

# My Evil Genius Wife

## Volume 1

### Chapter 59 - That girl is a devil!

Han Zihao was speechless when he heard her words. She really has a way with her words.

He sighed helplessly and said, ‘ That...degrees are not important but how can others know that you’re capable enough to manage a business? To make them invest in your business, you need to show them something, don’t you?’

‘ That’s why I came to you. You know how capable I am? You have seen the drafts of lyrics at my house, didn’t you? Also, you know that I am more than just a high school graduate, don’t you?’ she smirked as she said directly.

When he came to her house for the first time, her table was filled with lyrics of the song that she was writing and she knows that he has seen them. Not only that, in the hospital he had seen her laptop, while she was hacking Qin Ju’s phone. Seeing his expressions at that time, she was sure that even if he didn’t know what she was doing, however, he knew that she was not playing games at least.

Han Zihao stared at her and was unable to understand what she was planning. She doesn’t seem to back out from her plan. Her words were full of confidence and somehow he started to feel a little convinced as well.

‘ She does know how to talk eloquently.’

‘ What if I don’t agree to your offer?’

‘ Hmm...So I have to find someone else to invest in my idea. Since I know you, I thought why not help you make you richer, but if you reject me, I can go and search for someone else. The industry is big, someone will definitely agree to invest in my idea. After all, I not only have a pretty face and sèxy body but a cunning brain, you know.’ she said pushing her hair back, revealing her milky smooth neck.

His expressions darkened upon hearing her words. Is she even listening to what she is saying ?

‘ So you’re saying, you have to start your entertainment company even if I won’t invest in it ?’ he narrowed his eyes and his expressions turned gloomier.

She raised her brows and nodded. She has thought about this possibility and was doing some preparations if he didn’t agree. However, that was her last option. The best way to get investment is to get him to agree.

He pursed his lips and stared at her in puzzlement. This girl is too stubborn.

He tapped his fingers on the table as he continued to stare at her. Xu Nuan noticed his expressions and she could tell that he was considering her offer.

Her lips curled up as she picked up her phone and sent something on his phone. She looked at him and said, ‘ I have sent you my proposal. You can see and tell me if you’re interested.’

He raised his brows and picked up his tablet and opened her message where she sent a proposal file. He frowned a little seeing the well-made proposal. He wasn’t expecting this from her. He wondered if she let someone else make this proposal for her.

' Hah, she was offering him only 15 percent of shares ? She wants him to invest in her company which seems to have no future and was offering him only 15 percent of shares ?'

After reading the proposal, he placed it on the table and sighed. He picked up his wine glass and gulped it down in one go. He stared at her and said, ' No. I am not going to invest in your business. It's too risky.'

' \_ \_ '

Her expressions fell because she was expecting him to accept her proposal in the end. What is this ridiculous situation ? Her eyes widened in shock as she stared at him dumbfoundedly.

' Why ? Why are you rejecting it ? Every business has its share of risks. No business works without any risks.' she said while staring at him in urgency.

He sighed and said, ' Every business has it's share but a true businessman finds a way to reduce those risks. I can't invest in your company, which you're saying that it will become ridiculously powerful and rich in the future in this imaginary presentation.'

Her expressions fell but a ray of hope emerged when she heard his words.

' But..I have an offer for you.'

' Offer ? What offer ?' she asked excitedly wondering if he was having any second thoughts.

His lips curled in a smirk as he said, ' You did good research on Han Corporation but you ignored one fact. Han Corporations might not have extended its reach to the entertainment industry but I have acquired a small entertainment company recently. '

She was shocked when she heard this. Seems like she did ignore this fact. She was so focused on Han Corporations that she forget to check his background in detail.

‘ Although it’s been only six months since I have acquired this new and small company and it is short on staff and managers. So, if you’re that eager to open your own company, I can offer you to work in this relatively new company and learn some work before getting into a real one,’ he said seriously as he thought that he made a pretty much good offer.

He was sure that he would get annoyed and tired of this complex industry once she sees it’s reality. It’s colorful and glamorous from the outside but from inside it’s only a black hole.

She narrowed her eyes and a frown appeared when she heard her words. Hah, job ? She was thinking of starting a business and he wants her to get a job ? Very good.

She stared at him for a long while without saying anything. She started eating and didn’t even look at him.

He stared at her in daze and was confused when she didn’t say anything. He started to feel irritated seeing her ignoring his existence like this.

After finishing her meal, she stood up and started to walk out of the restaurant, without waiting for him.

Xu Nuan was silent and was sitting close to the window and didn't even look at him for once.

.

He glanced at her in between and her serious expressions made him somewhat uncomfortable.

However, she finally broke the silence.

‘ I will do it.’

He was surprised and turned to look at her in shock. What? She is agreeing?

Xu Nuan looked at him and stared at him with her dark brown eyes before saying, ‘ But I have a condition.’ she grinned while saying this.

He frowned and asked immediately, ‘ What condition?’

Her lips curled up as she smiled at him suggestively.

Han Liang was sitting on the sofa in the living room of the huge mansion when Grandmother Han walked in. He stood up and he gave her a tight hug and said, ‘ Grandma, I won't go to Brother Han's house from now on. He is so bad. He didn't even give me the food. He is so bad.’ he complained as he hugged her tighter.

‘ Ah, go away. You reeks of perfume. Have you sprayed perfume or have taken a bath in it?’ she committed while covering her nose from the strong smell of his perfume.

He frowns and sits away from her. He was speechless seeing his grandmother acting this way.

’ Why is everyone so mean in this family?’

‘ Did you find anything? Who is that girl? What is her name or what she does? Are they in a relationship or she is just another girl who is following him for his money?’ Grandma Han stabbed him with a series of questions without asking him if he wants to eat something or not.

He looked at her sullenly and pouted.

‘ Stop pouting and spill the beans!’ she said sternly which made him speak, finally.

‘ That girl....is a devil.!’ he leaned closer and said in a low voice, while looking at her seriously.
