixin was here, so it wasn’t convenient for her to ask Xin’an what was going on.

“Teacher Jiang,” Shuixin came over and called her with a smile, but in a gloating tone.

Jiang Xun raised her head. She didn’t get up, and responded lightly, “Teacher Jian.”

Shuixin didn’t care about Jiang Xun’s attitude.

Many people said that Mufeng cooperated with Jiang Xun to hype up the ship. On the one hand, it was to increase the popularity of some of Qin Yang’s products. On the other hand, it was possible that he was Jiang Xun’s financial backer.

The outside world always said that Mufeng did not get close to women. However, as long as he was a man, how could he really not touch any women?

Perhaps in the past, due to various reasons that only Mufeng himself knew, he did not have such intentions. Jiang Xun happened to appear at the right time and took advantage of it.

But now, it was obvious that Jiang Xun’s good days were over.

Shuixin smiled slyly, “Teacher Jiang, how are you and CEO Qin?”

Jiang Xun raised her head and looked at her in surprise. Did Shuixin know that she was in a relationship with Mufeng?

It was probably spread by insiders to Shuixin.

“It’s not bad.” Jiang Xun nodded.

Shuixin laughed. Jiang Xun actually dared to admit it.

“But I saw some news on Weibo saying that CEO Qin went on a blind date. The parents of both parties even met, and it looked very formal.” Shuixin shook her phone. “If CEO Qin has a girlfriend, I’m afraid she won’t agree to you promoting the Fengjiang ship, right? I’m afraid that even the other aspects of your relationship will be ruined.”

boxnovel.com

Shuixin covered her mouth and laughed, but didn't say it clearly.

However, everyone could tell that she was referring to Jiang Xun being supported by Mufeng.

Jiang Xun blinked. "Other aspects?"

"Hehe!" Shuixin laughed sarcastically. "Teacher Jiang, you'd better make the most out of your relationship while you can get benefits from CEO Qin. Otherwise, you won't have another chance in the future."

"Teacher Jian, those are just rumors on Weibo. They're just news articles that look at pictures. You've been in the entertainment industry for so long. Do you still believe in such things?" Xin'an did not tell Jiang Xun because she did not want to affect Jiang Xun's filming. She planned to tell Jiang Xun after she was done filming.

Moreover, Jiang Xun and Mufeng's relationship was so good. What was said on Weibo was definitely not true.

"What does it matter if I believe it or not? It's not like this is something happening to me." Shuixin smiled. "But you, if you don't believe me, why don't you dare to tell Jiang Xun? I think you've seen it too, right?"

Shuixin chuckled and said, "I won't disturb you from reading the script."

After she finished speaking, she put her hands on her waist and walked away.

Jiang Xun then turned to ask Xin'an. "You looked like you had something on your mind just now. Could it be because of this?"

Xin'an could only tell her the truth. "I was afraid that it would affect your filming. I wanted to tell you after you were done."

Now that Jiang Xun already knew about it, not letting her see it and letting her guess on her own would only affect her mood even more.

Xin'an then forwarded the Weibo to Jiang Xun's WeChat.

Jiang Xun opened the message from Xin'an.

Shuixin pulled Xuyi to observe Jiang Xun's reaction from a distance.

"Let's see how long she can be so proud." Shuixin said with a cold smile.

Xuyi could only say, "Mufeng probably isn't supporting her much either. Otherwise, why would she come to play the role of the second female lead? It's not like we don't know what kind of shows the real talents shoot."

"She should be able to choose the female lead roles of famous directors and scriptwriters, as well as the female lead of movies. But now, she can only come here and play the role of a vicious supporting actress

who gets scolded,” Zheng Xu said. “It’s obvious that Qin Mufeng doesn’t take her seriously. You also don’t need to care about her too much.”

Shuixin thought that it made sense, so she nodded.

Jiang Xun looked at the photos posted by the marketing account.

Not No. 1 Fangirl V: [Qin Mufeng is suspected to have gone on a blind date with Mu Shihe. Is there a possibility of a marriage between the Qin family and the Mu family? The two elders were at the scene. It seems that good news for the Qin and Mu families is near. Speaking of which, the two families are indeed a good match. I’ve always been guessing what Qin Mufeng’s marriage partner would be like. If it’s Mu Shihe, I think it’s really possible.]

There were also a few photos attached.

One was of Zhenlu, Mufeng, Zhenhua, and Shihe standing together at the entrance of Qin Yang hotel.

The elders of both families were present. It really looked like a family dinner to discuss marriage.

The second one showed Zhenhua waving at them, while Shihe followed Mufeng out of the hotel and to the car.

The third photo was Shihe talking to Mufeng.

Mufeng’s expression could not be captured on camera. It was not very obvious, but one could vaguely see that Shihe was smiling.

Just by looking at the photo, people would feel that the two of them were a good match, and it meant that something good was about to happen.

Crab Roe Xiaolongbao: [Don’t! Is the Fengjiang ship finished?]

Infatuated With Autumn: [I don’t want it. Return me the Fengjiang ship! Qin Mufeng, you can’t!]

[Don’t be silly, fans. Marriage between rich and powerful families is normal. Marriage with a female celebrity only exist in your fantasies.]

