

Merchant 1541

Chapter 1541: He's Here! (Blood New Moon)

When the Mother of Bloodbath was awakening its Heavenly Family Fey bloodline, it had used most of the Crimson Tentacle Algae's blood energy to replenish itself.

Any amount of blood energy left in the Crimson Tentacle Algae that could be made into a precious instrument would be advantageous, regardless of what quality it was.

The Jeweled Cave Golden Toad that Chef Supreme had given Lin Yuan as a greeting gift was also considered a low-quality precious instrument. Yet, Lin Yuan liked it more and more as time passed. It helped him out of many sticky situations.

Using the Jeweled Cave Golden Toad to transport items between the Radiance Federation and Divine Wood Federation had saved Lin Yuan an unimaginable amount of spiritual ingredients.

Next, he needed to think about how to utilize Di Wanmi.

Currently, he had three options.

His first option would be to send Di Wanmi to the breeding room in the marsh world. He could provide her with the resources to concoct many Grade 5 spirit fluids. This would make her nothing more than a machine that churned out spirit fluids.

The second option would be to allow Di Wanmi to appear in the Radiance Federation with Faceless Paper applied on her face so that she could guard Sky City with a completely different appearance.

This would enable Sky City to be on the same level as the Radiant Moon Palace, Kitchen Fragrance Palace, and Purple Bamboo Garden.

The third option would be to take Di Wanmi to the Divine Wood Federation so she could expand into the Startling Lines Continent on Sky City's behalf.

It was even possible that Di Wanmi could merge the Divine Wood Federation, Great Lush Federation, and Iron Hammer Federation into a new federation with a Class 5 Creation Master at its helm.

At that point, all the factions in the Startling Lines Continent would be centered around Di Wanmi.

This meant that Lin Yuan would be able to have the entire Startling Lines Continent in the palm of his hand through Di Wanmi.

After weighing all his options, he decided to give up on the first option because situating her in the Startling Lines Continent, guarding Sky City, or revealing herself to the Radiance Federation would not hinder her ability to produce Grade 5 spirit fluids.

Lin Yuan might need to think about how she would feel about being put to work if she was alive.

But now that Di Wanmi was just a tool that Red Thorn was controlling, Lin Yuan would not worry or feel bad in any way, even if she was put to work for 24 hours.

After considering the second and third options, Lin Yuan decided to go with the third option.

The Moon Empress had built the Radiant Moon Palace, and Lin Yuan was the Young Lord of the Radiant Moon Palace.

If Di Wanmi guarded Sky City and revealed her Creation Master abilities, she would be the one who would be worshiped by the masses when Sky City was raised to the same level as the Radiant Moon Palace.

However, Di Wanmi was a criminal in the Radiance Federation.

She did not deserve to be worshiped after death or be placed on the same pedestal as the Moon Empress.

This would be an insult to the Moon Empress, Chef Supreme, and Bamboo Monarch.

Additionally, Lin Yuan's ambitions for Sky City did not lie in the Radiance Federation.

Sky City was now as powerful as a top faction and had displayed its sea of Creation Master resources.

The Golden Lotus Brocade Pearls would pave the way for Lin Yuan's development in the Radiance Federation for a long time.

Thus, the best option would be to place Di Wanmi in the Startling Lines Continent.

It was impossible for Lin Yuan to make frequent trips to the Divine Wood Federation's underground palace.

The Divine Wood Federation also had experts of their own, and Di Wanmi was not only a Class 5 Creation Master but also a pinnacle Immortal expert.

Di Wanmi still possessed her Creation Master abilities after death, and her feys had also been killed and were now under the Tongue of Relinquish's control.

Hence, both Di Wanmi's spirit qi professional power and Creation Master abilities could no longer improve and would forever be stuck at pinnacle Immortal.

This amount of power might be insufficient for a federation like the Spirit Mother Federation, which had a living Class 5 Creation Master, but it was more than enough for the Startling Lines Continent, which did not have any Class 5 Creation Masters.

Lin Yuan had also clashed with the Lu family in Oak City by killing one of their members and burning down their tree castle.

The Lu family would definitely launch a retaliation.

With Di Wanmi guarding the underground palace, she could use her feys to protect this place that held great potential for Lin Yuan's future development.

By communicating with Red Thorn, Lin Yuan would be able to tell Lin Yuan about the situation in the Startling Lines Continent immediately.

As the days passed, another two Astronomical Parliament parliamentary meetings took place.

Lin Yuan had been observing Genius and Chimey and noticed that Genius' quality was stuck.

He planned on evolving Genius and Chimey to Fantasy V together, just like he did when they evolved to Fantasy Breed.

Chimey's feathers started to shimmer like a pane of glass, and a melodious sound was produced when it flapped its wings.

It was evident that Chimey would be able to break through from Fantasy IV to Fantasy V anytime.

Just as Lin Yuan was looking forward to the imminent breakthrough of Chimey's bloodline, the Mother of Bloodbath came to him.

He could tell from its eyes that it was overwhelmed with emotions.

Just as Lin Yuan was about to ask the Mother of Bloodbath what had happened, it said with a shaky voice, "Lin Yuan, he's here! Through my link with the sun, I can sense that he will arrive at the Radiance Federation's Royal Capital today."

Lin Yuan immediately knew who the Mother of Bloodbath was referring to.

When the Mother of Bloodbath transformed into a Heavenly Family Fey, a belt of sunlight had greeted it. This meant that the Mother of Bloodbath had a blood relative out there.

Lin Yuan felt that it was likely that this relative would turn out to be a female because this would explain why it shared the Sky Sundial Jade Spider bloodline with the Mother of Bloodbath.

However, Lin Yuan never understood how the Mother of Bloodbath's mother was able to pass down its Heavenly Family Fey bloodline when it gave birth.

According to the records, Heavenly Family Fey bloodlines were unique and individual.

There were even some Heavenly Family Feys who gave birth to children that were not Heavenly Family Feys.

The Mother of Bloodbath did not like to show its emotions outwardly. But now, Lin Yuan could clearly see nervousness, panic, hope, and even slight resentment on its face.

Chapter 1542: Why Have You Come to the Radiance Federation?

Lin Yuan could tell from the Mother of Bloodbath's emotions that it had been looking forward to this event for a long time.

When Lin Yuan stood up from the water rhinoceros leather sofa and was about to comfort the Mother of Bloodbath, the sun suddenly burst with blinding light.

The light was like a veil that draped over the sun.

A ribbon that resembled an angry dragon descended from the sun.

At that moment, the residents in the Royal Capital were looking up at the sky in astonishment. None of them understood what was going on.

A white-haired elderly man with a young face appeared in front of the ribbon of sunlight.

When he saw the blue-haired girl, a black-haired man wearing fishnets, and a red-eyed young man dressed in red, he said softly, "Why aren't you three in the Heavenly Family Cottage but here at the Radiance Federation?"

When the man spoke, the elderly man released a violent aura, and the silhouette of a shell appeared behind him.

The shell was silver and had various beautiful runes engraved on it. When two of the runes bumped into each other, a special spatial crease was produced.

Suddenly, the giant silver shell opened, and the sky was stained bright silver. It was as though the sky above the Royal Capital had been split into two.

The flesh inside the silver shell peeked out, revealing a silver pearl.

When the pearl fused with the space, it did not cut the ribbon of sunlight, but the silver glow enveloped the entire Royal Capital.

Soon, the elderly man pointed at the sky and generated a terrifying spatial fluctuation. It was as though a powerful fey was about to emerge from his body.

