

Merchant 1121

### **Chapter 1121 The Blood Pact Ultimate Fight officially Begins**

Zhou Luo felt that it was extremely exciting to be able to participate in a blood pact ultimate fight without fear of danger.

But now that the blood pact ultimate fight was about to begin, Zhou Luo became acutely aware that he was merely a king-class expert.

He was about to step onto the ultimate fighting ground and face off to the death against the arch-class experts.

Zhou Luo's heart started to pound wildly and a trace of worry coursed through him.

At that moment, Zhou Luo noticed a skinny figure wearing Sky City's mask step out of Lin Yuan's shadow.

Lin Yuan instructed the skinny figure to enter Zhou Luo's shadow.

Despite having a life-sized figure enter his shadow, Zhou Luo was shocked to find that he did not feel any different.

Lin Yuan noticed Zhou Luo's nervousness and said, "Zhou Luo, its power has reached pinnacle the arch-class. During the fight, you can do as you please, and it will guarantee your safety."

Previously, Lin Yuan had not revealed the Invisible Demon's true power to Zhou Luo, but he was doing so now to calm Zhou Luo's nerves.

When he heard about the Invisible Demon's power, Zhou Luo relaxed and thought, The acting lessons from Fei Qianqiong will finally come into use.

Thunderous drums sounded from outside the lounge at that moment, and the group walked out.

Lin Yuan saw many members of major factions seated in the audience section. There were even numerous Star Web reporters.

Almost half of the audience section was filled up.

On the opposite side of the fighting ground was the Zheng family.

Sun Ningxiang peered at the people from the Miao family and frowned.

She realized that the only main members of the Miao family that were in attendance were Miao He, Han Tianhe, and Liu Yanshan. All the others were unimportant members that had clearly come to watch the excitement.

Sun Ningxiang stared fiercely at the relaxed Han Tianhe and Liu Yanshan.

She was all too familiar with them.

They were the left- and right-hand men of Miao Zhenshan and were not the kind to gawk. Yet, they were here.

The more Sun Ningxiang thought about it, the stranger she felt it was. Suddenly, she inhaled sharply and thought, Can it be that Han Tianhe and Liu Yanshan are here to help with the Zheng family's blood pact ultimate fight?

But she thought about how Lin Yuan said he was prepared and forced herself to remain composed.

Lin Yuan was the Moon Empress' disciple. Even if Sky City lost the blood pact ultimate fight, the Zheng family would not be able to touch him as long as he revealed his identity.

However, it would be a huge blemish on Lin Yuan's ledger if he lost the blood pact ultimate fight.

He had obtained the Order of Radiant Light and was going to fight for a chance to become a Radiance Envoy.

This blemish would definitely affect his chances.

As his friend, Sun Ningxiang did not want this to happen.

Miao He yawned lazily.

He had initially arranged to meet with his friends, but his grandfather had instructed him to come.

Miao He had seen Zheng Kaiyuan's performance countless times in the Miao family. Hence, he was extremely annoyed by Zheng Kaiyuan. His displeasure only intensified after Zheng Kaiyuan tried to push all the blame onto Miao He in front of the Moon Empress' disciple.

Miao He knew that Zheng Kaiyuan was valuable to the Miao family. Hence, he did not oppose Zheng Kaiyuan publicly despite being the Miao family's new Eldest Young Master.

sar

The last thing he wanted was to share the same space as Zheng Kaiyuan or watch as the Miao family helped the Zheng family win the blood pact ultimate fight.

One of the Miao family's collateral descendants bowed to Miao He and said, "Young Master He, take a look and see. Zheng Kaiyun seems to be missing his legs."

Miao He immediately snapped to attention and looked toward the Zheng family.

The moment he saw Zheng Kaiyuan, Miao He looked up in disbelief before refocusing his gaze on Zheng Kaiyuan.

He could not believe that Zheng Kaiyuan had truly lost his legs.

Miao He smiled relaxedly. While on the way here, he had heard that the Zheng family had provoked Sky City at the entrance of the ultimate fighting ground. Did Zheng Kaiyuan lose his legs during that provocation?

Miao He could not care less about Zheng Kaiyuan losing his legs as the Miao family only wanted to use Zheng Kaiyuan to get to the Moon Empress' disciple. All Zheng Kaiyuan had to do was move his lips.

He wondered if Lin Yuan would even be willing to continue being friends with a legless Zheng Kaiyuan.

All Miao He had to do then was to curry favor with Lin Yuan. When Lin Yuan and he were acquainted, Zheng Kaiyuan would become worthless.

He remembered the way Miao Zhenshan had looked at Zheng Kaiyuan and felt that his grandfather would be the first to toss Zheng Kaiyuan out once he ran out of value.

At that moment, an elderly man dressed in purple robes walked to the center of the ultimate fighting ground.

The sound of drums started up again, and the booming sound reverberated throughout the entire ultimate fighting ground. The sound of the drums made every person's heart beat faster, and their excitement levels spiked.

The second the drums stopped, the elderly man announced, "The time is now. My name is Gu Han, and I'm in charge of the ultimate fighting ground. As of right now, I'm declaring that the blood pact ultimate fight between Sky City and the Zheng family shall start. Both factions' members shall remain where they are, and their three participating members shall step forward and stand in front of me."

Before Zheng Ji could take a step forward, Han Tianhe and Liu Yanshan circulated their spiritual power and flew over to Gu Han.

Han Tianhe and Liu Yanshan's actions stirred the entire area into an uproar.

Every person apart from the younger generation knew who Han Tianhe and Liu Yanshan were.

Before arriving, they all had already guessed that the Miao family would help the Zheng family.

However, none of them expected the Miao family to send out two of their thearch-class experts.

A question popped into the audience's minds.

Is this a blood pact ultimate fight between the Zheng family and Sky City or Connected Beast Park and Sky City?

Chapter 1122 Act Properly!

Han Tianhe might be slightly lacking to represent Connected Beast Park in a blood pact ultimate fight.

However, Liu Yanshan's fey was special, and he had what it took to represent Connected Beast Park in a blood pact ultimate fight.

How could such an expert help another faction's blood pact ultimate fight? What was the Miao family thinking?

It was no secret that Miao Zhuo and Miao Qi had been kicked out of the Guard Ye Banquet. The factions that had a bone to pick with the Miao family had been more than happy to spread the news.

Even some insignificant rising factions had heard of the debacle and were waiting to see the Miao family make a mockery of themselves.

This was actually the best time for the Miao family to put their defenses up and lay low. Yet, they were making such a serious move.

By sending out two thearch-class experts to help the Zheng family, it seemed that Connected Beast Park was being a big bully.

Thearch-class experts were clearly beyond the combat power of veteran factions.

Such instances of one faction helping another had happened before.

Dark Clouds Bird Shrine had risen quickly and continuously expanded into the avian-type fey market. It had only been a matter of time before they cut into the profits of other factions.