[It’s not like there’s always news of a female celebrity marrying into a rich family in Hong Kong. We, the real rich, will never let female celebrities enter.]

[Everyone knows how messy female celebrities can be. How could Qin Mufeng really have something going on with Jiang Xun?]

[I’ve said it from the start. Qin Mufeng doesn’t like Jiang Xun. He’s a good match for Mu Shihe. Their family backgrounds are similar, and their looks match.]

[Compared to Mu Shihe, what is Jiang Xun?]

[Have you all forgotten that Jiang Xun is also the eldest daughter of a wealthy family?]

[She’s more like an abandoned daughter of a rich family. Didn’t Jiang Chengye not value her at all? Otherwise, why would Jiang Xun still be playing the supporting role?]

“Jiang Jiang, don’t bother about the marketing accounts and those netizens who don’t know the truth,” Xin’an quickly said. “The marketing accounts have always been spouting nonsense. There’s not much truth in their words.”

“I know.” Jiang Xun calmly reposted this Weibo post to Mufeng.

Jiang Xun: [Weibo app link]

Jiang Xun: [Why is this dog man so careless?]

Mufeng was working hard to make sure that he could go to Hengcheng to see Jiang Xun on Friday.

His WeChat beeped. He turned his head and glanced at it indifferently.

Seeing that it was a WeChat message from Jiang Xun, she quickly opened it.

Dog man?

Mufeng put on an innocent face, indicating what he had done this time.

Mufeng opened the link that Jiang Xun had sent. After seeing it, Mufeng immediately called Chengnan in.

“Look at this.” Mufeng passed his phone to Chengnan with a cold face.

Chengnan’s expression changed after he saw it.

“Remove the news,” Mufeng said with a cold face.

“Yes.” Chengnan quickly said.

“In the future, pay more attention to the news on the internet.” Mufeng furrowed his brows and said.

“Yes.” Chengnan hurriedly went to settle this matter.

It didn’t take long for to remove the related news from the entire internet.

Mufeng posted on Weibo again. [It was a business dinner last night. It involves trade secrets. I’m sorry I can’t say much. I don’t have any personal relationship with Ms. Mu Shihe.]

Chapter 376 I Have A Girlfriend

Mufeng immediately gave Jiang Xun a call.

However, Jiang Xun had gone to film at this time, so her phone was on silent mode.

Xin’an didn’t dare to answer the phone for Jiang Xun and could only leave it there.

When it was time to get off work, Mufeng took his phone and walked out of the elevator. He was about to call Jiang Xun again.

“Mr. Qin!” Not far away, a woman’s voice was heard.

Mufeng frowned and looked over. Shihe saw him and walked over with a smile.

After she stood still, Mufeng frowned and took a step back.

“Mr. Qin.” Shihe was stunned. Just as she was about to take another step towards him, she saw that Mufeng had already taken a step back.

“Miss Mu, please keep your distance from me.” Mufeng said without any trace of politeness.

Shihe was speechless.

Qin Yang’s employees were speechless.

They thought that their CEO had changed and finally allowed women to get close to him.

They didn’t expect him to still be like this.

But wait a minute, wasn’t this the female lead who was rumored to be on a blind date with the CEO?

From the CEO’s attitude, he didn’t seem to like her.

boxn ov el. c o m

It seemed like the rumors were wrong!

Even so, everyone would rather cause a jam in the first-floor hall of Qin Yang than go out. They all wanted to stay and watch the gossip about the CEO.

“Mr. Qin, I couldn’t see you because I din’t have an appointment. I could only wait here.” Shihe said pitifully.

If an ordinary person heard her say this, they would at least feel a little apologetic and a little pitiful, right?

“Since you know that, Miss Mu, you can come again in the future if you have an appointment,” Mufeng said with a frown.

Shihe was speechless.

“Actually, I’m here to apologize to you,” Shihe said apologetically. “Someone took a picture of our business dinner yesterday. They even said that we were on a blind date. I’m very sorry for causing you to be misunderstood. I’ve already contacted people to think of a way to remove this information, but there’s no result yet.”

“I’ve already gotten people to withdraw and clarify the matter.” Mufeng said coldly.

Shihe looked at Mufeng in shock.

She was really shocked.

Why were Mufeng’s actions so fast?

And it was removed from the internet just like that?

When she said that she contacted people to remove the post, she was actually just being polite.

Of course, she didn’t want to delete the post. In fact, she even hoped that others would misunderstand.

She had come to look for Mufeng only to express her attitude and to make it seem as if she did not want to have any relationship with him.

She would get Mufeng to let his guard down first and leave a good impression on him at the same time. She would let Mufeng feel that it was safe to interact with her and that she had no intention of developing an intimate relationship.

Who knew that Mufeng would actually withdraw the news directly.

“Also, I have a girlfriend,” Mufeng told Shihe.

Qin Yang’s employees were all shocked.

The CEO has a girlfriend?

What’s going on!

Qin Yang also had female employees who were fans of the Fengjiang ship. When they heard Mufeng’s words, they suddenly felt sad.

Cold Jiang Island: [Sob sob sob sob. I heard that Qin Mufeng has a girlfriend. I hope it’s fake.]

Internet-addicted Girl Who Is Not Interested In Studying: [No way? Who did sister hear that from?]