At that moment, the blue-haired girl rushed up to the elderly man and said, "Long time no see, Spacetime Elder. I didn't expect the Hollow Crystal Mother Shellfish to be able to produce dimensional spaces at will now. The three of us come in peace. The Heavenly Family Cottage has never wanted to make an enemy of the Radiance Federation, so you can retract your power!"

The elderly man scoffed softly. Instead of reducing its aura, he intensified it.

"You caused such a huge commotion in the space above the Radiance Federation. You haven't shown any courtesy befitting of a visitor. If you came to visit, the Heavenly Family Cottage should have sent word to the imperial court in advance. Then, you should have waited to be fetched by special envoys at Ascending Dragon City. That would have been the proper behavior."

The blue-haired girl's expression immediately turned awkward. She was silent for a moment before she said, "You're right that we're being rude."

She swayed her body and transformed into a beautiful orchid that bloomed in the sky.

Mist spewed from the orchid, showering the ground in a drizzle that seeped into the Royal Capital's earth.

The shower lasted for five minutes before the blue-haired girl returned to human form.

"Let the Moisturizing Rain be the Heavenly Family Cottage's way of apologizing to the Radiance Federation."

A clear expression of pain appeared on the blue-haired girl's face.

When the elderly man saw how the blue-haired girl had abruptly sung so much for the Royal Capital, she could not help but be stunned.

The elderly man's face returned to normal almost immediately, and he said, "Let me thank the Heavenly Family Cottage for the nourished feys on behalf of the Radiance Federation."

Although the elderly man said this, his aura did not diminish in the slightest, and he made no indication of recalling the Hollow Crystal Mother Shellfish.

The man dressed in fishnets immediately looked displeased as he exclaimed, "Hey! Spacetime Elder! Blue Lotus built up the Moisturizing Rain for at least 50 years, and it contained the essence of the seas. It can assure the Radiance Federation's bountiful harvests for three years. This immense gift is enough to express the Heavenly Family Cottage's intentions!"

Blue Lotus immediately shot a glare at White Phoenix before she smiled apologetically at Spacetime Elder and said, "We came to the Radiance Federation because Brother Blood wants to thank the Moon Empress and Night Empress for helping the Heavenly Family Cottage and because his daughter is in the Radiance Federation. We only acted inappropriately because he's in a rush to reunite with her."

Blue Lotus knew of the Spacetime Elder's temperament.

He might have a constant smile plastered on his face but was radical in his actions.

If they did not immediately make their intentions known, the Spacetime Elder would immediately summon that terrifying thing and unleash it on them.

Blue Lotus would not be afraid if the Spacetime Elder was alone. It was possible that Blood New Moon, White Phoenix, and Blue Lotus would be able to take on the Spacetime Elder.

However, they were in the Radiance Federation! The Spacetime Elder had appeared because he was skilled at large-scale defense and because the Radiance Federation wanted to test their motives.

Once they started crossing swords, the other members of royalty who had been paying attention to the changes in the sky would immediately step in.

No matter how confident Blue Lotus was in her power, she would not dare to attack all of the Radiance Federation's members of royalty.

However, the Heavenly Family Cottage did not have any enmity toward the Radiance Federation.

The Heavenly Family Cottage was indebted to the Radiance Federation because of the incident that involved Jade Sundial and Blood New Moon.

This was the reason Blue Lotus was willing to give up the Moisturizing Rain that she had been tempering for 50 years.

The Spacetime Elder frowned when he heard what Blue Lotus said.

He knew that a Heavenly Family Fey affiliated with the sun had appeared on the Raging Waves City's island and triggered the sun.

At that time, the Moon Empress had even stepped in to help that Heavenly Family Fey.

After doing some investigating, he learned that this Heavenly Family Fey was related to the Moon Empress' disciple.

At a recent imperial meeting, Night Leaning Moon had detailed how Lin Yuan had saved thousands of Creation Masters in Whale Ocean Commerce's basement.

If the Moon Empress was out of training, she would have been able to make a decision on this matter.

But since she was still locked away, the Spacetime Elder could not allow the three Heavenly Family Feys to seek out Lin Yuan. If anything happened, the Moon Empress would definitely come after him, and there was no telling what horrors she would enact on him.

His granddaughter might end up dying of grief.

"You came at a bad time. The Moon Empress has locked herself away to train. You can return to Ascending Dragon City for now. Once the Moon Empress is out, someone will go and fetch you."

Blue Lotus had already said so much. Yet, the Spacetime Elder refused to budge.

This slightly angered Blue Lotus.

This matter was clearly so simple. Blood New Moon just needed to see his child. Blue Lotus could not understand why the Spacetime Elder was being so difficult.

Chapter 1543: I'll Go With You!

Blood New Moon had already placed his hand on the belt of sunlight. He was close enough that he could use it to sense the Mother of Bloodbath's position.

He looked nervous, hopeful, and guilty.

Soon, he turned to the Spacetime Elder and said, "I need to see my child today. I can swear on the sun that I won't be doing anything besides seeing my child."

Blood New Moon was bathed in a layer of white rays. The layer of white rays injected a portion of the energy in Blood New Moon's body into the sun.

Heavenly Family Feys had the unique ability to swear on the celestial phenomena that they were affiliated with. If they broke the promise, they would be abandoned by their celestial phenomena.

It could be said that Blood New Moon was being as sincere as he could be.

In order to become a member of the Heavenly Family Cottage, one had to have Eternal power at least.

Making an Eternal expert swear on their celestial phenomena was extremely disrespectful.

Yet, Blood New Moon was offering to do so. This was enough to prove how much he yearned to see his child.

Blood New Moon's sincere display made things more difficult for the Spacetime Elder.

If he continued to turn him down, he would be preventing a family from reuniting. But if he allowed Blood New Moon to see his child and an accident took place, the Spacetime Elder would not be able to bring himself to continue to be a member of the Radiance Federation's royalty.

The Spacetime Elder's voice turned stern as he said, "Even if Purple Love comes to visit the Radiance Federation, she will need to send word in advance and wait in Ascending Dragon City to be escorted. At that time, we will be more than happy to receive you. Since you have been separated from the child for some time, waiting a while longer won't make a difference."

Blood New Moon's gaze darkened. Blue Lotus and White Phoenix also looked outraged.

The royalty always prioritized the law over empathy in a large federation like the Radiance Federation, which housed millions of people.

But in a small group like the Heavenly Family Cottage, nothing was more important to them than empathy.

Hence, the Spacetime Elder would never be able to think about the situation from Blood New Moon's perspective.

As such, Blue Lotus and White Phoenix also could not understand why the Radiance Federation was being so ridiculous when the matter was so simple.

Could there be a problem with Jade Sundial and Blood New Moon's child?

Blue Lotus and White Phoenix's auras immediately intensified, and an Eternal aura flowed out from their bodies to clash against the Spacetime Elder's aura.

The atmosphere immediately turned tense.

At that moment, the air above the Radiance Federation's Royal Capital was locked tightly by spatial power to the point that no one could see what was happening.

The Mother of Bloodbath looked up at the sky and said softly, "Lin Yuan, I need to go up to the sky."

Lin Yuan was the Moon Empress' disciple. The Mother of Bloodbath knew that he was going to participate in the selection to become a Radiance Envoy in two years' time.

The Mother of Bloodbath was Lin Yuan's Path Protector. If the Heavenly Family Cottage and the Radiance Federation started a serious conflict because of it, Lin Yuan's future in the Radiance Federation would be affected.

It did not want to affect Lin Yuan in any way, even if it meant that it had to become hurt.

The Mother of Bloodbath readied itself to fly into the sky.

But at this moment, the Mother of Bloodbath felt a warm pair of hands cover its hand, and a voice said, "I'll go with you. I might be able to help."

