

Chapter 750

"I don't know."

Alexandrina just got the news, and she told Chuck at once.

She knew Chuck's recent relationship with the Yeager family.

Chuck was lost in thought. Who did this?

Loomis wasn't aware of this? This matter must have been done in secret!

"Alexandrina, you don't know the rest of the details?" Chuck asked.

"Chuck, if I knew, would I hide it from you?"

That was true. Alexandrina really didn't hide anything from Chuck. Even if Chuck asked her how old she was, she probably would tell him.

"I had a hard time arranging for people to get in there, and they realized it unintentionally. You think they found it on purpose?" Alexandrina huffed.

Chuck understood. Even Loomis did not know about it. It did explain that Alexandrina's men had accidentally discovered it.

"I know. I'm leaving now." Chuck shook his head. He had to leave now. Otherwise, Sophia and Elise would be in great danger.

"Give me a hug!" Alexandrina's beautiful eyes blinked with sincerity.

Chuck didn't hesitate. He gently hugged her for a moment. When he let go of her, Alexandrina hugged him back.

"Do you know? For so many years, this is the first time I

want a man to hug me. You are the first one."
Alexandrina was particularly gentle.

Chuck coughed dryly, "Ugh..."

"No, let me hug you for a while." She was reluctant to part with him.

This was her and Chuck's first hug.

This feeling was so nice, which further confirmed Alexandrina's feelings for Chuck.

Chuck did not move.

Alexandrina was sensible. She knew that Chuck wanted to leave in a hurry.

She let go of him.

Chuck left. He couldn't delay any longer.

Looking at Chuck who had left, Alexandrina sighed. She muttered to herself, "Chuck, you have taken my soul..."

.....

"Mom, Mom..." Elise was captured. She saw Sophia, who had been tortured.

She was heartbroken.

Sophia had been tortured to the point where she fainted. She had tried very hard to endure it, but she was just a woman.

It was painful. She didn't retreat, but she still couldn't bear it.

"Mom..." Elise was crying.

"Elise, are you all right?" Loomis smiled. Elise looked a lot like Sophia, they looked just like sisters who were a few years apart.

Although Loomis had seen many women, he still felt that Elise was beautiful.

"I'm not! Let go of my mom!" Elise was so angry that she

was crying.

"Can you help me persuade your mother? Ask her to call Chuck for help, and I'll let her go. What do you think? It's just a call."

"I won't, I absolutely won't!" Elise said firmly.

Calling Chuck meant that he would be in danger when he came over.

It was fine if she died here alone. How could she get Chuck involved?

Just consider it a favor to Chuck.

Elise was not scared.

"Oh, you're like Sophia. I love you both! Pour water on Sophia and wake her up!" Loomis laughed sinisterly.

Whoosh!

Cold water splashed on Sophia's head. The unconscious Sophia woke up to the freezing temperature.

She glanced around confusedly and found Elise, who was also dragged here. Her eyes were red. "Elise!"

"Mom," Elise cried.

The Lawrence family, in the eyes of the hidden family, was actually weak to this extent. After all, it was because Lawrence's inheritance was too short.

"Dear, don't be scared," Sophia said excruciatingly.

She didn't expect that Elise would be captured.

"Mom, I'm not!" Elise was really not afraid.

After arriving at this place, she had an awakening.

"Elise... Loomis, let go of my daughter! I'll do whatever you want! Let her go!" Sophia was only a mother at the moment.

Loomis laughed evilly. "That's what you said. Now, call Chuck and tell him to come here!"

Sophia lost control of her emotions. On one side was her daughter, and on the other was Chuck, whom she loved. She couldn't make a choice.

"Something else!"

"You're not qualified to bargain with me. If I ask you to call Chuck, you must do it. Otherwise, I'll do something in front of you. Something you should know!" Loomis laughed out loud.

He suddenly realized why Sophia was so protective of Chuck. Was there something going on between Chuck and Elise?

In that case, Loomis had found a better way to get his revenge.

Cuckolding Chuck would be nice, wouldn't it?

"No, Mom, don't call Chuck! Don't let him come. He'll die if he comes." Elise shook her head and cried.

Definitely not!

Slap!