Cold Jiang Island: [Cough, I can’t say too much. If I say too much, I’ll dox myself.]

Living Away From The Heart: [It can’t be Mu Shihe, right? Didn’t Qin Mufeng just refute the rumors?]

Cold Jiang Island: [Don’t worry, it’s not Mu Shihe.]

Warm Sweet: [If the girlfriend is Jiang Jiang, I’m very good!]

At Qin Yang, a female employee saw Cold Jiang Island’s Weibo post and immediately looked around.

She didn’t expect that there would be a Fengjiang fan who was a colleague from the same company!

She wondered which sister [Cold Jiang Island] was.

She immediately replied.

Slow Ice: [Ahem, sister, we should be in the same place. However, I think Qin Mufeng might have said that to make Mu Shihe give up on him. He must really have a girlfriend.]

After Slow Ice replied, she looked at the crowd to see if anyone responded.

After a while, she saw a girl in the crowd holding a phone with both hands. There was a plastic ginger decoration on the phone case. She looked up and looked around.

Finally, the two of them looked at each other and saw the words “Comrade, it’s you!” in each other’s eyes.

The two of them smiled.

When Shihe heard Mufeng say that he already had a girlfriend, she was stunned for a few seconds before she managed to compose herself.

When she wanted to speak, she realized that her mental strength was not as good as she thought.

She opened her mouth but couldn't make a sound. Even her smile had become a little stiff.

Shihe quickly adjusted her emotions. For a moment, she was at a loss and could only raise her hand to brush her hair behind her ears to hide her helplessness and embarrassment.

The corners of her mouth trembled slightly as she smiled and forced herself to remain calm. "Mr. Qin, I believe you have misunderstood? I don't have any other intentions towards you. It's just that a reporter took a picture of us and a marketing account released false news that misunderstood our relationship. I'm worried that you'll misunderstand, so I came to explain. I'm also here to apologize to you. I'm sorry to have caused you any trouble."

Mufeng nodded. He didn't say anything and walked past her.

Shihe said so much, but Mufeng did not react. She was unwilling to give up and wanted to chase after him, but she was stopped by Chengnan.

"Miss Mu, the CEO already knows what you mean." Chengnan's tone and smile were professional. "What the CEO means is that you don't have to come to the CEO for such private matters."

After Mufeng walked out of the building, Chengnan moved aside and stopped blocking Shihe.

Shihe's face stiffened. She gritted her teeth as she watched Mufeng get into the car and Chengnan walk out of the company.

Shihe's face was frighteningly dark.

Mufeng got into the car, and the chauffeur drove. Mufeng was about to give Jiang Xun another call.

However, he did not expect Jiang Xun to call first.

Mufeng heaved a sigh of relief. At least Jiang Xun was still willing to talk to him.

However, when he picked up the phone, Mufeng's heart was in his mouth again.

Although Jiang Xun was willing to talk to him, he was still afraid that she would be angry.

"You called me this afternoon?" As soon as he picked up Jiang Xun's call, Mufeng heard Jiang Xun's familiar voice that made his heart feel sweet. "I was filming just now. I just finished a part of it so I can rest for a while. I saw your missed call."

"Yes." Mufeng nodded. "I've already settled the rumors on the internet. The news has been removed."

Originally, Mufeng wanted to tell Jiang Xun to believe him and that he had definitely not done anything to let her down.

However, when he heard Jiang Xun's voice, Mufeng's heart suddenly calmed down.

Jiang Xun did not seem to have misunderstood him.

Therefore, it was meaningless to talk about those things.

"Alright," Jiang Xun responded.

After Mufeng's heart calmed down a little, he felt that something was not right.

Jiang Xun was not angry. He felt at ease, but he felt that something was missing.

Chapter 377 Mufeng Lowered His Head And Cupped Jiang Xun's Face

Why was Jiang Xun not angry?

Was she not jealous?

Mengyao had tried to hype up a ship with her.

Although he knew that Jiang Xun had no interest in Mengyao and didn't cooperate with him at all, he still couldn't help but feel jealous.

But why did Jiang Xun not react?

Just as Mufeng was deep in thought, he heard Jiang Xun say, "However, I'll only let it slide this time. You can't let something like this happen again."

Mufeng's originally solemn expression loosened up. The corners of his lips curled up slightly. "What's wrong?"

"Do you still want to be photographed for such a thing?" Jiang Xun's voice twisted. Although she did not raise her voice, Mufeng could clearly tell that she was unhappy.

"Of course I don't," Mufeng said immediately.

"Then that's fine." Jiang Xun snorted. "Although I know you're innocent, is it a good thing to have such a photo taken and to be accused of being on a blind date? I still think it's disgusting."

Jiang Xun paused for a moment and asked doubtfully, "Don't you feel uncomfortable? Or do you think this is good?"

"Disgusting!" Mufeng quickly said, "It's so disgusting! That's why I immediately withdrew all the information after I found out."

Jiang Xun hummed in acknowledgment.

At this moment, Mufeng heard a vague voice from the other end of the phone informing Jiang Xun that she was going to shoot the next scene.

"I'm going to film," Jiang Xun said. "I'll talk to you tonight."

boxn ov el. c o m

"Alright," he said. At this moment, Mufeng's heart was completely at ease.

