Chapter 284 - Official Trip (III)**

Han Zihao almost lost his balance when he saw Xu Nuan coming towards him, wearing a red bikini. She had tied her hair in a messy bun and was revealing her slender neck to him.

She was looking like an ethereal beauty in a two-piece bikini. The off-shoulder top was defining her shoulder line, meanwhile, the high waist bikini bottom was enunciating her curves perfectly.

The red color was flattering her jade-like milky skin and was making it glow under the moonlight.

She always looked good in anything she wore but she was looking exceptionally lethal in this swimwear.

He never thought that she would pick a bold color like red to wear at the hot spring.

He gritted his teeth as he could already feel himself getting impatient and the warm water of the hot spring was not helping in any way to calm his nerves.

Xu Nuan noticed his shocked expressions from afar and was pleased by his reaction.

She slowly approached him and looked down at him in surprise. She raised her brows to see him not wearing anything on top and he was only wearing his trunks at the bottom.

'Damn!! He has a hot body!!' She bit her lips as she was shocked to see his perfectly toned body and muscles.

The last time when they made out at Han Mansion, she was the only one, lying in the bed almost nàkèd, while he was fully clothed.

That time she couldn't see his sculpture-like body and now she realized what she was missing.

' Ah, Xu Nuan, what are you thinking ? You're not here for this.' she shook her head to clear her head.

' I can't be like this. Don't be so perverted.' She repeated this in her mind multiple times to keep her sanity.

While she was busy staring at his body shamelessly, she heard him cough to clear his throat.

When she woke up from her stupor, she found him looking away in embarrassment.

'Hmm ? What just happened ?'

She was confused seeing his crimson ears. Why is he suddenly blushing ?

' If you have stared enough, you should come into the water. Otherwise, you'll feel cold outside.' He said, making her blush this time.

'Was I being so obvious ?'

She nodded and slipped inside the water and sat beside him on the rock.

She was indeed feeling cold. To make his eyes wide in shock, she didn't wear a robe over it. But while she was coming here, she was shivering like an abandoned puppy in the rain.

After soaking for a while in the water, Xu Nuan's white skin started to become crimson due to the hot water.

She could feel her muscles relaxing and it was soothing and comforting to the point that she started to feel sleepy.

She was resting with her back against the wall, with her head back and eyes closed.

‘ Ahh, it's soo good. I can even sleep here.‘ she mòànéè in a low voice.

While she was enjoying the soak and forgot about her mission, someone was being tortured by her unknowingly. Although she wasn't doing anything deliberately, her every action was torturing him, making him groan in frustration.

Han Zihao was sitting beside her, but seeing her eyes closed and relaxing like this, he was feeling uncomfortable.

She was making weird noises with her eyes closed and mòàning, making him shift his position multiple times due to discomfort. She was mòàning because she was feeling good and relaxed due to the hot water but her mòàning was making it difficult for him to control.

‘ Ahhh, it feels so nice. I wish I could stay like this forever,’ she commented again. Her low-raspy voice made him frown.

He gritted his teeth, ‘ You... you’re doing this deliberately, aren’t you ?’

She was perplexed upon hearing his strange question and opened her eyes to look at him.

‘ I haven’t even done anything yet, what is he talking about ?’ She wondered.

She looked at him in confusion and found him staring at her intensely, ‘ What are you-

However, before she could complete her words, he held her by her shoulders and smashed his lips against hers.

Xu Nuan was caught off guard by his sudden kiss but eventually gave in to his passionate kiss.

Before she knew it, her body started to respond to the kiss and she wrapped her hands around his neck and pulled their bodies closer.

She gasped when she felt their bodies sticking to each other and she could feel his bare chest coming in contact with her body. This warm feeling only heightened due to the hot water and despite the weather being cold, she was feeling extremely hot.

While his hands were busy exploring her curves, his lips were making her lose her mind.

‘ Ummm...’ she moaned when he breathed in her ear and nibbled on her earlobe, making her arch her back in anticipation. She grabbed his hair and started pulling on them in anticipation.

After playing with her earlobe, he moves back to her lips and then to her nape, placing butterfly kisses on it.

Their bodies were sticking together and she could feel the changes in his body as well. Her breath hitched as she tried to ignore it but her face was turning red at the thought of what it was.

‘ Han Zihao....’ she moaned aloud when he started to massage breasts with one hand over the bikini while caressing her exposed back with the other.

While his hands were seizing her curves and were making her feel good, his lips were engaging her in a passionate kiss, making her breathless.

After kissing for a while, Xu Nuan was out of breath and could feel her lips getting tired. She tapped him on the shoulder to stop him.

Han Zihao was so lost in the moment that it took him a minute to understand her indication. He reluctantly pulled away from the kiss and looked at her in confusion.

For a moment, he got worried that she might be feeling uncomfortable by his sudden move and was thinking to stop it, but to his surprise, she pointed to her back while panting heavily.

‘ Ah?’ He exclaimed in bewilderment, not understanding what she meant.

Xu Nuan took a deep breath to see him not understanding what she meant and said, ' This....it's so uncomfortable here. My back hurts.' she cried in pain.

Since she was resting with her back against the hot spring wall, the sudden kiss pushed her back and she could feel her back being scratched by the rough, stoney wall.

He frowned and looked at her back. Seeing her reddened skin, he started to feel bad that she was in pain all this time.

' It must have hurt.' He touched her back and cåressed it gently.

Xu Nuan observed his worried expressions and could see that he was truly feeling bad for this. It wasn't his fault yet he was looking at her like this.

She sighed and shook her head, ' Why are you like this ?'

Han Zihao, who was busy rubbing her back to make her feel good and soothe the irritation, was surprised at her comment.

' And what am I like ?' He counter-questioned her, making her chuckle.

She leaned closer and held his face between both of her palms. She stared into his clear eyes and said in a low voice, ' You're the finest man I have ever seen. And I am glad that this man is mine now.'

' I can't imagine what would have happened if I hadn't met you in this life.' She smiled and pecked him on his nose.

Han Zihao was surprised by her sudden sweet comment and was about to kiss her again but she pushed him away and said shyly, ' Even though we're alone here, it doesn't mean that we should continue this here.'

He looked at her with wide eyes and waited for her to confirm if he was thinking right or not.

However, to his surprise, she leaned in and whispered in his ears in a low voice, ‘ We should continue what we stopped back then, don’t you think so?’

After this, he didn’t need more words from her side. Her words were clearly hinting at the events of the night that they spent at Han Mansion and he got her message very well.

Without waiting for anything, he got out of the hot spring and pulled her out as well.

However, before she could react, he picked her up in his arms, making her squeal in surprise. ‘ Then...Let’s go and finish what we left undone earlier.’

Xu Nuan giggled and wrapped her arms around him and kissed him on his cheeks, ‘ Let’s go!!’
