

My Evil Genius Wife

Volume 1

Chapter 160 - Christmas Date (1)

Xu Nuan pursed her lips seeing his dark expressions and said, " I wasn't planning to use a dating app. It just happened impulsively. I was so angry at you at that time, that I tried to get back at you by using a dating app and make you jealous but who would have thought that this plan would backfire on me." she said with a heavy sigh.

She has to admit that she has the quality to make things worse for herself. No one can ruin her the way she does it herself.

He frowned upon hearing her words. " You were angry at me? And why so?" Han Zihao folded his hands in front and demanded an explanation from her.

She pursed her lips tight and hesitated before explaining, " Well, the day I heard you calling me monkey on the phone, I got so angry at you and wanted to show you that I am not a monkey and have people who think that I am beautiful and charming. I heard that there is this dating app which allows people to rate your profile and it's not easy to get a good score you know."

He raised his brows and looked at her in amusement. Who said that she doesn't have any charms? The problem is, she has too many charms and it's now becoming a worry for him. Her overflowing charms keep attracting the bees and it is annoying, seeing her being unaware of that fact.

She cleared her throat when she saw his expressions turning grim and avoided his gaze, she continued, " I also heard about it that it's quite popular among people these days and since I didn't get the chance to try this dating app thing before, so I downloaded it to see how it works." she said, her voice became lower seeing his expressions.

In her past life, she never got the chance to try such things as she was already a popular figure and there was no way for her to try such things.

"And you won't believe what score I got? I got a 4.7 score as soon as I made my account. Haha, can you believe it? It was the highest score on the app to date." She laughed, thinking about how she got the best score.

However, upon noticing that his expressions were turning gloomy, she pursed her lips and said, " But I uninstalled that app in an hour. I didn't even chat that much with anyone and even forgot about it. However, that stupid creep has to come over and ruin our perfect date. What a mood pooper he was." she sighed, seeing how he ruined this perfect moment.

Han Zihao pursed his lips and sighed upon hearing her words. So she downloaded a dating app just to see why it is popular among young people? However, he couldn't help but be amused at the way she talked. She was acting as if she does not belong to this generation, isn't she young herself?

In the car, Xu Nuan glanced at Han Zihao who was driving with his cold expressions. Although she has explained everything, he doesn't seem to be happy.

'Is he still angry?' she wondered. She pouted as he hasn't even glanced at her since they left and was taking her somewhere for the second part of their date.

' I can't let our first date be ruined by that creep's drama. I need to do something.' she pursed her lips and glanced at him.

She cleared her throat and turn to him while her hands curled up in fists and looked at him with her sparkling eyes, " Han Han, aarre yyou sstill aangrryy?" she asked while speaking in her nasal voice, trying to be cute to him.

Han Zihao who was driving, sensed her looking at him but kept his face straight and continued driving. However, when she heard her words, his eyes widened in shock and he almost lost his control over the steering wheel.

Thankfully, there was no traffic at the moment otherwise it would have been very dangerous. He glanced at her nervously and got surprised seeing her staring at him with her puppy-like sparkling eyes.

He pursed his lips and took a deep breath to control his heart that has been racing like crazy seeing her acting cute to him. Han Han? He couldn't help but keep thinking about how she called him Han Han which sounded sweet as honey to him.

He took a deep breath and focused on driving, ' Focus on the road. Let's not make it our first and last date.' He thought and tried to focus on the road, and not be distracted by her puppy-like eyes that were looking at him earnestly.

Xu Nuan raised her brows seeing him ignoring her like this. What? Did he just ignore me?

" Hah!" she couldn't help but scoff seeing how he ignored her even though she put her self-respect at stake and tried something that she hasn't tried in her whole life.

' Hah, how can he ignore me like this? I, the Superstar Jiang Yue acted cute for him, and yet he ignored me.' she pursed her lips and looked out of the window, feeling hurt that he didn't even say anything and ignored her.

'Wait, was it that bad that he has no words to describe how bad it was? I knew it! I just can't do cute concepts. Only sèxy concepts suit me.'

Han Zihao who was driving glanced at her and saw her mumbling while looking out of the window. He couldn't help but smile at how weirdly cute she can be. More than her acting cute, her being strange looked cute to him.

' Ah, I must be stupid to think that her psychopath actions can be considered cute.' He shook his head when such thoughts popped into his mind.

' Psychopath? Are psychopaths allowed to be this cute?' He glanced at her sneakily while driving and saw her frowning and cursing him under her breath. He couldn't help but chuckle at her strange actions.

Han Zihao parked the car in the parking space and turned to her. He raised his brows seeing her sleeping soundly on her seat.

He pursed his lips seeing the hair strands that were covering her face and her lips were slightly curved into a smile while she was sleeping with her guards let down.

" How can she fall asleep when we have just started our day?" He wondered while looking at her face, which was shining due to the sunlight fell on her face.

" Who told you to drive like a turtle then?" He got startled when she suddenly spoke with her eyes closed, making him stare at her in shock.

She opened her eyes and stretched her hands and looked around, " Where are we?" She asked while yawning.

"...."

He pursed his lips and wondered if this is how everyone acts on their first date?

" Get off. We have arrived." He said, getting out of the car. She frowned and raised her brows seeing him leaving her behind in the car.

Just as she was about to open the car door, he pulled it from outside, " Come down." He said indifferently, making her stare at him in surprise.

'Just kill me already. Don't make me feel guilty by acting so gentle with me.' she pursed her lips and cursed herself for being so stupid and downloading that app.

Why do I feel as If I cheated on him without being in a relationship yet?

She got out of the car and was in her thoughts and wondering if the whole day gonna be like this.

" Where are we- Her eyes widened when she saw where they were. She has didn't imagined even in her wild dreams that the President of Han Corporation, Mr. Han would bring her out on their first date to this place.

She looked at him in shock, but he only rubbed his nape awkwardly and said, " Let's go."
