Chapter 381 It's As If Someone Is Controlling This From Behind The Scenes

Before Jiang Xun could ask her why she was angry again, Xin'an sat opposite Jiang Xun and said, "What's up with that Mu Shihe? I'm now strongly suspecting that whether it's this scandal or the previous one, she was the one who had people spread it."

"I'm not following." Jiang Xun was confused. "Tell me from the beginning."

"Here, this is it." Xin'an sent the Weibo link to Jiang Xun and said, "Mu Shihe actually went to Qin Yang to look for CEO Qin. It was probably because of work, but the paparazzi took pictures of her and CEO Qin coming out one after another."

"That's ridiculous. Mu Shihe and CEO Qin aren't from the entertainment industry, and I've never seen paparazzi following them all the time. However, ever since Mu Shihe appeared, CEO Qin and Mu Shihe were first photographed at the entrance of the restaurant, and then Mu Shihe was photographed when she went to Qin Yang. It's as if the paparazzi have their eyes on them. Isn't that strange?" Xin'an was so angry that she pouted. "Are the paparazzi so free? Why don't they follow a lot of other celebrities instead of just waiting in front of Qin Yang's door?"

Jiang Xun opened the Weibo post that Xin'an had reposted.

Entertainment Circle V: [#Qin Mufeng and Mu Shihe follow-up. A few days ago, Mu Shihe went to Qin Yang and stayed there for three hours. Then, she walked out of Qin Yang with Qin Mufeng one after another. [I'm confused] If the two of them really only have a working relationship, why couldn't they walk out together openly? Coming out one after another, it makes people feel that it was more conspicuous to hide. [picture]]

There were a few pictures attached.

There were photos of Shihe walking into Qin Yang, as well as photos of Shihe and Mufeng standing and talking in the hall on the first floor of Qin Yang through the transparent glass door of Qin Yang.

Mufeng left Qin Yang first, and not long after, Shihe also walked out of Qin Yang's door.

The two of them left in their own cars after a short while.

[It does seem like they're trying to hide something. If it was purely for work, the two of them could have come out together, and there would definitely be an assistant or something. But Mu Shihe went to Qin Yang on her own, and Qin Mufeng came out of Qin Yang on his own. They didn't bring any assistants, so what business were they talking about?]

[It looks like they're dating in a low-key manner and don't plan to let anyone know about it for the time being]

[Could it be because of the Fengjiang ship that Qin Mufeng doesn't dare to disclose his relationship for the time being?]

[Does the Fengjiang ship have such an image to uphold? Does Qin Mufeng have to take into account his fans' attitude when he wants to announce his relationship?]

[It doesn't necessarily have to be the fans' attitude. It's just that the Fengjiang ship has definitely brought benefits to Qin Yang. Otherwise, Qin Mufeng wouldn't have cooperated and would have refuted the rumors long ago. Since they've taken the bonus, they must have some apprehensions and don't want to suffer a backlash.]

boxn ov el. c o m

[Does this mean that the kissing photo yesterday was not Qin Mufeng?]

Gossip Expert: [The influencer knew about the relationship between the CEO and his girlfriend. She was worried that she wouldn't be able to enjoy the ship's bonus anymore. So, she retaliated before the CEO and his girlfriend announced their relationship. Her team specially found a person who had a similar figure to the CEO. She took advantage of the holiday to return to the capital. She pretended that she's going back to the capital on a date with the CEO, brought her team to the CEO's company late at night, and put up kissing photos with an actor who looked similar to the CEO, making the netizens think that it's her and the CEO.]

[Class representative: The CEO is Qin Mufeng, and the Influencer is Jiang Xun.]

[No wonder they only dared to take pictures of the man's back. Moreover, it was in the middle of the night. The lighting was dim and the picture quality is blurry. It's impossible to compare it with Qin Mufeng]

[She's so cheap. The CEO didn't take her seriously when she tried to hype their ship. Now that he has a real girlfriend, she's doing this kind of thing again. What would his real girlfriend think?]

Seeing this, Xin'an was furious. "You're CEO Qin's official girlfriend. These netizens are too much! And that Mu Shihe, how did she become CEO Qin's official girlfriend? Just based on two photos? You have so much interaction with CEO Qin, easily much more than her? Why are those netizens choosing Mu Shihe?"

Jiang Xun's fans were speaking up for her, but they were only a small part of the netizens.

It was quickly drowned out by the negative comments about Jiang Xun.

Jiang Xun frowned. Even Xin'an could tell that something was wrong. "This doesn't feel right. It's as if someone is controlling this from behind the scenes."

"Those people seem to be very organized and disciplined. Anyone who spoke up for you, would be swarm over and drowned like the Jiangfams." Xin'an frowned. "Logically speaking, although there are many netizens who are passers-by, they can't control the comments more than the fans. Fans would maintain their accounts, and their accounts have a lot of weight. They know how to boost hot comments, but passersby may not know. I think these so-called passerby accounts are much better at playing than the fans. They also know how to block the fans and prevent their comments from being in the front row."

Jiang Xun saw a comment. [So, is it possible that Mu Shihe knows about Jiang Xun's dirty tricks? That's why she's also using her power to warn Jiang Xun not to show off anymore.]

[It really looks like Mu Shihe is declaring her sovereignty as his official girlfriend.]

“Mu Shihe has posted on Weibo,” Xin’an suddenly said.

Jiang Xun had just searched for Shihe’s name on Weibo when she saw [Mu Shihe’s post] in the search bar, followed by a [Hot search] icon.

It seemed that it had already become a hot search.

Jiang Xun opened it, and Shihe’s Weibo was displayed at the top of the page. She could directly click on Shihe’s account to enter her Weibo.

Below were screenshots of Shihe’s Weibo posted by many marketing accounts.

Jiang Xun randomly clicked on a screenshot posted by a popular marketing account.

Shihe: [Thank you for your concern, everyone. I’ll share the good news with you.]

It was just that this sentence was ambiguous and the netizens could interpret it however they wanted.

The marketing account even took a screenshot of the comments under Shihe’s Weibo post.

[Wow, so you’re tacitly agreeing?]

[As expected, a rich girl is the best match for the CEO. I don’t think it should be some influencer actress.]

[His real girlfriend has already come out to speak. Can someone not be so thick-skinned as to throw herself at him?]

[I’ll wait for the good news from you and CEO Qin.]

[When is the official announcement?]

[Hurry up and announce it, I really can’t stand someone throwing herself at him.]

As a result, Shihe’s number of fans also increased.

The comments under the marketing accounts were even more straightforward.

[Previously, there were rumors that Qin Mufeng was Jiang Xun’s sugar daddy. I don’t know if it’s true.]

[Even if it’s true, now that Mu Shihe has come out, will Jiang Xun have a good time?]

[The marriage between wealthy families is not necessarily out of true feelings. But even if she has no feelings for him, it doesn’t mean that she is his mistress. The actress he raised can act wildly on the head of the first wife, but it doesn’t mean that the first wife can tolerate her.]

[Mu Shihe’s words are equivalent to an admission. Jiang Xun is like a clown.]

Chapter 382 It’s Been Happily Decided Then

[Hehe, Jiang Xun can stop throwing herself at him. His real girlfriend has already come out, and she’s still acting like this. It’s really ugly.]

At this moment, Jiang Xun’s cell phone suddenly rang.

The phone screen showed a string of unfamiliar numbers.

Jiang Xun furrowed her brows. Could it be an entertainment reporter or something who had called her directly?

Jiang Xun picked up the call. "Hello."

"Jiang Xun, it's me, Gu Xiaoze," A man's voice came from the phone.

Jiang Xun raised an eyebrow. She had never exchanged contact information with Xiaoze.

However, it wasn't strange that Xiaoze was able to get her number.

Jiang Xun rolled her eyes and was about to hang up when she heard Xiaoze say hurriedly, "Don't hang up yet. Listen to my intentions. You won't regret it."

Jiang Xun: "..."

She didn't think that Xiaoze would be so self-aware to know that she would hang up on him.

"What do you want to say?" Jiang Xun asked in an impatient tone.

"You've seen the rumors on the internet about you directing and acting to get close to Qin Mufeng, right?" Xiaoze said.

"So?" Jiang Xun asked casually.

"Those comments are very bad for your image. And up until now, Qin Mufeng hasn't come forward to speak up for you. You should know that you can't count on him. Since he can't help you, I can," Xiaoze said.

boxn ov el. c o m

"What do you mean by that?" Jiang Xun wondered if Xiaoze had a problem with his brain.

