Chapter 1278 Let Us Try

“Levant, I understand that you want to be with me because of Luke, and I know you want to spend the rest of your life as my companion. I’m willing to consider it. However, since you can’t love me, I want to know how well you’re able to treat me. We can give it a try for two months. If it works out, we can spend the rest of our lives together.”

Two months... It’s not easy to love someone, but it’s not that hard to treat someone well. I think I can do it if I just take care of her like my family, Levant thought.

“All right, I’ll try my best.”

Tiffany remained silent and smiled. She couldn’t describe her feelings right now as she had never expected the man she loved would be willing to be nice to her. She still felt a little happy no matter the reasoning.

After all, it was the man she had always been in love with.

Tiffany hoped Levant would fall in with her in the next three months, but she knew it would be almost impossible.

However, she knew she was as stubborn as Levant. Tiffany refused to accept any other man aside from him. In any case, it would be much better to be accompanied by the man she loved than growing old alone.

There are no relationships that are perfect.

Both of them toasted with one another and confirmed the deal.

After the meal, Luke wanted to stay at the winery, so Levant arranged a room for them.

“Daddy, are you staying with us?”

Levant glanced at Tiffany and responded, “No, if you want to stay with me, you can come to my room.”

Luke fell silent as he became a little upset. Daddy and Mommy from other families all live together. I don’t know when will my Daddy and Mommy live together too.

The following day, Sophia called Levant. She said she missed Luke and wanted him to bring Luke over to the Seet Residence. After discussing with Luke and Tiffany, Levant brought Luke there.

Being one of the most important members of the support team, Davin quickly asked Luke about the situation between Levant and Tiffany.

“Are you saying that your mommy brought you along and stayed at the winery?”

“Yes. I heard Mommy say that she’d be together with Daddy for a while. If they think they are compatible with each other, they will provide me with a complete family.”

This is a great opportunity. We just have to get them together within this period of time, Davin thought.

So, Davin gave Luke some encouragement. “Luke, if you want a complete family, you can’t just sit there. You must be willing to fight for it. You must bring your Mommy and Daddy together!”

“I know. I’m trying my best.”

“Clever boy! However, this is not a one-person job. With these two’s help, I’m sure we will succeed!”

Luke looked at Zayden and Joy and thought, How are these two kids are going to help me?

Joy was a little upset when she saw Luke’s belittling gaze. “Don’t look down on us. I specifically consulted Maya last night. She and my brothers used to have a lot of ways to get my Mommy and Daddy together. I can teach you.”

Luke seemed doubtful. He looked at her solemnly and asked, “What kind of ways? Give me an example.”

Joy’s eyes lit up as she responded, “They used to hatch a plan to lock Mommy and Daddy up in a room and pretended to be asleep. They even... Anyway, they created a lot of opportunities for Mommy and Daddy to be alone. Just trust me. I can help you.”

Luke thought her two examples were good, so he was willing to give it a try.

“All right, I trust you.”

“There are only benefits for trusting me. You won’t regret it.”

Zayden frowned and remained silent. Thinking that he needed to replenish his energy, he took out a lollipop from his pocket. After removing the wrapping, he began to enjoy his lollipop.

Chapter 1279 Meeting Chris

Looking at his own son, Davin couldn't help but think about Maya when she was still a child. My God! The more I observe him, the more he looks like Maya when she was younger. Is Zayden a glutton too? No, I won't let him become a glutton! he thought.

Davin snatched the lollipop away from Zayden's hands and popped it into his mouth.

Zayden's eyes widened in surprise, and his face was filled with fury. He started wailing as he grew upset.

His cries attracted the attention of Sheila and Sophia, so they hurried over.

"What's wrong, Zayden?"

"Yeah, Zayden. What happened?"

Zayden looked at Davin angrily and complained, "Daddy took my stuff!"

After knowing that Davin had taken away Zayden's lollipop, Sheila pointed a feather duster at Davin and said, "How could you snatch the lollipop away from a child? Do you have any shame?"

"That's right. Davin, how old are you? How can you just snatch sweets away from a child? Do you want me to punish you?"

