

# My Evil Genius Wife

## Volume 1

### Chapter 254 - I like this reward!

Xu Nuan was caught off guard when he suddenly walked to her side and kissed her. Since she has put a kissing ban on him, he didn't dare to make such advances on her since she had told him that she will extend this ban if he doesn't comply with this punishment.

However, now when he kissed her, she was too lost to think about that. Rather than pushing him away, her hands moved on their own as she wrapped them around his neck.

She pulled him closer and kissed him back with the same passion and energy. Her mischievous hands were caressing the back of his neck as he deepened the kiss.

She let out a moan when he bit her lips to enter her mouth. She groaned and pulled his hair in revenge.

He couldn't help but chuckle at her childish behavior. To provoke her even more, he bit her lips again.

She frowned. 'Are you a dog or what? Act like a human.' she said while glaring at him.

He didn't say anything but kissed her again. She could hear his throaty laugh which made her smile too.

To not allow him to do whatever he wants, she bit his tongue when his tongue tried to explore the insides of her mouth.

'Ah,'

He gròànéd in pain and when he opened his eyes to glare at her, she giggled against his lips while kissing him. 'Tit for tat.'

She winked at him and tried to block every attempt that his tongue made, with her tongue.

They were fighting, but with their tongues.

As a few moments passed, she could feel her body temperature rising when his curious hands started to roam on her body, exploring her curves.

As the kiss was getting intense, he suddenly stopped and pulled away from her. He stood up and stared at her and panted as he watched her enticing expressions that were making him hard to stop.

Xu Nuan was confused when he suddenly pulled away from the kiss. What happened? She opened her eyes and stared at him in confusion.

He smirked seeing her puzzled expressions and said, ' Seems like you're not a cry baby since you didn't cry with me for breaking the kissing ban.'

'...'

She gritted seeing the playful smirk on his lips. How can he....she couldn't help but scoff when she realized that he was taking revenge on her for leaving him in the middle last time.

He was teasing her but his eyes were moving from her eyes to her lips, staring at her lips that were now moist and wet after the kiss.

His hand naturally reached to her face as he wiped his saliva from her lips with his slightly rough thumb, making her heart miss a beat.

Her eyes widened at his small, but seductive gesture which caused her face to turn crimson.

She swallowed her saliva and before he could say anything else, she grabbed his t-shirt's collar and pulled him closer, as she whispered, 'To hell with the kissing ban!! You're allowed to do anything tonight since you worked hard by carrying my shopping bags all day.'

-

He was surprised when he heard those words from her. He stared into her eyes and found her gaze as intense as his. The fire that was igniting inside him, she was feeling the same.

'I like this reward.' He said in a low voice, before picking her up.

'Ahhh...what are you doing?' Her pupils widened at his sudden action as she squealed in surprise when he picked her up from the stool.

Unconsciously, she wrapped both of her legs around his waist and wrapped her arms around his neck to balance herself. She looked like a clingy koala attached to him.

'What are you doing? Put me down?' She demanded. His sudden actions made her face become crimson.

How come his actions are getting bolder and bolder as she is getting to know him?

He looked at her and said, ‘ Do you want to do it outside ? I am not interested in presenting a free show to others.’

Her eyes widened when she heard his words. She looked around and realized that their balcony is visible from the other buildings and they can be seen like this from someone else’s balcony.

Even though it’s dark and nobody could see them, it’s still not a good idea to be lovey-dovey outside.

But she couldn’t help but look at him with a glare, ‘ What...what do you mean by doing it outside ? What are we doing ?’

He smirked and leaned closer as he whispered, ‘ We’re doing what couples do. Something...dirty ?’

She stared at him in shock. She stared at him with her widened eyes and her lips were parted apart in a shock.

Seeing her making a cute face, he couldn’t resist her cuteness and before she could recover from the previous shock, he captured her tempting lips again.

-

He carried her to the living room while kissing her. While holding her in his arms, he pulled the string to make the curtains fall and hide the outer world behind them.

Now there were only two of them in the room.

He is gonna make this a special night.

He led her to the couch and gently placed her down. Her hair was already in a mess, making her appear even more alluring

than ever. Her black shorts were short enough to reveal her smooth legs.

He swallowed the saliva hard when his eyes fell onto her rose-like soft lips that were now swollen. Even though she was covered in sweat, she still looked beautiful.

He looked down at her and said, ‘ You said I was allowed to do anything, right? You can’t take back your words now.’ He said in a low-raspy voice.

She was panting from the kiss earlier and could feel her heart beating faster than ever. His bold words made her feel even weaker and she couldn’t help but swallow her saliva and nodded.

However, her inner-self was screaming inwardly while jumping all around the house.

‘Shit, shit, shit.’

‘This is going too fast. I never thought that a kiss would lead to this stage.’

Although she had been in a relationship in her last life, they never reached this stage. She never allowed Qin Ju to do all of this.

But when it comes to Han Zihao, she doesn’t want him to stop. Is it strange?

‘ But....since when did he become so bold? Was he always like this?’ she wondered.

The guy who always avoided her and made her do everything in the first place was leading her now. What kind of twist is this?

He càressed her nape with his lips and reached to her earlobes, making her wriggle in his arms. She tilted her head to the side unconsciously.

‘ Urrmm,’ She mòànéd when he blew air in her ears. Her body felt like it was not hers and was possessed since she was making weird kinds of noises.

She was getting embarrassed at the noises that she was making but it was difficult for her to not do so. These sensations were something she had never experienced before.

The theoretical experience that she has from the èròtiç novels and comics was in the drain when it comes to the practical session. This feeling was something indescribable, out of the world.

While his lips were busy giving her butterfly kisses on her lips, cheeks, and earlobes, his hands slowly made their way to her two heavenly mounds.

He hesitated but seeing her eyes closed and lost in plèàsurè, he didn’t stop and covered her mounds with his hand, over her t-shirt. She trembled at his touch but when he started to massage them slowly and started playing with them, she couldn’t help but mòàn in plèàsurè.

‘ Zihao...’ she called out his name when she felt the heat reaching to her head. Her legs were claspig on their own.

Upon hearing his name, he looked up and stared into her eyes.

‘ Say it again.’ He demanded.

She looked at him in a half-minded state, ‘ What?’

‘ Call my name again.’

She pursed her lips in embarrassment and repeated his name in a low voice, ‘ Zihao. Is that fine?’

‘ No! Keep going.’ He said.

As said this, he started leaving small butterfly kisses on her nape, reaching to her collarbone, and slowly made his way to her heavenly breasts. His mouth was about to give her the best pleasure of the night when they heard a familiar sound.

~ Ting~Ting~Ting~

Xu Nuan, who had her eyes closed, snapped her eyes open when she heard the sound. She looked towards the door and looked at Han Zihao, who was lying on her and was leaving sweet kisses on her collarbone in horror.

‘ Han Zihao, stop it.’ She said, but he didn’t listen to her and continued to make her skin red with his actions.

‘ I SAID STOP IT.’ she shouted and slapped him hard on the shoulder.

He groaned in pain and stood up, looking at her in confusion. ‘ Now what? Don’t tell me you’re planning to punish me again.’

She immediately stood up and started fixing her clothes, ‘ SOMEONE IS COMING.’

‘ Hmm? Who can come when the door is-

~Ting~Ting

His eyes widened when he heard the sound of someone putting the password to unlock the door.

He gritted his teeth and helped her fix her clothes before standing up to see who had dared to ruin their moment. He will kill that person tonight.