Lin Yuan's words touched the Mother of Bloodbath.

It was his Path Protector, yet he had protected her many more times than it had done for him.

Just as the Mother of Bloodbath was about to turn Lin Yuan down, he said, "That spatial barrier can even keep the belt of sunlight out. There's no way you'll be able to get in. I'm also at a loss. Let me call Uncle Mystic and ask him to take us in."

Lin Yuan would never think of charging into such a situation on his own.

A member of royalty was behind this barrier.

With Mystic Moon around, he would be able to communicate with that member of royalty.

Lin Yuan called Mystic Moon and told him about the situation.

Mystic Moon materialized at the Return from Faraway Mansion in less than a second.

When Mystic Moon heard what was happening in the sky, alarm bells rang in his head.

Mystic Moon knew the truth about the Mother of Bloodbath.

When the Mother of Bloodbath successfully overcame the World Cleansing, Mystic Moon knew that the Heavenly Family Cottage would eventually come looking for it.

The Heavenly Family Cottage was one of the paths that the Moon Empress was paving for Lin Yuan.

However, he did not expect the Heavenly Family Cottage to be so impulsive that they barged into the Royal Capital without warning.

Mystic Moon regretted tempering his dragon pearl.

Luckily, Lin Yuan sought him out quickly.

The Hollow Crystal Mother Shellfish's barrier was very stable. This was a sign that a fight had not broken out.

If a fight started and the Spacetime Elder was in the middle of one of his tantrums, he would not give Mystic Moon the time of day.

Mystic Moon glanced at the Mother of Bloodbath before saying to Lin Yuan, "Young Lord, Wen Yu's Elemental Paper has evolved to Gold grade and gained the ability known as Faceless Paper. If you don't change your appearance using Faceless Paper, your face will be revealed to the entire Royal Capital."

Lin Yuan immediately took out the Faceless Paper that Wen Yu had given him and attached it to his face.

Soon, Lin Yuan changed from a young man with exquisite features to a plain-looking young man.

Mystic Moon waved his hand, and a dragon formed from spiritual energy appeared in the Return from Faraway Mansion.

There were nine silver flood dragons twirling around this dragon formed from spiritual energy.

When Lin Yuan saw Mystic Moon, he found it very familiar.

However, he did not recognize the two large wings that sprouted from Mystic Moon's back.

Lin Yuan and the Mother of Bloodbath rode the dragon into the sky.

All the people in the Royal Capital watched as the dragon stopped outside the barrier in the sky.

Mystic Moon reached out his hand, and a streak of Eternal aura flashed.

The silver light from Mystic Moon's hand tore a large hole in the barrier, and the dragon entered through it.

Everyone in the Royal Capital could see the deep abyss of night, a boundless sea, and a blazing sun through the hole.

The Spacetime Elder instructed the Hollow Crystal Mother Shellfish to use its spiritual energy barrier to protect the people of the Royal Capital.

Hence, the Spacetime Elder had invested all of his power into this barrier.

When he saw Mystic Moon in the form of a dragon, the Spacetime Elder turned his attention away from Blue Lotus and White Phoenix.

Chapter 1544: Let's Find a Place to Talk!

Instead, he turned to Mystic Moon and said, "If you leave the Moon Empress and start a faction of your own, you will be able to become a member of royalty in three years."

Mystic Moon's power had reached Eternal, and he was eligible to become a member of royalty.

His sacred source lifeform was also one of the three sacred source lifeforms that created Star Web. He was vital to the Radiance Federation.

Thus, he was not complimenting Mystic Moon.

He felt that soon, there would be 14 and not 13 members of royalty in the Radiance Federation.

Mystic Moon shook his head and said solemnly, "Don't make jokes, Spacetime Elder. I will always be the Moon Empress' Moon Envoy and have zero intention of becoming a member of royalty. Please refrain from saying such things in the future."

The Spacetime Elder looked deeply into Mystic Moon's eyes.

During that time, the Moon Empress, Mystic Moon, and Night Leaning Moon's incident had blown up amongst that generation of Radiance Envoys.

Eventually, the Night Empress took over the Spirit Guards, while the Moon Empress established the Radiant Moon Palace.

Mystic Moon had been the Moon Empress' retainer knight, and it was natural that he became Radiant Moon Palace's Moon Envoy.

After time passed, Mystic Moon broke through to Eternal. Yet, his loyalty to the Moon Empress had not changed.

It seemed that the Radiant Moon Palace was about to become the only faction with two experts who had attained Eternal power and above.

The nine dragons that flew around the enormous dragon shielded Lin Yuan and the Mother of Bloodbath.

Blue Lotus and White Phoenix felt that the situation had escalated too far now that Mystic Moon was here.

However, Blood New Moon's eyes were immediately drawn to the giant dragon's back.

Blood New Moon could sense the Mother of Bloodbath's position from the belt of sunlight.

Yet, now that he was on the cusp of reuniting with his child, he could not muster the courage to go through with it.

This was because he had no idea what gender his child was.

Blue Lotus and White Phoenix were shocked when they sensed the change in Blood New Moon's emotional state.

Was Mystic Moon here to deliver Blood New Moon and Jade Sundial's child?

The Mother of Bloodbath took a deep breath as fear crept into its heart.

The Mother of Bloodbath had always wondered why every other animal family was comprised of two parents and one child while it had been alone from the beginning.

The Mother of Bloodbath was a bird-catching spider but always avoided killing bird-type feys that were building nests to protect their young.

It only killed bird-type feys that were alone.

The Mother of Bloodbath had devoured almost all the lone birds in the Endless Forest.

When the Mother of Bloodbath was awakening its Heavenly Family Fey bloodline, it brushed against death again.

Eventually, it was able to be bathed in light and was reborn as the apple of the sun's eye.

At that moment, the Mother of Bloodbath became certain that it still had relatives.

This gave rise to a sense of loneliness within it.

This feeling was different from the gentleness it felt toward Lin Yuan or the pureness it felt toward Wen Yu, Liu Jie, and Endless Summer.

However, it was extremely powerful and strong.

It was as though this feeling had been etched into the Mother of Bloodbath ever since it started existing.

Thus, the Mother of Bloodbath could not help but be nervous now that it knew that its family was so close.

There was no person who would not be nervous once a serious event was almost upon them.

However, the Mother of Bloodbath was more confused than nervous. It wanted to know why it had been abandoned.

I clearly have the Heavenly Family Fey bloodline! How is that Sky Sundial Jade Sundial related to me?

The Mother of Bloodbath leaped down from the dragon.

At the same moment, Blood New Moon's eyes fell on the Mother of Bloodbath's face. His eyes immediately changed to dark red, and he let out an uncontrollable shriek, "Sundial!"

Blood New Moon never thought the day would come when he would be able to see that beautiful face that was cemented in his mind again.

Blue Lotus and White Phoenix's also shouted out "Sister Jade Sundial" when they saw the Mother of Bloodbath.

Lin Yuan and the Spacetime Elder were stupefied, but Mystic Moon had seen this coming because he had seen Jade Sundial before and knew that she bore a remarkable resemblance to the Mother of Bloodbath.

The more powerful the lifeform, the more difficult it would be for them to produce offspring. If they were lucky enough to have a child, the child would definitely look extremely similar to them.

There was no bloodline more elite than that of a Heavenly Family Fey.

Thus, it was only to be expected that the Mother of Bloodbath would closely resemble Jade Sundial.

In Mystic Moon's memory, Blood New Moon was a Blood Red Bird-Catching Spider that could not even fend for itself against Fifth Page Truth.