"Zayden only cares about eating. I have to put a stop to that and change his behavior."

"I'm eating an energy snack! It makes me smarter," Zayden retorted angrily.

Davin crushed the lollipop in his mouth. What kind of energy snack is this? This is just a milk-flavored lollipop!

"My son, energy snacks won't make you smart. I have better ways if you want to become smart."

"What ways?" asked Zayden as he looked at Davin doubtfully.

“Spend more time with Juan and Kyle. You will be influenced by them and become smarter yourself.”

Joy, who was standing at the side, chimed in, “You can become smarter by playing with me too!”

“That’s right. Joy is clever too,” said Sophia.

Joy grinned cheerfully upon hearing that.

Davin turned to look at Joy. She may be smart, but she is still a girl. I wanted Zayden to be more manly like Kyle and Juan instead.

“Follow me, the three of you. We will be having a big meal at Levant Winery.” Let’s see if Levant and Tiffany need any support! I will put the three children to good use!

The three children were very excited when they heard about the big meal. Lining up, they followed Davin eagerly to the garage.

Meanwhile, at Imperial Garden, Nina had changed into a custom-made pink skirt and done her makeup. She then inspected herself in the mirror. After she was satisfied with her look, she put on her high heels and strode out of the bedroom.

When she arrived in the living room, she saw Maya talking to Nicole. After hearing some footsteps, both of them turned and looked at her.

Maya’s eyes lit up as she examined Nina from top to bottom. “Nina, you look so beautiful today. Are you going on a date?”

Nina smiled shyly and said, “Mommy, I won’t be home for dinner tonight.”

“Are you with someone?” asked Nicole gently.

Nina nodded. “Yeah. Chris is here for business, so he asked me out for dinner.”

Maya came to a realization. She is going to meet Chris. That’s why she’s all dressed up.

Nicole recalled the deal between Evan and Chris—If Chris were willing to wait for Nina until she was twenty years old, Evan would give them his blessing if they still wanted to be together then.

Ever since she returned from Nepenthe Valley, Nina had put all her efforts into work. She had managed to achieve good results at the beauty product press conference.

After these few years, Nicole thought Nina had become much more mature. Although there were still six months left before Nina turned twenty, Nicole thought it shouldn't be a problem if Chris planned to take Nina out for dinner.

Hence, Nicole gave Nina her permission. "Go ahead. Ask the driver to bring you there."

"That's all right, Mommy. I can drive there myself."

"All right, call me if you need anything," Nicole reminded.

Nina nodded. Suddenly, she grew anxious. She proceeded to hug Nicole and asked, "Mommy, I have been waiting for this day all these years. Do you think he will still love me and want to be with me?"

Chapter 1280 Felicia Reynolds

"Don't worry, Nina. He gave you his most treasured pendant. He won't have a change of heart," stated Maya confidently.

"Nina, since he asked you out, that means he is still thinking about you. You have to trust him and yourself."

Nina nodded. With Nicole and Maya's encouragement, she got into her car and drove to the café.

Her heart was racing when she was about to enter the private room. I wonder if Chris has changed after all these years? He should have. He must have become more mature than before.

Chris' chiseled and handsome face appeared in her mind. She took a deep breath and knocked on the private room door.

The door opened, but it was not the face she was looking forward to seeing. Instead, the person was a gentle-looking woman.

Nina was shocked to see that. Why is there a woman in the room? Did I go to the wrong private room?

She was about to take a look at the room number again when she heard the woman calling out to her sweetly. "Hello, are you Nina?"

She knows my name? Do I know her?

"I am. And you are?"

"I'm Felicia Reynolds. I'm Chris' fiancée."

Fiancée?

Nina was startled by the woman's words. Her face sank as she looked at the lady before her in disbelief. She looks beautiful and dainty, giving off a girl-next-door vibe. I have to admit that she seems very friendly.

Felicia smiled. "Chris said you might be surprised when you see me. It's all right. I'll explain everything to you. Please come in."

Nina entered the private room and swept her eyes across the area. After seeing no signs of Chris, she asked, "Are you the one who wanted to meet me?"

