

Chapter 102: My Genes Evolve Infinitely

DINGO

Xue Wang stood up straight again, spit out ** saliva, and looked at Xue Ren.

Not far away, Xue Ren's hair was a bit messy, and his gray leather armor also had a trace of cracks.

But his breath is still strong.

He looked at Xue Wang and said lightly:

‘You are not my opponent, don't you give up?’

The faint green light in Xue Wang's eyes burned, and a smirk flashed in his eyes:

‘Until the end, who knows?’

At this moment, Lu Yuan stood up.

He moved his body, clenched the epee in his hand, with anger burning in his eyes, looked at Xue Wang on the side, and grinned:

‘Old Xue, I'll help you.’

Xue Ren saw Lu Yuan stand up, as if unscathed, his pupils shrank, a little surprised.

‘Are you alright? How can you recover so quickly after suffering such a serious injury just now?!’

Xue Wang was also stunned, somewhat surprised.

Then he looked at Lu Yuan carefully:

‘Lao Lu, this is between me and him. No matter what happens, don’t interfere. Even if I die! This is the only request in my life.’

Lu Yuan was taken aback, looking at Xue Wang’s green eyes, he was silent, nodded slowly, and grinned:

‘Don’t die, I don’t want to collect your body yet.’

Xue Wang smiled without answering.

Seeing this, Xue Ren sneered: ‘Whether it is one or two, it is the same to me.’

Although he said so, he took the initiative to rush towards Xue Wang again.

Lu Yuan’s recovery so quickly made him feel a little stressed.

Seeing this, Xue Wang roared, and wisps of silver light flashed all over his body, and the fur on his body increased again, and even his body grew a bit bigger, even his face was a little distorted.

Like an upright werewolf.

Seeing this, Xue Ren’s pupils shrank sharply.

‘Active mutation?! Are you crazy?!’

‘Wow! Come on, father! Just under the witness of the mother in the spirit of heaven. Let’s break it!’

Xue Wang raised his head and roared.

He stepped on his feet, his speed increased a lot, and his body instantly appeared beside Xue Ren.

The spiked gloves swept towards Xue Ren’s face.

Xue Ren suddenly tilted his head, and four clear claw marks appeared on his face.

Before he could react, Xue Wang raised his foot and kicked Xue Ren hard in the chest.

boom!

Xue Ren flew out of his body and hit a deep hole on the wall.

Xue Wang didn't pause at all, and rushed directly to Xue Ren in the pit.

In the deep pit, the black mist in Xue Ren's eyes flowed, and a hideous color appeared on his ** face.

'you wanna die!'

In the next moment, a trace of wrinkles appeared on his face, his flesh and blood shriveled again, and he was a bit old again.

What followed was that his breath soared.

boom!

Xue Ren rushed out of the pit and collided with Xue Wang.

The battle between the two was more violent than before, and the fight was even more tragic.

In almost every blow, blood was sprayed from the two of them.

The powerful battle fluctuations made Lu Yuan have to retreat.

During the time he was on his way in the misty forest, Lu Yuan had also been absorbing spirit crystals and continued to refine his genetic chain.

The tempering degree of the red copper light has reached 100, and even the tempering degree of rejuvenation has reached 6.

His strength is already very strong in the first tier.

However, facing the desperate fight of the two pinnacle warrior-level powerhouses, Lu Yuan still felt extremely dangerous.

The battle lasted only a few minutes, and under another collision, Xue Ren hit Xue Wang's left shoulder with a punch.

boom!

Xue Wang's shoulders burst and his arms dropped.

Not to be outdone, Xue Wang grabbed Xue Ren's arm with his right hand and twisted it hard.

Khakaka

Xue Ren's arm was directly broken.

The two roared at the same time, lifted their right leg, and kicked towards each other.

Boom boom boom!

The right legs of the two collided again and again, and the roar continued.

The aftermath turned into a wave of air, sweeping in all directions.

Even Lu Yuan in the distance felt a gust of wind.

Click!

The two were completely blushing, and the sound of broken bones came from their legs before they stopped.

Their still intact right hand blasted towards each other again.

At the same time, it blasted on the opponent's chest.

boom!

The two of them flew upside down and landed heavily.

After being seriously injured, their breath became much weaker.

Even so, they stood up again.

Although one leg had been broken, they seemed unaware of it and rushed towards each other again.

At this moment, Xue Ren roared, wrinkles appeared on his face again, and the aura on his body improved again.

The two fists collided.

boom!

Xue Wang was blasted out, spouting a mouthful of blood.

He fell to the ground, struggling to get up.

But Xue Ren had already rushed to him.

Xue Ren's eyes were dark mist, and his face was full of solidified killing intent.

He blasted a punch and landed on Xue Wang's chest.

boom!

Xue Wang coughed out another mouthful of blood, and the bones made a clicking sound.

On the ground where he was lying, cobweb-like cracks spread.

Xue Ren's face was savage, without stopping, another punch fell.

boom!

Xue Wang's eyes widened, blood constantly pouring from the corners of his mouth, and his breath became weak.