Mystic Moon did not understand how Blood New Moon had been able to awaken its Sky Sundial Jade Spider bloodline and perfectly combine the Blood Red Bird-Catching Spider and Sky Sundial Jade Spider's bloodlines.

The first person to become used to the Mother of Bloodbath's appearance was Blood New Moon.

Although Blood New Moon would immediately think of Jade Sundial when it saw the Mother of Bloodbath's face, he was a father and knew that this was actually Blood Love.

This face was completely devoid of even a hint of a smile. However, Jade Sundial was rarely seen without a smile.

Blood New Moon did not feel awkward or distant because of the Mother of Bloodbath's coldness.

Rather, he blamed himself, and his heart ached for the Mother of Bloodbath.

But soon, Blood New Moon sensed the overwhelming Blood Law from the Mother of Bloodbath. It was an echo of the dragon's aura.

This meant that Blood Love had sworn on Blood Law to this dragon.

This caused Blood New Moon's face to fall.

At this time, Lin Yuan jumped down from the dragon, and his eyes immediately met Blood New Moon's cold ones.

Lin Yuan was confused by Blood New Moon's animosity.

Mystic Moon scoffed when he saw Blood New Moon's gaze, and he was about to speak when the Mother of Bloodbath took a step forward to shield Lin Yuan.

Then, it walked over to Blood New Moon and said tersely, "Let's find a place to talk! If you don't mind, there are many things that I want to ask you."

Blood New Moon's dark red eyes filled with tears.

He thought about all the struggles his daughter had to make herself as strong as she was today.

Chapter 1545: The Moon Empress Made a Great Move!

Blood New Moon instinctively opened his arms to hug the Mother of Bloodbath, his daughter, from whom he had been separated for many years.

However, he thought about how he had never performed his duty as a father, and his arms froze in mid-air. He did not know whether he should proceed or retreat.

He was not afraid of the Mother of Bloodbath pushing him away but that he would frighten it.

When the Mother of Bloodbath saw the man with the same eyes that it had started to cry, it felt bad, and all the feelings of resolution started to quake violently.

The man's tears allowed the Mother of Bloodbath to realize that its family had not forgotten about it.

It was obvious that its circumstance was due to an undesirable circumstance.

Why else would its father travel so far and barge into the sky above the Royal Capital despite knowing that it was extremely inappropriate? Moreover, he was looking at the Mother of Bloodbath with teary eyes that were full of love.

As a fey, and especially the standoffish spider-species fey, the Mother of Bloodbath was aware that no spider-species fey would allow themselves to cry unless the emotions were as overwhelming as a tsunami.

The Mother of Bloodbath saw Blood New Moon's hesitant hands and walked up to give him a gentle hug.

Blood New Moon was stunned by what the Mother of Bloodbath did. He wrapped his arms around the Mother of Bloodbath's waist and laughed maniacally at the sky as he said, "I found my daughter! I finally found my daughter! Jade Sundial, our child is still alive!"

The Mother of Bloodbath was now even more certain of how important it was to Blood New Moon.

Blue Lotus and White Phoenix also had tears in their eyes. They were happy that Blood Love was safe and well and that they had finally found Jade Sundial's child.

They were also happy for Purple Love.

If Blood Love had been born in the Heavenly Family Cottage, the person who would have doted on her the most would be Purple Love!

Blood New Moon only managed to tear himself away from the Mother of Bloodbath a while later.

Blue Lotus said softly to the Mother of Bloodbath, "Child, your mother named you Blood Love. She loved you as much as your father. You can go to the lava zone to see her if you miss her. Every piece of fire element there is made from her blood and bones."

Blood New Moon should have been the one to tell this to the Mother of Bloodbath.

However, Blue Lotus did not want the father and daughter conversation to consist of the Mother of Bloodbath asking a question that caused Blood New Moon to reminisce.

That would be too cruel to Blood New Moon. It would be better to tell the Mother of Bloodbath everything now.

Blue Lotus always told herself that when she found Blood Love, she would have to tell Blood Love about how her parents had never stopped loving her. This was the only way to let Blood Love know that she had never been alone.

When the Mother of Bloodbath heard what Blue Lotus said, it raised its eyebrows.

The legendary Jade Sundial turned out to be its mother.

Lin Yuan immediately thought of something when he heard what Blue Lotus said.

If the lava zone had been formed from the blood and bones of the Mother of Bloodbath's mother, this meant that her soul was still left in the lava zone.

Lin Yuan walked up to the tearing Mother of Bloodbath and said, "Do you remember what I told you when you formed a contract with the Ten Thousand Medicine Hot Spring?"

When Lin Yuan took a step forward, he immediately caught the gaze of Blue Lotus, Blood New Moon, and White Phoenix.

The three of them could sense that there was a tangible link between Lin Yuan and the Mother of Bloodbath's Blood Law. This meant that the Mother of Bloodbath had sworn something to Lin Yuan.

This was akin to the feeling of finding your child after decades of separation and realizing that another person had raised your child.

The Mother of Bloodbath's eyes lit up when it heard what Lin Yuan said.

The Mother of Bloodbath noticed that Blood New Moon, Blue Lotus, and White Phoenix were looking at Lin Yuan and said, "He saved me twice. If not for Lin Yuan, I would have been killed during the World Cleansing when I evolved to Myth II. I would never even have had the chance to awaken my bloodline. After I evolved to Myth II, all the resources for increasing my power, including those to evolve to Myth III and awaken the Heavenly Family Fey bloodline, were provided by him. He also saved my life numerous times when I was unlocking the Heavenly Family Fey bloodline. I'm his Path Protector, yet he's my savior!"

The Mother of Bloodbath took a step closer to Lin Yuan to indicate to the three of them that he had saved it. It was silently saying that if it had to make a choice, it would choose Lin Yuan.

Although it now knew that it had a father and family, it would not hesitate to turn away from them if they decided to make an enemy of Lin Yuan.

Blood New Moon, Blue Lotus, and White Phoenix were shocked by the Mother of Bloodbath's attitude and resolution.

They realized that there was something wrong with their attitude.

If it was true that this seemingly average young man had been helping the Mother of Bloodbath, the child had not survived all on its own like they had thought. Rather, it was all thanks to the young man.

This young man was not only the Mother of Bloodbath's savior but also their savior! He was the savior of the entire Heavenly Family Cottage!

Now that they knew this, the three of them immediately changed their gazes to friendly ones.

White Phoenix plucked out his hair, and three black feathers appeared in his hand.

He silently handed the three feathers to Lin Yuan.

This left Lin Yuan at a crossroads. He did not know whether he should accept the three feathers that the middle-aged man wearing fishnets was holding out.

Mystic Moon and the Spacetime Elder shared a look.

The Spacetime Elder was slightly jealous of Lin Yuan.

The Heavenly Family Cottage members acted impulsively but were all emotional.

White Phoenix was a narcissist who loved his feathers. Giving Lin Yuan three of them was a clear sign of his gratitude toward Lin Yuan.

When Lin Yuan did not receive the feathers, White Phoenix wanted to stuff the feathers into Lin Yuan's hand.

The Spacetime Elder was certain that White Phoenix was not giving Lin Yuan the feathers to thank him for the help he had given to the Mother of Bloodbath but an instinctive action that came from general gratitude.

The Moon Empress made a great move! She used this method to enable her disciple to become linked to the Heavenly Family Cottage!

Chapter 1546: The Opportunity that Lin Yuan Gave Night Leaning Moon

White Phoenix became impatient when Lin Yuan did not receive his feathers.

“Why don’t you want my feathers? They’re really useful!”

An exaggerated expression of offense appeared on White Phoenix’s face. It was as though Lin Yuan was being rude by not accepting the feathers.

