

My Evil Genius Wife

Volume 1

Chapter 84 - How to woo a guy?

Han Zihao was savoring his simple yet delicious fried rice with instant meatballs and a fried egg for dinner. He chuckled remembering what happened a while ago before putting a piece of meatball in his mouth.

‘Hmmm...even though I didn’t make it, it does taste good. Instant food is not that bad after all,’ he commented. He had bought it because he remembered seeing her enjoying this many times. He just wanted to see how it tastes exactly. It’s not healthy like homemade food but it does taste good.

He took a spoonful of fried rice and put a meatball on it with the help of his chopsticks when he heard the sound of someone punching the password on his door. He rolled his eyes as he already knew who it was. Other than her, no one else knows the password.

He sighed and took the bite he made for himself before it was snatched away. He could hear the door opening and someone walking towards him in large strides.

‘What the hell was that?’ Xu Nuan entered and said irritatingly, seeing his mouth filled with the food.

He chewed on his food slower than usual, savoring its flavor which annoyed her to the core.

After he was done, he asked casually, ‘What? I am just having my dinner. And from the next time, don’t walk in like this. I need my privacy. What if I was standing here nàkèd?’ he reasoned with her.

She blinked her eyes, seeing him the way he was trying to divert the topic. She snickered, ‘ Well, that would be a sight to behold.’ she winked which made him blush.

Han Zihao coughed wondering why he was blushing. Shouldn’t she be doing that ? But this girl shamelessly finds a comeback to his words.

‘ Now don’t try to change the topic, Mr. Han. Why did you do that a while ago ? Why did you say those words to Yuhan ? Why did you embarrass me in front of him ? ‘ her expressions turned dark when she said that. She still can’t forget that humiliation and that questioning gaze of Yuhan.

Han Zihao stared at her indifferently and responded, ‘ Because I care about him. I know that you haven’t cleaned your house and it’s not a place for humans to live. So I just warned him. I didn’t stop him from going to your house.’

She chuckled hearing his words. This man wants her to lose her cool.

He stopped talking seeing her laughing creepily. He knows that he spoke too much. But...words cannot be taken back.

‘ Seems like you really like him. I should have stopped him so that you guys could have a private moment with each other,’ she commented which made his lips twitch.

‘Yum...even though your mouth is foul but you cook well.’ she pulled the plate of meatballs to her side by saying this.

Han Zihao chuckled seeing her snatching his food.

He didn't say anything and watched her eat. If this way, she can cool down then it's worth it.

-

' Mr. Han, how long are you planning to make me wait?' she said while putting the last piece of meatball in her mouth.

Han Zihao who was drinking his tea was surprised to hear her question. Her serious expression made it more difficult for him.

He looked away and responded, ' What? I don't understand what you are saying.'

She stared at him and saw him avoiding her gaze. They were silent for some time when she said, ' Ah, I think I am not doing things right.' she held her head down and looked at the empty dish.

He turned to her trying to understand the meaning behind her words. However, her serious expressions made him uncomfortable. She looked as if she was about to cry. Do his actions affect her so much? He felt troubled to see her overwhelming emotions.

She raised her head and said, ' I said that I will chase you but I didn't do anything to woo you, did I?' she took a deep breath and continued, ' I have decided. I will make you accept my proposal in the next two weeks. It seems like to make our relationship work, I need to put in some more effort. Mr. Han, just remembers one thing, I am gonna be hard on you once we are in a relationship. I will take revenge for the time you have made me wait. Just you wait, one day you will beg me

to marry you.’ she declared before standing up to leave which left him stunned.

She saw the bag she left in his car the other day on the lamp table beside the sofa and took it with her. ‘ Have a good night Mr. Han. From tomorrow, I am going to woo you properly. Be ready for the fun.’ she said while waving before closing the door shut.

Han Zihao was dumbfounded when she left the house. Woo him properly? He thought that she wanted to give up. This girl has another level of optimism and energy in her.

He chuckled and murmured, ‘ I am curious what you have to show me, Ms. Gu.’

The next day,

Xu Nuan woke up at 6 in the morning. Today is Sunday, so she doesn’t have to go to the office. She has already called the girls to wake them up for their morning workout. The girls have got used to the workout training by now, so she doesn’t need to go and force them to go out and workout. They are more worried about the debut than her. They also know how to take care of their bodies.

The reason she woke up early is not to train the girls, but to pursue her new goal. Get Mr. Han on his knees in front of her with a bouquet of roses in just two weeks.

She stood in front of the mirror and looked at her reflection with a confident smile, ‘ Let’s go Jiang Yue. You can do it.’

-

After an hour, she dressed up in a grey-white striped jogger's jeggings with a black crop hoodie. She grinned and styled her hair in a high ponytail. She turned to the side and looked at her reflection in the mirror.

' Hmm....Not bad Jiang Yue. Even though I don't have a toned body like in the past, the workout with girls helped me to lose some weight. I never thought that Xu Nuan tends to gain weight easily. If I had known, I would have focused on checking my calorie intake.' she sighed while caressing her relatively slender stomach.

When she woke up at the hospital in Xu Nuan's body, she assumed her as a skinny type because she was slim and pale at the moment. However, she forgot the fact she was in the hospital for three days, unconscious and was on fluids, without any solid food intake. After getting off the hospital, she filled her stomach like crazy and ate all kinds of foods without any thought.

She thought that since she is not an idol, she doesn't need to check her weight anymore. However, she regretted it after gaining a few more kilos which started to become visible on her body. Since she was an idol before, she started to become anxious after seeing the drastic changes in her figure. Although it made her look curvier and sexy, the time she spent on training with the girls, her body started to get in shape thanks to those morning workout routines.

After checking herself for the last moment, she left the house and ringed the bell of his unit. She wanted to unlock the door and enter but she decided to follow his instructions, for now.

'She wants to woo him, not scare him.'

Last night when she checked on the internet, 'How to woo a guy?' she found a lot of ways on the internet about it. She wondered who wrote

such articles, does their love life flourish after using such tips? There were suggestions like, smile more often, say thank you, don't dress too fashionably and so on. After seeing such suggestions, she decided to...ignore them.

Seems like either she has read the wrong articles or the one who has written such articles have never dated anyone. She asked how to woo a man and not how to be well mannered.

She frowned when he didn't open the door for a whole five minutes. Is he even awake?

'Should I just enter? I can respect his privacy later.' she wondered if she should go or not.

Just as she was wondering, the door opened. She got startled and stepped back in surprise.

'What are you doing here at this time?'