Jiang Xun hung up the phone and was ready to shoot the next scene. She turned around and saw Shuixin looking at Weibo.

Moreover, the results would be blank whenever she searched.

Jiang Xun immediately knew what she was searching for.

When they passed by Shuixin, Jiang Xun called out with a smile, "Teacher Jian."

Shuixin raised her head and wondered why Jiang Xun's smile looked so arrogant. Even her voice sounded so sneaky.

"There's no news on Qin Mufeng and Mu Shihe on the internet. You don't have to search. You won't be able to find any." Jiang Xun flicked her long hair back and raised her chin without hiding her smugness. "I'm sorry, but my Fengjiang ship with Qin Mufeng can still be hyped up. The point was that he wasn't angry when I hyped up the Fengjiang ship and even cooperated with me. He even removed the fake news of his blind date from the internet. Don't you think it's infuriating?"

Jiang Xun flicked her long hair and strode away, lifting her dress.

Shuixin was speechless.

It was so fucking infuriating!

Detestable!

She was being arrogant again!

Shuixin turned around and asked Xuyi, "Do you think it's true that Qin Mufeng removed the news of his blind date from the internet?"

Xuyi thought for a while. "I think there's a 99% chance that Qin Mufeng removed the news himself. Otherwise, who would have the ability to remove the news from the entire internet?" he said.

"Mu Shihe definitely wouldn't. The news of Qin Mufeng's blind date with her, including those photos taken at the hotel entrance, might have been released by Mu Shihe herself. This kind of thing will only do her good." Xuyi analyzed, "From Qin Mufeng's behavior over the years, even if he doesn't stay away from women as the rumors say, he at least doesn't want the public to pay attention to his private life. Therefore, there's a 99% chance that Qin Mufeng was the one who withdrew the news. However, it's not certain if he did it for Jiang Xun."

Xuyi sneered. "Qin Mufeng isn't here anyway. Jiang Xun can say whatever she wants. We can't ask Qin Mufeng for confirmation."

"He definitely didn't do it for Jiang Xun." Shuixin pouted and looked mean. "Jiang Xun is just talking nonsense to make herself look good when Qin Mufeng is not here."

*

Jiang Xun happened to have two days with no scenes for her, so she could rest.

Jiang Xun had asked Xin'an to book a plane ticket back to the capital in advance. After she finished filming that day, she rushed straight to the airport.

On the way to the airport, Jiang Xun had secretly asked Chengnan about Mufeng's schedule for the day.

She found out from Chengnan that Mufeng would be staying in the office to work late.

Jiang Xun calculated the time. She should be able to make it in time if she got off the plane and arrived at Qin Yang.

However, since Mufeng stayed behind to work overtime, Chengnan naturally couldn't run away.

Therefore, Jiang Xun could contact Chengnan at any time to find out about Mufeng's schedule.

When Jiang Xun's plane landed at the capital's airport, it was already 22:40.

It was relatively fast to take the highway from the airport to the city. By the time they reached the city, they had already missed the peak traffic jam.

When they were about to reach Qin Yang, Jiang Xun asked Chengnan again. Mufeng was still in the company.

She didn't know how long he would be working.

When Jiang Xun was in the capital, Mufeng always got off work on time.

However, he would take some work home to deal with.

Chengnan: [I don't know exactly how long the CEO will be working. Based on my experience from the past few days, he will probably finish between 23:30 to 00:00.]

Chengnan had unintentionally sold Mufeng out again, letting Jiang Xun know that Mufeng had been working late into the night these past few days.

Jiang Xun: [Okay. Don't give anything away. No matter how long he'll work, I'll just wait.]

Chengnan: [Alright.]

When Jiang Xun arrived at Qin Yang's door, it was 23:45.

Jiang Xun rolled down the window a little to let in the cold air from outside.

Jiang Xun, who had been on the road for a long time and could not rest well on the plane, sat in the car for a long time. She was drowsy but could not really fall asleep. After being blown by the cold wind for a while, she finally felt much more awake.

Jiang Xun rolled up the car window. A few seconds later, she saw Mufeng walking out of Qin Yang's main door.

Just as he was about to get his car, he caught a glimpse of a Mercedes-Benz MPV parked on the side of the road. It looked familiar.

In the middle of the night, there were no cars parked on the side of the road in front of Qin Yang. Only this one was parked alone.

In the past, there was not a single one.

And this car had two blashers on.

Mufeng's heart beat faster unconsciously. He could not help but feel anticipation as he walked towards the car.

Even though he might be disappointed after anticipating it, Mufeng still could not stop in his tracks.

Jiang Xun heaved a sigh of relief.

When she saw that Mufeng was going to the parking lot, she almost asked Boliang to honk.

Fortunately, Mufeng walked over.

As Mufeng gradually approached, Jiang Xun lowered the window.

Mufeng saw that the face that he had been thinking about day and night was looking at him with a smile.

Her fair hands were holding onto the window frame, and her slender fingers were pressed against the black car door. Her fair hands were so dazzling.

Jiang Xun sat in the car with a smile. She looked up at the man standing a step away from the car, who seemed to be surprised and stunned by her sudden appearance. "I have two days of rest, so I came back."

