

My Evil Genius Wife

Volume 1

Chapter 108 - I am not a donkey!

Su Xinyue was dumbfounded upon hearing Xu Nuan's arrogant words and that smirk on her face was annoying to the point that she wanted to wipe it off her face.

'What does she mean by her words? Was she looking down on her for offering 5 million? Was that what she was doing?' she was at a loss of words seeing her attitude. It was her first time to see someone so brazen that too with confidence.

The drama she was expecting didn't happen, instead, an unwanted situation appeared. In what way 5 million is too less for her?

Her expressions turned ugly as she glared at Xu Nuan in anger and said, 'What? So...what are you saying? Does 5 million looks too little for you? Hah! You're more shameless than I have thought. I thought that even though you're an orphan, you must have self-esteem. But no, you're a cheap money-grubber who can do anything for money.'

'Does Han Zihao know that you are ready to leave him for money? Huh? Do you want me to call him and tell him how shamelessly you're asking for more money?' she raised her phone and waved in front of her, trying to threaten her with Han Zihao's name.

Xu Nuan sighed seeing her getting infuriated and let out a low chuckle before saying, 'Yes. Please call him. I also want to see how he will react when he finds out that his mother, who has cut ties with his family, is interfering with his life. At first, she was just trying to

fix him with any girl to increase her connection and now she was trying to bribe his 'future girlfriend' with money to leave him.'

' That too only 5 million ? Hah! That's an insult to him. The man whose daily net worth is more than 5 million, was being sold for so low. Tsk, tsk, not fair.' she commented while folding her one leg over another and sat back comfortably.

She was trying to be polite at first but upon hearing her unnecessary comments and when she said that she wants her to leave Han Zihao, she stopped being polite towards her. When the other person is being rude, then why would she insist on being courteous and friendly ? She was the kind of person who treats people the way they treat her.

She was least interested in begging her to let her in a relationship with Han Zihao because she knows that he doesn't care about her opinion over his life nor does Han family. Though she does not know much about his relationship with his mother, however, she was sure that it was not good that he will go with her arrangements happily.

She has done this kind of stupidity in her past life already. She will be a donkey if she repeats her same mistakes by following this woman's words. The god will cry if she couldn't overcome the failings of her past life and will curse his decision when he decided to give her a new life.

-

Su Xinyue's expressions turned red from embarrassment when she heard Xu Nuan's sharp and poisonous words.

' You...You...You...Do you think he will continue to love you even after seeing your selfish and greedy attitude ? Huh ? I know my son very well, he hates money-grubbing bitches like you. I am sure he will break up with you the very next moment he finds out your truth.'

Su Xinyue stood up from the couch and said while pointing at Xu Nuan in anger.

Xu Nuan didn't react to her words and casually sat back on the couch while looking at her in disinterest and said, ' If you're going to meet Mr. Han, then please close the door on your way out. Thank you so much.' She picked up her laptop from the table and placed it on her lap before resuming her work as she sent the mail to Guo Hong.

' _ _ '

Su Xinyue was speechless seeing her shameless behavior. This...this girl...wasn't she afraid a bit that she will tell Han Zihao everything ?

She glared at her in anger and stomped on her feet before turning around to leave. On her way out, she closed the door with a 'Bang' making a loud noise, causing Xu Nuan to flinch on her seat.

' Tsk, tsk. Does she think it's her own house ? If the door breaks, I will get Mr. Han to fix it.' she let out a low chuckle and shook her head tiredly.

She looked at the time and realized that it's almost 2 pm and her lunch isn't here yet.' Didn't he say that he sent someone to deliver food already ? It's going to be two hours and food isn't here yet.' she frowned while rubbing her monstrous abdomen which was growling loudly.

-

After leaving Xu Nuan's condo, Su Xinyue sat in her car and huffed in anger remembering how that young girl treated her.

' Zhu Ai was right. She is trying to take advantage of being young and was seducing Han Zihao with her innocent face. Hah! She looks beautiful and gentle but her words are sharper than a knife.'

‘ What does she eat every day that she speaks such foul language ? She didn’t even have some shame that I am her elder. Hah! That girl...what was her name...Ah, Xingren, even she was much more refined and pure than this rude brat.’ she said in anger.

The driver glanced at her from the rear and stayed quiet seeing her huffing in anger.

‘ This bitch...who does she think she is? Do you think I will keep quiet and will not do anything? Just because she has Han Zihao’s favor, does she think she can do anything? Hah! I will show her that even though I am not Mrs. Han anymore, I am still Han Zihao’s mother. I have every right to choose his future partner. He is my son, he will marry the girl that I will choose for him.’ she took a deep breath and looked at the driver after making up her mind.

‘ Drive back home for now. I am so tired,’ she said while rubbing her temples as they were hurting badly after dealing with her.

-

‘Ding Dong’

Xu Nuan looked towards the door when the doorbell rang. She looked at the time and realized that it’s not been even 10 minutes since that woman left and someone came. It’s not her again, right? She wondered.

She placed her laptop away and went to open the door. She was ready to shut the door on her face if she came again to bother her.

‘ Why aren’t you going to your son to tell you how bitchy and greedy I am? I have no interest in dealing with you at all. So don’t bother me by coming back again and aga...’ she said in annoyance while

opening the door but her words stuck in her throat seeing the person standing outside.

‘You...why are you here now?’ she said, with her eyes widened in shock.
