

My Evil Genius Wife

Volume 1

Chapter 129 – I also have a girlfriend!

‘ Grandma, do you think it’s right for us to come unannounced? I mean...what if he gets angry after seeing us here? Last time he didn’t give me any food to eat.’ Han Liang complained in a low voice while standing out of Han Zihao’s condo.

Lei Yaling glanced at him and shook her head, ‘ Well, you deserved it. Even after visiting his place, you didn’t do a good job.’

Her comment made him frown. Is that his fault that the girl was annoying to the point, where he forgot that he came to find out about their relationship?

‘ This is Xu Nuan’s unit, right? The one opposite to Zihao’s? They are living across each other, I wonder how my grandson is using this golden opportunity.’ Lei Yaling wondered as she looked at Xu Nuan’s condo behind her.

A sly smile appeared on her lips as she was pleased that Xu Nuan was living close to Han Zihao. At least he will get an advantage of that.

As they were talking, the door of Han Zihao’s unit was pushed open, ‘ What are you guys doing here?’ Han Zihao glared at the duo when he saw them standing in front of his condo while looking at Xu Nuan’s condo curiously.

Granda Han turned around to see Han Zihao staring at them, with his visibly unpleasant expressions. She smirked and without giving heed to his uncomfortable expressions, she pushed him away and entered

the house, ‘ Is that even a question ? Since you didn’t come to see me for so long, I decided to visit you . After that girl came to our house, you didn’t even call us. Heartless.’ she commented as she entered the hallway and when she entered into the living room, she paused in her steps.

Xu Nuan, who was having her breakfast, stopped eating when she heard Grandma Han’s loud voice. She turned around to look towards the door and before she could react, Lei Yaling walked in.

‘’

Both of them stared at each other for a good minute as both of them were shocked, not expecting to see each other here.

After realizing what’s happening, Grandma Han’s expressions lit up as she clasped her hands in excitement and walked to Xu Nuan, ‘ Xu Nuan! You’re also here.’ she said excitedly while walking to her side.

Han Liang glanced at Han Zihao in shock and hurriedly went inside, walking past him to see what’s going on inside. He also looked at Xu Nuan in shock.

It’s only 9:30 in the morning and she is having breakfast here ? Is this some hotel or what ?

He turned to look at Han Zihao who walked inside wearing his indifferent expressions, with his hands inside his trousers pockets.

Han Liang scoffed seeing the difference in the way he treats her and him. He never offers him food while he was feeding her with....Hangover soup ? His eyes widened seeing the large pot filled with soup and furrowed his brows.

’ Such betrayal!’

-

Xu Nuan was about to stand up upon seeing Grandma Han but the latter patted on her shoulder and said, ' Sit, sit! You guys were having breakfast?' she asked casually as if it's normal for her to see them together in the morning.

Xu Nuan smiled awkwardly, not knowing how to respond. She was feeling as if she got caught doing something inappropriate. She was just eating, but why does it feel so wrong?

Grandma Han sat on the couch in the living room, while Xu Nuan followed her since she was almost done with her breakfast, she lost her appetite to eat anymore.

Han Liang, who sat on the adjacent couch to them, frowned as he glared at Xu Nuan and asked, ' What are you doing here in the morning? Is it normal for you to come over to your 'neighbor's house for breakfast?'

'....'

Lei Yaling rolled her eyes in disbelief seeing her grandson asking such a stupid question. ' Is he really my grandson? How can he be so stupid?' she shook her head in doubt.

Xu Nuan who was feeling awkward around Grandma Han glared at him in irritation as he is still stupid as ever.

' Well, I think it's normal. It's not that I am going to hotels and got into a scandal,' she commented, making the latter frown at her.

Han Liang understood what she was implying here. The rumors about him and the other female idol being in a relationship and being spotted at a hotel were circulating for a few days now, although he wasn't bothered about it since such occurrences happen quite frequently and will eventually be pressed by another big scandal.

However, he was not liking the fact that she was using this thing against him.

He scoffed and said, ' I never went to a hotel with a girl. I just went there for work.' he shouted, retorting her claim.

' Ah, really? That's sad,' she said, making him feel even more annoyed.

'What was with her reaction? Is she looking down at me for not having a girlfriend?'

Lei Yaling scoffed when she heard her words. She nodded in acknowledgment seeing that Xu Nuan was doing a good job in roasting her younger grandson.

' What do you mean sad? Do you know how many girls swoon over me when I wave my hands at them? Do you know how many members I have in my Fanclub? Do you have any idea about my popularity?'

Xu Nuan smirked and nodded, ' Hmm..An idol with thousands of fans and no girlfriend, I understood.' she said, making his expressions turn red with embarrassment when Grandma Han chuckled upon hearing her words.

How can his family be such bullies?

' Yah! How do you know if I have a girlfriend or not? I also have a girlfriend...we're just keeping it secret because of my work.' he lied, avoiding her gaze.

' Really? I never saw her. You aren't lying, do you?' Grandma Han asked curiously.

Han Liang frowned wondering if his grandma was genuinely asking or was pulling his leg? He scoffed and replied, ' Of course, I have one.

And she is way more beautiful and elegant than this monkey.' he showed his tongue to Xu Nuan.

'....'

Xu Nuan scoffed seeing him acting like a child. She would have kicked him on his knees but she controlled herself for not losing her control in front of Grandma Han.

Han Zihao who was sitting on a single couch, next to Xu Nuan, shook his head and face-palmed himself with one hand wondering if he was raising two kids or what.

Xu Nuan felt bad for just sitting there, so she went to bring coffee for everyone and prepared tea for Grandma Han.

Meanwhile, Xu Nuan was in the kitchen, Lei Yaling moved near to Han Zihao sneakily and asked in a low voice, ' What's your progress? Are you guys a couple now? Don't tell me you already got a marriage certificate?' she asked with her glistening eyes.

'....'

Han Zihao was speechless seeing his grandmother's overly enthusiastic attitude. She is older and should act like one but her mind is at the same as the level of Xu Nuan's. He wondered why his fate is so bad when it comes to women, everyone acts like a hooligan.

' Grandma, what are you saying? That girl, his wife? No way! I will not accept her as my sister in law. Not over my dead body!' he announced, causing Han Zihao to look at him. His expressions darkened and before he could say anything, Lei Yaling said, ' Really? Then tell me how would you like to die? Accident or stabbing? Or poison? Or do you want to get kidnapped and then thrown into the

water? How does that sound? I think it sounds interesting, isn't it?' she asked curiously while making his mood worse.

'.....'

Han Liang pursed his lips hearing her words and whined, 'Grandma, how can you say something like this? I am your grandson and you're treating a stranger better than me.'

'Who said she is a stranger? She is your future sister-in-law, mind your attitude,' she poked him on his forehead and said sternly causing the other person to shut up immediately.

Xu Nuan who was bringing the beverages for everyone stopped in her steps upon hearing her words. Her words melted her heart when Grandma Han told Han Liang that she is no stranger.

After her parent's death, she was searching for the warmth and familial feel but the Jiang mansion was nowhere near to the environment and love in which she was raised. Her grandfather was better than her uncle and aunt but his indifferent personality and lack of expressiveness caused their relationship to become strained.

However, Grandma Han's words touched her. Even though she hadn't met her much, however, she never scolded her for treating Han Liang in front of her coldly and even took her side. She never met her when she was young, but now when she did, she started to like Han Zihao even more.