Why did she not understand what he was saying?

Moreover, why did Xiaoze provoke her and Mufeng?

"I can make it public that you're my fiancée. The Gu family isn't too bad. Besides, if you have me as your fiancé, the netizens won't mock you anymore." Xiaoze's tone was full of confidence.

Jiang Xun was stunned by his confident words.

Forgive her for thinking normally, but she really couldn't understand how Xiaoze would think of this.

"Gu Xiaoze, are you crazy?" Jiang Xun said coldly, "Am I still your fiancée? Who agreed? You should just be nice to Jiang Yuexi and stop disgusting me!"

With that, Jiang Xun hung up and blacklisted Xiaoze's number.

Xiaoze didn't have Jiang Xun as a friend on WeChat, so he could only send her a text message.

Xiaoze: [Jiang Xun, think about my suggestion. Our engagement was set by our families when we were young. As long as you agree, I will break up with Jiang Yuexi. Do you think that Qin Mufeng is a good person? You're being ridiculed by the netizens now, and he hasn't even come out to speak for you.

What else do you expect from him? It's obvious that he wants to be with Mu Shihe now. You have no chance of winning against Mu Shihe, you know?

On the contrary, as long as I come out and say that you are my fiancée, and we have been engaged for a long time, the netizens will naturally untie you and Qin Mufeng and won't think that you're pestering him. In this way, not only would you retain your image, but you would also gain some face. If you want to participate in variety shows in the future, I can accompany you. I can also cooperate with you to show off your love in front of the camera. I'll support you no matter what role you want to play. You don't have to play the second female lead villain anymore. You'll be the main character in the future.

Jiang Xun, I'm serious, and these things are all beneficial to you. On the contrary, it doesn't benefit me at all. I'm purely helping you, and it's a one-sided effort. You should be able to see that.]

After typing out such a long paragraph with much difficulty, Xiaoze clicked "Send."

However, an exclamation mark appeared next to the text.

Xiaoze was bewildered.

Jiang Xun blacklisted him just like that?

Was this woman's brain not working well?

She couldn't tell who was good to her and who wasn't.

Jiang Xun stared at her phone that had quieted down. She wanted to send Mufeng a WeChat message.

But after thinking about it, she decided not to.

Anyway, she was used to being scolded. She had been scolded a lot all this time.

It didn't matter!

As for Mufeng, she did not say anything. She would just wait and see his performance.

Could it be that Mufeng would only do things after she told him to?

Hmph!

Jiang Xun put down her cell phone and began to eat.

Xin'an was shocked as she watched from the side.

This was because Jiang Xun's appetite was so big every day, and her meals were always so delicious.

Therefore, Xin'an couldn't tell if Jiang Xun was eating deliciously because her appetite wasn't affected at all or because she was venting her anger by eating crazily.

Xin'an ate less, so she finished her food before Jiang Xun.

She had nothing to do at the side, so she continued to look at the updates on Weibo.

After the lunch break, they started to shoot the scenes in the afternoon.

They did not expect to meet Shuixin on the way.

Shuixin would not let go of such a good opportunity. She did not even bother to hide her gloating. She waved her phone at Jiang Xun and laughed like a bell. "Why didn't Qin Mufeng remove the news from the internet this time? Didn't he remove the news from the internet because of you? Could it be that you're tacitly accepting that the information is true?"

Jiang Xun looked at Shuixin calmly, which made Shuixin's hair stand on end. She couldn't help but ask, "What are you looking at?"

Jiang Xun laughed. "You're gloating so much now. If I make an official announcement with Qin Mufeng, will you apologize to me in public?"

Shuixin burst into laughter and pulled Xuyi over. "Did you hear what she said? She said that she had an official announcement with Qin Mufeng! Hahahahaha!"

Shuixin turned to Jiang Xun and said, "You're so angry that you've lost your mind. Did you really think that Qin Mufeng would like you just because you and he are a shipped by fans? An official announcement? You're crazy!"

"Don't say anything else. If I make an official announcement with Qin Mufeng, you have to apologize to me in public. Otherwise, I'll announce your relationship with Zheng Xuyi to the public." Jiang Xun sneered. "Anyway, it's not the first time that I've helped someone with an official announcement."

Jiang Xun felt that it was really good to be in the industry. She knew a lot of gossip.

Shuixin and Xuyi were both popular and had many fans. Xuyi had many female fans, so they definitely didn't want Xuyi to be in a relationship too early.

Most of Shuixin's fans were career fans, and they hoped that she could focus on her career.

Therefore, the two of them had been in a secret relationship. However, they were also thinking about the matter that was gradually becoming public. They couldn't always be so sneaky.

Shuixin was speechless.

"I didn't agree, so why are you forcing me?" At the thought of Jiang Xun's glorious past achievements, she really did not abide by the unspoken rules of the industry at all.

There was a lot of gossip in the industry, but who had ever exposed gossip about their peers?

If one exposed their peers, they would offend them.

But Jiang Xun was obviously not afraid.

This really meant that the barefooted were not afraid of those who wore shoes.

Jiang Xun didn't care about that. She clapped her hands. "It's been happily decided then."

After that, Jiang Xun went to find the director.

"Who made such a happy decision with her!" Shuixin trembled with anger. I haven't agreed!

Chapter 383 She Wants To Compare With The Eldest Daughter Of Our Jiang family?

“It seems... like you have to agree.” Xuyi hesitated. “If you don’t agree, she’ll expose our relationship.”

“Isn’t she afraid of offending people? Everyone in the industry is well aware of their peers’ gossip, but no one had ever exposed them! Because they would offend their peers!” Shuixin said angrily. “Even if you’re anonymous, you can still be found out.

“But she’s already exposed others at least twice. As far as I know, Gu Xiaoze and Jiang Yuexi’s relationship is the first, and Su Youlan being made the spokesperson for the C.U. is the second. She’s really not afraid of offending people,” Xuyi said. “Besides, she has already offended you. Even if it’s not exposed, can you still reconcile with her?”

Shuixin was silent.

What he said made so much fucking sense!

“Who are you helping?” Shuixin pinched Xuyi’s arm in anger.

Xuyi hissed and dodged Shuixin’s hand. He rubbed his arm and said helplessly, “Of course I’m on your side.”

“Then why are you always speaking up for her!” Shuixin said.

“I’m not speaking up for her. Didn’t you ask? I’m just answering your question,” Xuyi explained carefully while rubbing his arm.

Shuixin was so angry that she stopped talking.

“However, do you really think that there’s she can be with Qin Mufeng, and they have an official announcement?” Xuyi asked Shuixin.

“Of course not!” Shuixin said without thinking, “She’s just bragging to me!”

“Then that’s it. Since that’s the case, what are you afraid of betting with her? We won’t lose anyway.” Xuyi said.

“That’s true.” Shuixin mumbled with her arms crossed, and her mood improved a little.

The assistant director asked them to film their scenes. They had no scenes with Jiang Xun, so they collected their emotions and went to film.

*

Jiang Xun came back to rest after shooting a part of the film. Shuixin finished shooting a little earlier than her.

When Jiang Xun walked back to her place to rest, she saw Shuixin looking at her phone.

As soon as Shuixin raised her head and saw her, she snorted and walked away with a dark face.

However, judging from Shuixin’s expression, even though she didn’t treat her well, she was still acting like an annoying person.

However, her attitude towards her was still different.

Previously, it was purely malicious with a hint of gloating to see her make a fool of herself.

But this time, it was pure malice with a bit of dissatisfaction.

Jiang Xun went back to her resting place and asked Xin'an curiously, "What's wrong with Jian Shuixin again?"

Xin'an covered her mouth and laughed. "You'll know if you check little brother Jiang's Weibo. He's very fierce when he's speaking up for you!"

When Jiang Xun was filming, she had asked Xin'an to keep her phone.

Xin'an passed the phone to Jiang Xun, who opened Jixuan's Weibo.

Huo Xuan: [Is the person who said that my sister is crazy? Who does she need to throw herself at? Even if the Jiang family isn't the richest family in Macheng, we're not lacking in anything. When you're all doing this, have you forgotten that my sister is still the Jiang family's eldest daughter? She has suffered in the past, but now that I'm here, she's the real eldest daughter of the Jiang family, the daughter of a rich family! She's acting as the second female lead now because our family doesn't interfere with her work. Everything she's achieved now is based on her own efforts and abilities. No one could say that she got all of this by bringing money into the group.]

