Chapter 152 – Tips on how to anger your girlfriend!!

Han Zihao pursed her lips and looked at her blankly upon hearing her words. He called her monkey? When?

He was trying to remember when he called her a monkey when it suddenly hit him that Feng Sheng came to see him in the afternoon when he was looking at the articles and the comments. Although he went back without saying anything but hearing her words, now he understood what she was talking about.

' This Feng Sheng, he should have at least told me that Xu Nuan called me and she had heard everything.' he knitted his brows thinking about how stupid Feng Sheng could be. He works for everyone but him.

Although he didn't mean it in a literal way but seems like Xu Nuan took his words literally.

" Well, when I said that he was looking at a way he looks at a monkey, that was not what I meant, neither I intended to call you a monkey, but if this has hurt your feelings in any way then I apologize for that." He looked into her eyes and apologized seriously.

Xu Nuan was surprised when he suddenly became serious and apologized to her. She pursed her lips and wondered if she was being too harsh on him, shouting at him for no reason.

She opened her mouth to apologize for being impulsive as well but before she could say anything, he interrupted and said, " However, you don't need to feel bad about it. Although your face looks similar to a monkey, it's still cute. You like to create a mess and don't clean your house for days but at least you shower daily. That's the most important thing. Looking like a monkey is not wrong, they are smart and have fast reflexes. It's fine as long as you don't start eating lice like them."

"...."

Xu Nuan was speechless upon hearing his words. She stared at him blankly, not knowing what to say. Was he apologizing or insulting her even more?

' This stupid man...If he wasn't this handsome I would have pulled his hair in anger long ago.' she pursed her lips and controlled herself from not using violence on him.

" Hah, so now you're giving examples of me being similar to a monkey. Great," she commented bitterly while resting her head against the back of the seat.

" Then forget about our date. You should not date a monkey. Go and hang out with the only human in your eyes...what was the name of that girl? The one that your mother set you up with?" She says while looking at him frustratingly.

" Zhu Ai," he responded, making her purse her lips.

" So now you even remember her name? Great. You should go and date her. Why are you following me everywhere? You aren't even serious about me, then what's the use? Go

and date that immortal human." she scoffed while folding her hands in front of her chest and sat straight.

Han Zihao looked at her confusingly, not knowing why she was getting so worked up. " Did I say something wrong to upset you? I haven't talked about Zhu Ai, then why are you bringing her up out of nowhere? Also, If I wasn't serious about you, would I have asked you to go on a date with me?"

Her lips twitched upon hearing his words which made her blood pressure increase even more. So was she being unreasonable?

" Hah, thanks for being generous," she commented sarcastically.

However, while looking at her face that has turned due to anger and cold, he couldn't help but smile. She might be angry but she does look cute while pouting her lips in anger like a little monkey.

The next day, Han Zihao and Xu Nuan went back to the Glory Condominium since Han Mansion was quite far from their workplaces. She barely talked to him and ignored him after their argument last night. Or whenever she opens her mouth to talk, she only makes sarcastic comments and keeps mentioning how she has to deal with love rivals when they are not even the couple yet.

He wanted to retaliate saying that he was facing the same. She thinks that only she has love rivals but she forgets about how many guys she attracts with her outspoken charming personality.

However, he would be stupid to mention those men to her. It would only let her be aware that she is popular among men.

After Han Zihao placed her luggage bag in the living room and went back to his place opposite hers, Xu Nuan looked around and noticed that her house was indeed dirty.

Things were scattered everywhere. It was not organized, making the whole house look messy and dirty. She took a deep breath and said, " Xu Nuan, it's time to clean this house before it turns into a trash can."

-

She started by organizing her cupboard. However, only after 10 minutes, she was looking exhausted and tired.

" Argh...when did I buy so many clothes? I never even wear them, then from where they came?" she looked at the clothes that she was seeing for the first time. She only wears 4-5 sets of clothes that she always repeats to the work but she was shocked to see that she has other clothes as well that she has never seen before.

" Did I buy them?" she murmured while forgetting that when she got the money, she spent it like she won water and spent all the money on shopping.

She was trying to push herself to work when she heard the doorbell ring. She raised her brows wondering if it was Han Zihao. She pursed her lips and murmured, " Well, at least he knows that leaving the angry girlfriend alone can make the situation worse."

She walked to the door excitedly but before opening the door, she took a moment to calm down and opened the door with solemn and serious expressions.

However, the expectation that was rippling in her heart was ended seeing the people standing outside, making her mood even worse.