After Jiang Xun finished speaking, Mufeng still paused for two seconds.

Jiang Xun waited quietly, wondering if this man had been shocked silly by her.

Mufeng suddenly stepped forward and stood in front of the car door. He lowered his head and reached out to cup Jiang Xun's face. He leaned over and kissed her.

Chapter 378 Because I Missed You

At this time, there were no lights in the Qin Yang building, and the few overtime workers had already left work.

It was close to midnight, and the streets were very quiet. Although there were few cars coming and going, the occasional sound of passing cars by could be heard.

However, Jiang Xun could not hear any of it at this moment. Her face was being held by Mufeng's burning hands.

Mufeng's well-defined long fingers covered her face completely. He placed his fingers on her ears. Jiang Xun's ears were burning. From her ears to her cheeks, she was already red.

The wind was blowing, and the air was cold from the late night dew. It clashed with the heat on her face, but was immediately defeated.

When they were waiting for Mufeng, Jiang Xun felt cold after opening the window for a while. But now, she didn't even feel a trace of coldness.

Mufeng's thin and hot lips were close to her, wrapping around her, and it was turbulent.

His heavy breathing fell heavily on her face.

Mufeng only let go of her after a while.

Jiang Xun looked up at him. Mufeng lowered his head and blocked the light. His eyes were dyed with a dark color that made people blush and their hearts beat faster.

He looked at Jiang Xun's full and lustrous lips that he had kissed and took a deep breath. He suddenly turned around, opened the door, and got into the car.

However, when he entered the car, he saw that Xin'an was sitting behind Jiang Xun.

Mufeng: "..."

Xin'an stuck to the corner awkwardly and covered herself with the curtain while shivering.

Who would have thought that when Mufeng saw Jiang Xun, he would kiss her just like that?

boxn ov el. c o m

Fortunately, she was sitting in the row behind Jiang Xun. If Mufeng did not see her, she could reluctantly pretend that she did not exist.

However, after Mufeng got into the car, she still felt awkward.

If she had known earlier, she would have called for a taxi and gone home on her own.

Even with Mufeng's thick skin, he also looked away awkwardly.

He looked at Jiang Xun when he sat down.

There was a hint of helplessness in his deep black eyes.

Why didn't this girl tell him that there was someone else in the car?

He knew that Boliang was there, but at least Boliang couldn't see him from the front.

Xin'an, however, was sitting behind and could see everything clearly.

The air conditioner was on in the car, so it was very warm, and Jiang Xun had taken off her coat long ago.

At this time, she directly took his coat and covered her face.

Don't look at me. She wanted to say it, but he didn't give her a chance to.

She didn't even have the chance to say anything before he kissed her all over.

She hadn't even reacted yet.

Mufeng sat down. His well-defined long fingers pulled down the coat covering her face, revealing her face.

Jiang Xun blinked and blushed.

Mufeng recalled the awkwardness just now. He raised his hand and tugged at his tie twice. Then, he reached out to hold Jiang Xun's hand. He could not help but laugh.

There weren't many cars on the road, so the car drove smoothly, and they reached home very quickly.

Boliang drove the car into the neighborhood and stopped below their house. He then sent Xin'an home. The moment Jiang Xun got out of the car, Mufeng held her hand again, their fingers intertwined. He had been holding her hand all the way in the car, and his palm was sweating, but he refused to let go. Mufeng held Jiang Xun's hand and entered the elevator. At this time, the entire building was particularly quiet.

Only Mufeng and Jiang Xun were in the elevator.

Mufeng held her hand. "It's rare that you can rest for two days. Why did you rush back?"

Jiang Xun snorted and glared at him. "You're asking the obvious."

She had come all the way back, so why did he ask?

Was it because she liked to fly?

Was it because she liked to travel?

Since she was back today, she could only rest at home for one day tomorrow. The day after tomorrow, she had to return to the set to prepare for the shooting the day after tomorrow.

Mufeng chuckled and held Jiang Xun's hand tightly. "I just want to hear you say it."

Before Jiang Xun could say anything, the elevator had arrived.

Mufeng held her hand as they stepped out of the elevator. They arrived at the door of the house, unlocked it, and he pulled her in.

The door had just closed when Mufeng pulled Jiang Xun to the bedroom.

Jiang Xun was pulled into his arms and kissed, and she was pressed down unconsciously.

"You still haven't answered me." Mufeng rubbed his lips against hers. His voice was hoarse. "You're so tired. Why did you come back?"

Jiang Xun pinched his waist in a bad mood.

This bastard just had to have her say it!

And yet, the bastard still laughed when she pinched him!

Jiang Xun was so angry that she wanted to kick him even more!

Try laughing again!

Mufeng's lips curved into a consoling smile. His dark eyes were filled with warmth.

Jiang Xun was defeated by his gentle gaze and could only admit, "Because I missed you!"

Jiang Xun kicked him after she finished speaking.

The man who was kicked laughed softly.

The low voice rolled in his throat, and it was sexy.

Jiang Xun gritted her teeth. "Besides, if I don't come back and someone takes photos of you on a blind date or a date, I'll have to come back to take a look."

Mufeng initially thought that the young lady did not care at all.

