

Gu Su City, Han Shan.

Wu Zhirong and Zhong Wuqi sat across each other.

Wu Zhirong had a dark expression on his face. "Brother, I accept your condition."

"However, I, too, have a condition."

"I want Li Hang dead. I want everyone related to Li Hang to die with him."

Zhong Wuqi smirked lightly, "If that's what you want, then as your brother I will make that happen."

Wu Zhirong hurriedly asked, "Who will you send to Ning Province?"

Zhong Wuqi continued smiling, "Ning Province is small, but it has become under the watch of many."

"Many eyes are on Ning Province."

"If I send people there now, we are bound to attract other conjectures from other forces."

"It wouldn't be good for our next course of action."

"Then what do you intend to do?"

Zhong Wuqi picked up an orange from the table and slowly peeled it.

“We mustn't rush in whatever we do.”

“Just like peeling an orange, you can't remove all of its skin in one go. You need to be patient.”

“Isn't everyone preaching about how Ning Province is a forbidden territory?”

“First of all, we need to shut down that rumor, then plant fear and disappointment in the people of Ning Province.”

As he said that, Zhong Wuqi had already placed the peeled orange in Wu Zhirong's hand.

The old man then smiled proudly, “When internal chaos erupts, only then do we start gathering the heads of Li Hang and his loved ones, one by one.”

“Then pile them up into a hill at the main entrance of Ning Province.”

“Soon enough, everyone will know that Ning Province belongs to us.”

Wu Zhirong's eyes lit up. “Beautiful!”

“Brother, when do you intend to make your

move?”

Zhong Wuqi pointed at the orange in Wu Zhirong's hand. “My men have started moving the moment you took that orange.”

.....

Sunshine. Beaches. Waves.

An advertisement was being shot by the seaside of Ning Province.

An area of 5km radius was instantly cleared for the shooting!

No outsiders allowed!

As all the department personnel got into their places, Li Hang was surprised to see that Xu Haoran and Ouyang Miaomiao, who had just passed the interview, were also there.

According to Xu Muqing, the commercial they were about to shoot was largely Ouyang Miaomiao's idea.

Xu Muqing would only arrive at the shooting location slightly later.

As she exited the car, a staff hurried over to her.

“Miss Xu, Miss Gu suddenly fainted during the shooting.”

Xu Muqing quickly asked, “Have you taken her to the hospital?”

“We have.” “But at this rate, we'll be behind schedule.”

“Then what should we do?”

As Xu Muqing's words fell, Ouyang Miaomiao and several other personnel came over.

Ouyang Miaomiao and Xu Muqing were collegemates.

She was three years younger than Xu Muqing. They had known each other since their college days.

The young woman said to Xu Muqing, “Actually, you are the inspiration behind this commercial idea.”

“Me?” Xu Muqing was slightly astonished.

“During our college years, you often represented the school in the city and province-level swimming competitions.”

“You even won a few gold medals. Back

then, everyone called you a mermaid.”

“Muqing, the following scenes don't require showing the face.”

“Why don't you put on the swimwear and take Miss Gu's place?”

When it came to work, Xu Muqing never constrained herself.

She gave it a thought and nodded. “But I didn't bring my swimwear.”

“Sis, your swimwear has been prepared. Just go get changed.”

Xu Haoran stood there smiling at Xu Muqing.

But to Xu Muqing, her brother's smile was so sleazy.

Xu Muqing entered the dressing room.

She saw three sets of swimwear on the chair.

But every single pair made her blush!

Not one of these pieces of swimwear was bigger than the size of a palm!

Even in private, Xu Muqing wouldn't dare to wear a bikini like this, what more to say for a commercial in front of everyone.

Right at this moment, the voices of two female staff members were heard outside the door.

“Goodness! Miss Gu has such a nice figure. I'm so envious!”
