

MEDICAL GOD CHAPTER 743

Hades did not plan to stop them from leaving. After all, his target was Lei Hong. By right, he should get rid of Qin Jun too because he had witnessed this encounter. Since he was not a part of this, Hades chose to let him off.

Neither did Qin Jun leave nor walk away. He stood still and looked at Qin Yaya.

Hade's sudden attack earlier had shocked Qin Yaya, causing her to drop her ice-cream.

She pressed her lips and tears welled up in her eyes. She only got to enjoy ice-cream once in a blue moon. Yet this happened.

Qin Jun responded with a stony expression. He raised his head, looked at Hades. "You dropped my sister's ice-cream."

Hades responded with a mirthless laugh. "I gave you a chance to escape, and you're still here? I'm giving you one last chance now. Don't expect an assassin to sympathize with you."

Hades made it clear. Even when Qin Jun had a child with him, he would not show mercy. After all, as a professional assassin, killing a child was not something new for him.

They should count themselves lucky because Hades was willing to let them off. If they refused, he would have to kill them all at once.

Qin Jun stepped forward and shot a cold glance at him, "You dropped my sister's ice-cream!"

“What a bold young man. I thought of letting you off because you have a child with you. Since you don’t appreciate my kindness, I shall send you and Lei Hong to hell!”

Everyone thought Lady Hong is a woman who has no love for anyone, but I guess they’re all wrong. Apparently, you two even have a kid this big now. Well, good for you. At least your journey to hell wouldn’t be a lonely one.”

Once again, Hades took out his Triple-edged dagger. To him, this weapon was even more effective than a gun. In an open space like this, Hades looked like a deity with his weapon in hand.

The color had drained out of Lei Hong’s face at this point. She nudged Qin Jun and said, “Mr. Qin, please leave now! This has nothing to do with you!”

Qin Jun did not heed her advice. Instead, he went a step closer to Hades. “My sister dropped her ice-cream because of you. Now, apologize to her!”

Hades knitted his brows and snorted dismissively, “You’re testing my patience. Very well, since you’re desperate to die, I shall grant your wish!”

Hades took a step forward, pulled out his triple-edged dagger, and hurled it at Qin Jun.

He was so powerful he could easily trample opponents like Lei Hong and Chen Dihao.

The dagger that Hades swung out sent a gust of wind at Qin Jun. The latter tilted his head to the side and avoided the weapon effortlessly.

Hades twisted his wrist and retracted his triple-edged dagger.

This was its unique characteristic. Even the most skillful fighters could have a hard time avoiding the unpredictable weapon.

Yet, Qin Jun raised his hand and punched Hades' underarm, causing him to lose his grip on his dagger and drop his weapon.

Qin Jun then raised his other hand and strangled him. Choking the opponent's throat was his signature and favorite move.

"I'm going to say one more time. Apologize to my sister right now!"
