

My Evil Genius Wife

Volume 1

Chapter 327 – Surprise IV

After playing the music on her Bluetooth speaker, Xu Nuan hid the thing she took out from the drawer behind her back and walked towards him with a smile on her lips.

Han Zihao was confused at her mysterious actions and deep down he was also anticipating something special. The slow-jazzy music was doing its magic, making the atmosphere even more *erotic* than ever.

Xu Nuan stood in front of him and smirked at him, ‘ Remove your t-shirt.’ She ordered him.

He stared at her for a moment before removing his t-shirt with no questions asked.

She pursed her lips when he threw his t-shirt away and was sitting on the bed with his *nude* upper body. Even though she has seen him like this before, she can never appreciate his body enough.

The toned muscular abs and the tiny mole on his *chest* were enough to make her ears turn red. She gulped excitedly before leaning closer to him.. She sat beside him and moved closer to kiss him.

Han Zihao also responded to her kiss and was so lost in it that he didn’t realize what she was doing to him.

His eyes snapped open when he heard a clicking sound. He frowned and when he looked down at his hands, he realized that she has handcuffed him with red-colored handcuffs.

‘.....‘

He was speechless to see the red handcuffs. Not even the silver or black, but...red?

‘This...what is this? Xu Nuan, it’s not a time to joke. Open it.’ He said impatiently. He was waiting for this day for so long and was waiting for her to recover well all these days.

He wants to hug her, kiss her and do everything that he was dreaming of all these days. How can she restrict him like this on the D-day?

Xu Nuan let out a chuckle seeing his flustered expressions and waved the small key in her hands, ‘Do you want this? Well...it won’t be that easy.’

Han Zihao pursed his lips and lunged at her to grab the key from her. However, she giggled hard and pulled her hand away, protecting the key with all her might.

She wants to take the lead tonight but he always beats her to it and intervenes in it. That’s why she had to take this severe measure this time. Also, she wanted to try something unique and spice up the things to make this surprise more memorable.

But she wasn’t expecting him to get this impatient and bicker with her like tom and jerry.

Xu Nuan gritted her teeth when he kept attacking her to grab the keys and was using his height to take it back from her.

So he is using his tall height against her now? Very well!!

She swiftly moved out of his trap and opened the window in the room and threw it out of the building.

‘Now you can take the key.’ She smiled.

‘...’

Han Zihao was stunned when he saw the precious key falling down the building. He frowned at Xu Nuan and upon realizing what she had done, she also shifted at her position awkwardly.

‘ Well, you...shouldn’t have used your height against me. That’s cheating.’

He scoffed at her excuse and went to sit on the bed, ‘ Now what are we going to do ? We don’t even have the keys.’

‘ Am I going to be handcuffed like this all night ?’ He said in frustration.

Xu Nuan laughed awkwardly. Did she make a mistake ? She was planning to hide the key somewhere else but he attacked her too soon and wasn’t patient just how they show in movies.

That’s why she shouldn’t have trusted the references given in the movies. It never goes the same.

—

Han Zihao was sighing heavily after what just happened and was trying to break the handcuffs when Xu Nuan suddenly came to him and pushed him lightly on the bed, making him lay flat on the bed.

He stared at her in surprise when she climbed on him and sat on his stomach, with her legs by his sides. She put his hands above his head and said, ‘ Do you think the surprise is over ? Even though we don’t have the keys, we still can do many things. Don’t you want to try them ? Huh ?’ she asked in a low voice while cārëssing his face with her finger.

Before Han Zihao could realize what's going on, she leaned in and started kissing her lips. However, unlike the last time, this kiss was more passionate and intense.

He gròànéd when she kissed him and càrèssed his neck with her soft hands at the same time. She was sitting on his stomach, making him restless.

He could feel the heat rising in his body and along with the heat, something else was rising up as well. He clenched his fists tightly as he was urged to hold her tight in his embrace and kiss her relentlessly but these bloody handcuffs were not letting him do what he wanted.

Why are they so strong? Shouldn't they be cheap and weak so that they could be break-free anytime?

From his lips, she moved to his ears, just like do and bit them gently making him groan in pain and plèàsurè. After his earlobes, she moved to his jaw and nibbled on it softly before making her way to his neck.

She looked up at him to see his reaction and could see his face turning crimson and could feel his restlessness through his low grunts and how his stomach was tightening up.

' Xu Nuan, please...' He gritted his teeth but she simply chuckled and continued her slow-caressings and teasings.

She càrèssed his neck with her lips and bit on it slowly before kissing it gently. After treating him with the same pampering package as he did to her, she used her master card!!

She sat straight on his stomach and smirked before sliding downwards slowly, making her way to his manhood. His eyes widened in surprise and anticipation.

However, she stopped before she could reach down there and winked at him before she got off him and pulled down his pajama trousers along with his boxers.

Xu Nuan pursed her lips and gulped nervously seeing how big he was. She started to wonder how her body managed to take something big like this.

The human body is surely amazing. She thought.

‘ Do I have to take this thing in my mouth ?’ She wondered. However, she didn’t realize that she had said these words aloud.

Han Zihao laughed embarrassingly and said, ‘ You don’t have to do that if you don’t want to. You can simply use your hands...’ he said in a low voice.

He closed his eyes in embarrassment. This wouldn’t have happened if she hadn’t handcuffed him and threw the keys out of the window.

Just as he was thinking about how to deal with this awkward situation, he felt an electric sensation through him when she touched his manhood with her hands.

‘ Xu Nuan!!’ He called her name in surprise but she simply smiled at him and said, ‘ What ? You don’t want it ?’ She questioned him seriously. However, she was teasing him as he could tell seeing her mischievous smirk on her face.

He pursed his lips and was pondering what to say when she started moving her hands up and down over it, making him groan in pleasure. ‘ Yes. Yes. I want it.’

‘ But can you be a little faster ?’ He requested while covering his face to the side.

Xu Nuan couldn’t help but laugh seeing him getting all shy and embarrassed about it. He acts like a pro when he does the same to him, but now when it’s his time, he is getting all shy.

Well, that’s why she likes him. Her cute and clumsy Sloth Han.