If she wanted popularity, the Jiang family could give it to her. She didn't need to boost her popularity by hyping up a ship with others. The Jiang family didn't support her in her work because she had the ability and didn't need the Jiang family's support. It isn't that the Jiang family didn't support her. Just like how her current income is very considerable, she doesn't need the Jiang family to give her money. It isn't that the Jiang family didn't give her money.

@MuShihe, one of the daughters of the richest man in Macheng wants to compare with the eldest daughter of our Jiang family? Before you use your marketing account to attack my sister, you should first take a look at the territory you are standing in. So what if he is the richest man in Macheng? You might not be able to win against the Jiang family in China!]

Eating Jiang: [That is to say, the richest family in Macheng has many brothers and sisters. Each family controls one of the businesses. Mu Shihe has many brothers and sisters, and Mu Shihe is just one of them. The Jiang family has a simple population of three siblings. We don't have to talk about Jiang Yuexi. Our little brother Jiang has always been very respectful and good to his elder sister. It should be easy to judge who is more important. The richest man in Macheng sounds impressive, but in fact, in terms of status, it's hard to say if he can compare to Jiang Jiang.]

Spicy JJ: [And the richest man in Macheng is only the richest man in Macheng. They came to China to develop, but what are they in China?]

Super Sweet JJ: [As the saying goes, a strong dragon cannot suppress a local snake. Besides, can the richest man in Macheng be considered a strong dragon? How big is Macheng? Compared to the Jiang family, it's hard to say.]

Jiang Jiang Shredding: [Jiang Jiang's personal development is too strong. Her career development is too good. So, people always ignore the fact that Jiang Jiang is the eldest daughter of the Jiang family.]

Cold Jiang Island: [Shouldn't those who slandered Jiang Jiang apologize?]

Disney Jiang: [The fanbase has already sent people to record IDs. Every last one of you will have to apologize later. Not a single one of you can be missing.]

At the same time, Chengye Group.

Chengye was working in his office when the door was suddenly opened.

Chengye frowned and looked up. He was about to reprimand the person who opened the door when he saw Jixuan taking big steps and walking in anxiously.

Chengye's assistant followed Jixuan nervously. He seemed to have tried to stop Jixuan from rushing in but failed.

He was looking at Chengye nervously.

"You can leave first." Chengye said to his assistant.

The assistant even closed the office door before leaving.

"Dad!" Jixuan strode over to Chengye's desk and sat down. Without waiting for Chengye to speak, he said, "My sister was bullied, but you didn't say anything. You made people think that my sister really has no one to back her up!

"Swish!" Chengye felt as if he had just heard a big joke. "Your sister was bullied? Really, your sister? Who could bully her? You must be joking!"

He never worried that Jiang Xun would be bullied.

The person who could bully Jiang Xun was probably not even born yet.

"You didn't look at Weibo today?" Jixuan asked unhappily.

How could Chengye not care about Jiang Xun?

Chengye slammed the table in anger and shouted at Jixuan, "Do you know how busy I am every day? Where do I have the time to watch all that nonsense on the internet!"

Jixuan pursed his lips. Chengye's voice was loud, so he shouted even louder, "Someone is bullying my sister now! One of the daughters of the richest family in Macheng, Mu Shihe, even spent money to hire an Internet army to trample on my sister. She led the Internet army to mock my sister for being an influencer, an actress, and not worthy of Qin Mufeng. They are mocking her for throwing herself at Qin Mufeng. And she's even putting gold on her face and hinting that she is Qin Mufeng's true girlfriend."

Chapter 384 Mufeng Suddenly Stopped

“She’s just the daughter of the richest man in a small place like Macheng.” Jixuan was furious at the thought of Shihe. He stood up and slammed the table. “Bang!”

“Who does she think she is!”

Chengye was scared out of his wits.

Chengye was so frightened by Jixuan’s sudden slam on the table that he leaned back in his wide leather chair with lingering fear. He raised his hand and patted his chest.

“She dared to trample on my sister because she looked down on the Jiang family! This is China, this is the capital, not Macheng. It’s not her Mu family’s territory!” Jixuan said loudly. “How can we let her behave so atrociously here!”

“I know.” Chengye blocked his ears, but he could not block the penetrating power of Jixuan’s voice. “Lower your voice.”

“Don’t shout yet, let me take a look at Weibo.” Chengye sighed and picked up his phone to check Weibo.

When he heard what Jixuan said, his face darkened.

After looking at Weibo, his expression became uglier and uglier.

Chengye looked at the Weibo post that Jixuan had just posted and nodded as he read. After reading it, he praised, “Your speech wasn’t half bad. You didn’t embarrass the Jiang family.”

Chengye pondered for a moment before he began to type.

After a short while, the Weibo users saw Chengye’s Weibo post.

Chengye: [Jiang Xun will always be the eldest daughter of the Jiang family. Don’t think that there is no one in the Jiang family.]

[Is this really Jiang Xun’s father, Jiang Chengye? Is it a fake?]

[Didn’t they say that Jiang Chengye treated Jiang Xun badly?]

boxn ov el. c o m

[Even if he’s not good towards Jiang Xun, he still has to save the Jiang family’s face! As little brother Jiang had said, some people were scolding Jiang Xun, but they were actually scolding the Jiang family’s face. No matter how unfavored Jiang Xun is, she’s still the eldest daughter of the Jiang family. This would not change. Moreover, even if Jiang Xun is not favored, she has a good younger brother. Jiang Chengye only has one son, Jiang Jixuan. In the future, all the successful businesses would be handed over to Jiang Jixuan to inherit. As long as Jiang Jixuan acknowledges Jiang Xun, who would dare to bully Jiang Xun and look down on her?]

[Aiyo, whether Mu Shihe did it on purpose or not, she’s met her match this time.]

[I clicked into Jiang Chengye’s Weibo to take a look. His personal identification is indeed that of the CEO of Chengye Group. He really is Jiang Xun’s father. He’s the real deal.]

[There have been many netizens who have scolded Jiang Xun in the past, but I've never seen Jiang Chengye come forward. Why are you showing up this time?]

[Many have been scolding Jiang Xun, but Jiang Jixuan has also never appeared. Jiang Jixuan would only come out to refute the rumors when someone had wronged Jiang Xun. But most of the time, when some people scolded Jiang Xun and Jiang Jixuan never interfered, it was because Jiang Xun could solve it on her own every time.]

[It's obvious that Jiang Xun can't solve it herself this time. Why can't she solve it? Because this matter is no longer about the artis in the entertainment industry, nor is it about Jiang Xun's online confrontation with ordinary netizens and keyboard warriors. Jiang Chengye and Jiang Jixuan definitely knows something, that's why they came out.]

[We don't have their connections and information, so we definitely don't know. However, since Jiang Chengye and Jiang Jixuan said so, they must have known that something was amiss and even confirmed that Mu Shihe is the mastermind. If Mu Shihe had mobilized a large number of marketing accounts and internet commenters to plot against Jiang Xun, Jiang Xun would not be able to fight against so many people alone.]

[The previous user, you have to have evidence when you speak. Don't accuse people of being fake commenters for no reason. I'm just an ordinary passerby. So what if I scold Jiang Xun? Now that she has messed up, you're trying to frame Mu Shihe?]

Immediately after that, a bunch of people started to criticize the netizens who had guessed that the mastermind was Shihe.

[No matter what, Jiang Chengye has stood up for her. This means that at least Jiang Xun isn't the pitiful little girl that the Jiang family doesn't want. She's not that easy to bully. Those who think that Jiang Xun is easy to bully can stop now.]

Xin'an carefully observed Jiang Xun's reaction.

Even Chengye had stood up for Jiang Xun. She wondered what Jiang Xun was thinking now?

Jiang Xun passed the phone to Xin'an expressionlessly and continued to shoot the rest of the scenes.

Jiang Xun finished work earlier than Shuixin and Xuyi.

Shuixin and Xuyi had to continue filming after dinner. They had a night scene to shoot.

Jiang Xun finished filming at 19:00.

Because she finished early, Jiang Xun didn't have dinner with the crew. She planned to find a restaurant and have a good meal after she went back.

Jiang Xun's RV was left there and she was going to take the business car back.

When Jiang Xun and Xin'an reached the door, they couldn't help but stop.