White Phoenix’s reaction threw off Lin Yuan.

He knew that this strange man wearing fishnets was a Heavenly Family Fey.

Even if a Heavenly Family Fey was covered in dirt, they were still rare treasures. This also applied to the black feathers that the strange man had plucked from his head.

Lin Yuan would not turn White Phoenix down if he only wanted to give Lin Yuan something.

However, this gift came because he wanted to thank Lin Yuan for helping the Mother of Bloodbath. Lin Yuan could not accept such a gift.

It was true that Blood New Moon was the Mother of Bloodbath’s father, and it could be said that White Phoenix was her uncle.

However, the Mother of Bloodbath was Lin Yuan’s Path Protector. White Phoenix’s action was the equivalent of thanking Lin Yuan on behalf of the Mother of Bloodbath.

When Lin Yuan helped the Mother of Bloodbath, he never thought about being repaid.

Lin Yuan saw White Phoenix’s action as contaminating his relationship with the Mother of Bloodbath.

The Mother of Bloodbath had already made its stance clear. Thus, it was clear that White Phoenix’s action was inappropriate.

White Phoenix saw Lin Yuan’s displeased expression and realized that his action had indeed been thoughtless.

He hurriedly plucked a bigger handful of black feathers. With a wave of his hand, the feathers turned into a black fan.

White Phoenix said to Lin Yuan seriously, “This isn’t a gift of gratitude. I just want to say thank you, and it will make me feel much better if you accept it.”

White Phoenix’s tone was very sincere.

Lin Yuan’s expression became more pleasant when he saw White Phoenix’s genuine expression.

Mystic Moon took a step forward and glanced at the fan in White Phoenix’s hand before he said to Lin Yuan, “Young Lord, this is his gesture. You should accept it. Night Leaning Moon badly needs these feathers that contain concentrated night power.”

Mystic Moon was a person who was always aware of proper behavior.

Mystic Moon could only have said such a thing because Night Leaning Moon needed these feathers very badly.

When Lin Yuan received the black fan, Mystic Moon thought, *?Night Leaning Moon, you owe Young Lord an enormous favor!*

Night Leaning Moon's two main feys have been stuck at that level.

Night power was a very rare power. It existed in the darkness but was fundamentally different from dark elements.

Night Leaning Moon needed to use her sacred source lifeform or transform dark-type spiritual ingredients in order to obtain night power.

Although these methods would produce a large amount of night power, this power was not pure enough.

The Heavenly Family Fey affiliated with the night would have access to the purest night power.

White Phoenix would be able to draw out the purest night power from the night, and he stored it in his feathers.

There were at least 300 feathers in the fan. Even half of it would be enough to enable Night Leaning Moon to help her main feys break through that level.

If the entire fan was given to Night Leaning Moon, she might be able to evolve the bloodlines of her other feys besides her main feys.

Night Leaning Moon had sought out White Phoenix and asked him for a trade.

However, White Phoenix was very stingy and treasured his feathers.

White Phoenix had turned Night Leaning Moon down when she only asked for three feathers. This made Night Leaning Moon livid.

If Night Leaning Moon was a nomad who did not belong to any federation, she could have snuck up on him and plucked out his feathers. She was slightly more powerful than him, after all.

But as a member of the Radiance Federation's royalty, causing trouble for White Phoenix would bring down the wrath of the Heavenly Family Cottage on the entire Radiance Federation.

Hence, she gave up on this route.

But now, all of her problems were solved.

Hence, Lin Yuan did not continue to turn down White Phoenix.

Since the feathers were useful to Night Leaning Moon and White Phoenix was willing to give them, Lin Yuan was willing to give Night Leaning Moon the chance to break through.

When Lin Yuan received the feathers, White Phoenix beamed brightly.

When White Phoenix sensed that it had lost many feathers, his expression deflated and could not help but regret his action.

Out of everything, why did I have to give my feathers?

But given the situation, White Phoenix would have to give up his feathers if Lin Yuan asked.

When Blue Lotus saw White Phoenix's smug expression, she walked over to Lin Yuan and placed her hand on Lin Yuan's forehead.

Almost immediately, Lin Yuan felt as though his entire body was submerged in icy water. Water elements endlessly gathered at his body, and he felt extremely comfortable.

A blue lotus appeared on the center of his forehead. Each petal looked like a wave.

Blue Lotus said softly, "I just have you a Blue Sea Blessing. As long as you're at a place where water elements exist, they will automatically protect you. You will be able to breathe underwater. Powerful aquatic lifeforms might not act affectionately toward you, but feys composed of water elements won't attack you. The water element will be your best friend for the next ten years."

Mystic Moon frowned when he heard what Blue Lotus said.

He did not expect Blue Lotus to give Lin Yuan a blessing of a Heavenly Family Fey that only Eternal Heavenly Family Feys could give once every decade.

The water element would be Lin Yuan's closest companion for the next decade.

If a regular water-type fey received the Blue Sea Blessing, it would be able to change into human form in the next decade without using any spiritual ingredients or making any effort.

Even the most inferior quality water-type fey would be able to evolve to Myth Breed using the Blue Sea Blessing.

When used on a water-type fey that was of very high quality and worked hard, it would be able to evolve to Creation Breed within the next decade.

Blue Lotus and White Phoenix's actions allowed Mystic Moon and the Spacetime Elder to see how emotional Heavenly Family Feys were.

Chapter 1547: Are You Telling Me to Get Lost?

Lin Yuan did not think that the Blue Sea Blessing would be much help to him.

The Sacred Sword Wielding Queen's skirt already had the Vast Water World engraved on it.

Lin Yuan would be able to defend against the attacks of all water-elemental energy from aquatic feys that were Creation Breed and below.

Moreover, Lin Yuan was not an aquatic fey, and the Blue Sea Blessing would not be able to increase his power like it did for other water-species feys.

However, it could moisturize Lin Yuan's skin.

Lin Yuan felt that the only use for the Blue Sea Blessing would be that it could keep aquatic feys from attacking him.

The feys composed of water-elemental energy that Blue Lotus mentioned did not all live underwater. There were also some terrestrial feys that had water-elemental energy as their source.

For the next 10 years, Lin Yuan would be the apple of their eyes.

Blood New Moon did not take out anything. Instead, he looked at Lin Yuan with a sincere gaze and said, "You're my daughter's savior. This makes you my savior."

Blood New Moon pointed at the sun above them, and eight ribbons of sunlight descended.

Blood New Moon said sternly, "I, Blood New Moon, swear on the sun that I will be Lin Yuan's Protector for the rest of my life."

The Mother of Bloodbath, Lin Yuan, the Spacetime Elder, and Mystic Moon were all stunned by what Blood New Moon said.

The Mother of Bloodbath was shocked that its father was willing to sacrifice the rest of his life because Lin Yuan was its savior.

This made it clear how much Blood New Moon loved it.

Mystic Moon and the Spacetime Elder were shocked at how easily a member of the Heavenly Family Cottage could swear on the celestial phenomena they were affiliated with.

Mystic Moon and the Spacetime Elder saw this as very reckless behavior.

No matter how grateful he was, he needed to take note of his status.

Mystic Moon and the Spacetime Elder felt that once a person reached a certain position or carried a certain status, they could not act as they pleased.

Yet, Blue Lotus and White Phoenix did not stop Blood New Moon from making such an oath. Rather, they had relaxed expressions.

Now, Mystic Moon and the Spacetime Elder understood how carefree Heavenly Family Feys were and how much their heart dictated their actions.

It was no wonder Purple Love had charged to Tower Canon after the Sky Sundial Jade Spider died and killed First Page Fate.

Lin Yuan scratched his head awkwardly.