Lu Yuan's pupils in the distance shrank, and he clenched the heavy sword tightly.

Xue Ren raised his fist again, trying to attack.

At this moment, his movements suddenly stopped.

The black mist in his eyes fluctuated violently and dissipated. Looking at Xue Wang, a violent struggle appeared on his face.

‘Ahhhhhhh!’

Xue Ren roared and fell with a punch, but it did not fall on Xue Wang’s body, but on the ground on one side.

Xue Ren punched a deep hole on the ground.

Seeing this, Xue Wang’s eyes that had been distracted once again condensed, and he roared.

‘Wow!’

He punched Xue Ren’s chest with all his strength.

Xue Ren’s chest was sunken, he flew more than ten meters upside down, and landed heavily, spouting blood from his mouth.

Xue Wang’s silver light around his body dissipated, and his body gradually became smaller, and his silver hair also came into his body.

He closed his eyes and passed out into a coma.

Xue Ren, who fell on the ground, had a grim face. He looked at Xue Wang who had fallen on the ground, and there was a look of pain in his eyes.

‘Ahhhh’

At this moment, a black mist appeared in his eyes again, and he slowly stood up and rushed towards Xue Wang again.

At this moment, Lu Yuan stood in front of Xue Wang.

Xue Ren's face was fierce, and his right fist blasted out.

Lu Yuan also had a look of sorrow on his face, and the epee lifted up, cutting down towards Xue Ren with the strength of the quadruple black steel.

boom!!

Under the roar, Xue Ren backed back again and again, and Lu Yuan backed away a few steps too.

Lu Yuan's hands were slightly numb, and he looked at Xue Ren in the distance with a look of jealousy in his eyes.

Before rushing over, he drank several bottles of potent potions.

Xue Ren is now seriously injured and his strength is greatly reduced. Even so, he can barely suppress Xue Ren.

One can imagine how strong Xue Ren is.

Seeing that Lu Yuan had actually blocked his attack, Xue Ren shrank his pupils and his face was full of hideous expressions.

‘There is such a power at the first level. Xue Wang has made a good friend.’

Lu Yuan glanced at Xue Wang, who was in a coma, and felt a little complicated.

Originally promised Xue Wang not to intervene, but in the end he still intervened.

Well, it was mainly because Xue Wang blocked him before, and he should help block a wave now.

And this ** attacked him for no reason before, he must get revenge, right?

Lu Yuan looked at Xue Ren with anger in his eyes:

‘What's the matter with the first order? Think about yourself first.’

He stepped on the ground and rushed towards Xue Ren, slashing the heavy sword again and again.

Xue Ren only had one arm left to fight, and one foot was also broken, and several ribs were also broken.

Facing Lu Yuan's attack, he was suppressed for a while.

His blood-stained face was full of ferociousness, and at the same time he was sober.

A few minutes have passed now, and that monster is probably about to wipe out all souls.

I want to go!

But Lu Yuan entangled him tightly, and his continuous swordsmanship made him unable to escape Lu Yuan's attack for a while.

'you wanna die!'

Suddenly, his face became much paler again, and a stream of blood spurted out of his mouth.

The black mist in his eyes has dimmed a lot.

At the same time, a strange black shadow rushed out of his body, screaming and rushing into Lu Yuan's mind.

Lu Yuan was shocked, and the dark shadow screamed in his mind, and a violent sting came.

what is this? !

Lu Yuan was shocked.

At this moment, the moonstone floating around the gene chain of the land edge suddenly flashed a silver-white light, and a light mask emerged, blocking the attack of the black shadow.

The black shadow's attack only lasted for a breath and then dissipated, and the phantom of the Moonstone dimmed and began to disappear.

Lu Yuan's face was pale, he glanced at the disappearing Moonstone, and remembered something.

Moonstone's special combat skills, Moonstone Guardian, can resist attacks from souls.

Is this a soul attack? !

Moreover, a soul attack actually broke the Moonstone.

How strong is this?

A trace of fear flashed in Lu Yuan's eyes.

He raised his head to look at Xue Ren, a trace of killing intent flashed in his eyes.

Unexpectedly, this guy has such a hole card at this time.

His body turned into an afterimage and rushed towards Xue Ren in the distance.

Xue Ren saw that Lu Yuan was not dead, but his face became paler, his eyes widened, and his face was shocked.

'This is impossible! How can a Tier 1 fighter be able to stop the soul attack?'

Xue Ren couldn't believe it at all.

This is his most powerful and weird attack method, the last life-saving hole card!

However, Lu Yuan had already appeared in front of him, cutting his heavy sword horizontally.

Xue Ren quickly raised his hand and attacked with a punch.

boom!

Xue Ren flew out and fell heavily to the ground.

Lu Yuan followed like a shadow. Before Xue Ren got up, a sword stabbed directly through Xue Ren's chest, shattering his heart.

Xue Ren's mouth overflowed with blood, his eyes widened, and he couldn't believe it.

In the next moment, the black mist slowly dissipated in his eyes, and his eyes gradually became clearer.

He was in a daze, holding the sword body of the epee in his right hand, looking at Lu Yuan with a cold face, and turning his head to look at Xue Wang who fell to the ground in the distance.

