

# My Evil Genius Wife

## Volume 1

### Chapter 54 - I won't let him reject me!

Han Zihao was shocked upon reading the article that Feng Sheng showed to him. He thought that she had forgotten about him and the existence of the foundation where they met for the first time.

However, seeing that she donated half of her wealth to this foundation, does it mean that she remembered the foundation and him as well?

For him, the time he spent with her, he was the happiest. After his mother left, leaving him devastated, he found happiness with that little girl who used to follow him everywhere despite getting rejected by him several times.

In the beginning, he was not good at getting along with other kids, especially girls, so he pushed her away. But that girl was strangely shameless. She never stopped calling him brother and continued to follow him wherever he goes and when one day he got tired of her and decided to let her follow him.

That's how they became friends. Since she was younger than him, he used to play with her and take care of her. She was so childish that she always insisted on playing with teddy bears and called him Chin Chin's papa which was one of her teddy's names.

Han Zihao sighed as he laid on his hotel bed and reminisced about that young girl whom he never got to meet again after she shifted to another place. When he came back from abroad after completing his studies and was preparing to take over Han Corporation, he got to

know about the idol 'Ming Yue'. However, when he saw her picture in one of the magazines he was reading, he realized that she was his Jiang Yue, that same little girl.

He strangely felt the urge to see her again. He was hesitant, wondering if she still remembers him or not. On the day of her concert in a nearby city, he managed to go there to meet her. He was nervous and strangely excited but when he went there he found out that she already has a boyfriend. Even though he was right outside her vanity room, he didn't get the courage to see her. She was talking to her friends about her boyfriend and was boasting to them how well he treats her.

He felt something twisting in his heart and he just left without even meeting her. However, before he could leave, she came out of her vanity and saw him standing there. He thought that she was going to say something but she passed by him just like that. He felt something strange and weird that day. He remembered her but she didn't. He thought that she might have forgotten him, after all, she was so young. And more than that, he doesn't want to get hurt by the fact that she had forgotten him when he didn't. That's why he didn't introduce himself to her and left the area.

However, he never knew that he would be seeing her that day, for the last time.

‘ Ting‘

He removed his arm and looked towards his phone. He frowned when his phone rang and checked the message.

‘ Mr. Han, did you reach the hotel? You said you’re coming in two days right? I will come to your office directly, so do inform your receptionist this time. I don’t want to create drama like next time. You must be tired so I won’t disturb you anymore. So bye-bye. Have a happy journey and earn lots of money. Also, don’t forget to bring something tasty for me.! \*Wink\*‘

His lips curled up seeing the message from that little devil. What does he take him for? She is ordering him around like he is her boyfriend or something. He questioned himself but couldn’t help but smile.

However, his smile disappeared when he remembered something.

‘ Han Zihao, how can you be like this? It’s been hardly three months since Jiang Yue passed away and you’re thinking about another girl already? Was your love for her so weak that you get swayed by everyone?’ he scolded himself for being so indecisive. He is not that kind of man but this little girl kept checking his patience.

Strangely he was finding himself caring about her more and started to treat her unexpectedly nicely.

He can’t bear to get swayed away by any girl. Xu Nuan is a girl who got hit by his car and he has paid the compensation by fulfilling his promise. There is nothing more left between the two and there is no need to keep in contact with her.

‘ Yes. There should be nothing else between them.’

Lin Hui who was in his apartment and was preparing to leave the city was shocked when he received the lawyer’s call informing him about Jiang Yue’s will.

He was shocked, and emotional thinking that she remembered him and included him in her will when she doesn't need to. He sat on the couch in the living room in despair cursing himself in regret that he didn't chase her before and make her see the true colors of Qin Ju.

If he had done that, she might have been alive. Now the only thing that was left with him was her memories and those cars which she has left for him behind. However, those cars hold no value for him other than that, they are Jiang Yue's favorite cars.

'Jiang Yue, where are you?' A tear rolled down his cheek as he remembered how playful and a bright girl she was and lost her life at such a young age. There was a whole life in front of her but unfortunately, God has some other plans.

...

Three days later, Xu Nuan dressed up and left the house to meet Han Zihao at his office. After he came back from his business trip, he didn't even come to his house and stayed at the office.

She sent him multiple texts but he didn't even say a simple 'hmm' or 'k' and just ignored her. Ignorance was worse than half-hearted replies.

She walked to the receptionist who was on the phone and waited till she was free. After she was done, the receptionist was surprised to see Xu Nuan again. She smiled hesitantly and asked, 'How can I help you, Mam?'

Xu Nuan flipped her hair back while standing casually, she asked, 'Mr. Han in his office. right?'

The receptionist looked at her computer hesitantly and said, 'Yes. He is in his office.'

‘ Okay’ after saying this, Xu Nuan started to walk towards the Presidential elevator. The other day, Feng Sheng has given her the password for the Presidential elevator and has instructed her the directions to the Presidential office so that she can come upstairs directly without asking the directions to anyone.

‘Wait, Mam. I have to ask the Secretarial office first before allowing you to go up.’ The receptionist stopped her and knitted her brows before saying, ‘ Let me call them for you.’

She knows that Xu Nuan knows Han Zihao but she still can’t let her go like this. She needs to take permission before doing so.

Xu Nuan sighed and shrugged her shoulder and stood there casually.

After the receptionist called the Secretarial office, the girl knitted her brows and said, ‘ Mam, I am sorry. But Sir has denied your visit. You can’t go upstairs.’

‘ \_ \_ ’

Xu Nuan was preparing to walk towards the elevator but she paused in her steps when she heard her words. What ? He refused to see her ? Why ?

She walked towards the girl and asked, ‘Is...he busy ? Is he in the meeting ?’

‘Erm...I am not in a position to say this...but...he is not in the meeting. He does have some work but I don’t think it’s that much today.’ The girl looked around before spilling all the beans.

Xu Nuan’s expressions darkened hearing this. What the hell was he doing ? Why is he ignoring her ? She gave half of her wealth to him in the gift and this is what she receives in return ?

She sighed exasperatedly and fanned her face with her hands. ' Calmed down Jiang Yue. You need to understand that he is acting like this just because he doesn't know it's you, The Jiang Yue. Hoo.' she breathed out while replaying these words in her mind.

e.

When her patience was lost, she walked towards the elevator ignoring the receptionist's words.

' Mam, you can't go. You're not allowed to go. Sir has rejected you so please...' the girl was desperately trying to not let her go upstairs. She was afraid that she might get fired for not doing her work properly.

' What? Rejected me? Let me tell you, he can't reject me. I won't let him reject me. He is just acting like an old cranky Grandpa. I will go up and teach him a good lesson. You just see.' She said arrogantly and entered inside the elevator leaving everyone shocked and baffled.

The receptionist stared at the elevator closing and wondered if she said anything wrong.