Loomis' palm landed on Elise's face!

"Loomis, you b*stard, don't hit my daughter!" Sophia screamed, unable to control her emotions.

The slap hurt but Elise didn't even hum a sound. So what if it hurts?

She could bear it.

"It doesn't hurt?" Loomis gave Elise a few more slaps continuously. Elise remained silent, but tears welled up in her eyes.

"Don't hit her!" Sophia was in pain and despair. When she was alone, she felt nothing. But all of a sudden, Elise was brought here. She couldn't take it anymore!

"That's just the appetizer. Let me ask you again, do you

want to call him or not?" Loomis glanced at Elise's figure.

It was perfect.

He was tempted.

"Elise, I..." Sophia shook her head, tears silently flowing down her cheeks.

"Mom, I won't blame you. At worst, I'll die. I'm not afraid!" Elise also knew what Loomis would do to her later. She decided that she would never let Loomis violate her!

She must give it to the person she liked!

"I can't make you suffer like this. I can't!" Sophia could not stop crying.

Elise was still young.

But she didn't want to make the phone call. She fell into a dilemma.

"It seems that your daughter is not as important as Chuck? Or do you think I'm joking with you?" Loomis said with a grim expression.

"Don't!" Sophia cried out in despair.

"It's a pity that you're not qualified to say that!" Loomis said with a smile as he approached Elise.

Elise was determined. She gritted her teeth, and blood flowed out when Loomis reached for her.

"No, Elise. No!" Sophia screamed.

She knew what Elise was going to do because she had just done the same thing!

Loomis gave her a hard slap!

Bang!

Elise's mouth was bleeding and her head was hanging low. It seemed as if she was... dead.

Loomis was enraged. "F*ck!"

"Elise, Elise, I'm sorry. Don't be afraid. I'll come with you," Sophia said in despair. If Elise died, what was the point of her being alive?

Chapter 751

Chuck drove to the place Karen mentioned. It really was a hidden place. If no one had told him, or if he hadn't navigated, he wouldn't have been able to find this place.

Chuck found a place to park his car. Only when he was sure he had enough equipment did he then sneak into the place.

It was a huge cave. No matter how one put it, there must be a different world inside!

Loomis was extravagant. Chuck could imagine that the interior would be decorated like a palace.

He was on high alert.

He had already taken out the dagger that Sophia gave him. Following Karen's reminder, Chuck went in successfully.

This place was too hidden, and there wasn't anyone at the entrance.

Chuck used the signal to block the monitors in the cave so that others could not detect him temporarily, which made his entry easier.

Thanks to Karen's guidance, it worked every time. Chuck was able to enter this cave quickly.

When Chuck came in, he couldn't help but think, "I must find Sophia and Elise as soon as possible!"

Otherwise, Chuck could imagine what that pervert Loomis would do.

It would do Sophia and Elise great harm.

"Ah!"

All of a sudden, Chuck heard a voice. Was it Sophia's scream?

Chuck was extremely tensed, and he rushed toward the voice angrily.

If he encountered anyone, he would dispose of them as fast as he could.

Finally, he got close to the place where the voice came from. It was in a room!

Loomis had practically hollowed out the entire cave and built all kinds of high-tech rooms in it. When Chuck came in, he saw a swimming pool. There were even all kinds of beautiful women playing in it.

This must be Loomis' personal palace, right?

Chuck was hiding somewhere and secretly put down the bomb. He had set a time so that it was more secure.

However, Chuck was shocked.

Sophia's voice wasn't very clear. It seemed to require going through some rooms. How could he get in?

Yes!

The bomb!

He could bind two bombs together to blow up the door.

Chuck was prepared to do so.

"Hmph! Who are you? How dare you come here!" A man suddenly appeared.

His eyes were cold. At first glance, one could tell that he was a skilled fighter!

His aura was particularly impressive.

Chuck frowned. It turned out that the reason there were so few people here was that an expert was guarding this place!

The man, Kohen, could fight a thousand men by himself.

"You are the first person to have entered here. Tell me your name. I don't kill nameless people!" In the darkness,

he was a burly man.

Kohen stared at Chuck coldly, his gaze like a sharp sword.