Not long after Dark Clouds Bird Shrine had become a veteran faction, a veteran faction that was one step away from becoming a top faction became angered by Dark Clouds Bird Shrine's increasing domination of the avian-type fey market. The faction had realized that the rate that Dark Clouds Bird Shrine was expanding at did not match the power of the experts they had.

The faction had decided to engage in a blood pact ultimate fight so that they could completely absorb all of Dark Clouds Bird Shrine's businesses and take the final step into becoming a top faction.

However, they had not expected Coiling Dragon's Valley to be supporting Dark Clouds Bird Shrine.

During the blood pact ultimate fight, Coiling Dragon's Valley had only lent Dark Clouds Bird Shrine a new thearch-class expert, but he was able to help Dark Clouds Bird Shrine win the blood pact ultimate fight.

After absorbing all the faction's resources, Dark Clouds Bird Shrine had been able to rise to become a top faction in just a few years.

However, lending a thearch-class expert to a veteran faction had significantly affected Coiling Dragon's Valley's reputation.

It was only many years later that this black mark in their history was slowly starting to become forgotten.

Nonetheless, people would still occasionally mention this incident. The people who talked about it most were Connected Beast Park.

Yet, Connected Beast Park was doing much more than Coiling Dragon's Valley had done.

The factions that were wavering in their partnerships with Connected Beast Park after the incident at the Guard Ye Banquet had all sent people to watch this blood pact ultimate fight.

All the audience members that had come from top factions frowned when they saw Han Tianhe and Liu Yanshan.

The people from the Du family cursed to themselves.

These idiots from Connected Beast Park are horrible! Can it be that Connected Beast Park has a grudge against Sky City because they are working with Condense Fairy Orchard? Or is the Miao family after Sky City's high-class Creation Master resources? If so, the Miao family can issue a blood pact ultimate fight challenge to Sky City themselves.

Although it would seem rather callous for the Miao family to engage in a blood pact ultimate fight with the recently established Sky City, it was downright despicable for them to lend two veteran thearch-class experts to the Zheng family for their blood pact ultimate fight against Sky City.

Gu Han had seen the name list for both parties.

He was not surprised that Han Tianhe and Liu Yanshan were helping the Zheng family with their blood pact ultimate fight.

However, he could not help but look at Han Tianhe and Liu Yanshan with bemusement when he thought about the people that Sky City was sending.

Zheng Ji steeled himself and walked to the center of the ultimate fighting ground.

He had wanted to stand beside Gu Han as the Zheng family's representative, but Han Tianhe and Liu Yanshan had already taken the space, and they clearly had no intention of moving for Zheng Ji.

Despite being the head of the Zheng family, all Zheng Ji could do was stand behind Han Tianhe and Liu Yanshan with a grim expression.

On the other side of the ultimate fighting ground, Lin Yuan nodded at Zhou Luo and Endless Summer.

Zhou Luo and Endless Summer strode toward the center of the ultimate fighting ground where Gu Han was.

When the audience saw the two people that Sky City was sending out, they erupted into excited debates.

"Damn! Did Sky City's third participant run away in fright at the last second? Why are there only two people? It's not surprising that they're afraid. I would be scared too! Sky City's City Lord must be absolutely terrified. After all, they had accepted a blood pact ultimate fight challenge from a veteran faction but are now facing enemies from top faction level!"

"You guys have heard of Connected Beast Park's Liu Yanshan, right? His main fey is the Ghost Arched Demon Beast, and it's considered the strongest spiritual-type fey of its grade. Apparently, anyone that meets the Ghost Arched Demon Beast's eyes will become terrified into submission. I think Sky City is done! Damn! Without Sky City, how am I supposed to fight for more Fate Letters? Down with Connected Beast Park and the Zheng family! When I get home, I'll write a 500,000-word post slamming the Zheng family and Miao family!"

When Endless Summer heard these voices, it was nervous for Zhou Luo.

But when Endless Summer used its aura to calm Zhou Luo, it found that Zhou Luo was not nervous in the least. Instead, he was walking with his head held high.

At that moment, it seemed as though Zhou Luo was more than just a king-class expert. He almost emanated the aura of a pinnacle thearch-class expert as he walked.

When Endless Summer turned and met Zhou Luo's gaze, it saw disdain in his eyes as he looked at Liu Yanshan and Han Tianhe. It was as though they were nothing more than pieces of trash that were dirtying his gaze.

Zhou Luo did not care about Zheng Ji at all.

Endless Summer suddenly thought about how Zhou Luo had said that he had to act properly.

It suddenly remembered that Zhou Luo had been spending many nights with Fei Qianqiong.

Could he have used that time to pick up acting?

Chapter 1123 Change Fighting Style

From the fierceness of Zhou Luo's gaze, Endless Summer felt that his acting skills outperformed those of Fei Qianqiong.

Gu Han asked Zhou Luo and Endless Summer, "Are all the participants from Sky City present?"

Endless Summer did not speak for fear of wrecking Zhou Luo's performance. It would leave the job of responding to Zhou Luo.

Zhou Luo muttered, "Yes."

His words sounded cold, cynical, and casual.

Gu Han waited for Zhou Luo to say more. But when he did not, Gu Han pursed his lips in annoyance. I'm in charge of the ultimate fighting ground. How can he speak to me so haughtily?

Han Tianhe and Liu Yanshan had glimpsed Zhou Luo's eyes through his mask. They were shocked by his gaze.

Zhou Luo's gaze screamed his stubborn determination.

This stunned Han Tianhe and Liu Yanshan, and they instinctively circulated their spiritual power to test Zhou Luo's power.

But almost immediately after, Han Tianhe and Liu Yanshan felt as though they had been played with and humiliated.

He was just a puny king-class expert! How dare he act all high and mighty?

Neither Han Tianhe nor Liu Yanshan liked to make a scene, and they were only helping the Zheng family on Miao Zhenshan's orders.

They knew how damaging it would be for the Miao family's reputation if they helped with the Zheng family's blood pact ultimate fight.

Hence, they had not wanted to come.

Moreover, both of them had bad tempers, Liu Yanshan especially.

His rage erupted when he heard Zhou Luo's nonchalant response, and he roared, "Lord Gu Han, I want to request for a change in the fighting style of the blood pact ultimate fight. I want to change the one-on-one fights into a group battle. This will make the fight go faster."

There were two styles of blood pact ultimate fights. The one that was most commonly used was the one-on-one style, where both sides would send out an expert to fight. The next expert would substitute the expert that died.

The expert that killed the other expert could decide whether or not he wanted to continue fighting or be substituted out.

This was the style that was unofficially recognized as the style of blood pact ultimate fights. If the competing factions did not make any special requests, the blood pact ultimate fight would automatically proceed with this style.

