### Chapter 38 – Press Conference IV

After the video ended, Jia Fei turned to the side and glared at Hao Mei with her blazing eyes. She clenched her fists and was about to teach a lesson to that double-faced bitch when the dark screen lit up again startling everyone in the room.

The screen brightened and blue colored large font words started to appear on the screen.

[ YOU THINK IT WAS OVER ? NAH..!! LET THE REAL SHOW BEGIN.]

Hao Mei's complexion became paler seeing the words on the screen. She looked at the IT staff who were trying to close this screen and was already worried because they can't figure out a way out to solve this situation, she shouted, ' Stop it. Stop it, you stupid useless morons.'

Qin Ju who was standing on the side was troubled and was worried about what was going to happen. The words and font were similar to the previous threats that he received. He gulped in nervousness, worried what else left to show to the world? Everything was open now.

But he was wrong. There is much more left to show yet.

'Oh My God. Isn't that the star photographer who used to work on 'The Queen's projects in the past? What are they doing together?' A reporter who was standing down the stage gaped seeing another video which was only a few seconds long.

‘ So Qin Ju was cheating on Jiang Yue and Hao Mei on Qin Ju ? That’s ridiculous.’ Another reporter commented while urging the cameraman to take a clear shot.

In the video, Hao Mei could be seen with a man kissing him passionately. Although it was only a few minutes long, it ruined Hao Mei’s whatever left reputation.

Qin Ju’s expressions turned gloomy seeing the video. His body froze on the spot as he couldn’t believe in his eyes. He left Jiang Yue for Hao Mei but she backstabbed him and was making out with another man.

He had done everything for her, he left the most beautiful girl who was loyal to him just for her and she backstabbed him ? He not only showered her with money but pampered her with care, by arranging the best opportunities for her. Her popularity soared in the last year because of him.

Hao Mei’s breath quickened from the shock and she slumped on the floor as her legs went weak from all the happening. Her face was stained with tears as she stared at the screen in a daze. She wailed as she covered her face to not let cameras take her picture. She was now in the most pathetic state.

Everyone thought that the show was over after Hao Mei’s video ended, however, the person behind all the drama had other plans. After the video, various pictures of bank statements and documents were displayed on the screen.

The picture was enlarged and could be seen clearly.

The reporters in the auditorium read the document carefully and gaped in shock, ‘ So the funds from the Youth foundation were going in the personal account of Qin Ju ?’ A reporter spoke out in shock

upon seeing the pictures of the transaction between the foundation's account and another account which was proved to be Qin Ju's secret account in other pictures.

After that another document was shown on the screen which astounded everyone.

' So...this was the fake will which was talked about in the first video?' A reporter asked while reading the contents of the documents carefully. In the first video, Hao Mei and Qin Ju talked about some fake will but they didn't take it that seriously since the sex scandal was much more controversial for them.

The pictures stayed on the screen for enough time so that they could take clear shots.

After the series of pictures, the drama finally came to an end.

[Qin Ju, Hao Mei, didn't I warn you before? You can fool alive people but not the dead. Have a hell life ahead.!).

After the last words shown on the screen, the screen went dark again.

Everyone held their breaths for a while, staring at the screen, hoping it would show something interesting again, but unfortunately it was the end of the show.

After some time, when everyone confirmed that it's not going to lit up again, people started whispering and were in a frenzy.

' OMG! He not only cheated on Jiang Yue but was trying to take her wealth as well? Ah, disgusting!' The reporters started whispering while the cameramen were taking pitiful shots of Hao Mei and Qin Ju.

'So the CEO of QY Entertainment was using the foundation as the source of taking money from everyone. So disgusting. How can he

take people's hard earned money which they gave for a good cause for personal use ?'

While reporters were whispering among each other, Jia Fei and Luo Dan were more shocked than them. They never accepted this from Qin Ju and Hao mei in their wild dreams.

Luo Dan's eyes turned red as she felt bad for Jiang Yue thinking how everyone betrayed her. Even after her death, they cant' let her rest in peace. Tears started flowing from her eyes as she remembered Jiang Yue's bright face.
