

My Evil Genius Wife

Volume 1

Chapter 98 - It's a kiss for god's sake!

Xu Nuan's eyes widened when Han Zihao wrapped his arms around her waist and pulled her close, sealing her lips with his. Everything happened so fast that she was shocked and couldn't even react on time.

Her eyes widened as she stared at his closed eyes while he sucked on her lips hungrily as if he hasn't eaten anything in days. Well, she knows that it's not a way to explain how it felt but seeing his expressions that's what she thought for a moment.

The man who stayed still when she kissed him was sucking on her lips hungrily as if they are the sweetest thing in the world. She blinked while trying to keep her thoughts clear. Did he get convinced with my explanation? Are we dating now?

Han Zihao tightened his grasp around her waist and furrowed his brows, feeling her constant gaze on him. 'Do you have to stare at me like this at this moment?' he said against her lips unpleasantly. Her gaze could have looked romantic if she had been looking at him with her loving gaze but she was staring at him with her wide shocked eyes as if she had seen a ghost.

It's creepy because she was so close to him and those big eyes looked even bigger. Thank god it's not dark in the room otherwise she would have looked like a ghost herself.

After hearing his words, she woke up from her trance and blinked before closing her eyes. Although she is not a girl who gets shy easily and has watched and read those things which are not so innocent. She

knows everything about those things, in theory, it's just she hasn't applied it in practice yet. She gulped wondering if this kiss was leading to those not so innocent thinking?

However, she can't help but blush when he skillfully parted her lips and invaded her mouth to explore her insides. It feels so strangely good seeing him actively kissing her and not standing there like a mannequin.

The kiss intensified as his tongue played hard to get with hers, while she wrapped her arms around her neck to pull their bodies closer, now sticking together. She could feel his body heat and this moment was so intense that she felt that her heart would come out of her body.

After a while, he finally broke the kiss seeing her struggling to breathe. Xu Nuan panted and nuzzled in his nape after their intense kiss. Her legs were feeling weak and she was holding onto him for her dear life.

'What the hell? I never thought that kisses can be this tiring?' she wondered.

In her past life, she had kissed Qin Ju a few times but...they were not as intense as it is. Maybe she never felt such strong emotions towards him or was it because he was not a good kisser? Well, it's good that she has a little bit of experience and with that, she can say that he is amazing.

'At least I don't need to worry about my....let's not think about those things yet Jiang Yue.' she shook her head to remove all those impure thoughts.

She can't scare him with her fast forward thoughts....yet.

Han Zihao stood still and saw the way she didn't let him go even after the kiss and was resting her head on his nape. His lips curled in a smile as he felt a bit embarrassed about his actions.

He cleared his throat and said hesitantly, ' Are you going to stay there forever ?'

Xu Nuan who had her eyes closed chuckled hearing his words. This man knows how to ruin the moment.

She sighed and parted away from him. She looked at him and blushed to see those lips who just assaulted her soft lips.

'Calm down Jiang Yue. Calm down. It was just a kiss...AHhhh...It was a kiss for god's sake. And that too a long one.' she grinned while staring at his lips thinking that they finally had a proper kiss. She was having a hard time controlling herself to squeal out loudly.

Han Zihao raised his brows seeing her expressions and cleared his throat to make her realize that her stare was making him uncomfortable.

After a long silence and glancing at each other shyly, Xu Nuan breathed out heavily and said, ' So, why did you kiss me ?' she asked, making him startled.

He pursed his lips, not knowing how to respond to this question.

Xu Nuan frowned and asked again, ' Don't tell me you kissed me just to taste my beautiful sweet lips ? Mr. Han, even though I like you, but I can't allow this. Since you have kissed me, you have to take responsibility. No matter how much open-minded people have become, a kiss is still a kiss. You can't kiss someone just for curiosity and satisfy your lust.' she said bluntly.

Han Zihao choked on his saliva hearing her words. He was shocked when she exaggeratedly described her lips and he was speechless when she said that he was satisfying his lust.

What exactly goes on in this girl's head? Does she even think before speaking? Well, if she does then she wouldn't have said those words.

'Who said I kissed you out of curiosity? I was just...I was just trying to stop you from speaking further.' he said while looking away from her.

'_ _'

'Is he serious?' she scoffed after hearing his reply. She patted her chest with a fist frustratingly. He kisses like a brave tiger but he becomes a cat when it comes to accepting his feelings.

'That's not what I mean. I want to ask, so what are we now? I am sure you don't want us to be best friends after this intense kissing and almost makeout session? Mr. Han, I don't like to stay in the dark and make my life more complicated as it is. So tell me, are we dating now? Are you finally ready to give us a chance in our relationship?' she asked while the corner of her lips curved up in expectations.

She looked at him with seriousness while waiting for his response. He will say yes, right?