Now that he heard her say this, he was suddenly enlightened. His mood had never been better since he was photographed.

Mufeng tightened his grip on her waist. His voice was low and hoarse. He deliberately lowered his head and whispered in her ear, "Then you can just squeeze me dry."

He remained a vegetarian for as long as Jiang Xun was away from filming.

Jiang Xun had been mentally prepared for this.

When she came back this time, she didn't think that this bastard would let her go.

But Jiang Xun never expected him to be such a dog.

He was planning to directly cripple her!

*

Time passed by so quickly.

The next morning, Jiang Xun had to return to Hengcheng to continue filming the next day.

Mufeng specially freed up two hours to send Jiang Xun to the airport.

Mufeng was not sure if Jiang Xun felt that time had passed very quickly. In any case, Mufeng himself felt that time had passed very quickly.

Of course, Jiang Xun also felt the same.

She flew back the day before yesterday and was also dragged around by Mufeng.

Yesterday, when Mufeng went to the company, Jiang Xun had been catching up on sleep.

She slept all the way until the afternoon. She had slept so much that she felt a little drowsy.

At night, she was pulled back by Mufeng.

Therefore, Jiang Xun had been in a daze ever since she came back. Time had passed by without her knowing.

Mufeng sent Jiang Xun to the airport. Even when they were sitting in the car, he was still holding Jiang Xun's hand.

"I said I would leave in the afternoon, but you insisted that I leave in the morning." If he was so reluctant, why did he urge her to leave early?

“You should go to Hengcheng earlier and have a good rest there. You’ll be in good shape tomorrow.” Otherwise, Mufeng would not have wanted her to leave so early. He did not even want her to leave. “If you leave in the afternoon, you will arrive at night. How are you going to rest then?”

Jiang Xun muttered in her heart. She didn’t know who was the one who caused her to be unable to rest well.

The bastard beside her was still unaware.

Mufeng sent Jiang Xun to the security check and only left after she entered.

The plane landed in Hengcheng at 13:25.

Jiang Xun turned off airplane mode after she got off the plane.

Chapter 379 I’ve Wanted To Make It Public For A Long Time

Because they often had to travel between the two places, nowadays Jiang Xun had left a commercial car with the crew in addition to an RV.

The other car was parked in the capital.

When they returned to the capital the day before yesterday, the car was parked at Hengcheng airport.

Jiang Xun and the other two went to the parking lot to find their car.

After getting in the car, Xin’an went to Weibo to check if there was any news about Jiang Xun.

Although Jiang Xun was still a distance away from becoming A-list, she was no less talked about and popular than the A-listers. In fact, she was even a little ahead of them.

Therefore, Xin’an had to keep a close eye on her and pay attention to any negative news at all times so that the team could react in time.

As a result, she really did see a new problem!

“Jiang Jiang!” Xin’an’s hands were trembling. She didn’t even have the time to share it with Jiang Xun. She just stuffed her phone into Jiang Xun’s hands. Look at this, you and CEO Qin were photographed.

“Hmm?” Jiang Xun lowered her head to look at Xin’an’s phone.

Entertainment Circle V: [Qin Mufeng kissed a mysterious woman outside Qin Yang Corporation late at night? [picture]]

In the photo, it was Jiang Xun who had returned to the capital the day before yesterday. Her car was parked outside Qin Yang.

It was of Mufeng standing outside the car, holding Jiang Xun’s face in his hands and kissing her through the window.

However, because it was too dark in the middle of the night and the shooting location was very far away, the picture was very blurry after the camera zoomed in.

Moreover, they could only capture Mufeng's back view. Jiang Xun was in the car and her face was completely blocked by Mufeng. The camera could not capture Jiang Xun's face.

[Looking at the environment, it's indeed the entrance of Qin Yang Corporation. But let's just say, your photo quality is so bad, and you're only taking a picture of his back. Are you really not afraid that Qin Mufeng will sue you?]

[But looking at his back, he does look like Qin Mufeng.]

Gossip Expert V: [A netizen submitted a post. A netizen found a photo of Qin Mufeng's back view in the past and compared it with the late-night photo this time. The similarity is up to 90% [picture]]

There were not many photos of Mufeng, but because Mufeng had appeared on a few variety shows recently, some netizens really took the time to go back and watch the variety shows that Mufeng had participated in.

They cut out Mufeng's back from the variety show frame by frame.

They then found a screenshot from a similar angle to the one in the photo and compared it.

Once the marketing account released it, they realized that he really looked like Mufeng.

[It really does look like it. His hairstyle, the ends of the hair above his neck, the shoulder width, and the curves of his back are all very similar to Qin Mufeng.]

[Fuck, it can't really be Qin Mufeng right?]

[Is Fengjiang in trouble again?]

Morning Star: [I'm tired. Let's destroy it. Recently, we, the Fengjiang couple fans, have been doing sit-ups every day. When I saw Qin Mufeng and Mu Shihe's photo, I thought it was over. In the end, Qin Mufeng denied the rumor and we're back. Today, we saw this photo that looks like Qin Mufeng again. Are we going to go through this again?]

Cold Jiang Island: [I'm just saying, can you stop staring at our Fengjiang ship all day? Qin Mufeng isn't even from the entertainment industry. Why are you paparazzi keeping an eye on the big CEO every day?]

