

My Evil Genius Wife

Volume 1

Chapter 157 - To the Beautiful Monkey!!

Han Zihao was shocked and was staring at Xu Nuan's closed eyes and was in a daze because of her unexpected kiss. Her lips were cold due to cold weather but when it touched his lips, a strange warmth was spread across his body from her touch.

He stared at her in a daze, admiring her long eyelashes and beautiful eyes that were closed. Xu Nuan was on her tiptoes since he was taller than her and along with that, she pulled him closer using his collar to get successful in this task. It's not easy to kiss a man who is taller than you.

She suckèd on his lips softly and said whispered in a low voice against his lips, " Close your eyes, Mr. Han. You're making me shy." Her ears were turning red due to his staring at her intently.

Han Zihao was caught off guard when he heard her words. She was getting shy but her words that she said in a hoarse low voice, were making him lose his mind due to its effect on him.

' This woman can do nothing and will still make me crazy.' He pursed her lips and tried to calm down his racing heart.

" If you're getting shy, then let me do it." He said and before she could register his words in her mind, he held her by the waist and pulled her closer, and took the lead, deepening the kiss.

" Ummm." she whimpered when he suddenly took the lead and started increasing the intensity of the kiss. Her mind went blank when he kissed her and she instinctively wrapped her arms around his neck, reducing the distance between the two.

He suckèd on her lips and when she opened her mouth slightly to take a breath, her mischievous tongue invaded her mouth to explore the insides of her mouth.

Her tongue intertwined with hers, making her legs go weak because of this passionate kiss.

After a long passionate kiss, he finally let her go as she was struggling to breathe. She panted while combing her messy hair. She hesitantly glanced at him and turned away when her eyes met with his seducing gaze.

" Ah, don't look at me like this. It's embarrassing." She raised her hands and said while covering her face.

He laughed and walked closer to her. He càrèssed the area around her lips with his thumb slightly, making her blink at him nervously. He càrèssed his lips and looking into her eyes he said, " You're embarrassed? Why? Because they were so sweet?" He questioned while càrèssing her lips and looking into her eyes with his deep charming gaze.

"....."

Xu Nuan was shocked hearing his comment as Han Zihao at this moment was something that she can't even imagine in her wild dream.

"Who..who are you? Where is Han Zihao? Why are you in his body?" She stepped away and looked at him in horror. Han Zihao that she knows can never be this sweet and will try to seduce her with his flattering words.

"....."

Han Zihao was speechless seeing her exaggerated reaction. He sighed and shook his head in helplessness. She complains that he doesn't express and when he does, she acts like this.

However, he didn't step back this time and walked forward towards her, making her blink at him warily. He smiled at her and held her chin between his fingers and said while looking into her dark brown eyes, "Why? Are you shy?"

"...."

She gulped and yanked his hands away and ran into her house, leaving him there in bewilderment. He was trying to understand what happened to her when she shouted from inside, "Stop watching those stupid dramas. They will ruin your cold-hearted character." she said.

"...."

He was left dumbfounded once again by her weird antics. But he didn't watch any dramas and only read the book that he had asked Feng Sheng to buy for him. Is that too much? He wondered while looking at the closed door and sighed.

But I think it did work. Wasn't she blushing earlier? He tried to understand her strange actions.

This man has séxy and handsome looks while his gaze is a mix of séxiness and softness. How is that possible? He is not a human but immortal. She slid by the door and sat on the floor while still onto her chést.

"How can he look at me with those eyes? Ah, he is already so handsome, and looking at me with those eyes is cheating. That's not right. Ah, why is he so freaking charming?" She grabbed her hair and pulled them in embarrassment, remembering what she did just now. How can run away from him like this?

She was in her daze when her phone lit up. She checked the message and her lips were stretched into a smile instinctively seeing his message, "Don't forget that we have a date tomorrow. Be ready by 10 am."

She pursed her lips and smiled embarrassedly thinking about their date tomorrow, "Date? So we're finally going on a date." she smiled while looking at his message in a daze.

-

In the morning, Xu Nuan was looking at her messy wardrobe and sighed seeing that there is no suitable outfit for her to wear.

" I can't believe that the superstar Jiang Yue who used to have a wardrobe room filled with expensive and branded clothes and luxurious accessories doesn't have anything to wear for a date." She sighed while thinking about what to wear.

It's already 7 in the morning and she needs to get ready by 10 as he has messaged her last night.

Just as she was pondering about what to wear, her doorbell rang.

"Who is ringing the bell, early in the morning?" She murmured before she went to open the door.

When she opened the door, she frowned seeing that no one was standing there. " What? Was that a ghost who rang my bell?" she said while looking around the empty corridor.

She looked at Han Zihao's unit, whose door was closed. She pursed her lips and wondered if he could play pranks like this on her.

She shook her head and was about to close the door when she noticed a white box placed in front of her unit, wrapped in a red ribbon. She squatted down to look at the box that was beautifully wrapped.

" To the beautiful monkey!!" she chuckled upon reading the note. She glanced at Han Zihao's unit and couldn't help but smile. " What? Since when did he become so romantic?" she wondered and picked up the gift to take it inside.
