

My Evil Genius Wife

Volume 1

Chapter 32 - I want your body.

Han Zihao's expressions stiffened when he heard her question. He was caught off guard by her sudden bold question.

He stared at her and frowned, ' And why do you think that I like you ?' He said coldly.

Although his expressions looked indifferent and unbothered, he was trying to hide his nervousness. How can he be affected by a girl's stupid question ?

Xu Nuan narrowed her eyes and stared at him carefully.

Her lips curled up in a charming smile as she said, ' Mr. Han, you might think I am naive since I am young. But for your information, I am 21 years old. I am an adult, though I am younger than you but I have knowledge for other things as well.' She stuttered while saying her age. It was hard to remember that she is now 21 years old, not 25.

' I know that no man will stay at the hospital for a woman just because he had paid for the hospital room. And that too, not a general ward but a VIP room. Why ?'

' I also know that no man would be crazy enough to pay for a woman's expensive meals just because he pity on her. Our deal was until the day I discharged from the hospital, however you still agreed to buy me meals. Why so ?' She said while holding her chin with her hand and looked at him provocatively.

‘ Similarly, no man will come to a girl’s house all the way, just to cook for her. I asked for the food delivery but there is no need for you to come all the way here.’

She took the cushion from the couch and placed it on her lap while folding her legs in a cross, which revealed her smooth legs to his sight since she was wearing a t- shirt dress.

She placed her elbow on the cushion, supporting her chin with it and leaned forward, staring at him with her charming eyes, ‘ There are only two reasons that a man will do all these things for a girl. First, either he loves her, or second, he wants something from her.’

‘ And coincidentally, Mr. Han, you have done all of this. So tell me, what is your reason for doing all of this ? Did you fall for me at the first sight or you want me to help you with something ?’ She played with her hair strands rolling them around her finger as she stared at him without blinking her eyes.

Han Zihao was speechless hearing her words. He was not expecting her to say such words so boldly.

Ahem He cleared his throat and placed his laptop away.

He stared at her and said, ‘ You’re right Ms. Gu. I have a reason for doing everything. However, it’s not because I like you. It’s because I want you to do something for me.’

She stared at him and waved her hand, signalling him to continue.

‘ I knew it. He is as sly as a fox.’ she nodded as she understood why he was doing all of this for her.

Han Zihao looked at her and said in a deep voice and poker face, ‘ I request you to never use your wild brain. Not everyone does something for a reason. ‘

‘ _ _ ‘

She was caught off guard upon hearing his reason.

What? She was not expecting this. She was thinking about some kind of deal or contract.

Doesn't every rich man woo the beautiful yet vulnerable girl using contracts in those fantasy novels? She has been transmigrated into a weak vulnerable girl. He has been showing his pity but shouldn't he use any reason to cover up his kindness?

.

That's too boring.

Her lips curled downwards but she felt a little satisfied in her heart that he is not like other men who use her for their own benefits.

She cleared her throat and raised her brows, ' Mr. Han, I am giving you one last chance. You have done so much for me, you can ask anything from me. I will try my best to fulfill your wish, except...my body.'

' I am not the type of girl to thank you using my precious beautiful body.' She said while covering her body with her hands and blinking her eyes.

‘ _ _ ‘

He snorted seeing her drama again. She started again.

' Hmm.' He pursed his lips and thought for a while.

' So you wanna thank me? Hm.. there is something that you can help me with.'

‘ What is it ?’

His lips curled up in a sly smile as he said, ‘ But...you can only help me with your body. Other than that, nothing else is of my use. ‘ He folded his hands around his chest and leaned back on the sofa lazily.

‘ What ?’
