

My Evil Genius Wife

Volume 1

Chapter 128 - I am not a Hamburger!

Han Zihao closed his eyes and tightened his grasp on the hand rest as he reciprocated to her by deepening the kiss.

He placed the other hand over the couch, to make his balance and suckèd on her soft lips causing her to whimper. Xu Nuan, who had her eyes closed, snapped open as she stared at his good-looking face from close and wondered, ' Is this a dream ? He is kissing me, right ?'

The last time they had kissed, it was just her who had done the deed while he just stood there like a shocked mannequin. But this time he not only responded but almost made her breathless.

She removed her hands from his face and wrapped them around his neck, pulling him closer. Han Zihao was holding onto the handrest tightly to not crush her under his weight and was deepening the kiss in the process.

Xu Nuan panted and opened her mouth to breathe and taking the opportunity, his tongue made its way inside her mouth causing her to mòàn instinctively.

His tongue expertly explored the insides of her mouth and was playing push and pull with her. He gritted his teeth when she mòànèd under him and càrèssed the skin on his neck with her warm hands, causing him to tremble to her light touch.

He always wondered why people say that the neck is most sènsitivè to touch because he never believed that his neck could make him

react so aggressively before. However, her light càrèss caused him to shiver and unknowingly, his teeth showed his reaction.

‘ Ouch,‘ Xu Nuan frowned and interrupted the kiss with a groan and pushed him away when he bit her lower lip. She glared at him with her tipsy eyes and scolded, ‘ Ah, what are you doing ? How can you bite me ? I am a human being and not a hamburger that you’re biting me.‘ she scolded him while grimacing in pain.

Han Zihao also frowned seeing her expressions and blinked his eyes in worry and embarrassment. ‘ Is it hurting a lot ?‘ he asked while càrèssing her lip gently with his thumb.

Xu Nuan who was scolding him stopped talking and blinked her eyes while looking at him in shock. She just kissed this man but...why does his single càrèss was making her heart flutter more than a kiss ?

‘ Umm..hm.‘ she nodded while turning her head away in embarrassment. Rather than the kiss, his gaze and gentle càrèss were making her feel strange.

-

The next morning

‘ Ah...what..‘ Xu Nuan who was sleeping peacefully on a large bed gròàned in pain as her head was hurting as if someone had hit her many times. She slowly opened her eyes and looked at the unfamiliar surroundings around her.

It took a few minutes for her to register the fact that she was not in her room. Her eyes widened in shock as she immediately sat up in a panic. She looked at the blanket which was covering her and the bed was larger and spacious than her. She didn’t have the time to admire the furniture in the room as she was getting panicked by the fact that she was not in her room.

‘ What place is this ? I drank yesterday with everyone. Lin Hui also joined us later. But...what happened after that ?‘ she mumbled while trying to remember everything that happened yesterday.

Her hands were shivering but she was doing her best to calm down. The situation was very comprising causing her to imagine the worst situation. She looked down at her clothes and noticed that they were the same as before, and sighed in relief.

‘ What are you doing ?‘ she was wondering where is she when she heard a familiar voice from outside. She turned to the side and looked at the door and saw Han Zihao standing there in his casual clothes.

She blinked and looked around quickly once more before asking, ‘ This is your place ?‘ she asked in confusion.

He nodded, which relieved her.

‘ Why ?‘ he asked while holding a glass of warm water and walked to her side.

She shook her head and said, ‘ I never entered your rooms before so I just panicked after waking up in an unfamiliar place. I was afraid that I might have done something with a stranger. Ah, now I can finally breathe in peace.‘ she sighed in relief and sat comfortably on the bed while taking the glass from his hand.

While observing her surroundings, she forgot to observe his expressions that darkened upon hearing her words.

‘ Done something with someone else ? Don’t tell me you blacked out after drinking ?‘ he asked while looking at her coldly. He can’t believe that she doesn’t remember anything about last night.

‘.....‘

Xu Nuan observed his expressions and pursed her lips before nodding hesitantly. It was her first time forgetting everything after drinking. This never happened in the past but seems like she exceeded her limits this time.

Although she drank in her limit but she forgot that she is Xu Nuan now and not Jiang Yue. Both of them have different tolerance and Xu Nuan's tolerance was less than her especially without eating anything with it.

He scoffed seeing her nodding innocently. She always complains that he is slow and doesn't do anything but when he did, she forgot? She forget?

After their intense kissing session, she fell asleep. He was surprised how fast she fell asleep after awakening the beast inside him. He had to take a few deep breaths to calm down the fire inside him.

He took her to the guest room which was on the ground floor and covered her with a blanket before leaving the room. And now when he saw her, she blacked out?

Xu Nuan stared at him and wondered if she did something wrong last time. His expressions were as if he was cursing at her silently.

' Did I do anything wrong yesterday? I didn't jump on you, did I?' she asked in horror. The least she wants to do is go to the police station and that too for harassing a beautiful handsome guy who looks like a fine delicious chocolate.

Han Zihao let out a breath and shook his head, ' Come downstairs. The breakfast is ready.' He didn't say anything further and left the room disappointedly.

He made a hangover soup for her which warmed her heart. She smiled and tasted the soup and gròànéd in satisfaction, ‘Ah...this is the best. Now I feel much better.’ she said while drinking the soup.

He looked at her and thought about something before speaking, ‘ You didn’t eat yesterday at the restaurant. Why?’ he asked.

‘ Hmm? How do you know?’ she asked in confusion while eating the rice that he served her.

He pursed his lips thinking about last night. After making her sleep in the guest room, he saw her phone buzzing in the living room. He checked and saw that she has multiple messages from Lin Hui.

He doesn’t want to check her messages and invade her privacy but unknowingly, his hands made their way to her phone as he couldn’t help but see why he was messaging her so late.

‘ Xu Nuan, you reached home safely right? Message me if you are awake.’

‘ Since you didn’t eat anything at the restaurant, don’t forget to drink hangover soup in the morning. Otherwise, you will feel sick. Also, don’t worry about anything else and just rest tomorrow. ‘

Han Zihao’s expressions darkened seeing his multiple messages. He was more annoyed was because he was right. Her expressions looked much better after drinking the soup.

But how come he knows so much about her? It doesn’t make sense for her to be friends with him. She is just a girl who graduated from

school and started working recently. But how come he is friends with Lin Hui ?

-

He sighed and responded, ‘ Last night Lin Hui messaged you. I mistakenly read his messages, and that’s how I found out. He seemed quite worried about you.’ he commented while sipping on his coffee and glanced at her while noticing her expressions.

Xu Nuan nodded and didn’t think much about him reading her messages and said, ‘ Yes. He kinda overreacts sometimes.’ she laughed while picking up her phone which was on the table.

After responding to Lin Hui’s messages, she placed her phone beside her bowl and looked at him in confusion, ‘ By the way, how come I am at your place ?’ she asked in confusion, not knowing how she ended up here.

He pursed his lips and glared at her in disappointment. Why did she drink so much to the point of a blackout ?

What if someone had taken advantage of her state ? It was not healthy to drink so much and she passed out on top of that making him worry.

He was about to tell her about her actions when his doorbell rang.

Xu Nuan turned around after hearing the bell and asked in confusion, ‘ Is someone else coming over ?’

He looked at her and shook his head, not knowing who it is.
