## Volume 1

### Chapter 312 - Be well!!

After meeting Mr. Tang, Xu Nuan went straight to the practice room to see the girls. When she entered the practice room, the girls were practicing their dance routine and seeing Xu Nuan standing at the door, they stopped and turned to see her.

Everyone was surprised to see her smiling and was staring at them in daze. Even though she was smiling, her complexion looked strange.

Song Ai frowned and wiped her face with a towel before walking to her, ' Xu Nuan, did you run here? Why are you sweating so much and why does your face look so red?'

'Ah?' Xu Nuan was confused. She was excited to see them after hearing what Mr. Tang said but she didn't run here.

Does her face look red? She wondered.

Xu Nuan didn't say anything to her and stared at Pan Lan who was still avoiding eye contact with her and was rolling eyes at her before turning her back to her, scoffing at her.

Xu Nuan chuckled seeing her acting cool and walked to her and hugged her from back tightly, ' Oh, Pan Lan. What do I do with you? Why are you so cute?'

' I knew it. You're my cold baby!!' She squealed in happiness. These girls are not just her artists that she managed but they become part of her life.

Her baby girls!!

Pan Lan was surprised at her sudden childish behavior. She tried to free herself from her grip and shouted in disgust, ‘ Are you crazy ? Why are you being so clingy ?’

Lai Yi laughed seeing the two and commented, ‘ Pan Lan, are you sure you don’t like it ? Because you’re clearly blushing right now.’

Pan Lan glared at her, ‘ Shut up.’

She frowned at Xu Nuan’s hands that were wrapped around her. ‘Erm...Will you remove your hands, You’re pressing my breasts.’ Pan Lan frowned while trying to remove her hands off her.

Xu Nuan shook her head stubbornly and said, ‘ Don’t lie. I am not pressing anywhere, I can’t feel anything squishy-squishy.’

‘Pfft.’ Sun Ya choked on her water and struggled to not dirty the floor, while trying to hold her cough.

Song Ai chuckled, ‘ Pan Lan, Xu Nuan is indirectly saying that yours are small.’

‘ I am not small!! It’s because of this loose t-shirt and over jacket that it might look like this. Xu Nuan, you’re wrong. I am not small.’ Pan Lan protested.

Xu Nuan laughed and felt so much better seeing them bickering with her like this, just like before.

After she separated from her, she looked at Pan Lan and Sun Ya and said, ‘ Thank you so much for what you did. The trust you have shown in me, I will definitely work hard to not let you all down.’

Sun Ya glanced at Pan Lan and smiled, ‘ well, we wouldn’t have gotten angry at you in the first place if you had informed us first yourself.’

‘This company is no good anyway. If you hadn’t insisted back then, we couldn’t have managed to debut either. It’s all because of you, how can we let you go alone?’

‘ So you better treat us better later. I want the biggest share in the payment. ‘ Pan Lan added, making Xu Nuan nod in happiness. ‘ Sure. I will give you the smallest share if you insist.’

‘ I said the biggest!!’ Pan Lan hissed.

Xu Nuan grinned, ‘ I will do my best. I will make sure to not break your trust this time.’

‘ This calls for a group hug. Let’s gather around.’ Song Ai clapped and urged everyone to gather for a group hug.

‘ We’re the best!! We’re the knights!!’ They shouted before raising their hands.

Lai Yi pursed her lips and glanced at Xu Nuan worriedly, ‘ Xu Nuan, are you unwell? Your hand is so hot.’

‘ Ah, it’s nothing. It must be because of the hot weather.’ She shrugged.

Song Ai frowned and placed the back of her hand against Xu Nuan’s forehead. ‘ OMG Xu Nuan. You’re burning. You should go to the hospital.’

‘ It’s nothing. Once I take the medicine, it will be okay. I can’t take a break, I have a lot of work to do. ‘ she explained.

‘ Oh shut up. Go home and rest. You’ve been working like a robot for the past few days. Do you want to faint before leaving this office?’ Pan Lan said irritatingly, seeing her stubbornness?

Even though they were not talking to her, they have seen her working nonstop. She even skipped her meals multiple times and was walking to and fro in the office.

Why does she have to work so hard?

After everyone starts to nag her, Xu Nuan has to leave the office to return home early. It was only past 2pm when she packed up her stuff and left the company to go home.

—

Han Zihao was in his office and was busy with his work when his phone started to ring.

He glanced at his phone with a smile, hoping it to be Xu Nuan but frowned when it was not her.

He frowned to see the number of the security guard of their building.

He has told him to look after Xu Nuan's unit and inform him if he sees anyone suspicious around the building or her place.

Since she works in the entertainment industry, crazy fans can come to look for her, especially when she is gaining popularity these days.

'Did something happen?' He wondered before picking up his call.

As soon as he answered the call, the guard on the other side said, 'Sir, I am the security guard of Glory building. Your girlfriend, who lives in the unit opposite yours-

Han Zihao frowned, 'What about it? Did someone ask you about her?' He asked in worry.

'Did you see anyone suspicious near the building?'

‘ It’s not that. A few minutes ago, someone found her unconscious in the elevator. She has been taken to the hospital. It will be better if you can go there.’ He said.

While he was working, a lady called him about the emergency situation and how she had found Xu Nuan in the elevator and they called the ambulance.

After she was taken to the hospital, he was reminded of Han Zihao who told him to inform anything related to Xu Nuan.

‘ They have taken her to the Life hospital. It would be better if you can go to the-

The guard paused when he didn’t hear anything and realized that Han Zihao has already hung up the call.

‘ Did he even listen to my words? He did, right?’ he wondered.

—

Feng Sheng was about to knock on the door when Han Zihao’s office door was pushed open from inside.

He was startled but before he could remind him about the next meeting in 10 minutes, he realized that Han Zihao was looking strange and was walking to the elevator.

He even ignored Feng Sheng who was standing right in front of him and didn’t stop even after hearing his voice.

‘ Sir, are you going somewhere? You have a meeting in 10 minutes with the clients.’

Feng Sheng pursed his lips and followed him behind, ‘ Sir, Are you going home? What should I do with the meeting? It will be difficult

to reschedule it since they're going abroad for a trip at night.' He said while following him.

Han Zihao entered the elevator and looked at him, ' Xu Nuan is in the hospital. I am going there. You know what to do now. Don't you?'

Feng Sheng nodded and didn't ask anything. He is working with Han Zihao and he knows his personality well.

Seeing how much he cares for Ms. Gu, it would be weird for him to not go to the hospital and stay at the office.

After Han Zihao left, he immediately got onto his work and contacted the secretary of the client to inform them of the changes in the schedule.

' I hope Ms. Gu will be fine.' He thought while making a call to the client's secretary.