Wish Fulfilled: [How can you be sure that it's Qin Mufeng without the face? Just because they look alike from the back?]

Disney Jiang: [If it was during the day, we could zoom in to see if there were any moles or something. But you gave us such a blurry picture, how do you expect us to compare?]

But soon, some people said that the car seemed to be Jiang Xun's.

Eating Jiang: [Do you need evidence to create rumors nowadays? Is Jiang Xun the only one in the world who uses this model of business car?]

Spicy JJ: [Jiang Jiang has been filming in Hengcheng. Don't drag us into this. Also, don't simply assume that the other party is Qin Mufeng just because of their back view.]

Since the photo of Mufeng and Shihe, whether it was Jiang Xun's fans or the fans of the Fengjiang ship, they no longer called him Great CEO Qin.

In their eyes, Great CEO Qin was just a nickname.

However, he was first photographed with Shihe, and now there was a photo of Mufeng kissing in the middle of the night.

This made the fans hesitate. Although they were still fans of the Fengjiang ship, and although they didn't want the Fengjiang couple to end up in a bad ending, they still decided to wait and see.

Gossip Expert V: [According to our intel, Jiang Xun took advantage of the two-day holiday when she had no scenes to fly back to the capital from Hengcheng the night before yesterday. This morning, she returned to the Hengcheng production team from the capital. [Picture] This way, the time matched with the kissing photo. The business car is suspected to be Jiang Xun's. According to the time when Jiang Xun took the plane back to the capital two days ago, the time the photo was taken was just enough for Jiang Xun to arrive at the Qin Yang Corporation from the airport in the capital.]

Smiling Child When Given Candy: [Mmm, if it's really Great CEO Qin and Jiang Jiang, then i'm good again!]

Even the way Mufeng was addressed had changed again to Great CEO Qin.

[So, the person in the business car in the photo might really be Jiang Xun?]

[It's all possible. It could be Jiang Xun and Qin Mufeng, but it could also be neither of them. After all, their faces weren't captured, so you can say whatever you want.]

[I'm scolding the photographer for being useless! Since you didn't take a photo of the faces, why did you post it?]

Jiang Xun returned the phone to Xin'an.

"I didn't expect that someone would actually take a picture of it," Xin'an frowned and said. "If someone is really determined to verify it, they can see it from the surveillance camera at Qin Yang's door and the surveillance camera on the street. They don't need to see your face. They just need to take a picture of the license plate to know that you were the person in the car the night before. Not to mention, the angle of the surveillance camera might have captured CEO Qin's face."

There were all kinds of people on the internet.

Perhaps there was a way to get the surveillance footage.

Jiang Xun didn't mind. "It's okay. Let them post it. Even if someone really pulled out the surveillance footage and proved that it was me and Qin Mufeng, it would be fine."

Xin'an mumbled to herself and mulled over Jiang Xun's words. Suddenly, she was filled with surprise and looked at Jiang Xun with bright eyes. "Jiang Jiang, are you going to make it public with CEO Qin?"

Jiang Xun smiled and admitted, "I've wanted to make it public for a long time, but it's that dog..."

Jiang Xun realized that she had been so used to scolding that bastard in her heart these days that she almost said it out loud.

Jiang Xun changed her words. "It's just that Qin Mufeng has always wanted to find a special and unique way to make our relationship public."

"Special, unique?" Xin'an couldn't think of anything. "Do you need to use such a different method? Don't tell me it's going to be a grand event?"

"Not really. He's probably just thinking about the official announcement in the form of documents, so he wants to be different from others." Jiang Xun waved her hand. "Who knows how special he really wants to be? Anyway, I've thought of a few and if I can't think of any, I'll stop thinking about it. I'll let him slowly figure it out. The official announcement will be made when he has figured it out."

Chapter 380 Why Would Qin Mufeng Take A Fancy To An Actress?!

"If someone exposed us first to prove that we are together, then Qin Mufeng can only blame himself!" Jiang Xun spread out her hands and said heartlessly. "Who asked him to take so long to figure this out?"

Xin'an laughed. "So we're just going to ignore the public opinion now?"

"What's there to care about? It's just gossip. There's no weight to it at all. I can't care about everything." Jiang Xun's state of mind was extremely stable.

Xin'an was in awe of Jiang Xun.

She could become a female star.

Jiang Xun had been scolded all the way until now, and the number of people who scolded her had never decreased.

Ever since Jiang Xun had uploaded the video on Shanpin and had not even become an influencer, many people had been scolding her, and the words they said were very unpleasant.

Although there had always been haters turning into fans, as Jiang Xun's popularity continued to rise, the number of haters increasing and the rate of growth was very rapid.

How could the speed at which haters turned into fans compare to the speed at which haters grew?

However, Jiang Xun never cared about those comments. She would even read them herself and record their IDs after reading them.

Xin'an looked at Jiang Xun and felt that being beautiful did not mean that one could become a female star. Other than having strong professional skills, one also had to have a strong psychological endurance.

Anyway, even if she had Jiang Xun's looks and abilities, she probably couldn't bear so much abuse.

This was especially so when she saw the netizens scolding Jiang Xun. Most of them were even using their own assumptions to scold her.

