

MEDICAL GOD CHAPTER 555

Once Su Wenqi showed her evidence, everyone on the internet was angered.

Once Su Wenqi showed her evidence, everyone on the internet was angered.

“What exactly is happening? Lu Fan was actually the mastermind behind all these!”

“Lu Fan had his sponsors withdrawn some time ago and was boycotted by that. Was it possibly because of Ms. Su?”

“That might be possible. Lu Fan and Su Wenqi were in an awkward situation. When Lu Fan got boycotted, he must’ve hated Su Wenqi to the core and wanted to exact revenge on her. Gosh, I get it now!”

“Lu Fan really deserves this. How dare he use such a dirty method to get back at Su Wenqi? He is certainly going to jail at this rate!”

“...”

Netizens were smart to connect the dots. When Su Wenqi took out the pieces of crucial evidence to show her audience, she knew that it was going to be difficult for them to rebut or disagree with her. Everyone thought about what had happened in the past and managed to figure out that it was Lu Fan’s revenge on her!

Even though Su Wenqi did not talk much, the host, Ma Rui was very experienced. She was able to clarify the important details despite chatting for only about ten minutes or so.

“Wenqi is a really strong woman. If it were me, I would have crumbled from all the stress from these public opinions.”

“Oh yes, didn’t you mention that there was a man who rescued you from the rooftop? Who is the man? Do you mind sharing with us a bit about him?”

Su Wenqi hesitated for a while and shook her head.

“He is not in the entertainment industry. I cannot reveal his identity.”

Ma Rui laughed, “judging by your reaction, I can imagine that he is someone close to you, is that correct?”

Su Wenqi smiled plainly, “Are you trying to trick me into revealing it now?”

Ma Rui’s hosting style was usually like this. Although she seemed like she was engaged in a simple conversation in an interview, she was actually trying to find opportunities to talk about some sensitive topics.

Many popular figures had revealed their personal lives through this talk show, which attracted many viewers.

Ma Rui grinned, “Wenqi has been so popular all these years. Many people are really interested in your private life. Instead of me tricking you to talk about it, why don’t you share something about it?”

Su Wenqi laughed, stopped for a while before looking at the camera and said gently.

“He is my boyfriend.”

Her words left everyone in shock.

This was the first time Su Wenqi announced her relationship to the public!

This was such an explosive piece of news. Shocking!

Ma Rui really had the ability to make Su Wenqi confess her relationship to the public.

Of course, they had planned to talk about this earlier. For the interview with Ma Rui, they had to select an interesting topic to talk about. If not, the program would not be able to capture a substantial number of viewers.

Ma Rui then went on to talk about Su Wenqi's relationships. Su Wenqi spoke honestly about them.

"There was a period of time when I was under tremendous stress at work. I sneaked out for some drinks without telling my manager. I drank too much and ended up drunk at his doorstep. He was the one who brought me back in the end."

Ma Rui was a bit surprised, "You are a pop star, not to mention you are so beautiful. Did he not take the chance to do something to you when you were drunk?"

Su Wenqi laughed, "No, he did not. It's funny. He does not seem to recognize me. He kept chasing me away when I was at his doorstep. I thought that I was too unattractive for his liking."

Ma Rui giggled, "Seems like he is a real gentleman."

Su Wenqi nodded her head, "That's right. He is very righteous. He is also a doctor. I must have looked like a complete drunk in his eyes..."

Su Wenqi weaved lies into the “truth” she was revealing to the public, and the way she talked about them sounded really romantic. However, nobody knew that the man was Qin Jun. All except for one person -- Liu Qingqing.

Liu Qingqing was currently watching Su Wenqi’s program in the office when she heard the mention of Su Wenqi’s mysterious boyfriend. Liu Qingqing immediately sent Qin Jun a message to ask.

“Are the two of you a couple?”

Qin Jun replied after a few minutes.

“No, it’s just to trick the media into believing it.”

Liu Qingqing expressed a look of satisfaction upon finding out, “That’s good to know.”