However, there was also another style of fighting, which was the group fight.

Group fights were not used often, and the competing factions rarely suggested it because it could allow the other group's feys to work together and build on each other's power.

Moreover, group fights could easily result in bloodshed and were more difficult to control than one-on-one fights.

Gu Han turned to look at Zhou Luo and Endless Summer as their agreement was required in order to proceed with the group fight style.

The moment Gu Han's gaze landed on Endless Summer and Zhou Luo, Zheng Ji knew that Gu Han had utterly slighted him.

He was the leader of the Zheng family, yet Gu Han had not asked his opinion at all.

It was as though he was not part of this blood pact ultimate fight at all.

Endless Summer waited for Zhou Luo to respond again.

Zhou Luo scoffed and shook out his sleeves nonchalantly as he drawled, "Sky City doesn't care about such trivial matters. It doesn't matter how we fight because the result will be the same. Only the weak will care about the style of fighting because it makes no difference to the strong."

Before Zhou Luo could finish speaking, Endless Summer heard the grinding of someone's teeth.

It looked over and saw Liu Yanshan and Han Tianhe glaring murderously at Zhou Luo.

The grinding sounds were coming from Liu Yanshan, and Endless Summer thought, Just how angry is Liu Yanshan? But I must applaud his teeth and how loudly he can grind them.

Nonetheless, it was not surprising as Han Tianhe and Liu Yanshan were thearch-class experts that were used to being venerated in the Miao family. No matter where they went, people would lower their heads.

There was no way to remain calm after hearing Zhou Luo call them weak.

Gu Han's eyebrow twitched wildly as this did not clearly indicate Zhou Luo's agreement or disagreement.

Gu Han asked again vexedly, "Does Sky City agree to change the fighting style into a group fight?"

When Endless Summer saw that Zhou Luo was about to speak, it hurriedly cut in and said, "We accept."

Endless Summer did not want to waste any more time. Saying too much would make Sky City seem shallow.

Moreover, Endless Summer had checked the time and saw that the show it had been chasing was about to start in less than an hour.

Endless Summer wanted to be done with the blood pact ultimate fight before the show started so it could see if the male and female leads in the show were going to end up together.

Gu Han waved his hand and announced, "Now, Sky City and the Miao family, er, the Zheng family's blood pact ultimate fight will change into a group fight. You shall use blood to protect the glory of your factions!"

The fight was about to begin officially.

Many people in the audience were fixated on Zhou Luo.

They all thought that Sky City had given up hope of winning the blood pact ultimate fight by only sending out two experts.

However, Zhou Luo had acted in a way that made them think that it was a last-ditch attempt to preserve Sky City's dignity.

Many people were moved by Zhou Luo's actions and became his fans.

These passionate young people had heard from their elders that Zhou Luo was only a king-class expert.

Chapter 1124 Two Creation Breed Feys

They never expected a king-class expert to be able to fearlessly stand toe-to-toe against thearch-class experts to the point of looking down on them.

He was so cool! How could there be such a courageous person!

After confirming the style of the blood pact ultimate fight, Zheng Ji was unspeakably disconcerted but could not say anything about it.

Besides the God of Strength Dung Beetle's injury, it was likely that he would be assassinated by Endless Summer during the group fight. If a being with thearch-class power unleashed its law world, it was possible to take out one of its opponents even with two veteran thearch-class experts around.

Hence, Zheng Ji felt that it would be best for him to retreat when the fight started and summon the God of Strength Dung Beetle to protect him.

The people in the audience all felt that it was ironic.

Liu Yanshan and Han Tianhe immediately summoned their own feys.

A shell the size of a small mountain appeared next to Han Tianhe. The shell moved every once in a while as though there was something alive within it.

It seemed as though the shell had not been cleaned in many years as plants had started growing out of the dust.

Suddenly, the shell jerked, and Lin Yuan saw a rust-colored sticky figure extending out of the shell.

The sticky rust-colored figure separated, producing the ear-prickling sound of viscous substances separating.

The sound was extremely revolting.

A world power with the aura of lava emanated from the fey and swirled around the ultimate fighting ground.

An intense heat rose from the ultimate fighting ground as though it had suddenly transformed into an active volcano.

A terrifying humanoid figure with pale ashy skin appeared next to Han Tianhe.

Its large eyes lacked eyelids, and its sinister gray eyes were bloodshot.

One look into those eyes, and one would be filled with suffocating panic.

The humanoid figure had five hands, and one was wrapped around its own neck.

The hand that was around its neck was severely shriveled and looked like nothing more than an accessory.

However, the fingernails of this hand were cutting into the skin of the neck and causing the humanoid figure to be constantly bleeding from its neck.

The humanoid figure's other four hands were twisted in a creepy manner and looked like four ribbons.

However, there was nothing elegant about the four arms as they moved stiffly as though the joints were rusted.

It was unknown how much blood was contained in the humanoid figure's body.

The blood flowing from its eyes and neck stained its entire body.

Every drop of blood that fell to the ground turned into black fog that seemed to contain the scariest things that people could imagine.

The terror perforating the air seemed to be able to penetrate a person's heart and show them what they wanted to avoid at all costs.

The moment Liu Yanshan summoned the terrifying lifeform, many members of the audience had their most serious fears come to

mind.

Suddenly, the strange lifeform laughed. Its laughter sounded like a strangled cry from a chicken.

Along with the laugh, a terrifying presence in the form of a world descended on the ultimate fighting ground.

This fear made the weaker experts in the audience howl in agony, and even the stronger experts started to sweat.

With the protection of the laws and Dark Death World on the Sacred Sword Wielding Queen's skirt, Lin Yuan was unaffected by the world powers of Han Tianhe and Liu Yanshan's feys.

From sensing the two world powers, Lin Yuan knew that both of them had summoned their Creation Breed feys.

This was unsurprising as Endless Summer had thearch-class power and would be able to kill any fey that was below its level.

Lin Yuan used True Data to check on Han Tianhe and Liu Yanshan's feys.

(Fey Name]: Earth Core Dragon Snail

(Fey Species]: Gastropod species/ achatinellidae species

[Fey Grade]: Sovereign (5/10)

(Fey Type]: Earth/Fire

(Fey Quality]: Creation IV

[Fey Name): Ghost Arched Demon Beast

(Fey Species]: Toothed-beast species/ ancient-beast species

[Fey Grade]: Sovereign (6/10)

[Fey Type]: Spiritual-type

[Fey Quality]: Creation V

Lin Yuan now knew that Han Tianhe's main fey was the Earth Core Dragon Snail and that it was an earth-type and fire-type Sovereign V/Creation IV fey.

His eyebrow twitched when he saw the Earth Core Dragon Snail's name, but a look of realization came over his face.

Normally, Myth II feys were able to change into human form. However, the Earth Core Dragon Snail was an exception.