The Mercedes-Benz business class parked not far from the door was hers. It couldn't be more familiar.

However, the person standing in front of the Mercedes-Benz stunned Jiang Xun.

Mufeng...

Why was he here?

Didn't she just come back from the capital yesterday?

The two of them had just parted ways yesterday, and he was here again today.

Moreover, he should have left the company at two or three in the afternoon.

Did he not do his work in the afternoon?

Mufeng was still waiting for Jiang Xun to run over in surprise.

Who knew that she would just stand there and not move?

Mufeng heaved a sigh of relief. If she did not come over, he could only go over to her.

Mufeng walked in front of Jiang Xun and said with a faint smile, "You're shocked to see me?"

"What are you doing here?" Jiang Xun asked in surprise.

"I was planning to visit you on Friday anyway." Mufeng smiled faintly.

"But didn't I just leave the capital yesterday?" Jiang Xun mumbled.

"But that isn't stopping me from coming to see you again today." Mufeng tilted his head slightly. A dignified and cold CEO had unexpectedly given Jiang Xun a death glare. "In this case, won't we be together for five days this week?"

On the night Jiang Xun returned, Mufeng only saw her near midnight.

Hence, Mufeng did not count it as a day.

Mufeng held Jiang Xun's hand and pulled her into the car.

Xin'an kept a low profile and sat at the back. She curled herself up in a corner, trying to reduce her presence and not disturb Mufeng and Jiang Xun.

Boliang parked the car at the entrance of the hotel.

After Mufeng and Jiang Xun got off the car, Jiang Xun was about to enter the hotel when Mufeng stopped her.

"Let's go to a nearby restaurant to eat. We don't have to drive, and we can take a walk back after dinner." Mufeng suggested.

"Alright," he said. Jiang Xun nodded. It was exactly what she had planned.

Boliang went to park the car while Xin'an went back to the hotel to order takeaway.

Mufeng held Jiang Xun's hand as they walked by the roadside.

The sky had already darkened.

The street lights, the shops on both sides of the road, and the cars on the road lit up the night in Hengcheng.

As Mufeng walked, he saw the two of them casting long shadows on the sidewalk.

Mufeng suddenly stopped.

“I’ve seen the rumors on the internet, and I’ve also seen the marketing accounts,” Mufeng suddenly said. “I saw it in the afternoon. I left for the airport from the company at two in the afternoon. When I arrived here, I also saw some when I was waiting for you at the entrance just now.”

Chapter 385 It’s My First Time Making An Official Relationship Announcement

“This time, I didn’t ask anyone to remove this news from the entire internet.” Mufeng spoke slowly, and Jiang Xun listened carefully.

The two of them were not in a hurry.

“I even added fuel to the fire and bought a hot search for Mu Shihe, pushing her to the top,” Mufeng said.

Shihe couldn’t even hide her little tricks from Jixuan and Chengye, let alone Mufeng.

Jixuan did not even check it out. When he saw the operations on Weibo, he knew that it had something to do with Shihe.

Chengye didn’t need to look into it. He would understand after reading it.

And he understood it much faster than Jixuan.

The reason why Jixuan only spoke after a few hours was that he had pondered for a while before he realized that this matter had something to do with Shihe.

When Chengye saw the comments on Weibo, he immediately understood.

Mufeng was the same.

They didn’t need to investigate and find evidence.

They were all thousand-year-old foxes, so no one should play with them.

Upon hearing this, Jiang Xun vaguely thought of a familiar operation.

Mufeng seemed to have done something similar before.

“Because I want to make an official announcement after coming to see you today, there’s no need to withdraw the news.” Mufeng smiled faintly. “Our official announcement should be on the hot search. We’ll be on the hot search while Mu Shihe stays on the hot search. That way, there will be something to compare.”

boxn ov el. c o m

Since Shihe was so shameless, he would not give her any face.

If one asked how they were sure that Shihe would be on the hot search, that was because Mufeng wanted Shihe to be on the hot search.

On the other side of the road, in an inconspicuous silver van, the paparazzi was stunned with their cameras in their hands and they even forgot to take photos.

“Qin... Qin Qinqin Qin Mufeng, and, andandand Jiang... Jiangjiangjiang Jiang Xun... Wha-wha-what’s going on?” The paparazzi stammered and was unable to speak properly.

He even felt that his tongue was numb, and he could not communicate normally.

“What’s wrong with you?” The colleague leaned over to the window and wanted to complain.

Seeing that he was staring straight at the opposite side, his colleague also looked over curiously.

His colleague was stunned.

“Fuck!” the colleague cursed, “Seriously?! Is this for real?”

The two of them were so shocked that they forgot about taking pictures and looked across the road in shock.

“Have you thought of how to make the official announcement?” Jiang Xun asked Mufeng.

“The current situation is no longer important,” Mufeng said. “If we don’t make an official announcement, some people will take advantage of us.”

Mufeng took out his phone and took a photo of the two of them holding hands.

Jiang Xun guessed that he wanted matching pictures, so she took a picture with her phone as well.

Mufeng did not let go of Jiang Xun’s hand. With one hand on the keyboard, he posted a Weibo.

Mufeng: [May the rest of my life be this lucky. [picture]]

The attached picture was a shadow photo of the two of them.

The two paparazzi in the van opposite finally came back to their senses.

The colleague frantically pushed the paparazzi holding the long focus single-lens reflex camera and urged, “What are you waiting for? Hurry up and take pictures! Fuck, this is the headline! The headlines! It’s definitely going to explode!”

“The two of them are holding hands! The two of them are serious!” The paparazzi roared in excitement.

The paparazzi who was holding the camera also reacted and quickly took pictures.

However, when he was taking the picture, his hands were shaking badly.

Fortunately, the camera’s anti-shake function was not bad. Even though his hands were shaking so badly, the picture he took was still clear and not blurred.

Once Mufeng’s Weibo post was posted, the netizens were shocked!

[What does Qin Mufeng mean by this? Did he officially announce that he has a girlfriend?]

[Who's your girlfriend? He didn't say anything?]

[So, he didn't name anyone who's not from the entertainment industry because we don't know them?]

[Could it really be Mu Shihe?]

[This shadow has handholding. It's obviously an official love announcement!]

[So, the person that Qin Mufeng officially announced is probably Mu Shihe. Even if it isn't Mu Shihe, it couldn't have been Jiang Xun.]

[Hahahaha, the Fengjiang couple is finally done for! I've already said that it's impossible for Qin Mufeng and Jiang Xun to be together. Jiang Xun's fans and shippers should stop dreaming. How could Qin Mufeng be interested in Jiang Xun?]

[In the afternoon, those people who schemed against Mu Shihe and said that she was the mastermind, and said that she hired people to slandered Jiang Xun also apologize to Mu Shihe? Especially Jiang Xun's fans, and Jiang Xun's younger brother @Huoxuan and Jiang Xun's father @JiangChengye. Doesn't Jiang Xun love to make people apologize to her? She wants people to apologize to her for such a small matter. Why are you all quiet now and not apologizing to Mu Shihe?]

[That's right. You guys are saying that Mu Shihe used an internet army to defame Jiang Xun. Now that Qin Mufeng has personally come out to refute the rumors, aren't you guys going to apologize to Mu Shihe?]

[In the future, Jiang Xun won't have any reason to stick to Qin Mufeng to boost her popularity. @JiangXunJiang, please walk independently in the future. Thank you.]

[@JiangXunJiang, someone won't be able to get the bonus from the ship anymore! I wonder how many other variety shows will be willing to invite you.]

Before Jiang Xun posted the official announcement on Weibo, she first looked at Mufeng's post.

She also took a look at Mufeng's Weibo comments.

Jiang Xun was rendered speechless.

Jiang Xun reposted Mufeng's official Weibo post without any expression.

Jiang Xun Jiang V: [You remember to post a picture and write a caption but don't remember to name your girlfriend. Who knows who is the one in the announcement?]

[Jiang Xun still dares to come out?]

[Are you trying to say that Qin Mufeng's official announcement was about you? It's only 7:30 in the evening, you don't have to sleep so early, right?]

[It's also possible that she's seizing this last opportunity to gain more popularity. She won't have the chance to do so in the future.]

Jiang Xun ignored those sarcastic comments and directly thrust her phone in front of Mufeng's eyes.

Mufeng was speechless.

“Ahem.” Mufeng awkwardly explained, “I lack experience in this area.”

He had never been in love, and he had never made an official announcement on Weibo.

