

My Evil Genius Wife

Volume 1

Chapter 6 - Let's call the police

Gu Zhang frowned when he heard Xu Nuan's words. Xingren has told him that she and Xu Nuan went shopping together but she had to leave because of some urgent work, so she had asked Xu Nuan to take a taxi home.

Even though she wasn't there when Xu Nuan got into an accident, since Xu Nuan was wearing heels that day, it was uncomfortable for her and she was having trouble while walking.

When he found out that Xu Nuan got into the accident, he assumed from Xingren's words that she might have gotten into an accident because of her carelessness.

So he was a little confused when Xu Nuan said that it's not her fault.

' So whose fault is this? Xu Nuan, jumping in front of a car is not carelessness then what it is? If you can't wear heels then don't wear them. At least don't create trouble for us.' He shouted as he couldn't bear that she was arguing with him in front of Mr. Han.

Xu Nuan was speechless seeing the way he was acting. Heels? Really? They bought this ridiculous story?

' Hah, Mr. Gu, you're very naive. I never thought that it's so easy to fool you. Who said that I got into an accident because of my carelessness? And what does it have to do with the heels?'

Gu Xingren was standing on the side because she was nervous when she heard Xu Nuan's words.

‘ Xu Nuan, why are you being like this? I know that you’re hurt because of me. I know that you dislike the fact that I am staying in this house. I promise you, I will leave the house for good once you come back. But please don’t anger father because of me? ‘ She said with her choked voice.

Lin Ran’s heart ached to see the daughter whom she has raised and pampered for years, is talking about leaving.

She reached out her hand and placed on her shoulder, ‘ Xingren, how can you say something like this? Momma will not let you go anywhere. You’re our daughter, you’re Gu Xingren. You’re not going anywhere. Don’t even think about it.’

‘ And you. Xu Nuan, even though you’re our biological daughter, can’t you just be a little understanding? We have raised Xingren for years as our daughter, how can you blame her for taking your place?’

‘ You have always been living as Xu Nuan, then why do you want to snatch everything from Xingren? It won’t do any harm to you if you live peacefully with Xingren under one roof like sisters. Can’t you just understand a simple thing?’ Lin Ran was upset that she has to choose between her biological daughter and the one whom she has raised herself.

However, if she ever has to make a choice, she will undoubtedly choose Gu Xingren because she can’t deny the fact that all these years she has pampered her with all her love and care. How can she believe that she is not her daughter just because of one strange lady? Even if she is not her biological daughter, can her love be changed in a moment?

’This Gu Xingren has got some skills up to her sleeves.’

She took a deep breath to refresh her tired mind and said coldly while looking at Gu Zheng, ‘ Mr. Gu, I don’t know what your dear daughter has told you but let me tell you the truth. I wasn’t careless and playful while walking.’

‘ It was your dear daughter who pushed me on the road. Not only that, rather than calling for an ambulance, but she also ran away from there like she doesn’t even know me. ‘

‘ It’s not me who hates her but it’s her who always compares herself to me and looks down on Xu N...me.’ she fixed herself from saying Xu Nuan.

She was a little surprised knowing that it was Xingren who pushed her in front of the car. It’s all thanks to Xu Nuan’s memories.

Gu Zhang was dumbfounded when he heard Xu Nuan’s words. He unconsciously glanced at Lin Ran and then Xingren.

He wasn’t expecting this because Xingren has always been an obedient and hardworking girl. He knows her very well.

She is a kind and innocent girl, she can’t even kill a bug, how can she try to push her sister down the road ?

Lin Ran noticed the suspicious gaze of Gu Zhang and immediately came in front of Xingren, ‘ Gu Zhang, don’t be stupid. How can you believe the nonsense what this brat is saying ? Do you think that Xingren would really do something like this ? She doesn’t have any reason to do so. I am sure there must be some misunderstanding. Xingren cannot do anything like this.’

Xu Nuan scoffed at Lin Ran’s, protective motherly love. Lin Ran is indeed a good mother, but only for Gu Xingren.

Even after finding out that Xu Nuan is their real daughter and when she was brought back, she was not pleased with this arrangement.

For her, Xingren is her real daughter. It is understandable that she loved Xingren more. However, after knowing that Xu Nuan is her daughter, she can at least try to understand her and give her the love that she deserved and needed.

However, due to their unstable emotions, they all ignored the young girl who has come from the orphanage. She has lived in an orphanage without any parents and a family, but she felt more lonely and depressed after coming to the Gu family.

Her excitement died down seeing her own parents treating her like an extra and burden. Xu Nuan still never hated Xingren but she could feel the hostility coming from her.

Xu Nuan shook her head as Xu Nuan's saddening memories were making her feel a little depressed.

‘ If you all don't believe me, then let's call the police.‘
