

Then, he snapped his fingers.

Immediately, someone came over with a plastic box.

It was full of nails!

“Honestly, you can only blame yourself for having such bad luck.”

“You mentioned how other companies weren't good. Why did you insist on going to Lingxiao Group?”

Saying that, You Genshui took out a nail, put it in Ouyang Miaomiao's mouth and closed it.

He then patted her on the face. “Let's play a game, shall we?”

“Every time I put a nail inside your mouth, I'll give you a slap.”

“If you can withstand 20 slaps, I'll let you go.”

She shook!

Ouyang Miaomiao shook out of rage!

These men weren't human; they were beasts!

Slap!

From the darkness came a clear slap.

You Genshui continued. He opened Ouyang Miaomiao's mouth and placed a nail inside.

Just as he was about to close her mouth, a cruel smile suddenly appeared on his face.

"I've changed my mind. One nail each time is too slow. I'll put two."

You Genshui placed another nail in the woman's mouth.

Then he said again, "Oh, two still seems kind of slow. Three it is."

He put a total of four nails inside Ouyang Miaomiao's mouth.

Then, he said to a man who was next to him recording a video with his phone, "Go closer and film her face carefully."

"Watch how many nails rupture out of her cheeks after I slap her."

The man went closer and kept the camera on Ouyang Miaomiao's beautiful face.

"Pretty girl, I'm counting from three."

You Genshui began to count backwards.

He counted extremely slowly.

He was thoroughly enjoying the process of torturing Ouyang Miaomiao.

This feeling was better than toying with a woman's body!

“Three, two, one!”

The moment You Genshui shouted, a shadow suddenly came flying over in the dark!

A glimmering light flashed in You Genshui's eyes.

At once, he grabbed his companion in charge of recording the video and held the man in front of himself.

Whoosh!

The shadow pierced through the throat of You Genshui's companion.

Zap!

The piercing sound stopped abruptly!

At this time, You Genshui caught a rusty nail

with his other hand. The nail was just two centimeters away from his chest.

“I didn't think you'd arrive so quickly.”

You Genshui smirked as he tossed his dead companion to the side.

Just then, the warehouse door opened.

Li Hang walked in with Liu Delun.

Upon seeing the two men, You Genshui couldn't help but laugh. “Why is it only the two of you?”

“I thought you'd summon those dozens of brothers under your control.”

While saying that, You Genshui grabbed the nails from the plastic box and threw them at Li Hang.

Whoosh!

The sharp nails glimmered with a cold light within the darkness.

Like a rainstorm, they whizzed towards Li Hang!

The nails flew closer and closer to Li Hang!

Meanwhile, You Genshui's smile became more and more wide.

He could already imagine the agonizing screams and horrifying expressions Li Hang would make as the nails went through his body.

He imagined.

He imagined what Li Hang would beg for mercy.

Would he give his own woman to You Genshui to play with - just to live?

Because this wasn't the first time You Genshui had done such things!

Yet, under his gaze...
