

My Evil Genius Wife

Volume 1

Chapter 109 - Money is more important!

Xu Nuan was irritated that her first encounter with Han Zihao's mother turned out like this. Even though she is not a nice person, she wanted to be nice to Han Zihao's family at least. She doesn't have a family, and the family she has doesn't care about her. She wanted to be good to them and treat his family as hers.

However, after seeing her true personality, she was pissed off to the point that she didn't want to see her face again and was ready to shut the door on her face if she came back.

While opening the door, she was blabbering as her usual but her words stuck in her throat when she saw that Han Zihao was standing there while holding a white bag in his hands.

She blinked in surprise and asked, ' You...why are you here now? I mean... what...what are you doing here?' She stepped outside and looked around to see if Su Xinyue was around but to her surprise he was alone.

'_ _'

It's not been only 10 minutes since she left her condo and he is here. Did they bump into each other outside the building? She wondered while staring at Han Zihao in puzzlement.

On the other hand, Han Zihao frowned when he heard her words and the way she got shocked seeing him standing there. Was she

expecting someone else? And at whom she was so angry that she was blabbering like this before opening the door?

The curiosity filled inside him as he stood there with his usual cold stone face and asked, 'Why are you reacting like this? Were you expecting someone else?' he asked.

She pursed her lips and blinked before responding, 'Of course. Didn't you say that you are sending food with someone? How come I know that you're coming here, yourself?' she shrugged her shoulders.

He was at the office and was now standing in front of her house. How can she dare to think that the 'President of Han Corporations' will come himself to her doorstep just to deliver the food?

He shakes his head in helplessness and says, 'It's Sunday. And I went to the office just for a meeting and came back after it ended.' he lied.

He didn't tell her that he wrapped up the meeting earlier than expected and asked everyone to go back and work tomorrow which was different from his usual self. He is not so kind to his employees when it comes to work. He wants the work done even if they have to do overtime but today he let everyone go and continue tomorrow.

Even Feng Sheng was speechless seeing this change but couldn't help but jump in happiness. He was glad that he was still in touch with Xu Nuan.

Because of her, he was getting the chance to see the drastic change in Han Zihao's behavior.

-

'Why are you so worked up? Did someone bother you?' he asked, while his expressions turned stiffer remembering the way she was blabbering.

She raised her brows hearing his words and couldn't help but grin. 'Haish, stop being so protective Mr. Han. I don't want to jump on you, early in the morning.' she thought.

'Ah, it's not even morning anymore, is it?' she remembered seeing the food bag in his hand that it's lunchtime.

She sighed and turned around to enter the house while saying, ' Well, someone did bother me. And it's all because of you. Now you have to take responsibility for it.' she said while making her way to her loving couch.

Han Zihao also followed her inside casually, as if he was used to this routine. Now he doesn't even feel awkward going to her place because she has crashed to his place so many times that this routine has become kind of normal for them.

However, he still feels much more comfortable at his place because he feels nervous about seeing 'inappropriate things' around the house. She has a habit of leaving her clothes and stuff around the house. You can find anything, anywhere in the house.

He placed the bag on the messy table and looked at her in confusion. Some bothered her because of him? What does she mean by this?

Xu Nuan plopped onto the couch, with her head supported by her arm, and laid on it while looking at him in interest. She smirked seeing his confused, clueless expressions, and signaled him, by glancing at the check placed on the table.

Han Zihao frowned but followed her gaze. He saw a bank check placed on the table and glanced at her before picking up the check to see why she was asking him to look at it.

However, his expressions turned dark seeing the 5 million check signed by his 'mother'? His expressions were getting dark by every second and the anger and frustration were obvious on his face.

Xu Nuan didn't say anything and let him swallow this situation first.

He gritted his teeth and turned to her, ' My mother came here ? Why ?' he asked in an icy cold tone.

Xu Nuan sighed and sat up and looked at him before speaking, ' Yes. In fact, she left only 10 minutes ago. I thought that it was her who came back.' she replied honestly.

Han Zihao pursed his lips when he remembered her words. She was saying something about go and tell your son about how I am. Was she talking about him ?

' Why did she come here ? What did she say to you ?' he asked while gripping the check.

Xu Nuan's eyes widened in shock as she shouted and ran to save that poor check from his tight grip, ' Woah dude, calm down!' she exclaimed while snatching the check from his grasp leaving him dumbfounded.

' Dude ?' Han Zihao said while staring at her in shock, patting the check as if it's her pet. She straightened it carefully and warmed it with her hands. Was this mere check so more important than him ?

' This check...you took it ? Why did she give it to you ? Huh ?' his expressions darkened as he questioned. He can't believe that she accepted the check from her, the woman she hates the most.

Xu Nuan looked up and saw his grave expressions. She sighed and said, ' She came to meet me after knowing what happened to Zhu Ai

at the banquet. She wants me to stay away from you so she offered this check to stay away from you.’ she stated as a matter of factly.

Han Zihao gritted his teeth when he heard her words. She even came to meet Xu Nuan just to warn her to stay away from him? Before, he wasn’t bothering himself to argue with her because she was at least staying away from him. Even though she introduced Zhu Ai to him, he treated their existence as nothing.

However, today she dared to come to Xu Nuan’s place and offered her money to stay away from him? She has exceeded her limits now. He was trying to control his temper because she was his mother but...now she has gone overboard.

But he was getting angrier at the fact that she took the money from that woman to leave him.

The other day he had told her that he will try to control his feelings and will try to sort out the feelings he had for Jiang Yue and will consider her confession seriously. She said that she will wait for him but she took the money just to leave him?

‘ And you..took the money? Why? Do you find money more attractive than me?’ he asked with all seriousness.

‘ _ _ ’

Xu Nuan was speechless hearing his question. He could have said it in a better way but he has to go to the narcissist way. Of course, he knows very well that he is attractive. That’s why he plays with her by wearing these body fit formal suits and rolls his white shirt’s sleeves while cooking.

‘Hah! This sneaky man...’ she cursed under her breath while looking away from his ‘attractive handsome’ face.

‘ She forgot the check here,’ she said which made his expressions turn back to normal but her next words left him speechless,.

‘ But I have no intention to return it either,’ she said while grinning at him.