The Earth Core Dragon Snail did have the ability to change into human form, but it was so lazy that it spent its days lazing in its shell. It was lazy to the point that it felt it would be a waste of energy to change into human form.

Unless it had no choice or was ordered by its contractor, the Earth Core Dragon Snail was happy to remain motionless.

as

In spite of its laziness, the Earth Core Dragon Snail's abilities and exclusive skills were exceptional, and it was clear that Han Tianhe had used a mountain of resources to nurture it painstakingly.

Its ability was Lava Ground Starch Area and could change the surrounding area into lava when used in conjunction with other abilities.

Within the lava, lifeforms would be burnt into a crisp.

The Earth Core Dragon Snail was also earth-type and could change the ground. This ability would act as an effective defensive and controlling method during battle.

It could even portion out the battleground and be counted as a strategic ability.

### **Chapter 1125 Time for You to Die**

Naturally, not even the Earth Core Dragon Snail's full power would affect the audience area.

No one knew why a thearch-class expert's power would be limited in the dueling grounds. This was the same situation as in the dueling grounds throughout the Radiance Federation.

This would ensure the safety of the audience members and was one of the ultimate fighting ground's secrets.

The Ghost Arched Demon Beast had much more exciting abilities and exclusive skills than the Earth Core Dragon Snail.

Lin Yuan had read Liu Yanshan's personal magazine and had his suspicions about the Ghost Arched Demon Beast's description.

He did not understand why the Ghost Arched Demon Beast was termed the most powerful spiritual-type fey of its grade.

But now that he saw its True Data, he finally knew that it was because the Ghost Arched Demon Beast had made fear itself its plaything

It could even use fear to control other feys.

Lin Yuan also knew why the Ghost Arched Demon Beast looked as horrifying as it did.

True Data stated that the Ghost Arched Demon Beast was toothed-beast type and ancient-beast type.

The fight between dragons and beasts had never ceased from the beginning of time. Beast-species feys with ancient beast bloodlines were as respected as dragon-species feys with main dragon-species bloodlines.

There were much fewer beast-species feys with ancient beast bloodlines than there were dragon-species feys with main dragon-species bloodlines.

It was clear from the data that this was not the Ghost Arched Demon Beast's true form.

The World Cleansing and Trial of World Creation would mold a fey's flesh. As such, there was no way that a fey would look so strange when it changed into human form.

The Ghost Arched Demon Beast's ability Cowardly Body was able to change its form and enable it to increase the effectiveness of its fear-type spiritual abilities.

Its spiritual energy would be locked on the surface of its body to increase its defense against defensive attacks.

The ability Pain Body was odd as it was unimpressive compared to the Ghost Arched Demon Beast's other abilities.

The ability that had caught Lin Yuan's eye was called Clutching Throat Final Goodbye.

The Ghost Arched Demon Beast's blood would not only send the target into a fit of fear but also place a curse on the target. The Ghost Arched Demon Beast's fifth hand would occasionally snap off on its neck, and the cursed target's spiritual world would be crushed.

Clutching Throat Final Goodbye was an ability that relied on spiritual energy.

Since the Ghost Arched Demon Beast was a spiritual-type fey, it had more spiritual energy than other feys of its grade.

As such, Clutching Throat Final Goodbye would allow the Ghost Arched Demon Beast to challenge feys of higher grades.

At that moment, Lin Yuan was delighted and badly wanted the Earth Core Dragon Snail and Ghost Arched Demon Beast.

The stronger they were, the happier he would be.

He felt that both of them would soon become thearch-class weapons free for him to wield.

Although the Ghost Arched Demon Beast was powerful at using fear as spiritual attacks, Lin Yuan was not worried at all.

The Invisible Demon had been born in the abyssal world and was accustomed to endless carnage.

It was not because the Invisible Demon was more powerful than the Ghost Arched Demon Beast but that the Invisible Demon had trained its mind to become almost impervious to fear.

After summoning his fey, Han Tianhe leaped onto the Earth Core Dragon Snail's body.

He plucked a fruit from one of the trees growing on its back and took a bite. He looked extremely charismatic.

Han Tianhe looked at Endless Summer and Zhou Luo as though they were corpses.

Liu Yanshan said sternly to Zhou Luo, "You people from Sky City sure are good at speaking. It's just a pity that speech is the most useless thing in the face of absolute power."

The entire audience was staring in shock at the Earth Core Dragon Snail and Ghost Arched Demon Beast.

Most of the audience members came from rising and veteran factions who never had the opportunity to interact with Creation Breed feys.

For many of them, this was the first time they were seeing Creation Breed feys in the flesh.

After a moment of silence, the audience madly started to take pictures.

The Star Web reporters were all snapping shots of the Earth Core Dragon Snail and Ghost Arched Demon Beast as these photos would become their treasures.

With the Earth Core Dragon Snail and Ghost Arched Demon Beast photos, they could earn a killing with their article regardless of what they wrote.

After a round of rapid shutter noises, the audience launched into enthusiastic discussions.

"Damn, is that a Creation Breed fey? It looks so cool! One part of me is trembling in fear, while the other side of me feels like it's going to be burnt into ashes. Sky City is done for. How are they going to beat two Creation Breed feys? I wonder what kind of explanation the Miao family will offer after the blood pact ultimate fight to explain why they lent two thearch-class experts to the Zheng family."

"When I get home, I'll eat grilled snails! Crap! My new idol is about to die!"

Some amongst the audience liked Zhou Luo and were on Sky City's side.

Naturally, some disliked Zhou Luo and Sky City and were on the Zheng and Miao families' sides.

"Hehe, Sky City's pompous words were nothing more than the ravings of the doomed! What can talking do for them? I don't believe they're still able to speak so flippantly now that they've seen the two Creation Breed feys."

**W**

The person who spoke was an elderly man.

But the moment he spoke, embarrassment came over his face.

Zhou Luo's voice drifted from the ultimate fighting ground. "You're right. It seems that you're a smart man. Since you're smart, you should know that powerful people's words carry their own kind of weight."

Liu Yanshan did not expect Zhou Luo to remain so defiant, and he issued out the order, "Ghost Demon, go wild and kill them

all!"

A large amount of dark red fog spurted from the Ghost Arched Demon Beast's body.

At this moment, Zhou Luo raised his finger and pointed at Liu Yanshan and the Ghost Arched Demon Beast before moving his finger toward Han Tianhe and the Earth Core Dragon Snail.

“Time for you to die,” said Zhou Luo.

Before the audience could react to Zhou Luo’s words, Liu Yanshan and Han Tianhe’s faces paled.

### **Chapter 1126 The Shadow that Reaped Lives From the Ultimate Fighting Ground**

Han Tianhe and Liu Yanshan felt as though a gust of air had chained them up.

Both of them were S-rank experts with Creation Breed feys, and it had been some time since they had last experienced this familiar feeling

This was the same feeling as when thearch-class experts had targeted them before they had become thearch-class experts.