‘Cough cough, cough cough‘

He coughed violently, and blood kept pouring out.

Lu Yuan originally planned to draw out the heavy sword and cut off his head directly.

Suddenly, a strange black mist spilled over Xue Ren's body, making a harsh scream.

Lu Yuan's pupils shrank, and quickly moved back, looking at the black mist vigilantly, feeling cold in his heart.

He felt that this guy's black breath was a bit familiar before.

Isn't this the dark shadow? !

Why did he have it? !

Seeing Lu Yuan's vigilant look, Xue Ren smiled weakly, his wrinkled face looked a little dry.

‘Ha, ha ha, Xue Wang, really made a good friend.’

Lu Yuan frowned and looked at Xue Ren, who was constantly emanating from the black mist, with a vigilant expression on his face.

Xue Ren didn’t care, he turned his head again to look at Xue Wang, and said with a hoarse voice:

‘I’m dying, don’t be so scared. Would you like to hear my story?’

Before Lu Yuan could speak, he continued to talk intermittently.

‘I was born in this dark and dirty southern city. Cough my father is a small gang leader. He was exposed to armed fighting, gambling, and drugs. He has a very violent temper and beats me and my mother at every turn. Scolding. In order to make money for him to squander, he asked my mother to be a prostitute and let me pretend to be a little beggar to pray. Hehe, when I was twelve years old, my mother got sick and died. That night I took advantage of my father’s drunkenness, Ended his life with a gun’

‘After that, I grabbed food with the wild dogs on the side of the road, joined the gang, and became the lowest gangster. He walked the old road of my father.’

‘Why would I live like a wild dog? I thought about this question carefully. The final answer is that this world is the weak and the strong. As long as I have the power and the power, then everything will be as I wish. ‘

‘Then I awakened and became a genetic warrior. At that time, I was ecstatic. I thought my fate was finally taking care of me. However, after becoming a genetic warrior, I realized that I had no money, no genetic weapons, and no extraordinary genes, so I could barely practice. , The improvement is extremely slow, I am still at the bottom.’

‘Fortunately, in Nancheng, genetic warriors are still very rare. I was valued by the gangs and gained a little status. After that, I started to collect money regardless of means, selling weapons, trafficking in humans, and selling drugs,

as long as I can make money. I can do it all. I started to gain status regardless of means, assassinated, threatened, lured, I climbed step by step, and finally killed the gang boss at the time and became the boss by myself.'

'I changed the name of the gang to the Wild Dog Gang. Hehe is to commemorate my childhood, but also to remind myself. Only like a wild dog can I get what I want to get.'

'I keep getting stronger, the gang keeps getting bigger, you can grab whatever you want, such as his mother'

Xue Ren looked at Xue Wang with mixed emotions in his eyes.

Lu Yuan didn't speak, just looked at Xue Ren and didn't express his opinion.

He didn't understand what the ** Xue Ren was making.

The black mist on his body continued to spread, making Lu Yuan wary.

Xue Ren didn't care about Lu Yuan's opinion, and just continued to speak for himself.

'Later Xue Wang was born. When I saw him, I remembered myself. He is my angel. I don't want him to eat like a wild dog like me. I want to give him the best. I will give him status, money, rights, everything that I didn't have in childhood.'

'It's a pity that his mother is a kind person. She kept preventing me from teaching my son. UU reading www.uukanshu.com so I killed her. This also made Xue Wang leave me.'

'Why? He is my only son. I gave him the best. Why doesn't he know to cherish? I am very heartbroken and disappointed. Even so, I still love him.'

'I bury this disappointment in my heart, and continue to pursue the strength and power I want. Unfortunately, my talent is very ordinary. No matter how hard I try, I can't even break through the second-order. I am not reconciled!

Cough a person appeared. He gave me what I wanted, as long as I swallow my soul to become stronger, how simple is it?’

When Lu Yuan heard this, his pupils shrank and the hair on his back exploded.

This means that this guy is the one who controls the shadows? !

What a pity is this bastard? !

Killed the predecessor, almost killed him too!

Lu Yuan became more vigilant.

‘Assimilated more and more souls, I am getting stronger and stronger, but people have changed. I actually want to kill my son.’

Xue Ren’s breath was already very weak, and his words were already weak.

He looked at Xue Wang in disbelief.

‘Cough cough, fortunately, you stopped me. Otherwise, I am afraid I will do what I regret most in my life. I have suffered a lot in this life, and I have had a lot of enjoyment. It is worth it. Only him, my son, I hope he can Live well and be happy, don’t be like a wild dog’

Xue Ren’s voice became inaudible, and his breath became weaker and weaker.

He closed his eyes, the corners of his eyes filled with crow’s feet were a little moist.

The breath finally dissipated completely.

Listening to Xue Ren’s last words, Lu Yuan flashed a complex color in his eyes.

At this moment, a large amount of black mist appeared on Xue Ren’s body.

A terrifying scream sounded, making the scalp numb.

what happened? !

Lu Yuan's pupils shrank and stared at Hei Mist.