Before this, he didn’t even pay attention to gossip, let alone see other people’s official announcements.

Mufeng reposted Jiang Xun’s Weibo post that ridiculed him.

Mufeng: [It’s my first time making an official announcement. I was too nervous and forgot to tag @JiangXun, my girlfriend.]

[Really? I’m not seeing things, right? Are you saying that Jiang Xun is really your girlfriend?]

Morning Star: [These sit-ups were worth it! I stood up again! The Fengjiang couple will always be divine!]

Cold Jiang Island: [I’m crying!!! Never in my wildest dreams would I have thought that my ship would come true!]

Disney Jiang: [I actually got the real Fengjiang couple!]

Eating Jiang: [I still feel like I’m in a dream! Is this for real? Quick, tell me, is this true?]

Spicy JJ: [I wish Great CEO Qin and Jiang Jiang happiness forever!]

Chapter 386 Qin Mufeng, My Boyfriend

After Mufeng reposted it, he urged Jiang Xun. “You should also hurry and make an official announcement.”

Jiang Xun smiled and sent the shadow photo she had taken.

Jiang Xun Jiang V: [Someone insisted on coming up with a special and unique official announcement. In the end, here we are now and he forgot to tag me. That’s right, I’m talking about you. @QinMufeng, my boyfriend.]

Shredding Jiang: [Ahhhhh, so Great CEO Qin and Jiang Jiang have already been together, but Great CEO Qin was thinking about how to make their relationship public, that’s why there hasn’t been any official announcements about their relationship all this time.]

Split Underpants: [I’m guessing it’s because someone’s recent behavior of reposting and colluding with marketing accounts to slander Jiang Jiang is too much. At first, Great CEO Qin wanted to think about how to make the official announcement, but now he’s forced to do it quickly, not giving a certain someone a chance to boast any further.]

[I really didn’t expect that Qin Mufeng would actually be taken down by Jiang Xun.]

[So, men are really creatures that look at faces and bodies. What do you mean by not getting close to women? It’s just that those women are not as beautiful as Jiang Xun.]

[What else? Qin Mufeng himself is a peerless beauty in the world. If he doesn’t look for someone like Jiang Xun, should he look for someone of average beauty?]

[I can't be jealous of him and Jiang Xun. After all, Jiang Xun is really good in all aspects. She's pretty, has a good figure, and has strong professional skills. She's even the daughter of a rich family, and I can't find any weaknesses.]

[They're all praising Jiang Xun now. Who were the ones who said Jiang Xun was useless and couldn't compare to Mu Shihe?]

Wish Fulfilled: [Great CEO Qin and Jiang Xun didn't post the same picture! Look! CEO Qin posted this photo [picture]. In the shadow, the person holding the phone was CEO Qin, and the shadow of him holding the phone could be seen. However, this is Jiang Jiang's picture [picture], and it's Jiang Jiang who raised her hand to take the picture. That means the two of them are together now!]

Smiling Child When Given Candy: [It could also be a photo taken in the past?]

In the van across the road, paparazzi B said to paparazzi A, who was holding the camera, "Hurry up and send me the photos you just took. I'll post them on Weibo!"

"Now?" Paparazzi A said in surprise, "This isn't our usual routine."

"It's too late. Qin Mufeng and Jiang Xun have already made the official announcement," Paparazzi B said anxiously. "Now, we can only seize the opportunity to quickly shoot their official announcement from a third party's perspective. We can still earn a wave of traffic."

boxn ov el. c o m

"I just saw the comments and some netizens asked if the photos they posted were from the past or the present. If it's now, it means that the two of them are together." Paparazzi B was afraid of wasting time, so he quickly explained, "The photos were just taken! We were both watching, and we even took the pictures. If we don't release it while it's hot, how long are we going to wait?"

Paparazzi A had been busy taking photos and had no time to check Weibo. After hearing paparazzi B's words, he quickly connected the camera to the WiFi and transferred the pictures to his phone.

When he was about to post it on Weibo, he realized that he couldn't access his Weibo.

Paparazzi A: "..."

Paparazzi B: "..."

Paparazzi A blinked in disbelief. He turned around and asked paparazzi B, "Did Weibo collapse?"

Paparazzi B could not believe it. "They're not top celebrities. They're just announcing their relationship. Why did Weibo collapse?"

Even the Weibo programmers were shocked.

It was rare that they could get off work earlier today. They were already on the subway home when they received a call from the company, telling them that Weibo had collapsed.

The programmers couldn't believe it. He raised his voice in shock. "What?"

“Why did it crash?” The programmer stood up and was ready to get off at the next stop. “Is there a top official announcement or a divorce today? That’s not right. The top celebrities are still single. I don’t see anyone with a partner. So which top official has announced it?”

“You might not believe it.” The colleague still found it unbelievable. “Qin Mufeng and Jiang Xun made the official announcement.”

“Fuck!” The programmer could not help but swear.

For a moment, he was shocked by too many things.

“Qin Mufeng was actually taken down by Jiang Xun?”

“Wait, the Fengjiang couple is real!”

“However, their traffic can actually crash Weibo???”

His colleague was speechless.

“We didn’t expect Weibo to really crash either.” The colleague heaved a sigh of relief. “Now that Weibo has crashed, we can’t even get into the backstage. According to preliminary estimates, in addition to Jiang Xun’s fans and the shippers following them, the two of them were a hot topic and many passers-by netizens followed them. In addition, Mu Shihe has been leading the discussion these two days and has hyped up the related topics. Even the netizens who don’t usually pay attention to it have been paying close attention to it these two days.”

“In addition, Qin Mufeng has always been single and has never shown much interest in the opposite sex. In the end, he actually officially announced that he has a girlfriend, and the other party is Jiang Xun. It will indeed cause a sensation.” The colleague urged, “Don’t say too much. Come back quickly.”

“I’m on the subway, waiting to get off at the next stop before changing lines to go back.” The programmer said.

*

Shihe could be said to be in the limelight these two days, full of high spirits.

Ever since the rumors about her and Mufeng’s blind date came out, there were always little sisters in the capital who asked her about her relationship with Mufeng.

Even though Mufeng had removed the news of their blind date, under her hint, the little sisters still felt that Mufeng was trying to protect her.

Because of her identity as the daughter of the richest man in Macheng, the little sisters did not have any doubts about her blind date with Mufeng and the possibility of them getting married.

Her friends were envious and jealous of her.

However, the environment they were in made them know from a young age that if they couldn’t get it for themselves or destroy it, then they could only be on good terms with the other party.

They could only suppress their jealousy and continue to befriend Shihe.

If Shihe could really marry Mufeng, then Shihe would be the connection of their family.

The news about Shihe and Mufeng was particularly lively today.

The important thing was that Mufeng had not withdrawn the posts.

Therefore, when her little sisters saw this, they all suggested that they wanted to have a gathering with Shihe at night. In fact, they wanted to get some information about Shihe and Mufeng from herself.

Shihe also agreed.

That night, they went to a French restaurant.

Youlan was there too.

Other than being a female celebrity, Youlan's family was also a famous one. Otherwise, she wouldn't have entered Jixia Academy and become Mufeng's junior.

And because Youlan was in the entertainment industry, her friends loved to listen to her talk about the gossip of the entertainment industry, so they were willing to invite her to every gathering.

The restaurant was quiet, and everyone spoke in hushed tones.

The five of them sat at the long table they had reserved.

The accompanying wine was different according to each dish.

At this moment, there was clear white wine on the table.

Chapter 387 As A Matter Of Fact, My Father Is Very Satisfied With Him

The five of them were similar in age and temperament.

A girl, who had right-angled shoulders and sunken collarbones, picked up a cup, took a sip, and said with a smile, "Shihe, how far have you progressed with Qin Mufeng?"

A girl in a black dress put on an interested look. Her elbow was on the table and her fingers were supporting her chin. "This time, not only did Mufeng not withdraw the news, but the matter between you and him has even made it to the hot search. Are you guys planning to make an official announcement?"

"Yeah." Another girl with wavy hair asked mysteriously, "You kept it a secret from us. If you tell us, we definitely won't tell anyone. Isn't that right, Youlan?"

Youlan rolled her eyes in her heart. "Why did this idiot bring her along?"

Youlan displayed her acting skills and looked curious. "Yeah, tell us about it."

Shihe raised her hand and brushed her hair back with her fingertips, leaving a strand of hair behind. She smiled shyly and said, "It's not as fast as you think. It's just a preliminary understanding."