It was fine that the Mother of Bloodbath was his Path Protector. But now, Blood New Moon had become his Protector. This made them colleagues.

Blood New Moon walked over to Lin Yuan and said, "I can see that Little Love will never leave you. So I might as well become your Protector and thank you for saving Little Love's life so many times. Thank you. From now on, I will do my best to make your journey as smooth as possible."

Blue Lotus looked at Blue Lotus and White Phoenix and said, "When you return, tell Purple Love that I won't be returning to the Heavenly Family Cottage within the next century."

No one was more excited than Mystic Moon that Blood New Moon was going to protect Lin Yuan.

A member of the Heavenly Family Cottage was now Lin Yuan's Protector. From now on, Lin Yuan was deeply bonded with the Heavenly Family Cottage.

Mystic Moon could tell that Blood New Moon was an Eternal Heavenly Family Fey.

Although Blood New Moon's aura was much weaker than Blue Lotus and White Phoenix, an Eternal Heavenly Family Fey could not be compared with a regular fey that reached Eternal.

A Heavenly Family Fey that reached Eternal would be able to crush a regular fey that reached pinnacle Eternal.

A Heavenly Family Fey that reached pinnacle Eternal would even be able to take on a regular fey that had evolved past Eternal.

The Heavenly Family Feys' special characteristics were the Heavenly Family Cottage's secret weapon. It was also the reason the Heavenly Family Cottage could become a faction that rivaled the three great federations.

The Heavenly Family Cottage was just as famous as Tower Canon to the three federations.

Despite the Heavenly Family Feys' shared trait of only helping those they saw as family, Blood New Moon's willingness to become Lin Yuan's Protector made Blue Lotus and White Phoenix acknowledge Lin Yuan.

Blue Lotus and White Phoenix's attitudes represented the rest of the Heavenly Family Feys.

Mystic Moon looked at the Spacetime Elder and said, "Spacetime Elder, there isn't a need for you to be here. One of the Heavenly Family Cottage members has become our Young Lord's Protector. This makes the matter a private matter of the Radiant Moon Palace. I will take them to Leaning Moon Tower now. They don't have to wait to be escorted at Ascending Dragon City."

The Spacetime Elder's lips twitched.

Damn! Mystic Moon is asking me to get lost!

The Spacetime Elder might have argued with Mystic Moon for a bit if this was any other time.

But now, Mystic Moon had reached that level.

The Spacetime Elder scoffed and said, "The Moon Empress is not out of seclusion. Isn't it against the rules to take the members of the Heavenly Family Cottage to Leaning Moon Mountain when the mistress isn't present?"

Mystic Moon patted Lin Yuan's shoulder and said, "Young Lord is also the master of the Radiance Moon Palace. With him around, it won't be inappropriate to receive guests even if the Moon Empress isn't

present. It just so happens that Night Leaning Moon is also at Leaning Moon Mountain. You can start with her if you want to express your gratitude.”

The Spacetime Elder was surprised that Mystic Moon saw Lin Yuan in such high regard. He even placed Lin Yuan on a higher pedestal than the Moon Empress.

The disciples of others had already grown to the point of being able to hold their own.

Yet, the Spacetime Elder’s granddaughter had not even taken control of her sacred source lifeform. She could only keep it locked away to train it.

The Spacetime Elder waved his hand, recalled the Hollow Crystal Mother Shellfish, and transported himself back to the Camel Peak Valley.

Although the Spacetime Elder had left, the situation in the sky had not changed, and thick spiritual energy continued to mask the sky, including the figures of Mystic Moon, Lin Yuan, Blood New Moon, and the rest.

The Mother of Bloodbath forced itself to remain composed and did not tell Blood New Moon that Lin Yuan could revive its mother. It would be too much of a blow to Blood New Moon to do so.

The Mother of Bloodbath could not bear to let its father have such hope only to end up disappointed.

Its father’s heart would break a second time.

At that moment, the Mother of Bloodbath noticed Lin Yuan shooting a look at it, and it immediately knew that Lin Yuan was going to take it to verify the situation. They had to ensure they could collect its mother’s soul before proceeding.

At that moment, a round moon appeared in the sky despite it being the middle of the afternoon.

Chapter 1548: The Moon Empress is Out!

At that moment, thousands of ribbons of moonbeams descended from the moon and crushed the eight ribbons of sunlight.

A sound that resembled a wolf’s howl was released from near the Radiant Moon Palace and reverberated throughout the entire sky above the Royal Capital.

This howl was not creepy or violent. Rather, it sounded chilly but also with a hint of contempt for all lifeforms.

This howl drew the attention of all the other members of royalty, and they looked toward the Radiant Moon Palace.

An elderly man blew out his beard angrily and said to a middle-aged man, “Li Changlin! I’m not just your Master! You married my daughter and should address me as Father! Look at what you’ve done. I only have one female Spirit Savoury Pig left! You used up all the rest of them! Where am I supposed to go to find another male one to mate with it? Are you going to do it?”

The middle-aged man pouted and said, "Master, you bring this up whenever you see me. It's already over!"

The elderly man felt dizzy and replied, "Over? I thought it was over too! But why did you pluck out all my Seven Change Fragrance Thatch too?"

The middle-aged man replied casually, "Master, the Radiance Hundred Sequence selection is almost here. I plan on practicing a few more signature dishes so that I can make a feast for Little Yuan! That child's parents are gone, and Jiaojiao and I are also without children. Lin Yuan and Chu Ci are no different from our children because we watched them grow up."

At the mention of Lin Yuan, Chef Supreme fell silent.

Normally, Chef Supreme would have asked him why he needed to use the Seven Change Fragrance Thatch just to make food for someone.

However, his bad luck would eventually be removed thanks to Zong Ze's relationship with Lin Yuan.

Chef Supreme had accepted three disciples. His first disciple was unorthodox, and his second disciple was consumed with opening chain businesses. Thus, Chef Supreme had placed all of his hope in Zong Ze.

As such, Chef Supreme was extremely grateful to Lin Yuan for the help he gave Zong Ze.

At this moment, a howl sounded out in Chef Supreme's ear.

Chef Supreme narrowed his eyes and gasped. "I can't believe the Sacred Cry Moon Beast has broken through to that level. There is finally a second Heavenly Family Fey in the main world that crossed that rut."

Chef Supreme placed his hand on his beard and started to stroke it slowly with a thoughtful expression on his face.

The Sacred Cry Moon Beast was not impressive compared to the Heavenly Family Cottage's members. The Moon Empress had to have given it substantial help to reach this level.

It seemed that the Moon Empress' Creation Master level had also improved significantly.

This was terrifying!

However, Chef Supreme also had devastating weapons that he had not revealed. This was likely to be the same case for Bamboo Monarch.

Everyone was hiding their powers to surprise the world at key moments. They were all unexpectedly reliable!

Everyone in the Radiance Federation knew that the moon represented the Moon Empress.

In the past decade, there had rarely been any strange activity with the moon. The frequency only increased in the past year.

However, this was the first time that thousands of moonbeams descended on the Royal Capital.

Many people on the street cupped their mouths and shouted for the Moon Empress.

Lin Yuan and Mystic Moon shared looks of delight.

The strange activity with the moon indicated that the Moon Empress was done training.

At that moment, Lin Yuan's phone started to ring.

Lin Yuan looked at it and saw that the call was coming from the Moon Empress.

Lin Yuan hurriedly picked up the call and heard the Moon Empress' gentle voice say, "Little Yuan, I'm done training. Come to the Radiance Moon Palace when you're free, and I'll prepare delicious food for you!"

Lin Yuan smiled brightly and revealed a row of pearly teeth that almost blinded Mystic Moon.

