

My Evil Genius Wife

Volume 1

Chapter 326 - Surprise III

‘ Ah..’ Xu Nuan let out a noise when Han Zihao put her on the bed. She was lying straight on the bed, with her legs slightly dangling off the bed.

Han Zihao didn’t give her any chance to escape from his grasp as he hovered over her and trapped her between his legs by putting them on each side of hers.

Xu Nuan stared into his eyes that were full of lust and desires. She had no plans to play the shy-girl card either.

As he put her on the bed, her silk robe slid off her shoulder, revealing her cream-like white and smooth skin. Since she was wearing a strap nightdress, it was showing off her defined collarbone and was tempting Han Zihao to dive into the bouncy cave.

However, rather than capturing her lips right away, he took his sweet time to admire this beauty in front of him and was staring into her sparkling clear eyes. .

She just took a long-refreshing bath and her chestnut brown hair was still slightly damp. They were sprawled across the white bedsheet covered with rose petals.

Since their faces were so closed, he could feel her chest heaving up and down and could feel her hot breath on his face. How can this girl look beautiful every time he sees her ?

She looks as fresh as a newly blossomed flower when she wakes up in the morning, she looks beautiful as an ethereal beauty when she dresses up, how come she is so perfect? He wondered and was thinking how lucky he is to have her in his life.

Xu Nuan chuckled when he continued staring at her and was admiring her. She wrapped her hands around his neck again and caressed his face with a finger, ' You got a lipstick mark here.' she said as she caressed his lips slightly with her thumb.

Before coming out of the bathroom, she applied a bit of the makeup that she took to the bathroom earlier and didn't forget to put on her red lipstick before coming out. She wanted to make this surprise special for him by doing all of the things that she had thought of.

Han Zihao grasped her wrist and while staring into her eyes, he kissed the inner side of her wrist, making her blush.

' Don't remove it. I am going to eat all of the lipstick off your lips anyway.' He commented, making her chuckle in embarrassment.

She was trying to take lead here yet he is making such comments to make her flustered. As she was trying to control her laugh and was trying to put on a serious and seductive look, he leaned closer and put pressure on her with his body.

Before she could react, he captured her soft lips. He sucked on them and kissed her mindlessly. Unlike her slow-teasing nibbling, he kissed her passionately and invaded her mouth with his tongue upon finding an opportunity.

She moaned in pleasure and caressed his hair with her hands up and down as he kissed her. From her lips, he moved her to ears, collarbone, and finally stopped at her neck.

His lips gently caressed her neck, sending an electric shiver to her body.

While he was busy kissing and sucking on her neck, his hands were feeling her body. Before she could realize what's happening, he undid the ribbon of her silk robe and let it fall off her body, revealing her bare shoulders.

His hands caressed down her bare shoulders and moved down to the black lace hem of her dress. He let his hands explore her body and slid them under her nightdress. As soon as his cold hands touched her bare skin, her eyes flew open as she realized that she was being led by him again.

No!! She can't let this happen tonight.

Before his hand could move upwards to the desired destination, she grabbed his wrist and caught him off guard.

He opened his eyes and looked at her in confusion, not knowing what's going on in her head.

'What's wrong?'

She smirked at him and said in a low voice, 'Mr. Han, do you remember when I promised to give you a surprise at the villa?'

He pursed his lips and frowned, 'Yeah. You cheated me and made me help you in packing to come early in exchange for your mysterious surprise that never happened. It's been long since we came back from the villa and there is no news of the so-called surprise of yours.' He hmped.

‘ Well, today’s arrangement is supposed to be your so-called ’surprise’. Do you hate it?’ She asked him.

His lips curled up to see her mischievous expressions and shook his head, ‘ Oh, I love it.’ As said this, he leaned down to kiss her again but she put a finger on his lips and pushed his head back.

‘ Now what?’ he stared at her in frustration. Does she seriously have to play quiz-quiz with him at this ’important’ moment?

She smirked, ‘ Well, this is not the only surprise that I prepared for you.’

‘ It’s not all? But it’s enough for me.’ He said impatiently and tried to kiss her again but she stopped him once again.

Seeing him getting frustrated, she was elated. ‘ Well, you will be disappointed if you don’t see the real surprise that I have prepared for you.’

He frowned. What is so important that he will be disappointed if he doesn’t see it? He wondered.

‘ Okay fine. What else is there to see?’ He knew that she won’t let him have his way until she is done with her surprise. And now, he was also curious as to what else she has to show him.

Xu Nuan pushed him to the side and got off the bed. She didn’t pick up her silk robe and walked to the drawer closet in the room, in her red-silk nightdress that was barely covering her thighs.

Han Zihao gulped seeing her walking like this in the room and felt extreme discomfort down there. He was getting impatient here but she was taking her sweet time doing whatever she wanted to do.

Xu Nuan opened the top drawer of the closet and glanced at Han Zihao before taking out the things from it.

First, she put the Bluetooth speaker on the table and connected it with her phone, and played sensuous jazz music on her phone that was now resonating in the room, living up the romantic, èròtiçal mood.

Han Zihao pursed his lips and frowned, seeing that playing music was her surprise. Rather than listening to music at the moment, he was interested in listening to her calling out loudly as they made love in the bed.

Just as he thought that she was done with her so-called music, she pulled out something else as well from the drawer and smirked at him when she glanced towards him. However, before he could see what she took out from the drawer, she hid it behind her back, leaving him all curious.