"No, it was Chris. However, he didn't know what to say, so he asked me to come instead. He said you are kind, and he didn't want to hurt you. Hence, he asked me to give you the news."

Chris asked her to come? He asked me out but sent a woman in his place?

Clutching her fingers tightly, she started to feel uncomfortable. She tried her best to maintain her composure. "What does he want you to tell me?"

"He wanted me to tell you that he had chosen to be together with me. So, everything that used to happen between you two has become history. He hopes you will be able to find the right person for you."

Felicia's voice was soft, almost like she was afraid of startling Nina. However, the latter felt the words pierce through her heart like sharp blades.

Clenching her fists, she took another glance at Felicia. She looks beautiful and much more mature than me. I still don't understand how Chris would fall in love with Felicia. Right at that moment, there was only one thought in her mind. From now onward, I'm no longer the woman staying by Chris anymore!

Years of dreams and longing were shattered in that instant as everything came crashing down around Nina.

Chris had been the name I called out to several times every day for these past few years. How can I accept that he is suddenly gone from my life?

On the way home, Felicia's words kept echoing through her mind.

"Ms. Nina, this is the wedding photo of Chris and me. I'll give one to you. Chris and I will be getting married next month. I'd like to invite you to our wedding. Chris is also doing very well. He is currently the heir to the K Enterprise. Chris... "

Nina suddenly felt suffocated by the air in her car. She stepped on the brakes, rolled down the car window, and breathed heavily.

She never expected to hear another woman mentioning the name of his beloved man over and over in front of her. Furthermore, the woman even told her about their wedding date and the sweet memories they had together. The pain that filled her heart was insufferable.

Chapter 1281 Dangerous Encounter

Nina felt as if someone had just poured salt onto her wounds. She was in so much pain that she couldn't muster her strength to speak.

She didn't want to go home, so instead, she rushed toward the bar.

The bar was filled with flickering lights and catchy music, but Nina couldn't hear anything. All she could hear was the sound of her heart shattering into million pieces.

After placing her order, she sat down at the dimly lit bar counter. The bartender gracefully prepared her drink and put the colorful cocktail she ordered in front of her.

"Enjoy your drink, miss."

Nina took the glass and downed it in one gulp.

"Get me another one."

The bartender frowned as he looked at her. He had seen countless women getting themselves drunk, but it was rare for a beautiful woman like Nina. "Miss, you should control yourself if you are alone. It would be bad if you get into trouble," he advised.

Trouble? What trouble?

She scoffed and responded, "It's all right. Get me a few more of these." After saying that, she slapped her card down on the bar counter.

The bartender couldn't stop her, so he made her two more drinks.

Just when Nina was about to drink her second cocktail, a few gangsters suddenly walked up to her.

"Miss, can we join you for some drinks?"

"Yeah, we are really good at drinking. We are also good at... fulfilling your other special needs. Why don't you join us in the private room?" said one of the gangsters as they took the opportunity to grope her.

D*mn it! Are they trying to take advantage of me?

Nina raised her head and glared at them furiously. "Beat it! Get away from me!"

"Oh my, we got one with an attitude over here!"

"She's a feisty one. The feisty ones taste the best."

"That's right. If she doesn't want to cooperate, we could just be more... initiative."

One of the gangsters grabbed Nina as she yelled, "I'm in a bad mood today! Don't mess with me!"

"Oh my, what an interesting girl. I'm starting to like you a lot—"

Before the gangster could finish talking, Nina grabbed a bottle of red wine behind her and struck the gangster's head. Blood immediately trickled down the man's head.

"D*mn it! How daring of you to hit me, b*tch? Do you have a death wish?"

The other men around her immediately tried to seize her. Nina quickly grabbed another bottle and swung at them. However, the men nimbly dodged her strikes and subdued her.

"Bring her to the room! It's time to teach her a lesson!"

"All right!"

"Let go of me! Let go of me..." Nina tried her best to break free, but she was just a dainty girl. Unable to overpower the men, she was dragged into the private room against her will.

Nina began to feel frightened when she saw the private room door closing.

"What are you trying to do?"