"Master, I'm with Uncle Mystic, and we were just about to come over. There are also a few members of the Heavenly Family Cottage here who want to visit you at the Radiant Moon Palace. One of them is the Mother of Bloodbath's father."

The Moon Empress was aware that the Mother of Bloodbath had unlocked its hidden Sky Sundial Jade Spider bloodline while she was in seclusion.

Blood New Moon must have rushed over when he sensed this bloodline because he knew that it was coming from his long-lost daughter.

It seemed that the first Path Protector that she found for Lin Yuan was a success.

The Moon Empress raised her hand and touched the moonbeams before shaking her head.

Previously, she had planned out Lin Yuan's path so meticulously because she thought that her days were numbered.

But now that she had crossed that canyon, she was certain that there was no one more powerful than her in this world.

Even if the other members of royalty also had their own secret weapons, they could not determine who was stronger unless they duked it out in a fight to the death.

Now, the Moon Empress could enable Lin Yuan to lead a smooth-sailing life even if she did not make any new plans for him.

Although she possessed this power, she would not hesitate to search and provide Lin Yuan with opportunities.

She did not know if she was affected by the previous sense of urgency brought on by her shortened lifespan or the sense of responsibility she gained after accepting Lin Yuan as a disciple, but she found the best way to be Lin Yuan's master.

This method seemed simple to the Moon Empress.

Lin Yuan was extremely independent and did not like to rely on others.

As long as she was powerful enough, she would be able to be Lin Yuan's source of support forever.

At that moment, a white wolf crawled up behind the Moon Empress.

Its fur was long and thin and was full of moonlight.

The giant wolf's two round eyes had two iridescent blue teardrops.

A small rabbit was standing on the large wolf's head, and it gnawed on its carrot as its aura climbed.

A glowing box flew out of the rabbit's head, and overwhelming power exploded out from the Radiant Moon Palace.

When the aura pierced the sky, the Moon Empress stretched out her fingers, and the thousands of moonbeams also extended across the sky.

The moonbeams descended on the Radiant Moon Palace and turned it into a cocoon.

Inside the cocoon, the Moon Empress said to the giant wolf, "Sacred Cry Moon Beast, unleash as much of your aura as possible like the Bright Moon Uniform Radiance! Once you're done with this step, you'll only be one step away from being able to produce your figurative birth horoscope like Zixi."

The Moon Empress marveled at her current situation.

She never expected Zixi to be affected by her breakthrough and advance itself along with its sacred source lifeform.

Chapter 1549: The Second Heavenly Family Fey Above Eternal!

Zixi's breakthrough would increase not only the Moon Empress' power but also become the entire Radiance Federation's secret weapon.

When she heard that the three members of the Heavenly Family Cottage had arrived at the Royal Capital, the Moon Empress suppressed Zixi's aura.

The Sacred Cry Moon Beast let out a howl.

At that moment, every person in the Royal Capital saw the image of a large wolf appear behind the moon.

Two blue tears fell from the giant wolf's eyes, and they flowed up toward the moon.

It was as though these tears became a part of the moon. As a result of the tears, the moon became even brighter and clearer.

At that moment, the moonbeams around the moon were suddenly set ablaze. The burning moon completely covered the shining sun.

The burning moonbeams flowed into the giant wolf's eyes and set its eyes alight as well.

Soon, the large wolf's eyes darkened into a dark gold.

Three crescent moons moved within the large wolf's eyes. It was as though one cycle of the moons' movements brought with them the passing of a day.

Lin Yuan, who was staring into the beast's eyes, felt as though he was aging with every passing cycle of the moons.

Soon, the crescent moons cycled backward and combined into a full moon.

At that moment, every person in the Radiance Federation felt as though their vitality was being replenished. Even their bodies were filled with more energy.

Mystic Moon said softly, "The Sacred Cry Moon Beast actually used Full Moon Gaze! Within the line of vision of Full Moon Gaze, every person has a drop of the Sacred Cry Moon Beast's tear planted in their body. 10,000 of the Sacred Cry Moon Beast's tears is the main ingredient for one Moon Dew Revival Pill."

Lin Yuan was just about to marvel at how many Moon Dew Revival Pills these amounted to when he heard White Phoenix say in astonishment, "That's impossible! The Sacred Cry Moon Beast isn't as talented as me! How is it possible that it reached the same level as Sister Purple Love?"

Blue Lotus sighed and said, "White Phoenix, are you still holding the grudge? The Sacred Cry Moon Beast left the Heavenly Family Cottage all those years ago to seek out a better future for itself. It didn't want to be restricted by its talent forever. It chose to join the Moon Empress of its own accord.

"Now that the Moon Empress provided it with an opportunity, we should be happy about it. The Sacred Cry Moon Beast plucked out your feather when you were young, but that was because your feather was stained with the Mist of Biting Cold. If that feather hadn't been plucked out, you would have fallen seriously ill!"

Blood New Moon was not acquainted with the Sacred Cry Moon Beast because he had joined after it left.

Blood New Moon could sense that the moonbeams from the moon in the sky had completely blocked his link to the sun. This was occurring even though the moonbeams were not targeting him.

Blood New Moon was unsure if he would be able to trigger the sun to release more ribbons of sunlight if he forcefully tried to communicate with it.

Blood New Moon felt that as hard as he tried, the sun would only be able to release a thin ribbon of sunlight.

He had always felt that the sun's radiance would be able to overcome the light of the moon.

But now, it seemed that this was not the case.

This allowed Blood New Moon to see the path that he needed to go down in the future. This was because he could sense that the Sacred Cry Moon Beast was not communicating with the moon but wielding it as an equal.

Another Heavenly Family Fey had broken through to that level and was able to share their power with the world.

It was likely that Purple Love would be happy for the Sacred Cry Moon Beast if she found out.

At that moment, all the wild winds gathered at the Radiance Federation.

Before coming to the Radiance Federation, Blood New Moon, Blue Lotus, and White Phoenix had been clearing out Tower Canon sites and found out that there were experts from Tower Canon who were headed to the Radiance Federation.

Both Tower Canon and the Freedom Federation were enemies of the Radiance Federation.

It would be impossible for there not to be trouble when these two groups gathered in the Radiance Federation. It was even possible that they would join hands.

The allegiance of the envoy group from the Azure Federation was still unknown.

The main reasons for the Heavenly Family Cottage's visit to the Radiance Federation were to seek out that new Heavenly Family Fey that could absorb weather and find Blood New Moon's long-lost daughter.

Now, the Mother of Bloodbath was found, and the only thing left to do was to seek out that Heavenly Family Fey.

However, Blue Lotus, White Phoenix, and Blood New Moon were definitely going to duke it out with the people from Tower Canon.

But the chaos was now quelled by the Sacred Cry Moon Beast that had just evolved past Eternal.

A Heavenly Family Fey that was above Eternal was considered one of the world's top experts.

However, this Heavenly Family Fey did not belong to the Heavenly Family Cottage but to the Moon Empress.

With the Sacred Cry Moon Beast around, there was no way that chaos would break out.

However, the calmer the surface of the water, the murkier its depths.

No one knew what kind of changes the deep water would bring.

At that time, the moonbeams that enclosed the Radiant Moon Palace had disappeared.

The Sacred Cry Moon Beast that was the envy of all the experts in the world was currently trembling before a small white rabbit.

A purple streak flashed across Zixi's eyes.

It flicked its ears and safely placed the carrot behind it before gently covering it with its tail.

Zixi was acting this way because it had found out from the Moon Empress that Lin Yuan was coming.

Previously, Zixi could completely brush off Lin Yuan.