They knew that this meant that a powerful lifeform was targeting them.

However, neither of them could sense the source of the power.

It was as though this inescapable chain had come out of nowhere.

Han Tianhe and Liu Yanshan could not help but be suspicious.

It was evident that Zhou Luo was only a king-class expert.

Han Tianhe and Liu Yanshan were well aware that Endless Summer had only recently evolved to Creation Breed.

Clearly, the choking feeling was coming from something else. Suddenly, they realized that Gu Han had not asked if Sky City had only sent out two experts to participate in the blood pact ultimate fight but had only asked if they were all present.

This situation was clearly not in line with the blood pact ultimate fight’s regulations, and Gu Han had to be aware of this.

This meant...

Panic and terror sprouted in Han Tianhe and Liu Yanshan’s hearts. Both of them roared.

“Ghost Demon, Spirit Return!”

“Big lazy snail, stop sitting there! Spirit Return!”

The Earth Core Dragon Snail and Ghost Arched Demon Beast’s auras shot up to the maximum, and the Earth Core Dragon Snail transformed into a sleepy-eyed man.

They had sensed that they had been trapped by an unknown aura and knew that things were not going well for them.

The Earth Core Dragon Snail and Ghost Arched Demon Beast used Lava World and Terror World to protect their contractors.

The Lava World and Terror World enveloped the entire ultimate fighting ground.

The scorching lava flowed to every corner of the ultimate fighting ground and trapped Zhou Luo and Endless Summer within.

Given Zhou Luo and Endless Summer's powers, they should have already been reduced to ashes.

However, a shadowy aura rose from Zhou Luo's shadow and sheltered Zhou Luo and Endless Summer. This protected them from the influence of the Lava World.

Nine Creation World Ley Lines danced around the Lava World and Terror World, four of which were from the Lava World while five were from the Terror World.

They represented that the Earth Core Dragon Snail was Creation IV while the Ghost Arched Demon Beast was Creation V.

Next, the Earth Core Dragon Snail picked up a snail shell-shaped shield. It punched the shield, sending thousands of rays of light flying in all directions.

Every ray of light carried the might of a mountain.

The light enveloped the man that the Earth Core Dragon Snail had changed into and turned into a rust-colored armor.

Two clubs the shape of snail horns appeared in the man's hands.

The Earth Core Dragon Snail no longer had a sleepy expression. Instead, seriousness and determination were written all over its face.

The Ghost Arched Demon Beast tore off the fifth hand from its neck and pulled off the ring from the hand's ring finger.

It swallowed the ring, and the surging spiritual energy turned into black and red tentacles that grew all over its body.

The clothes that the Ghost Arched Demon Beast wore disintegrated, and everyone watching saw that one gray eye had appeared on the Ghost Arched Demon Beast's abdomen.

The gray eye did not have an eyelid, and murky blood flowed out of it.

However, the Ghost Arched Demon Beast did not use the inky blood to attack. Instead, it was used as a form of comprehensive defense.

The black blood intertwined with the spiritual energy around Liu Yanshan and the Ghost Arched Demon Beast, forming two sets of netting armor.

The audience had been utterly befuddled by Zhou Luo, but now they were shocked by Han Tianhe and Liu Yanshan's actions.

They did not understand why Zhou Luo's words would put Han Tianhe and Liu Yanshan on edge.

Han Tianhe and Liu Yanshan had been recluses in Connected Beast Park.

Could it be because they were mentally impaired? Were they having a simultaneous episode on the ultimate fighting ground?

The audience was making wild guesses due to their confusion, but Miao He knew that Han Tianhe and Liu Yanshan were completely fine.

Given their usual tempers, they wouldn't be joking at such a time.

When he saw how serious they were, Miao He could not help but have a bad feeling about the situation.

Everything happened in the blink of an eye.

The moment Zhou Luo pointed at Han Tianhe, Liu Yanshan, the Earth Core Dragon Snail, and the Ghost Arched Demon Beast, the Lava World and Terror World disappeared without a trace.

Han Tianhe, Liu Yanshan, the Earth Core Dragon Snail, and the Ghost Arched Demon Beast's bodies were also split in half and left on the ground.

This sight made almost half of the audience jump to their feet, and their jaws dropped open.

It was as though they had just witnessed a miracle.

If the turning of the unimaginable into reality was considered a miracle, the audience felt that Zhou Luo had just performed a miracle.

But aside from their shock and disbelief, a small portion of the audience's eyes narrowed.

Many of the members of top factions who were watching the blood pact ultimate fight were emperor-class.

Although they were not certain what had just happened, they had a faint sense that a shadow had materialized in the air.

Before vanishing, it had moved around Han Tianhe, Liu Yanshan, the Earth Core Dragon Snail, and the Ghost Arched Demon Beast.

Immediately after, Han Tianhe, Liu Yanshan, the Earth Core Dragon Snail, and the Ghost Arched Demon Beast had died.

This meant that their deaths were undeniably linked to that moving shadow.

### **Chapter 1127 One Word and Two thearch-Class Experts' Deaths**

As emperor-class experts, they were only able to notice the shadow because Han Tianhe and Liu Yanshan had ordered their feys to go into the Spirit Return state and had used their strongest defenses.

As such, the shadow's speed had been reduced when it made contact with Han Tianhe, Liu Yanshan, the Earth Core Dragon Snail, and the Ghost Arched Demon Beast.

The top faction members knew that Sky City's third participant was actually already present without anyone realizing it.

This would explain why Sky City had sent a king-class expert out to participate in the battle to the death that was the blood pact ultimate fight.

In actuality, Sky City had prepared their killing move.

The two obvious participants were just mediums for the shadow.

The members of top factions could not help but grin at Han Tianhe, Liu Yanshan, and their feys, who had been split in half.

But at the same time, they also started to reassess Sky City's combat power and found that it was impossible to estimate Sky City's combat power accurately.

They did not even know what the thing that had just appeared was and had no means of finding out either.

However, to kill two of Connected Beast Park's veteran thearch-class experts and their Creation Breed feys, Sky City's third participant had to be pinnacle thearch-class at least.

It was likely that the third participant had gained immortal power.

The audience had already launched into loud discussions.

Most of the people in the audience had not noticed the shadow and could only tell that the four lifeforms had been split in two moments after Zhou Luo had spoken.

Zhou Luo's new fans immediately started shrieking.

"Oh my God! W-What just happened? My idol just killed two of Connected Beast Park's veteran thearch-class experts with one word. Am I dreaming?"

"What the hell? I have a weak heart, yet I witnessed such a scene. Is he actually a god? Didn't they say that he's just a king-class expert? How was a king-class expert able to kill two thearch-class experts?"

"Hahaha! I'm so happy. It looks like I'll be able to continue going to Sky City's private faction territory to snatch Fate Letters! This feels great!"

