

My Evil Genius Wife

Volume 1

Chapter 34 – Unfortunately, I am alive.

Xu Nuan frowned reading all the comments and seeing those misleading pictures. At this point, she was not even shocked that Qin Ju had these pictures of hers with Lin Hui.

That man is such a bastard. He might have appointed a paparazzi to follow her and take such pictures of her.

And seems like the photographer had done a great job in taking those pictures.

She gritted her teeth and went to the official page of QY Entertainment to read the notice released by them.

‘ This is QY Entertainment. First of all, we would like to thank all the fans of ‘The Queens’ and Jiang Yue aka Ming Yue for supporting them unconditionally. This article is about the photos going viral on the internet. We have to say with a heavy heart that unfortunately, those pictures are true. However, it was the artist Jiang Yue and her manager Lin Hui’s personal affair and the company staff or other group members were in oblivion about their relationship.

However, it was wrong for an artist manager to be in a relationship with his artist. We can’t let go the issues raised by fans about the discrimination in the schedule division like this. So to keep the name of the company and affairs clean, the QY Entertainment had fired Lin Hui in the name for his indecent behavior and treatment towards the artist.

Please continue supporting the other members of The Queens and Hao Mei.’

[So those pictures are true? I still can’t believe that Ming Yue could do something like this. I suddenly feel disgusted that I stanned the person who took all the opportunities from others.]

[Oh shut up! Ming Yue is not a child. She can go out with anyone. I can’t understand why it is so wrong for her to get together with her manager?]

[If it isn’t wrong, then the company would not have fired him. After all, he was known as the ace manager. I am sure there must be something fishy. Maybe Lin Hui had used some underhanded tricks to get Ming Yue more offers.]

[I feel bad for other girls. Especially, Hao Mei, she is the youngest and was preparing for her solo debut which was supposed to be released after the group album. I hope she will continue to work even though they have disbanded. She did nothing wrong. She is such a pure soul. We don’t deserve her.]

Xu Nuan scoffed reading the notice and comments. Pure soul? From which angle?

She now knew that the people who pretend to be innocent and untainted have the dirtiest mind. Especially in the case of Hao Mei. She has a fairy-like image but she doesn’t hesitate to make out with her friend’s boyfriend behind her back.

She stared at the notice and couldn’t help but chuckle. So they are acting as if Lin Hui and she had committed some indecent act. Since she is not alive, he was doing anything to prove his point.

’ But unfortunately, she is alive. She won’t let her do whatever he wants.’

‘ Very good Qin Ju. I am glad you fired Lin Hui. You reduced my efforts this way. ‘ She chuckled as she picked up her glass bottle of strawberry milk and took a sip of it.

A glint of evilness flashed in her eyes as she started typing rapidly on her laptop. Her expressions turned cold as determination and fury filled her gaze.

She can ignore if they had only messed with her. But targeting the people who are close to her is not acceptable.

‘ Be ready Qin Ju, Hao Mei. Thanks to your so-called intelligence, you will get to see your doom sooner than expected.‘ She smiled slyly as she focused on doing her magic.

....

Hao Mei was in the midst of a press conference which she had arranged after discussing with Qin Ju. Just like him, she also believed that Lin Hui is the one who was blackmailing them.

It's better to attack first rather than wait for his move.

They not only fired Lin Hui but were also in the midst of the end of the contract with other members. Even though the contract is supposed to end this year, they are planning to end it sooner than expected.

The other two members were not in the mood to continue working either. Since they are too dedicated to Jiang Yue, her death hit them

hard, and not only that, this scandal made them repulsive against the company.

It's better to send them off rather than let them in the company and allow them to create trouble for them.

After the negotiation which was going on since Jiang Yue's death and the heated argument between them after the scandal, 'The Queens' were not only disbanding but the other two artists are leaving the company for good now.

At the press conference, there was Hao Mei, with other members, Luo Dan and Jia Wei.

Luo Dan was 23 years old and was two years younger than Jiang Yue. She was calm and composed unlike the other members and surprisingly good at cooking. It was because of her cooking skills, that Jiang Yue never had trouble in terms of food.

Next was Jia Wei, she is 24 years old and belongs to the rapper line. She was the ace rapper of the group. She was known for her handsome charm and was known as the girl crush. However, behind her strong personality, she hides a very cute and clumsy side of hers.

To her fans, she is handsome and sexy but to her members, she is clingy and a cutie. However, she is on par with Jiang Yue when it comes to temper and is sharp-tongued.

No one had expected that a success story of four women would take such a disastrous turn.