But Lin Yuan had saved the Moon Empress' diminishing lifespan by giving her the Lifespan Mouse.

He had also provided the Moon Empress with spirit qi that was so pure that even the Moon Empress could not concoct.

This pure spirit qi was the reason Zixi was able to advance significantly.

Hence, if Lin Yuan asked Zixi for its carrot, Zixi could not say no.

Someone knocked on the Moon Empress' bedroom at that moment, and Night Leaning Moon strode in.

Night Leaning Moon looked at the Moon Empress with a multitude of emotions on her face as she said, "Congratulations, it looks like we were all worried for nothing. Now that you've successfully crossed this step, your lifespan is no longer in danger."

Night Leaning Moon eventually started to choke up.

If anyone said that the austere and cold Night Leaning Moon was choking up, the other members of royalty would probably start guffawing at the ludicrous idea.

However, Night Leaning Moon let down all of her walls in front of the Moon Empress.

All those years ago, the Moon Empress and Night Leaning Moon were Radiance Envoys together.

At that time, Night Leaning Moon had congratulated the Moon Empress in the same way.

But she had been too immature and ended up falling out with Mystic Moon.

While Night Leaning Moon was reminiscing, the Moon Empress smiled gently and said, "Leaning Moon, thank you for staying here in the Radiant Moon Palace to guard me and suppress my aura during my breakthrough."

Night Leaning Moon was stunned by the Moon Empress' smile. It was the exact same one as when they were young.

Chapter 1550: Everyone's Reactions!

There was a loli sitting atop the head of a twisting sea snake that was almost 1,000 meters long.

The loli looked at the silhouette of the wolf head behind her, and her expression darkened.

A man that exuded righteousness stood behind her. He narrowed his eyes at the loli and scoffed and said, "Second Page Revival, the Moon Empress' Sacred Cry Moon Beast suddenly broke through past Eternal. Do you think that you'll be able to defeat it? Don't forget how that fox from the Heavenly Family Cottage killed First Page Fate! You were the only one by First Page Fate's side when it happened."

The loli stood up. Her eyes changed to gray, and a gray aura of death rose around her before a pair of gray wings sprouted from her back.

This aura of death contaminated the enormous snake beneath her. In an instant, its flesh withered, revealing white bones, as it fell into the ocean.

Second Page Revival sneered. "Sixth Page Lashing, I don't want to talk to you anymore! You just need to tell First Page Crimson to activate the Black Mass Cup and nothing else.

"Purple Love killed First Page Fate but that does not mean that I need to be afraid of the Sacred Cry Moon Beast. The Four Horsemen have already departed from the Tower of Revival and are headed to the Radiance Federation.

"Tower Canon also buried the seeds for The Sleeper's Revival long ago. Due to the conflict with the Radiance Federation, the Freedom Federation contacted Tower Canon again."

Second Page Revival paused before continuing. "Sixth Page Lashing, before using the Black Mass Cup, you should hide amongst the envoys from the Freedom Federation. I will go on my own to seek out the Gardener Konjac's seeds."

Sixth Page Lashing's face fell before he replied, "The Gardener Konjac's seeds and ramets are missing. This means that something serious happened to Whale Ocean Commerce. Second Page Revival, you always say that Seventh Page War is useless. Yet, your scheme targeting the Radiance Federation isn't as successful as Seventh Page War's one. At least Seventh Page War had used her sacred source lifeform to open a dimensional rift in the Radiance Federation's sea."

Sixth Page Lashing's words hit Second Page Revival's Achilles heel.

Second Page Revival flapped her wings, and she was soon far away from Sixth Page Lashing.

Sixth Page Lashing did not chase after her. Instead, he stood at the same spot to wait for the envoys from the Freedom Federation to arrive.

As he looked at the thrashing sea, a feeling arose in Sixth Page Lashing.

I'm clearly one of the Eight Pages of Tower Canon. But why do I feel like a pair of large hands is manipulating my life?

Moreover, ever since First Page Crimson appeared, Second Page Revival's attitude toward First Page Crimson has been laughable. It's as though she has become First Page Crimson's lapdog. She is very close to addressing him as 'Lord First Page Crimson'.

Suddenly, a cunning smile spread across Sixth Page Lashing's face, and he mumbled, "I understand Tower Canon less and less. Why do the Eight Pages all have to side with Tower Canon? I want to see what Second Page Revival plans to do and who exactly First Page Crimson is!"

Sixth Page Lashing did not continue to wait for the envoy group from the Freedom Federation. Instead, he headed in another direction toward the Radiance Federation.

...

In the Freedom Mystic Temple, the strange activity with the moon and the Sacred Cry Moon Beast's sudden breakthrough past Eternal forced the royalty from the Freedom Federation to gather together.

A week ago, nine of them had a meeting.

Du Miao frowned at the wolf's silhouette behind the moon and said coldly, "Now, the Radiance Federation has another top expert. The Heavenly Family Cottage will definitely want to ally with the Radiance Federation because of this. I received word from the envoy groups that the Azure Federation is unwilling to work with us. Almost a millennium has passed since the world's factions established their boundaries. It's time that we harvest the Radiance Federation."

The other members of royalty silently played with the items in their hands as they thought deeply.

There was a two-year deal between the Freedom Federation and Radiance Federation.

Now that the Radiance Federation's pinnacle combat power had increased, this was nothing but bad news for the Freedom Federation.

Thus, the Freedom Federation needed to harvest the Radiance Federation. However, they needed to discuss which method for harvesting would be the best.

Ever since the last battle, Du Miao was the only one who had fought with the Radiance Federation in the past decade.

Du Miao had used the Gold Leaf Boiling Balloon Flower and caused a large commotion in the sky above the Radiance Federation by triggering the volcano phenomena.

Eventually, he was stopped by the Radiance Federation. Hence, most of the Radiance Federation's hatred was focused on Du Miao.

As such, all of the members of royalty were waiting for Du Miao to come up with a suggestion for this matter. This way, he would have to shoulder most of the costs of this operation against the Radiance Federation.

The Freedom Federation only cared about their own profits. Every weekly meeting was a scheme to procure more resources.

When no one replied to Du Miao, he was outraged and yelled, "If none of you want to be involved in this matter, I'll wash my hands off it too. But don't regret your decision during the Major Federation Meeting two years later!"

At that moment, a middle-aged man wearing a red robe said, "We already discussed our plan for the deal with the Radiance Federation during the last meeting. Du Miao, you don't have to worry about us. The experts from the First Emperor Shark Clan are already headed to the Radiance Federation. There is no way that the Radiance Federation will let this matter go. Du Miao, it seems that all of the resources that you invested into the First Emperor Shark Clan will go to waste."

A gloating expression appeared on the man's face.

Du Miao's gaze darkened.

Previously, he had made the decision of his own accord to allow the First Emperor Shark Clan to take refuge in the Freedom Federation's sea. This had cut into the profits of the other members of royalty.

However, Du Miao never expected them to hold such a grudge.

After the event, they kept him out of the loop of what transpired during the meetings. However, he did not mind not knowing about it.

They were all members of royalty of the Freedom Federation and had equal standing.

He would not crumble just because one of them made a snide remark at his expense.

Yet, there was clearly a new pinnacle expert in the Radiance Federation, and none of these people seemed to care. They even looked confident and sly.

This made Du Miao curious about what tricks they had come up with during the last discussion.

...

Lin Yuan and Mystic Moon returned to the Radiant Moon Palace.

Blood New Moon, White Phoenix, and Blue Lotus wanted to thank the Moon Empress for the help she gave to Jade Sundial and for saving the Mother of Bloodbath.

They walked to the Radiant Moon Palace instead of flying.