"Damn! Look at Zheng Ji's expression. He's glaring so hard that it looks like his eyes are about to fall out of their sockets! He must be boiling with rage."

Sun Ningxiang and Miao He did not share the rest of the audience's sentiments.

When Sun Ningxiang saw how calm Lin Yuan was, she knew that Han Tianhe and Liu Yanshan were of no concern to him.

Nonetheless, his methods had stunned her.

Meanwhile, Miao He had picked up his phone with a trembling hand and called Miao Zhenshan.

As the current Eldest Young Master of Connected Beast Park, Miao He had to inform Miao Zhenshan of the situation as soon as possible, even if it was the horrible news that the Miao family had just lost two veteran thearch-class experts.

He dared not think of how shocked and furious his grandfather would be when he heard that he had just lost his left- and right-hand men.

Miao He was also calling to ask Miao Zhenshan what should be done to Zheng Kaiyuan and Miao Zhi.

Han Tianhe and Liu Yanshan's deaths had stemmed from Zheng Kaiyuan's requests.

However, Zheng Kaiyuan's life also hung in the balance of whether the Miao family would be able to form a connection with the Moon Empress's disciple.

If this situation progressed and Zheng Ji died as well, Sky City would be able to sentence everyone from the Zheng family to death.

Since the Miao family had already lost two thearch-class experts because of Zheng Kaiyuan, it was necessary to preserve his life. Otherwise, Han Tianhe and Liu Yanshan would have died in vain.

Lin Yuan stood up with his hands behind his back.

As of this moment, Sky City had shown its true colors to the other factions.

Han Tianhe and Liu Yanshan's deaths would no doubt make other factions fearful of Sky City.

As for Zheng Ji and the other members of the Zheng family, Lin Yuan had already come up with a plan for them.

Zhou Luo was having fun acting on the ultimate fighting ground, and he praised himself for his cool pointing movements.

He raised his finger again and said with arrogant stubbornness, "Endless Summer, I'll leave Zheng Ji to you!"

Endless Summer almost burst out laughing.

The Invisible Demon had already fulfilled Lin Yuan's order, yet Zhou Luo was now ordering Endless Summer around?

Even if Zhou Luo was not embarrassed to ask, he did not have the authority.

Endless Summer reached out a finger just like Zhou Luo had done and pointed at Zheng Ji as it shouted, "Shooting Spears of Summer, Three Thousand Shooting Spears!"

3,000 pink and purple hydrangeas appeared in the air and fell like a rain of flowers.

The 3,000 pink and purple spears shot toward Zheng Ji and the God of Strength Dung Beetle.

Zheng Ji did not dodge the attack. He looked up in surprise, his eyes dull and glazed over.

Dark clouds had gathered in the sky. Before the raindrops had time to reach Zheng Ji's face, he and the God of Strength Dung Beetle were impaled by the Shooting Spears of Summer. When the first Shooting Spears of Summer pierced Zheng Ji's body, he suddenly missed how the Zheng family used to be.

The Zheng family had only become like this after Miao Zhi married into their family and Zheng Kaiyuan was born.

The Zheng family that he had guarded for half his life was all but gone, just like the life force that was draining out of his body.

The 3,000 Shooting Spears of Summer stacked over each other and formed a beautiful funeral flower.

Once Gu Han confirmed that Zheng Ji was dead, he announced, "In the blood pact ultimate fight between Sky City and the Zheng family, Sky City eliminated all three of the Zheng family's participants through a group fight and attained victory! As per the blood pact ultimate fight's rules, Sky City can decide what to do with the remnants of the Zheng family."

While he spoke, Gu Han glanced at Zhou Luo's shadow.

He had been aware that Sky City had pinnacle thearch-class combat power, but he never expected that it would come from the Class XI/Kalpa VIII Invisible Demon.

### **Chapter 1128 What? Don't Tell Me You're Going to Start Trouble at the Ultimate Fighting Ground?**

Gu Han silently looked through the information provided by Sky City.

All they had written for the name of their third participant was 'Shadow'.

No one would be able to guess that this referred to the Invisible Demon.

Gu Han could not help but wonder about Sky City.

Are they secretly linked to a member of royalty?

It was possible for someone to enter the abyssal world through the Class 6 abyss dimensional rift and subjugate the Invisible Demon and bring it back to the main world.

However, the Class 6 abyss dimensional rift was still locked, and only the 13 members of royalty were allowed to move in and out freely.

This meant that the Class XI/Kalpa VIII Invisible Demon had to have been taken out of the abyssal world by one of the members of royalty.

Despite his guesses, Gu Han was too smart to voice them and thought, The Miao family sure is digging their own grave.

With two veteran thearch-class experts dead, Connected Beast Park would be weaker against other top factions, but it would also reduce the negative remark made about them lending the two thearch-class experts to the Zheng family.

However, the negative remarks would still affect the Miao family significantly.

Thankfully, Han Tianhe and Liu Yanshan were not Creation Masters, and their deaths would not affect Connected Beast Park's Creation Master-related proceedings.

From the moment Han Tianhe and Liu Yanshan died, Lin Yuan had kept his eyes fixed on Miao He.

He smiled when he saw Miao He talking on the phone.

Although the blood pact ultimate fight was over, the conflict had not ended.

As he looked at the incredulous Zheng Kaiyuan, Lin Yuan led the group from Sky City toward him.

Every step that Lin Yuan took was a blow to Zheng Kaiyuan's heart, and Zheng Kaiyuan could feel his death approaching with every passing step.

Lin Yuan was not walking quickly, and he thought, The Miao family's residence is not far from the ultimate fighting ground, and thearch-class experts should have already reached the ultimate fighting ground.

Lin Yuan said to Endless Summer, "Endless Summer, gift a Shooting Spear of Summer to every living member of the Zheng family."

He had no plans to show mercy to the rest of the Zheng family.

Endless Summer raised its hand, and 100 pink and purple flowers appeared in the air and descended.

The Shooting Spears of Summer fell amongst where the Zheng family was seated.

Since Miao Qi and Zheng Kaiyuan had lost their legs and needed to be held up, they were positioned at the leftmost side of where the Zheng family was.

While the rest of the Zheng family dropped like flies and the Shooting Spears of Summer were plunging down toward Zheng Kaiyuan and Miao Zhi, a voice roared, "Stop!"

A golden screen appeared before Miao Zhi and Zheng Kaiyuan.

Miao Zhenshan materialized with an elegant 30-year-old man next to him.

There was a scar on the elegant man's head which split his eyebrow into two. The scar added a rugged flavor to the elegant man's countenance.

An elderly woman stood behind the two men, and she was the one who had produced the screen.

Lin Yuan used True Data on the elderly woman and saw that she was not a fey but an S+ rank spirit qi professional.