Yes, he was the most powerful person here, guarding this place.

It took him a moment to notice that there was something wrong with the surveillance cameras. His instincts told him that someone was breaking in!

After searching for a while, Kohen found Chuck.

He was a little surprised.

How did Chuck get in here?

Chuck didn't say a word. Time was running out, and he had to end the fight as soon as possible.

"Hmph, you are not going to introduce yourself? I'll take you to see Master Loomis. You can talk later!" Kohen approached Chuck with a sneer.

He was a skilled fighter. What was Chuck doing with the dagger?

Was he planning to fight him?

He is courting death!

Koen clenched his fists. Chuck was more of a gentleman than a combat master, and Kohen looked down on him. He felt that one punch was enough to seriously injure Chuck or even kill him!

Controlling his force, Kohen still needed to take Chuck to Loomis. If he killed Chuck with a punch, how could he explain it to Loomis?

His body moved, and Kohen punched out.

Ordinary people would have long been shocked and stunned by his speed.

Chuck remained unmoved as he drew near.

Although the punch was frightening, Chuck's dagger was not easy to deal with!

They fought against each other.

Kohen frowned. He couldn't kill Chuck with a punch?

He was confused.

Time to use a second punch then!

His fist was coming towards Chuck.

However, Chuck did not retreat, but met the attack head-on.

Great!

He would just cripple him!

Kohen gave a hideous cold smile, but Chuck dodged the punch.

Swoosh!

A dagger stabbed over.

Kohen sneered, reached out to grab Chuck's wrist, and said, "Too weak! How dare you..."

But before he could finish his sentence, Chuck's hand, which had been grabbed by Kohen, shot the dagger. It was headed straight for Kohen's face.

If Kohen failed to block it, he would definitely die.

Kohen felt irritated. He let go of his hand and knocked the dagger away. Chuck seized the opportunity and swiftly knocked his body!

"Are you trying to flee? No way!" Kohen was stunned.

He immediately hit Chuck with his fist. But when Chuck retreated a long way back, his expression turned cold and said, "What a pity..."

"Pity?" Kohen was infuriated. He suddenly heard a beeping sound.

Was this a countdown?

It was particularly soft, but he still heard it.

"What's going on? What's going on?"

Kohen looked down. At this instant, he was scared out of his wits!

Chuck had put something the size of a marble next to Kohen's belt!

A second later, he was stunned. What was this?

The next second, he widened his eyes in fear!

What was Chuck doing?

He must catch him to claim credit with the master! He couldn't die!

"Ah, bomb!" Before Kohen could say anything else, the little ball exploded.

He was blown into pieces.

The whole place was shaking violently as if an earthquake had occurred.

"I don't have the time to play with you. It's a pity to waste a bomb!" Chuck walked over and picked up the dagger on the ground. When he reached a room, he took out two bombs and pressed the timer.

"What's going on here? There was an explosion just now!" Loomis was furious. How could his own place be blown up?

"Master, maybe something is wrong somewhere, probably the electrical circuit..." Someone whispered carefully.

This place was very secluded, and it was impossible that anyone else would appear. Even if there was, Kohen, as the most powerful bodyguard, would settle it.

The only problem that would happen was the electrical

circuit.

"Why don't you call someone to fix it? F*ck, it scared the sh*t out of me!" Loomis chided in anger.

The explosion just now sounded earth-shattering!

Sophia, who was about to kill herself, stopped. Her bloodshot eyes kept staring at the door. Chuck, are you here?

She was nervous and worried!

"Oh, Sophia, what are you looking at? Don't tell me you're fantasizing about someone coming to your rescue," Loomis mocked.

This place was his base, and he often brought many women here. Other people had no clue about this place.

Who could be coming?

"Don't tell me you're thinking Chuck's here? Don't dream about it. Chuck can't be here. You haven't called him yet, have you forgotten?" Loomis laughed out loud.

But it was just the right time if Chuck came. Anyway, he wanted him to be here.

The security system at this place was beyond anyone's imagination. He would be absolutely safe here!

Just after he finished speaking, suddenly, violent explosions sounded again. The earth trembled, and the mountain shook. The door was blown open. Amidst the dust flying in the air, a man walked in.
