One by one, they fell next to Li Hang, unable to even get up.

“Hahaha!” “You see that? Those are the garbage you worked hard to raise.”

“Trash will always be trash. There's nothing else you can do with them except to send them to the incinerators.”

As You Genshui said that, his subordinates began to surround Li Hang.

Liu Delun, who was behind Li Hang, moved.

He had only moved two steps.

Suddenly, Li Hang spoke, “Don't move.”

He looked at Liu Delun blankly, “Class is over.”

Then Li Hang took one step forward.

The moment his toes touched the ground...

The entire warehouse's atmosphere changed!

Plip.

Like a drop of water dripping onto a basin.

A wave centered on Li Hang began to move in all four directions, slowly rippling away.

Ba-thump!

Ba-thump!

At this moment, including Li Erniu and his gang, everyone couldn't help but clutch their own chests.

Because they couldn't stop their own hearts from beating so quickly.

Li Hang took another step forward.

Immediately, You Genshui and his men simultaneously took two steps back.

In the dark place, more than a dozen flashing of the blades could be seen!

The man had unleashed his fastest knife.

He had clearly made his attack on Li Hang.

He evaded perfectly!

The moment he lifted his head, his wrist had been twisted.

And the knife he had used to attack others suddenly stabbed into his own chest!

Dumbfounded!

The man never thought his life would end this way.

Then, Li Hang said to him, "Lend me your knives."

"The move you used is the Feiyan Seventeen Blades. Too bad you used it wrongly."

The moment those words fell, the man's knives disappeared from his own hands.

It was as if the knives flew into Li Hang's hands on their own accord.

Then, a flash of light.

Seventeen blades flashed in the gloomy atmosphere.

The moment people saw the flashes of light, they too, heard screams of pain.

The screaming ensued, accompanied by the sounds of bodies falling to the ground.

All seventeen expert fighters died in an instant!

“You can have the knives back.”

The two knives that were taken away were now back in the hands of that man.

The man was half-standing.

Now, with the knives in his hand, he heavily slumped to the floor.

He smiled.
