## Volume 1

### Chapter 12 - Did she ask for too much?

Xu Nuan was mentioning the things that she needs while counting on her fingers. Since she has come into this world and would probably leave the hospital in two or three weeks, she can't possibly continue to stay with this crazy family.

She is not Xu Nuan who can handle these crazy people and would continue to live with her so-called parents.

She needs to get out of this absurd family to do something of her own. Since she already has gotten an idea that she has to start anew and leaving the house is the very first option.

And when it comes to leaving the house, nothing is better than the newly built Glory Condominium building. She has her eyes on this building since it was under construction. Since the building is in the center of the city and was made to suit the taste of high society people the security is top-notch and the luxuries are to die for.

With the facilities given, it is quite expensive, too expensive. Not everyone can afford a unit in this building.

Similarly, if she is leaving the house, she needs some money in her hands for living since she doesn't have any job at this moment.

The amount she has asked is the least that she could ask for. Also, she needs a top-notch high-quality laptop. The things she needs to do, can't be done without one, also mobile is a necessity. She can't live without one.

So her demands were very simple and reasonable, at least according to her.

She was surprised when Lin Ran shouted at her. Did she ask for too much? No, not at all. They are the ones who proposed settlement.

‘ Xu Nuan, are you crazy? What do you want so much money for? And a unit in Glory building? Hah. Have you seen your face that you want a unit there.’ She mocked as she looked at her with disgust.

She thought that Xu Nuan has a nice personality, so it won’t be difficult to deal with her when she comes to the Gu Family.

But she never knew that she is so greedy and sly. She is not only threatening them but she is practically looting them.

Gu Xingren also became annoyed hearing her words. Unit in Glory building? She has to beg Gu Zhang for months just to get her a unit in that building.

After so much difficulty she managed to get one and soon is going to move in that unit. She doesn’t want Xu Nuan to move there as well.

They are not on the same page. She is Gu Xingren, daughter of Gu Zhang while Xu Nuan is just trash. She still didn’t let go of her identity as the princess of the Gu Family.

‘ Xu Nuan, Father is trying to satisfy your demands, and rather than being thankful, you’re going overboard. Are you even listening to yourself? You are so unreasonable, you have no shame while asking for this much from father.’

.

‘ You’re his daughter, you should try to save his money and not waste it like this. Can’t you just act maturely and not blackmail him like this? If you’re doing this to get revenge on me, then I will leave the house. You can stay there. Because I can’t see father waste money like this.’ She said while shedding her crocodile tears.

Gu Zhang felt his heart warming hearing Xingren's caring words. His daughter has always been good and thoughtful towards him. That's why he loves her so much.

Xu Nuan chuckled seeing her drama, ' Xingren, you're right. Since the unit in Glory building is quite expensive, why don't you give me the one in which you're moving to next month? This way, Mr. Gu doesn't have to spend so much again and this will save quite a lot of his money.'

' And I believe my other demands can easily be fulfilled since you spend on clothing and other unnecessary things more than me. I will take it as a compensation that you guys owe me. '

' Moreover, my demands are way less in comparison to what he had spent on you. I think he can give this much to his biological daughter, to his blood.'

Xu Nuan was smiling seeing the shocking expressions of Xingren.

' Xu Nuan....how can I give you that unit? That was my gift from the father. I.. can't do that.' Xingren was shocked as she was not expecting Xu Nuan to ask her to give her unit.

How can she do that? That was her dream apartment.

Gu Zhang pursed his lips hearing the exchange between Xu Nuan and Xingren.

Only one unit in Glory Building was equivalent to a villa in the north of the city. However, since it's in the heart of the city and has the best security and facility, it costs quite a fortune.

Even though Gu enterprises are doing great, there is a limit to his expenditure. He can't spend his money on unnecessary things like water.

‘ Xu Nuan, you’re going too far. I can fulfill your other demands but not the unit in glory building. If you want, I can find you an apartment in another building. After all of this, I don’t want you to come and make a fuss again about this accident. Things will close for once and all.’

Gu Zhang thought that he was being generous enough to fulfill her other demands.

She is not only asking for 70 thousand Yuan, a laptop, and a mobile but a unit in Glory building. He recently bought one for Xingren, he can’t spend a fortune to buy it again.
