

# My Evil Genius Wife

## Volume 1

### Chapter 26 - How can you open door like this?

Xu Nuan stared at her phone in a daze after he hung up the phone.

‘ Is he trying to back off from his promise?’ she murmured as she remembered what happened this morning.

When they gave her a ride to her home in the car, he told her to eat healthy and fresh food since the doctor had told her to keep her meals in check.

She didn’t bother much since she has got a little used to his nagging at her like a mother.

She casually told him that she can’t cook so that’s why she orders her meal. When she couldn’t take his suspicious gaze she asked him to sponsor her meals from Jade Island Hotel. Since he has a membership card, she can make some use of it.

She was expecting him to react annoyedly and ignore her words but he asked, ‘ Why do I have to let you use it?’

She shamelessly replied, ‘ Because you owe me. You almost killed me, you should at least compensate me by filling my stomach. Also, I would have ordered my meals myself if I wasn’t required to have a membership card to make orders there.’

She just said this casually but she didn’t expect him to agree to her words. She was pleasantly surprised when he said ‘Okay’ to her demands.

...

She rubbed her hair embarrassedly. At that time, she shamelessly asked him to sponsor her meals but food comes before any embarrassment.

She has always been very picky when it comes to food. She has always eaten the food that her father used to cook since her mother didn't know how to cook. However, after her parent's death, she eats only to fill her stomach and nothing else.

However, when she first tasted the lobsters from the hotel Jade Island, she just couldn't forget its taste. She used to go there so much that she became the regular there.

After debuting and earning enough, she has eaten almost every day at that hotel.

She pouted her lips and murmured, ' I hope he doesn't back off at his promise and sent me some delicious food. Ah, I am hungry. ' She rubbed her stomach as she laid on the couch lifelessly.

....

\*Ding\*

Xu Nuan who dozed off on the couch, jerked up when she heard the doorbell. She frowned and looked at the time

It's 9:30 pm. It's been half an hour since she talked to him.

' Did he send the delivery ?' Xu Nuan rubbed her eyes and hurriedly wore her slippers and walked towards the door.

She excitedly opened the door hoping the delivery man was standing there with her food.

‘ My food. My foo...‘ she was shouting like an overly joyed kid but her words shut up when she saw Han Zihao standing in front of her door.

‘ Mr. Han ? What are you doing here ? ‘ She was confused seeing him there rather than the delivery man.

Han Zihao who was standing outside her door, with a white bag in his hand. His expressions were indifferent as always but when he saw her, his eyelashes fluttered and he looked quite nervous.

‘ Mr. Han ?‘ She called him when he didn’t say anything.

‘ You...how can you open the door like this ? What if someone else was on the door instead of me ?‘ He said while stuttering a little.

‘ \_ \_ ‘

She pursed her lips as he looked a little cute acting like this. However, she couldn’t understand what he meant by opening the door like this ?

She furrowed her brows and looked at her clothes. Her eyes widened when she realized that she was wearing a long dress t-shirt and slippers only. Moreover, since she was home alone, she wasn’t even wearing her bra.

Generally, she doesn’t open her door wide like this. She takes her order by opening a little and goes back to her work.

‘ Just...just a minute.‘

\*Slam\* she slammed the door with a force and ran inside her bedroom.

.

She hurriedly put on the shorts and \*bra\* of course. She didn't change into a whole new dress, just fixed it a little bit.

‘ Come in.’ After changing, she went to the door and let him in.

He glanced at her and entered the house. He looked around the house and was impressed by how it was decorated.

It was simple and elegant.

‘ You can sit anywhere. Please make you...’ she was about to say to make himself comfortable when she saw him staring in a certain direction.

Her eyes widened when she realized that he was looking at her garments which were on the corner of the couch. Since she lives alone, she puts her bra anywhere, whenever she removes it.

She hurriedly reached out and picked up the \*clothes\* on the couch. She first hides them behind her back holding in her hands and throws them to a corner after making sure that it's far and safe.

‘ \_ \_ ’

Han Zihao was speechless seeing the way she was acting. She could have gone to the bedroom to put her clothes back, but she ruthlessly threw it away.

He never saw any girl being so aggressive towards their clothes like this before.

He cleared his throat and sat on the couch and placed the bag on the glass table.

‘ Erm..let me bring you a glass of water.’ Xu Nuan felt suffocated being in the same place with him, moreover, it’s not any place. It’s her house.

It was not uncomfortable when they were in hospital because there are still people around them. But right now, they were alone in this large home. Technically, they are the only ones on this floor since the house opposite to her is empty.

This thought makes her more uncomfortable.