Given the shield she produced was able to deflect Endless Summer's Shooting Spears of Summer, it meant that she was a veteran thearch-class expert.

However, it was impossible to tell from one screen whether she was stronger or weaker than the dead Liu Yanshan and Han Tianhe.

As Miao Zhenshan gazed at the dead Han Tianhe and Liu Yanshan, tears of rage welled up in his eyes.

He was not the only one present who was overwhelmed with emotion.

After the elegant scarred man appeared, Ji Feng suddenly clenched his fist, and his lip started to tremble.

He bit his lip so hard that he drew blood. The fresh drops of blood oozed down the corners of his mouth and stained the Sky City uniform.

Ji Feng struggled to retract his aura for fear of being exposed.

Liu Jie, who was next to Ji Feng, sensed his change and grabbed Ji Feng's hand.

Since they were friends, Liu Jie knew about Ji Feng's background, as well as who the elegant scarred man was.

The elegant, scarred man was the Second Elder of Whale Ocean Commerce and one of the three heads of Whale Ocean Commerce's main lineage.

Liu Jie had noticed Lin Yuan looking at Miao He and knew that Lin Yuan had done so to draw out the Miao family's leader.

But why had Whale Ocean Commerce's Second Elder accompanied Miao Zhenshan?

A solid aura pierced through the clouds before the three newcomers could bark out any orders.

This aura had come from Gu Han, and Lin Yuan could sense that it had immortal power.

Gu Han looked at Miao Zhenshan and the Second Elder of Whale Ocean Commerce.

The immortal aura trapped the elderly woman, and Gu Han murmured, "Is the Miao family trying to start trouble at the ultimate fighting ground? The ultimate fighting ground has always been buried under the blood of factions. Miao Zhenshan, as the head of Connected Beast Park, are you unaware of this?"

When Gu Han released his aura, 12 experts that held onto the stone pillars with totems appeared around the ultimate fighting ground.

They also started to release their pressurizing auras and encapsulated the ultimate fighting ground.

Murderous intent perforated the auras of the 13 experts.

After sensing the auras, Lin Yuan realized that they were all as strong as Liu Yanshan.

He had heard of the Ultimate Guards, who were responsible for maintaining the rules of the ultimate fighting ground. Their arms were engraved with the totems of the factions that had broken the ultimate fighting ground's rules.

Miao Zhenshan felt cold sweat drip down his back as he sensed Gu Han and the 12 Ultimate Guards' auras.

### **Chapter 1129 Unnecessary Misunderstanding**

The elegant middle-aged man next to Miao Zhenshan was slightly surprised as Miao Zhenshan had stopped Sky City's attack and saved Miao Zhi and Zheng Kaiyuan.

However, this was just a temporary fix brought about by an emergency.

Miao Zhenshan had not entered the ultimate fighting ground, nor had he attacked.

The rules of the ultimate fighting ground allowed another faction to save a losing faction with the compensation of sufficient resources.

So why did Gu Han display such intense animosity toward Miao Zhenshan?

This animosity was so abrupt that it almost seemed like he was trying to protect or side with Sky City.

The elegant middle-aged man looked at Lin Yuan with curiosity as he tried to figure out what made Lin Yuan different.

He knew Gu Han's background.

Gu Han had started out as Night Leaning Moon's subordinate but was transferred to Iron Prison due to the partitioning of the ultimate fighting ground.

He was very famous in the Radiance Federation, and it seemed ridiculous for him to side with any particular faction.

Since Gu Han had even called over the Ultimate Guards, did it mean that he was going to punish Miao Zhenshan over this small matter?

Miao Zhenshan could feel the intimidating aura emanating from Gu Han and the 12 Ultimate Guards, and he was about to launch into an anxious explanation when a shrill and terrified voice shrieked, "Dad! Save Kaiyuan and me! They've killed the Zheng family and are going to kill me next!"

An even more fearful voice followed. "Grandfather—"

Before Zheng Kaiyuan could finish speaking, his throat seemed to close shut, trapping all the words he was going to spew.

This was because he saw Miao Zhenshan glaring at him with the deepset emotion that made Zheng Kaiyuan wish he had already been killed by the Shooting Spear of Summer.

Before Miao Zhenshan, the elegant man, and the elderly woman arrived, Lin Yuan had already instructed the Invisible Demon to retract its aura and return to the Spirit Lock spatial zone.

This would be Lin Yuan's checkmate move.

Everything was unfolding as per his expectations. The only surprising development was Gu Han's reaction.

Lin Yuan said to Miao Zhenshan, "What's going on now? Is the Miao family going to clean up the Zheng family's mess now after sacrificing the lives of two veteran thearch-class experts to them?"

Instead of replying to Lin Yuan, he turned and said to Gu Han, "Lord Gu Han, I would like to represent the Miao family and offer resources to collect the bodies of my two comrades. Additionally, I would also like to offer Sky City a deal to save Zheng Kaiyuan."

Gu Han said with unwavering ferocity, "Sky City has won the blood pact ultimate fight against the Zheng family, and everything on the ultimate fighting ground belongs to Sky City. You can approach Sky City privately if you want to offer a deal. Don't you dare cause more trouble for me if your deal falls through! It's been 15 years since the Ultimate Guards last had to take care of a rowdy top faction. The Zheng

family will soon appear as a totem on ultimate fighting ground B's stone pillar. I trust that the Miao family isn't eager to follow in the Zheng family's footsteps."

Miao Zhenshan furrowed his brow.

Breaking the ultimate fighting ground's rules to save someone had been too reckless.

Yet, Gu Han was not budging in spite of how humble he was being now.

Miao Zhenshan already loathed Sky City for causing them to lose the opportunity to take over Condense Fairy Orchard.

But now, he resented them with every fiber of his being.

It was too humiliating for him to negotiate a deal with Sky City calmly.

However, he had no choice but to control himself.

Miao Zhenshan circulated his spiritual power and thoroughly checked on the people of Sky City. He wanted to know what they were hiding that allowed them to kill Han Tianhe and Liu Yanshan, who had been in full defense mode.

Yet, he was astonished to find that his investigation came up empty. The strongest presence in Sky City was a Sovereign I/Creation I fey.

Han Tianhe and Liu Yanshan should have been able to kill feys of such power easily.

After so many years of gathering resources for the Miao family, he had risen to the level of a pinnacle thearch-class expert.

Yet, he was unable to determine Sky City's secret.

A malicious aura rose from Miao Zhenshan, and he shot a look at the elegant middle-aged man next to him.

The middle-aged man touched his scarred eyebrow and started to sense Sky City's members.

After sensing for a while, he knitted his brow tightly, and an immortal aura subtly flowed out from him.

Nonetheless, he came up empty-handed.

The middle-aged man's expression turned stern.

He was already interested in Sky City. But now, he was looking at Lin Yuan with genuine puzzlement as he could not figure out when such a powerful faction had appeared in the Radiance Federation.