They didn't know Jiang Xun at all. They didn't know where they had heard it from, or if it was simply based on their own imagination, or if they were deliberately slandering her.

Seeing these false slanderous comments, anyone who saw them would be angry.

Xin'an felt angry even as an outsider, but Jiang Xun did not seem to mind.

Jiang Xun ignored the comments on the internet and went back to the hotel to rest.

She needed to make up for all the sleep she had lost in the past two nights.

The netizens and marketing accounts had no evidence to prove that it was Mufeng.

But some people could still recognize it.

Shihe had also seen the gossip circulating on Weibo.

She looked at the photo. Although the photo was blurry and the picture was dark, she could still recognize Mufeng's back view at a glance.

She was also very sure that the back view in the photo was indeed Mufeng. There was no mistake.

Mufeng did not know. Even Zhenhua did not know.

Other than herself, no one else knew.

Long before she had officially met Mufeng, she had already been paying attention to him for many years.

She tried her best to collect everything about Mufeng.

She watched Mufeng's interviews and photos. She even saw the variety shows that Mufeng participated in.

She saw Mufeng interacting intimately with the woman called Jiang Xun in the variety shows.

No one knew how her heart felt like it was being cut by a knife when she saw those scenes.

Hence, she edited out Mufeng's part separately. She only looked at Mufeng's part and tried her best to forget that Mufeng was talking to Jiang Xun.

She even imagined that the person Mufeng was talking to was herself.

She played Mufeng's edited parts. After Mufeng finished speaking, she pressed the pause button and started to talk to Mufeng on the screen.

She even imagined the interaction between Mufeng and herself and imagined that Mufeng was very close to her.

She imagined the intimate interaction between the two of them.

Because she had been paying attention to Mufeng, she could recognize the back of the figure at a glance.

She looked at the photo of Mufeng kissing a woman.

After paying attention to Mufeng for so long, she had never thought that Mufeng would actually have such a side.

She never thought that Mufeng would actually have such feelings and desires for women.

She had always felt that Mufeng did not like women getting close to him. Hence, Mufeng was clean and was the flower that grew on the peak of a snowy mountain.

No one could pull him down from the altar.

He made people want to touch him but couldn't.

The more Mufeng was like this, the more she felt that her was clean. The more she wanted to pull Mufeng down from the altar and let this man belong to her.

However, she did not expect that someone would pick this mountain-top flower before her!

Someone had touched Mufeng.

Mufeng had become unclean!

Shihe suddenly went crazy and kept wiping her mouth.

Even when her mouth was swollen and the skin was scraped, she continued to wipe without stopping.

After wiping for a long time, Shihe stopped and made a call. "Help me get the footage from the surveillance camera at the Qin Yang Corporation's entrance and the location where the car was parked. Also, you can release the photos now, the ones from when I went to Qin Yang to look for Qin Mufeng."

Shihe paused for a moment. "Tomorrow then. We'll release them tomorrow."

Today, the netizens' attention was on the photo that seemed to be Mufeng kissing someone.

She wanted the matter to cool down and not steal her limelight.

Tomorrow, all the attention on Weibo would be hers.

Not long after, Shihe received the surveillance footage she wanted.

Shihe received the videos on her computer.

She saw Jiang Xun's car plate number from the surveillance camera.

The two surveillance cameras only managed to capture Mufeng's face. They did not manage to capture the face of the person in the car.

Shihe took a screenshot of the license plate of Jiang Xun's car and got someone to check it.

It didn't take long for her to find out that the owner of the car was Jiang Xun.

"Jiang Xun!" Shihe gritted her teeth, and the corners of her mouth twitched stiffly. A cold smile slowly appeared on her face.

She really did not expect that Mufeng's rumored partner would actually be Jiang Xun.

The Fengjiang couple?

It was laughable!

Could it be that the girlfriend Mufeng was talking about was Jiang Xun?

Why would Qin Mufeng take a fancy to an actress?!

She thought that Mufeng was on the show for the show's effect to hype up Qin Yang.

However, she did not expect that Mufeng was actually serious.

Jiang Xun!

*

The next day, Jiang Xun went to the crew to start work.

Jiang Xun looked at her phone.

Today was Friday.

Based on her understanding of Mufeng, Mufeng had probably planned to come and find her today.

However, because she suddenly had two more days off, she went back to the capital.

She had just parted ways with Mufeng yesterday. Mufeng probably would not be coming today.

However, she had originally used two days of leave to return to the capital. She did not want Mufeng to work overtime so hard just to squeeze out time to look for her.

Although she was also busy, her work was fixed.

If she could finish his work while she was working, she could have a good vacation.

She didn't need to be as busy as Mufeng.

Hence, she would rather go through some trouble herself and return to the capital. It was better than Mufeng travelling around.

Today, no one in the crew discussed the photo from yesterday.

Because the camera only captured Mufeng's back view, no one could prove that it was Mufeng.

The crew had seen too much of these groundless rumors in the industry. They knew a lot of real gossip, but they also knew how unbelievable the news from the marketing accounts were.

Therefore, Jiang Xun's filming today was not affected.

When they finished filming in the morning, Brother Liu brought the food out dish by dish during lunch break. Xin'an angrily got into the car with her phone.