"What are we doing? What do you think could possibly happen between a man and a woman?"

Nina's heart skipped a beat when she saw the perverted looks of the men before her. She began to regret coming to the bar for a drink.

The man before her took off his clothes and grinned. Nina became terrified when the man tried to take off her clothes. "Please let me go! I can give you money!"

"Money? We don't want any money. We want you."

"That's right. Money means nothing. We want you."

Nina's heart was pounding savagely. "I can pay you all a lot of money!"

"How much is that?"

"Any amount you want!"

"Oh my, this is one boastful girl. I don't care even if you pay us one hundred million."

"That's right. No amount of money is enough to replace women. We want you!"

Seeing that money didn't make the men budge, Nina decided to try a more drastic approach. The most important thing right now is to prevent these perverted men from taking advantage of me.

Mistaking the CEO for a Gigolo Chapter 1282

"Do you even know who I am? My dad will never let you get away with hurting me!"

"Oh? Who are you? And who's your dad? We'd like to know."

"My dad is Evan Seet, the president of Seet Group. If you hurt me, my dad will skin you alive and feed you to the sharks!"

Evan's name had entirely taken the men by surprise. This man is the devil Hades! We can't afford to offend such a big shot!

"Did it scare you? Let go of me now!"

After exchanging a few glances, one of the men said in disbelief, "What is Mr. Seet's daughter doing in such a place?"

"Right? A girl also said she was Mr. Seet's daughter last time, and it turned out that she was lying."

At that moment, Nina's brows drew together. Did someone dare to impersonate Maya or me? Such a daredevil! Nonetheless, I'm the real deal!

Before she could explain herself, the men had already concluded that she was an impostor.

"Quit playing tricks. Mr. Seet does not have a daughter like you. If you don't behave, we will..."

As they spoke, one of them grabbed her shirt collar.

"H-How dare you? I will make sure you suffer worse than death!" Nina shouted in fear.

"Worse than death? Sure, I'd like to see if it's you or us that would suffer."

Looking at the bunch of perverted men acting like starving predators, she felt as if her life was coming to an end.

A soldier can be killed but not humiliated!

Just as she was trying to think of a way out, the door slammed open with a loud bang. Following that, a tall, attractive man in a suit entered.

"Let her go!"

Everyone immediately got their guards up. "Who the hell are you? Why are you poking your nose in someone else's business?"

"It doesn't matter who I am; what matters is that the police will arrive soon. Get lost now if you don't want trouble!"

Upon hearing that, the men were rendered speechless.

They inspected the man who appeared unexpectedly, and they could tell he was a person of status by the way he dressed. Furthermore, he suggested the police, which frustrated them because they didn't want to get in trouble.

After exchanging glances, they said, "We'll remember you, b*stard! You better wish that you don't bump into us again!" Having said that, they left hurriedly.

"Are you okay?" the man asked Nina softly as he stared concernedly at her.

Nina rubbed her wrists that were tied and shook her head lightly. "I'm fine. Thank you."

"No problem. It's dangerous for you to be alone here. Please allow me to send you back."

At that moment, Nina was taken aback. "You came just to save me? How did you find out I'd been kidnapped?"

The man gave her a smile after a brief moment. "Someone told me to save you. Here's my name card."

Nina took the card, and her gaze fell upon his name. "Stephen? You're a translator?"

"Yes!"

"Who told you to save me?"

Stephen was stunned for a moment and replied, "I'm afraid I can't disclose that to you. If you trust me, I'll send you home."

Can't disclose? Saving me is a good deed, so why keep it a secret?

Nina carefully scrutinized Stephen as she couldn't wrap her mind around the man's sudden appearance. Who would tell him to save me? Why is it that he is unable to tell me? There must be something going on. Could he have had another motive for sending me back? I need to be cautious, or I'll fall into another trap.

"No, thank you. I'll request a chauffeur."

Seeing how suspicious she got, Stephen found her a chauffeur and sent her back to Imperial Garden.

Realizing Nina had returned, Maya approached her curiously and asked if her date was romantic today. "What did Chris treat you for the meal?"