The two companies had a partnership. They had met at work dinner before, so they had a preliminary understanding of each other.

Shihe thought to herself that she was not lying.

Even if they knew the truth, they wouldn't be able to find fault with her words.

"You're still talking about preliminary understanding? The fathers of both sides have already met." The girl with straight, curved shoulders asked, "Qin Mufeng's father must be very satisfied with you, right?"

"What are you saying? I don't think I'm annoying, and he can't possibly hate me." Shihe's words were watertight, but they also made people's imagination run wild.

Anyway, she never admitted to it. It was these people's own imagination, and it had nothing to do with her.

Youlan's eyes turned slightly, and she adjusted her smile. "The Fengjiang ship is very popular in our circle. Do you know what's going on with them?"

Youlan looked at Shihe. "If you're really with Mufeng, you must be careful of Jiang Xun. I think she's not simple to deal with."

boxn ov el. c o m

She wanted to see how Shihe was going to continue after she had said that.

As long as she accepted it, it would mean that she admitted her relationship with Mufeng.

Shihe's smile froze for a moment before she recovered. "It's nothing. I don't care about Jiang Xun. It's just a fake coupling, what else can it be?"

"Although it's fake, I would still feel disgusted if my boyfriend is being shipped with someone else." The girl in the black dress pouted. "You'd better tell Qin Mufeng, in case Jiang Xun keeps talking about the Fengjiang couple. It's really disgusting. You're making people think that Jiang Xun is the real girlfriend. No one knows that you're the real girlfriend."

Shihe's smile turned cold. "Okay," she said. The fiercer she is now, the more embarrassing it will be later.

Youlan's eyes lit up. "Ah, Shihe, you're admitting to what happened between you and Qin Mufeng?"

Youlan even put on a happy face. "See, you still let it slip, didn't you? You really don't treat us as friends. You're already together with Qin Mufeng but you still hide it from us and refuse to admit it."

The girl in the black dress's eyes lit up. "Youlan is right. This is a good thing, so why couldn't you say it? We're all happy for you!"

Since things had come to this, Shihe was in a difficult position. She simply brushed her hair and admitted, "We're not that sure about our relationship. We just have a good impression of each other. This is the ambiguous stage. After all, we've only just met, so it's not that fast."

Shihe insisted that they were not really together, leaving herself a way out.

Even if there was a day when she messed up, she could say that she felt it was inappropriate after learning more about him.

“Besides...” Shihe lifted her chin slightly and smiled proudly. “I still have to observe him more! Things like the Fengjiang couple can’t happen again with me. Just like what you said, if that’s the case, where would I put my face?”

“Aiyo, even though you say that, you have already accepted Qin Mufeng in your heart, right?!” The girl with the wavy hair was stunned. “What does your father think of him?” She asked with a smile.

“As a matter of fact, my father is very satisfied with him,” Shihe took a small sip of white wine and said arrogantly. “And it was my father who suggested for us to try it out in the first place. You all know the status of our family in Macheng. Therefore, Qin Mufeng’s father also wants to form a marriage alliance with our family.”

“Then, was it really a blind date when the two of you were photographed?” The girl with the sunken collarbones asked hurriedly.

“Not really. You can’t just sit down and talk about it with the blind date in mind,” Shihe said. “After all, our two families are very respected and very particular. We can’t be so direct. So, he took the opportunity to let us meet in person.”

When the others heard this, they all revealed fake smiles.

You speak as if only your family is particular about it.

Among us, which family isn’t particular about people?

“Then how many times did you guys meet after that? What was Qin Mufeng like when you two were on a date? How did he go on a date?” The girl in the black dress asked. “I really can’t imagine how Qin Mufeng would look like when he’s on a date.”

“He’s so busy, he doesn’t even ask me out that many times,” Shihe lowered her head shyly and said. “We’re both busy. We don’t have much time to meet.”

“I finally had the time to go to Qin Yang to find him, and I was even photographed by a reporter,” Shihe said helplessly.

“It’s today’s news right? You and Qin Mufeng left the company one after the other. As expected, it wasn’t because of work? Did you go to the company to invite him out for a date?” The girl with wavy hair was surprised.

“I guess so.” Shihe still gave an ambiguous answer. “After all, we’re both busy. It’s really hard for us to find time to go on a date. I just happened to pass by Qin Yang that day, so I went in to see him.”

“You were in Qin Mufeng’s office for the three hours you were in Qin Yang?” The girl in the black dress asked.

“Of course, where else could I be?” Shihe enjoyed the envious gazes of her sisters and suddenly felt a little light-headed, so she did not keep the door shut. “He was working, so I accompanied him.”

“Aiya, now that you’ve heard it, it sounds a little romantic.” The girl with the sunken collarbones exclaimed.

“Yeah, I think it’s good this way. We’re both busy with work and don’t have much dating experience. If you really want us to go on a date, we won’t know what to do,” Shihe said. “He might as well work while I watch from the side. It wouldn’t be awkward either.”

Chapter 388 Did He Want To Give You A Surprise?

At this moment, Shihe was high from bragging. Without the girls asking, Shihe took the initiative to say, “I saw that Qin Mufeng was working, so I wanted to visit him and say hello. I wanted to leave after a short chat and not disturb him. Who knew that he would ask me to stay and work with him for a while, and he didn’t mind me disturbing him.”

As Shihe said this, she saw that Youlan’s smile was about to break.

She met Youlan after she came to the capital.

It should be said that Youlan was the first girl she met in the upper-class circle since she came to the capital.

However, the two of them were just plastic sisters.

She realized that the Su family wasn’t a small family. Even though the Mu family was the richest family in Macheng, Youlan still didn’t take her seriously.

Moreover, some people’s auras just didn’t match.

On the surface, she and Youlan called each other sisters, but in reality, they were secretly competing in every aspect.

Later, as Shihe got to know more people, she realized that these families in the capital actually didn’t think much of the richest family in Macheng, and Youlan wasn’t the only one like that.

It wasn’t that she looked down on her, but she treated her as an equal. Youlan didn’t look up to her just because she was from the richest family in Macheng.

Just like what Jixuan had said on Weibo today.

The Jiang family wasn’t the richest family in China, nor was it the richest family in the capital. They were just one of the many families in the capital, but they still didn’t think highly of the richest family in Macheng.

However, her initial impression of Youlan had already caused her to become enemies with her.

She also knew that Youlan treated her the same way.

Therefore, Shihe would never admit defeat in front of Youlan.

boxn ov el. c o m

Seeing that Youlan couldn’t even maintain her smile, Shihe spoke even more enthusiastically, just to make Youlan jealous of her!

Moreover, she knew all too well that Youlan had a huge thing for Mufeng.

However, Youlan wasn't even as good as her.

At least, she could use the opportunity of their cooperation to have a meal with Mufeng.

But Youlan didn't even have a chance.

She had watched the escape room variety show that Youlan and Mufeng had participated in together.

Inside, Youlan even took the initiative to tell Mufeng that she was his junior. In the end, Mufeng ignored her and she was slapped in the face by Mufeng in the livestream.

It was no wonder that Youlan couldn't even smile as an actress.

Shihe smirked smugly and asked with an evil smile, "Youlan, why are you so quiet all of a sudden? Aren't you happy for me?"

Hearing Shihe's question, the other plastic sisters looked at Youlan with interest.

They loved to watch this kind of enigmatic drama.

When Shihe was showing off just now, Youlan wasn't interested in hearing it, regardless of whether it was true or not.

She lowered her head and looked at her phone.

She had planned to search for her name as a keyword on Weibo to see some comments about her.

In the end, she saw Mufeng suddenly post a photo of the hand-holding.

He even said that may the rest of his life be this lucky.

However, he didn't tag anyone, so she didn't know who he was talking about.

However, for some reason, Youlan's intuition told her that Mufeng's girlfriend was Jiang Xun.

However, since Mufeng didn't say anything, Youlan suddenly had an idea.

It just so happened that Shihe still took the initiative to brag. Youlan put on a sweet smile and exclaimed, "Aiya!"

"You guys, quickly look!" Youlan said excitedly and shockingly, "Could this Weibo post by Qin Mufeng be an official announcement of their love?"

"What?"

"There's such a thing?"

The other girls all went on Weibo and found Mufeng's Weibo.

"Aiya! He really looks like he's announcing his love!" The girl with the sunken collarbones said in shock.