Lin Yuan raised an eyebrow when he felt the elegant middle-aged man's immortal aura.

He also commended himself for returning the Invisible Demon to the Spirit Lock spatial zone. Otherwise, his secret weapon would have been exposed.

When the elegant middle-aged man was casually checking on Sky City, Gu Han sneered. “Di Wancheng, flippantly allowing your aura to leak out like this can lead to misunderstandings. I don’t think you want to cause any unnecessary misunderstandings, right?”

Di Wancheng’s eyes flashed.

### **Chapter 1130 I Want Two World Crystals**

Di Wancheng and Gu Han had formed a personal relationship years ago, and he knew that Gu Han would not condemn him just for using his aura to check on people.

Gu Han had said what he said to warn Di Wancheng not to cause unnecessary misunderstandings.

This also meant that Sky City could not be trifled with.

Di Wancheng shrugged and shook his head at Miao Zhenshan.

Miao Zhenshan’s eyes clouded over, and he glared at Lin Yuan for a moment before saying, “Han Tianhe and Liu Yanshan contributed a lot to the Miao family. It’s only right that I collect their bodies and give them a proper burial. The Miao family will provide Sky City with the proper compensation. We can also offer resources to preserve Zheng Kaiyuan’s life. Zheng Kaiyuan’s life is nothing to Sky City, so—”

Before Miao Zhenshan could finish speaking, Lin Yuan interrupted him with a bemused tone. “The leader of the Miao family sure lives up to his title. You’ve thought of everything. Isn’t it too good of a deal for you to be able to collect the bodies of experts that died for the Zheng family’s blood pact ultimate fight so easily? I haven’t even dug out the World Crystals from the Earth Core Dragon Snail and Ghost Arched Demon Beast. Can the Miao family give Sky City compensation worth more than the two World Crystals? How can you still be so greedy at such a time? I can’t imagine how many factions have been taken advantage of by you during collaborations.”

Lin Yuan’s words made Miao Zhenshan’s expression change in a split second.

He had only talked about collecting Han Tianhe and Liu Yanshan’s bodies and had not mentioned the Earth Core Dragon Snail or Ghost Arched Demon Beast at all.

Yet, Lin Yuan had read between the lines and used the opportunity to insult Connected Beast Park.

The Star Web reporters would have a field day with the headline ‘Connected Beast Park is a greedy beast’.

It was likely that all the top factions that had dealings with Connected Beast Park would dissolve their working relationships for fear of being affected by Connected Beast Park’s bad reputation.

As the leader of the Miao family, Miao Zhenshan could not come up with a proper explanation, nor could he not offer any explanation.

He could not say that he did not care about the Earth Core Dragon Snail or Ghost Arched Demon Beast as they were Han Tianhe and Liu Yanshan’s main feys.

If he said that he did not care about them, Connected Beast Park would seem callous.

Just as Miao Zhenshan was about to change the topic, Lin Yuan went on to say, “You only talked about saving Zheng Kaiyuan. Do you not plan on saving Miao Zhi too? Isn’t she more reasonably a part of the Miao family as compared to Zheng Kaiyuan?”

Lin Yuan’s words were like a harsh slap across Miao Zhenshan’s face.

This was exactly what Miao Zhenshan was planning to do. But if he voiced this plan, he would have to immediately start a series of refutes to protect the Miao family’s reputation.

“Since they’re both a part of the Miao family, we have to save them both.”

Lin Yuan guffawed and replied, “I knew the Miao family cared about ties and wouldn’t let any of their own die. However, Zheng Kaiyuan and Miao Zhi’s lives won’t come cheap. To save them both, I’ll need two World Crystals. Of course, you can forget about taking Liu Yanshan and Han Tianhe’s bodies.”

If Red Thorn had not finished evolving and gained the ability to manipulate corpses, Lin Yuan would have been willing to return Han Tianhe, Liu Yanshan, and their feys for the right amount of resources.

After all, it would have been a good deal to be able to exchange the bodies of Han Tianhe, Liu Yanshan, the Ghost Arched Demon Beast, and the Earth Core Dragon Snail for nine World Crystals.

However, Lin Yuan would not make the trade now, even for ten World Crystals.

Moreover, Connected Beast Park might not even be able to produce ten World Crystals.

Miao Zhenshan clenched his teeth so hard that even his cheeks plumped outwards.

He took a deep breath and said, “Is Sky City trying to cheat the Miao family? Two World Crystals! I can’t believe you have the gall to

ask!”

Lin Yuan turned to say to Endless Summer, “Endless Summer, give the leader of the Miao family three seconds to think. If he doesn’t respond within the three seconds, we’ll take it as he’s unwilling to take up our offer. After three seconds, you can take immediate care of Miao Zhi and Zheng Kaiyuan.”

Next, he turned to say to Gu Han, “Senior, if anyone from the Miao family interferes again, it’ll be considered breaking the ultimate fighting ground’s rules.”

“If anyone breaks the ultimate fighting ground’s rules again, the 12 Ultimate Guards will immediately punish them,” said Gu Han.

While Gu Han spoke, two Shooting Spears of Summer shot toward Zheng Kaiyuan and Miao Zhi.

Right before the spears made contact with Miao Zhi and Zheng Kaiyuan, Miao Zhenshan said reluctantly, “I agree to Sky City’s terms!”

The Shooting Spears of Summer vanished.

Miao Zhenshan felt as though he had been swallowed whole by Sky City.

It was as though Sky City had already predicted that he would use two World Crystals to exchange for Zheng Kaiyuan and Miao Zhi's lives.

This feeling of being read made Miao Zhenshan shiver in fear.

Lin Yuan started to gently clap his hands as he said, "Truly the leader of the Miao family! How straightforward! I'll give you five minutes. After five minutes, you can exchange two World Crystals for Miao Zhi and Zheng Kaiyuan's lives and take them away."

Lin Yuan felt that his product bundling was impressive as he had managed to obtain another World Crystal by bundling Miao Zhi and Zheng Kaiyuan's lives together.

Miao Zhenshan's heart ached with reluctance, and he turned to look at the elderly woman behind him.

The elderly woman looked as though she had words she wanted to say.

When she saw Miao Zhenshan's determined expression, she leaped up and returned to the Miao family to retrieve the World Crystals.

Under Miao Zhenshan's furious gaze, Lin Yuan started to store Han Tianhe, Liu Yanshan, the Earth Core Dragon Snail, and the Ghost Arched Demon Beast's bodies into a Diamond fey storage box.

Creation Breed feys' blood was as thick as mercury, and it would not evaporate or seep into the ground.

Lin Yuan carefully gathered up the blood as it would become the most precious of Lin Yuan's resources.

Creation Breed fey blood was several times more precious than heavenly-maiden-grade elemental pearls.
