

## MEDICAL GOD CHAPTER 701

Taking off her sunglasses, Tian Lu looked at Qin Jun and said with a smile, "Oh! Qin Jun has returned too. How are you doing? Do you have a girlfriend?"

Having spent so many years in the entertainment industry, Tian Lu had seen many embarrassing moments like this. Hence, she was unfazed and took the initiative to greet him, thereby gaining the upper hand.

Qin Jun was stunned for a moment before shaking his head.

"Not yet."

Tian Lu smiled nonchalantly. "You used to have so many girls by your side, but there's no one left now. How is it? Doesn't it feel quite disappointing?"

Looking at the miserable Qin Jun, Tian Lu felt very happy. Although she would not mock him directly, her words were not exactly courteous either.

Even though both of them had never dated, Tian Lu still treated Qin Jun like an ex-boyfriend.

Yu Qiang asked, "Haha! Qin Jun had probably adjusted to the life of a normal person. What about you, Tian Lu? Do you have a boyfriend?"

Tian Lu chuckled. "You can say so. This is my boyfriend's car."

Everyone had been discussing the Bugatti conception car that Tian Lu was leaning on. Only then did they realize that it was Tian Lu's boyfriend's car! How impressive! Her boyfriend was definitely a rich man.

“You’re so amazing. When can I find such a rich boyfriend?”

“You can’t compare to Tian Lu. Not only can she sing and dance well, but she’s also pretty! It’s expected that she can find a rich boyfriend.”

“I don’t even need my boyfriend to own a sports car, as long as he can afford a scooter.”

Yu Qiang smiled too. “This car cost tens of millions. Looks like your boyfriend is a multi-millionaire.”

If her boyfriend were only slightly richer, Yu Qiang would definitely be unwilling to admit defeat. After all, he drove a luxury car too.

However, as her boyfriend was ten times richer than him, they were not in the same league. Yu Qiang did not entertain any thoughts of competing with him and gave in.

Tian Lu smiled lightly. “I don’t know how much it cost either. Anyway, it’s just a car. No matter how nice it looks, it’s still a sports car.”

Tian Lu’s words were equivalent to bragging. Not only did she show how accomplished she was, but she also made herself seem indifferent about it. She did not even care about a car that cost tens of millions. This was the true caliber.

“Where are we going to?”

“Let’s sing at a karaoke bar.”

Tian Lu said, “Sure! Since there are so many people here, I’ll just walk with you and leave the car here.”

“Tian Lu, let me take a picture. I’ve never seen such a cool car.”

“Yeah, I want to take a picture too! I’m going to post it and show-off to my friends.”

“Haha! Me too!”

Since someone had brought it up, everyone did not stand on ceremony. It was so rare to see such a cool car. They probably would not have a chance to see it again.

Tian Lu offered generously, “Sure! Go ahead and take pictures!”

The classmates queued up to take pictures of the car. They shouted excitedly and thanked Tian Lu profusely after taking the picture.

Qin Jun was frowning the whole time. In the end, he could not take it anymore.

“That’s enough. Are you guys done taking pictures?”

Tian Lu scoffed, “Why? Do you want to take a picture too? Don’t men like to show-off nowadays?”

Her voice was dripping with sarcasm and her eyes were filled with a mocking look. Qin Jun, who used to be a rich young master, had become so pathetic.

Speechless, Qin Jun took out the keys from his pocket and pressed a button.

Beep! The headlights of the car turned on.