"But he didn't say who it is." The girl in the black dress looked up at Shihe. "Shihe, are you the one Qin Mufeng is talking about?"

The girl with the wavy hair saw Shihe pick up her phone in surprise to look at Mufeng's Weibo and said, "You don't know either?"

"I..." Shihe flicked her hair guiltily and put on a shy look. "He didn't tell me! Is this an official announcement of love?"

"Definitely, especially with this picture," Youlan smiled and said. "Did he want to give you a surprise?"

"Aiyo, you still said that you're still at the stage of understanding each other," The girl with the sunken collarbones grumbled. "It's already at the point of an official announcement. What will it take for you to tell us the truth?"

"That's right," The girl in the black dress pouted and pretended to be unhappy. "At first, you didn't admit that the two of you were getting to know each other. You only admitted that the two of you were interested in being together after you let it slip. But now? Qin Mufeng has already announced your name, and you still refuse to admit it?"

Youlan egged her on with evil intentions. "What are you waiting for? Hurry up and repost his Weibo! The netizens are all guessing who Qin Mufeng's girlfriend is!"

The girl with wavy hair stomped her feet in excitement. "Look at the comments. Many people are guessing that Qin Mufeng's girlfriend is Shihe! It seems like the netizens already know that you two will be together."

"Yeah, they are even saying that you two are a good match." The girl with the sunken collarbones looked at the comments and then looked up at Shihe. She urged, "What are you waiting for? Hurry up and repost it! Qin Mufeng has already done so much for you. Let's not hold him back."

Shihe secretly cursed Mufeng for what he was doing tonight!

Why would Mufeng make an official announcement!

Although Mufeng had said that he had a girlfriend, he did not say who it was.

It looked like an underground romance.

The girls were still urging her, and Shihe was being roasted on the fire. She had just bragged about it, but now she was in trouble.

She held her phone and did not move for a long time.

How was she supposed to repost this?

"Aiya, Jiang Xun reposted it," Youlan said.

"Jiang Xun? She still has the face to repost it?" The girl in the black dress casually replied and slowly picked up the phone that she had placed on the table earlier.

They also paid attention to the Fengjiang ship.

"That's right. Qin Mufeng has already made an official announcement. Jiang Xun actually still has the face to repost it?" The girl with the wavy hair pouted. "How can she be so thick-skinned?"

Shihe went to see Jiang Xun's repost.

However, before she finished reading the entire sentence, she heard Youlan exclaim again.

Shihe simply wanted to curse out loud.

Why was Youlan so good at "Aiya" tonight?

"Qin Mufeng's officially announced girlfriend is actually Jiang Xun!" Youlan exclaimed.

The other girls had been holding their phones the whole time, so they also saw what Youlan said.

"It really is," The girl with the sunken collarbones said in shock. "Qin Mufeng even tagged Jiang Xun."

The girl in the black dress said, "Qin Mufeng said that it's his first time making an official announcement. He had no experience. He forgot to tag @Jiang Xun."

"Oh my god!" The girl with wavy hair was speechless for a long time.

Chapter 389 Slap In The Face

"I was just wondering why Jiang Xun reposted Qin Mufeng's Weibo just now. She sounded so casual and intimate. It seemed like she had a very good relationship with Qin Mufeng..." The girl with the sunken collarbones became more and more hesitant as she spoke. "So the two of them have been in a relationship for a long time."

Youlan laughed coldly and sneered. "Shihe, didn't you just say that you were getting to know Qin Mufeng better? You even went to his company to visit him and accompanied him to work in his office? Why did Qin Mufeng make an official announcement to someone else in the blink of an eye? What's going on between you and Qin Mufeng?"

Shihe went to look at Mufeng's Weibo, but just as she clicked on his name, the Weibo suddenly went blank.

"Aiyo, did Weibo crash?" The girl in the black dress was surprised. "I can't open it."

"I can't open it either," the girl with the wavy hair said. "It seems like it really crashed! But still, Qin Mufeng and Jiang Xun's official announcement had even crashed their Weibo. Do they have such a high traffic volume?"

Youlan rolled her eyes. "Was that the main point?"

"Shihe, you haven't told us yet. What's going on between you and Qin Mufeng?" Youlan looked at Shihe calmly. "Didn't you say you were with Qin Mufeng?"

"Or... were you lying?" Youlan asked in a weird tone.

Shihe's face darkened and she stood up. "I'm not feeling well. I'll take my leave first."

Shihe picked up her handbag and left.

Youlan snorted without hiding it. "She's so funny!"

“Qin Mufeng clearly doesn’t like her. She’s showing off in front of us as if it’s real.” Youlan pouted. “Why don’t you think about it? A lie will always be a lie and it’ll be exposed sooner or later.”

“From the looks of it, the comments on Weibo previously ridiculing Jiang Xun for throwing herself at Qin Mufeng were not really directed and acted out by Mu Shihe, right?” The girl in the black dress said hesitantly.

Youlan sneered. “I think she’s probably doing this herself. Didn’t Jiang Chengye and Jiang Jixuan say it directly? A certain person’s Internet army even slandered Jiang Xun with marketing accounts. Her little tricks might be able to fool the netizens, but how could they fool a cunning old man like Jiang Chengye? I’m afraid even Qin Mufeng can see it.”

Although Shihe had left, the others were not in a hurry to leave.

boxn ov el. c o m

They weren’t the ones who would be embarrassed anyway.

There were still a few dishes that had not been served.

Hence, the other four stayed and continued eating. Of course, the main reason was that they could gossip about Shihe.

They didn’t pay much attention to the etiquette of eating French food and scrolled through Weibo as they ate.

Let’s see when Weibo will recover.

“What’s wrong with the programmers? They haven’t done anything after such a long time?” The girl with wavy hair complained.

After another ten minutes or so, the girl in the black dress said, “Alright, it’s back!”

Therefore, everyone quickly refreshed Weibo to take a look.

The netizens went to Mufeng and Jiang Xun’s Weibo posts in joy.

[Fucking awesome. The official announcement actually caused Weibo to crash.]

[I didn’t realize that Qin Mufeng and Jiang Xun actually had such a huge traffic.]

[After this, Jiang Xun can be considered a top-class celebrity, right?]

[I don’t believe that Qin Mufeng is the only one to blame for crashing Weibo.]

[Actually, we’ve been neglecting the fact that Jiang Xun would always be able to sell out all the brands when she promoted them in the past. Even the clothes that she wore from such an expensive brand like C brand would be sold out like hotcakes. You can imagine that.]

[Indeed, the most famous products of C brand is actually bags. Although the finished clothing line is also good, it’s far less popular than bags. But after Jiang Xun wore it, even the clothes were sold out.]

[I still feel like I'm in a dream. Even though Weibo has been in chaos for a long time, I still can't believe my eyes. Qin Mufeng is really together with Jiang Xun?]

[Fuck, the paparazzi have finally done something! Quickly go and see @Gu Wu's Studio.]

All the major marketing accounts also reacted immediately, taking screenshots of @Gu Wu's Studio's new Weibo post.

Gu Wu's Studio V: [We didn't follow Jiang Xun on purpose. There are many celebrities in Hengcheng. We just squatted by the side of the road and took photos of whoever we could. We didn't expect to see Jiang Xun and Qin Mufeng's official announcement.[picture]]

Gu Wu's Studio V: [When we saw them, they were holding hands and walking by the roadside. They were not hiding at all. We were so shocked that our hands were shaking and we forgot to take pictures for a long time. By the time I came back to my senses, I managed to take pictures of the scene of the official announcement.]

There were a few photos attached to the post.

Mufeng and Jiang Xun were holding hands and taking photos of the shadow on the ground.

Two people were looking at their phones at the same time.

Smiling Child When Given Candy: [So, the two of them are really together now!]

Slow Ice: [Yes! The two of them had just taken the hot pictures right before they officially announced it!]

Ballad: [And they're still holding hands? CEO Qin didn't let go of Jiang Jiang's hand even when he posted on Weibo. Can you guys be any sweeter? I can still take more drugs, it's okay!]

Warm Sweet: [Jiang Jiang is currently filming in Hengcheng. It's Friday today! Did Great CEO Qin not even care about his work anymore? He'll even travel all the way from the capital to Hengcheng to visit her!]

Unscholarly Internet Girl: [I guess it's because Mu Shihe gathered the Internet army to slander Jiang Jiang and hype up her relationship with Great CEO Qin, so Great CEO Qin went to Hengcheng to explain it to Jiang Jiang.]

