### Chapter 55 - SHUT UP!!

Inside the elevator, Xu Nuan who was burning in anger pursed her lips and wondered why he was acting this way. He was in the office and was not that busy, then why the hell was he ignoring her. She was busy thinking if she had done something wrong to piss him off while the elevator was moving to the Presidential office.

' He didn't find out that it was me who donated the money right? Or that I am Jiang Yue?' she thought but the next moment she shook her head and said, ' Not everyone is stupid to believe in such fairy tales. It might be a truth for me but for others, it will be nothing less than a joke.'

When the elevator reached the 23rd floor, she waited as the door opened, however, she stopped in her steps seeing Feng Sheng standing there, looking at her nervously. She could see his forehead covered in sweat, she shook her head and stepped out of the elevator.

' Ms. Gu, why did you come here? Didn't the receptionist tell you that Mr. Han doesn't want to meet you at the moment? You should go back if you don't want to experience his wrath.'

She stopped in her steps hearing and turned around, ' What? Wrath? Why? What did I do? Why is he acting like he is on his first day of period?' She said in annoyance.

Feng Sheng bit his lower lips trying to control himself from nodding at her comment. He cleared his throat and said in a low voice, ' Erm... actually he is acting like this since the business trip. I don't know

what happened to him but since he found out about the news that the late idol Jiang Yue has donated a huge sum to our foundation, he was acting grumpily. During the trip, he didn't eat anything properly and stayed in his room and always looked lost.'

Her brows creased upon hearing his words. He was acting like this since he found out about the donation? Did he not like that I donated a large sum to the foundation? Or he did not remember me at all?

She wondered if he had forgotten of Jiang Yue and was suspicious of her donation.

'It's such good news that we got such a big donation but I don't know why he was getting cranky like an old grandma?' Feng Sheng sighed while shaking his head.

She nodded and started walking towards Han Zihao's office without waiting. Feng Sheng's eyes widened when she walked off without any warning.

'Ah, Ms. Gu. Ms. Gu, you can't go in.' He tried to keep his voice as low as possible while trying to stop her but it was too late.

....

Inside the office, Han Zihao who was working frowned when he heard some noises from outside and when he heard Feng Sheng's voice, he froze. He thought that she might have left but she didn't?

He gritted his teeth and looked at his empty desk. He slammed and rummaged his drawers to find some files.

'Why the hell he doesn't have anything to do today?'

He was searching for his drawer when the door of his office was kicked open. He froze and looked up hesitantly. Even though she was wearing a sunflower yellow floral dress with her wavy hair resting on

her shoulders, she still looked intimidating with that scary expression.

She was looking at him with her poker face and since she was not reacting at all, it looked scarier.

‘ Ah, Ms. Gu, you can’t go in. You can’t kick the door, it’s made of Glass...’ Feng Sheng who was nagging her like a tired Mumma followed her.

Feng Sheng gulped seeing Han Zihao’s expressions darkening. He gritted his teeth and said, ‘ I am sorry sir. I will take Ms. Gu right away.’

He was about to pull her when Xu Nuan turned to him and said, ‘ Get Out!’

‘ Eh ?’

‘ I said go out. Because if you didn’t, rather than him you will see my wrath!’ she said while glaring at Feng Sheng with her dark expressions.

Feng Sheng shuddered and unknowingly he shut up and left the room. He even forgot that Han Zihao is his boss and not Xu Nuan. He just couldn’t help because her aura was too scary.

‘ I hope Boss doesn’t piss Ms. Gu anymore. Ah, she’s scary.’

....

Inside the room, Han Zihao stared at Xu Nuan and she was staring at him without blinking. Both of them were wearing indifferent expressions and didn’t look away.

This staring competition continued for a few minutes when Han Zihao asked, ‘ What are you doing here ?’

Xu Nuan's lips curled up in a smile. She folded her arms around her chest and said, ' Ms. Han, What do you think I am here for? I am hungry. Take me out for lunch.' she said without looking away from him.

He frowned and took a deep breath. In the end, he looked away to avoid her gaze. She was staring right into her eyes which caused him to feel uncomfortable. He wanted to make the distance between them but this girl was coming too strong.

He stood up and put his hands in his pocket and said, ' Why would I? I have paid the compensation for the accident as we have dealt and have done more than that for you. I have zero obligation to feed you. Don't act like we are close. I was acting to you nicely before because I pitied you and nothing else. So go away.'

He tried his best to keep a cold expression. His voice was loud and he knows that girls don't like this kind of behavior and that's how he has avoided many girls before. Moreover, since he has treated Xu Nuan nicely before, she might be more shocked and hurt right? She will never want to see me right?

He was standing facing the large window in the office and was looking outside through the glass. However, his heart was getting heavy when she didn't say anything.

'She is not crying, is she? Did I say too much?' His heart was getting heavy with every minute passed.

She didn't say anything for a while and just stood there on the spot while staring at photos that were placed on the shelf on the right. It was their childhood photos. He has placed their childhood photos even in his office? Why?

Her expressions softened as her lips curled up in a crescent smile. She finally turned to look towards the man who was standing facing the window and had his back towards her. He was trying to see her expressions through the side eyes but couldn't do so.

She shook her head and said, ' Do you think you can get away from me so easily? Tsk...Tsk. Mr. Han, you have underestimated me. I

. However, it was just an office, so I can come here easily. Now, stop acting like a spoiled kid and take me out for lunch. I am hungry.'

'\_ \_'

' I haven't even eaten breakfast just to come to meet you. If I fainted like before and something happened to me due to malnutrition just because you didn't agree to feed me, I will haunt you everywhere after my death. I was lucky that I survived last time but it won't be...' she continued blabbering as she walked towards the chairs placed opposite his desk and was about to sit down when he shouted.

' SHUT UP!!'
