

MEDICAL GOD CHAPTER 401

Wang Yun did not look happy too. With her brows furrowed, she shot a glare at Qin Jun. If Zhuang Dalian and his family were not around, she would have burst out in anger already.

What is Qin Jun trying to do? There were no other buildings here, apart from Qingmei Manor.

Could it be that Qin Jun bought a place that was so remote that it was outside of Donghai?

As everyone speculated, the bus stopped at the entrance of Qingmei Manor.

When the bus drove past earlier, everyone instinctively stretched their necks to catch a glimpse of the interior. Even Zhu Linlin wanted to see how the famous and well-known Qingmei Manor looked like.

However, when the bus came to a stop, everyone was stunned.

“Let’s leave quickly! Why did we stop here? It would be bad if someone discovered us!”

The person who stayed at Qingmei Manor was definitely wealthy and respectable. They were now in others’ territory and it would be truly embarrassing if they were chased out.

However, the bus driver ignored all their words and opened the bus door.

Qin Jun said, “Come on, let’s get off.”

He took the lead and stepped down onto the path.

Zhuang Danian laughed, "Wang Yun, you must be kidding me. Don't tell me that the new property you guys bought is Qingmei Manor?"

Wang Yun's face turned pale. Qin Jun is really horsing around too much!

A few got off the bus in a huff and stood in front of Qingmei Manor. Meanwhile, others were uneasy about the whole situation. Wang Yun walked towards Qin Jun and tugged on his shirt, saying, "Qin Jun! Are you crazy? Why did you bring us here? Are you trying to turned yourself into a laughing stock?"

Wang Yun would be able to explain it away if Qin Jun got a normal second-hand property. At least, Zhuang Danian would not be mocking her.

However, Qin Jun brought them to such a famous manor instead. Everyone knew that it belonged to a wealthy boss in Donghai. How could it belong to an insignificant family such as theirs? They would not even be able to lay a finger on such a place!

Zhu Linlin looked rather uncomfortable as she muttered, "Alright, Mom. That's enough. Jun, let's leave quickly."

Qin Jun smiled as he fished out a key from his pocket.

Handing it to Zhu Linlin, he said, "Since we are here, why should we leave?"

Zhu Linlin took the key and was stunned momentarily.

"Huh?"

What is he saying?

This key looked like...Is this the key to Qingmei Manor?

Amidst her surprise, she noticed Qin Jun's confident and assertive demeanor. Walking forward, she placed the key into the keyhole on the lock.

Surprisingly, the key fitted into the lock perfectly!

Zhu Linlin turned the key upon this revelation.

A click could be heard as the lock unlocked.

Creak...

As the key turned in the lock, the large metal gates at the entrance opened up gradually. They were powered with electricity and unlocked automatically.

The gates opened to reveal a scenery that looked like paradise.

Birds chirped and flowers bloomed beautifully.

Even the most beautiful park in Donghai City could not compare to this.

Wang Yun's eyes widened and her mouth went agape in disbelief.

How did Qin Jun have the key to Qingmei Manor?

Did he rent Qingmei Manor?

Or did Linlin rent it?

At this point, Wang Yun could not be bothered by these thoughts. No matter who rented it, she could still walk with her head held high today!

“Zhuang, how does our new house look? Pretty good, aye?”

Zhuang Dalian’s face went pale as his eyes widened and his jaws dropped.

Since when was the Zhu family this wealthy to buy over the Qingmei Manor?