Out Of Books Today: [Imagine a scene of an overbearing CEO coaxing his little wife. Jiang Jiang must have been angry, so CEO Qin went to coax her and quickly made an official announcement to slap Mu Shihe in the face so that she would stop spreading rumors.]

Infatuated With Autumn: [The rumor about Mu Shihe and CEO Qin's blind date. Did Mu Shihe spread it herself? A lot of netizens had been curious before. CEO Qin isn't a celebrity, and he didn't have any paparazzi following him. And the two times CEO Qin was photographed, he was with Mu Shihe.]

Crab Roe Xiaolongbao: [Previous commenter! You figured it out!]

Morning Star: [Then, the news of the previous blind date being removed from the internet must be Great CEO Qin's doing.]

Cold Jiang Island: [I thought it was strange that the news didn't disappear this time. But now, I seem to have understood something.]

Eating Jiang: [I'm guessing that Great CEO Qin deliberately left it there.]

Spicy JJ: [I think so too. CEO Qin has decided to make an official announcement, so he can keep Mu Shihe's news around and slap her in the face during the official announcement, and it'll be all over the internet.]

Jiang Jiang Shredding: [Mu Shihe stepped on Jiang Jiang. Great CEO Qin avenged Jiang Jiang. Sob, sob, so pampered, so sweet.]

Split Underpants: [All of you, crack it hard! Suck it to death!]

Chapter 390 I Am Qin Mufeng

Disney Jiang: [From now on, we'll be able on the Fengjiang drug openly! Hahahahahaha!]

Wish Fulfilled: [Great! Let's see who can still mock us!]

Smiling Child When Given Candy: [The drug we took before was real! Those so-called logic-driven people, mocking monsters, isn't this a slap in your face? Let me ask you, isn't this a slap in your face?]

Slow Ice: [That's why I thought it was strange when some people said that Great CEO Qin participated in the variety show and agreed to be in a ship with Jiang Jiang only to increase Qin Yang's popularity and profit from Qin Yang's products. Haven't people already known about Qin Yang before Great CEO Qin appeared on the variety shows? Qin Yang had already been so awesome, does it need to rely on variety shows and a hyped up ship to profit from?]

Ballad: [Indeed, I laughed out loud when I saw the reason. Does Qin Yang care about the popularity and benefits brought by variety shows and speculation of C brand?]

Warm Sweet: [Qin Yang: Take your gossip seeds out of my golden bowl.]

Mufeng kept his phone and said regretfully, "It's very creative to take our shadows for the official announcement. It's a pity that I don't have the experience of doing an official relationship announcement and forgot to tag you."

"You forgot to tag me and reposted it again. It's a rare example," Jiang Xun said with a faint smile. "After all, no one else has ever encountered such a thing. There might not be any in the future, and it fits the requirements for a special official announcement."

Mufeng: "..."

Mufeng held Jiang Xun's hand. "What do you want to eat tonight?"

Jiang Xun had already thought about it. "Let's go eat beef hotpot."

Not far ahead was a Chaoyang beef hotpot restaurant.

The two of them strolled to the entrance of the shop. Mufeng was about to pull Jiang Xun in.

"Wait," Jiang Xun stopped him.

Mufeng looked over in confusion. Jiang Xun took out two masks from a small bag she carried with her and gave one to Mufeng.

“Although it’s a little narcissistic to say this, our official announcement tonight caused Weibo to crash. This means that our traffic is good,” Jiang Xun said as she put on a mask.

After putting on the mask, her voice sounded a little muffled. “Especially since it’s so explosive tonight, who knows if everyone in the restaurant knows us.”

Mufeng glanced at her. He had never had such a problem before.

However, seeing that Jiang Xun had put it on, he also put one on.

The two of them went into the restaurant together, chose a seat, and ordered a pot and some dishes.

After the two of them made the official announcement, they crashed Weibo. However, the two instigators no longer paid attention to the situation on Weibo and the comments of the netizens.

Shihe left the restaurant and got into the car. On the way back, she saw that the Weibo post had been restored.

And she was ranked high in the second most searched spot.

She clicked into the hot search. The hot search was still filled with speculation about her and Mufeng’s relationship.

However, the Weibo posts behind the hot topics were all mocking her.

They were mocking Jiang Xun at first, but now she became the target.

[Acting out everything by yourself is making me want to vomit.]

[You think that just because you spent money to buy fake reviewers to say that you are in a relationship with Qin Mufeng, you are really in a relationship with him? I don’t know how many netizens you’ve deceived, but if you’ve even deceived yourself in the end and brainwashed yourself that you’re with Qin Mufeng, that would be hilarious.]

[She also said that Jiang Xun was trying to stir up popularity and throw herself at him. It turns out that Mu Shihe was the one who stirred up popularity and threw herself at him.]

[She’s the daughter of the richest man in Macheng. She’s already a winner in life, but she still has to do such a shameful thing for a man.]

[Are there no more men in the world? It’s really unsightly to pour dirty water on a man’s official girlfriend for him. [Goodbye]]

Shihe closed her Weibo in anger. She gritted her teeth, and her features contorted.

After Jiang Xun and Mufeng finished their meal, they walked back to the hotel.

There were many people on the road, so the two of them still had their masks on.

The two of them entered the hotel and took the elevator to the floor where Jiang Xun was staying.

When she came out of the elevator, she met Shuixin and Xuyi who were coming out of the opposite elevator.

The two of them looked exhausted. It was obvious that they had just finished filming and had just returned.

Jiang Xun, on the other hand, had fewer scenes than the two of them. When Shuixin and Xuyi had just returned from filming, Jiang Xun had already finished the two major matters which were the official announcement and dinner.

Jiang Xun and Mufeng were still wearing masks.

However, because she had been with the production team for a long time, even if they did not get along well, Shuixin could still recognize Jiang Xun at a glance, even though she was wearing a mask.

However, Shuixin and Xuyi did not recognize Mufeng, who was standing next to Jiang Xun.

When Shuixin saw Jiang Xun, she was stunned for a moment. Then, she lowered her eyes and looked at Jiang Xun and Mufeng's hands that were still together.

Shuixin thought to herself that Jiang Xun had even promised her in the afternoon that she would announce with Mufeng their relationship.

She was holding hands with someone just like that?

Shuixin sneered. Was it because Jiang Xun knew that it was impossible with Mufeng? She was just trying to show off in the afternoon. But in fact, Jiang Xun and Mufeng were not together at all, and she had another boyfriend.

It was just a coincidence that she had bumped into them.

Because she was so tired after the shoot, Shuixin didn't even check her Weibo or WeChat after work.

Hence, she did not know that Mufeng and Jiang Xun had already made their official announcement.

Shuixin, who was originally exhausted, became excited when she saw Jiang Xun. "Hey, Teacher Jiang."

"Is this your boyfriend?" Shuixin took a look at Mufeng, who was wearing a mask. "Didn't you say that you were going to make an official announcement with Qin Mufeng this afternoon?"

Mufeng raised his eyebrows and heard Shuixin say, "Why do you already have another person in the blink of an eye?"

"Pardon me," Mufeng spoke calmly. He raised his hand and removed his mask. "I am Qin Mufeng."

Shuixin was bewildered.

Xuyi was speechless.

Jiang Xun also took off her mask and grinned at Shuixin, showing her row of white teeth. "I remember telling you that you have to apologize to me in public after I announced my relationship with Qin Mufeng?"

"What is she apologizing for?" Mufeng did not mind Jiang Xun using this matter to make a bet. He lowered his head and asked Jiang Xun curiously.

Shuixin was still in shock, and her head was buzzing.

She had never expected that Jiang Xun would really be together with Mufeng!

How could she still have any doubts now? They were holding hands and had not let go yet.

Mufeng actually came to look for Jiang Xun!

When did he arrive?

Also, she had mocked Jiang Xun in front of Mufeng just now!

Now, Jiang Xun's smile was like that of a demon!

Was Jiang Xun going to complain to Mufeng?

Shuixin looked at Jiang Xun nervously. Jiang Xun turned around and said to Mufeng, "It's nothing. Teacher Jian saw the rumors on the internet and said that I'm thick-skinned and that I'm throwing myself at you. I told her, if we make an official announcement, she should apologize to me. If she doesn't apologize, I'll tell everyone that she's secretly in a relationship with Teacher Zheng."
