

Chapter 103: My Genes Evolve Infinitely

S-CLASS ALIENS, BIG CHANGES TO LIFE

The black mist became denser and thicker, drifting above Xue Ren's corpse.

Lu Yuan stared at Heiwu, his face suddenly changed slightly.

In his body, the Evolution Cube that has been surrounding the gene chain suddenly shook.

This kind of vibration, Lu Yuan had almost the same experience when he encountered a mirage before.

At this moment, the black mist suddenly began to shrink.

As the black mist shrinks, the vibration of the Evolution Cube becomes stronger and stronger, even to the point where the surrounding white mist is surging.

Lu Yuan is full of question marks.

What's going on with this evolution cube?

The black mist shrank to its extreme, and Lu Yuan saw a black bead.

The pitch-black beads were suspended above Xue Ren's corpse, and strands of black mist continued to emerge from the beads.

When the black beads appeared, the vibration of the Evolution Cube reached its maximum.

What is this?

Lu Yuan stared at the black beads closely.

His consciousness became slightly trance, he seemed to hear someone calling him, someone calling him to pick up the black bead.

With a trace of confusion in his eyes, he slowly walked towards the black beads.

At this moment, the Evolution Cube in Lu Yuan's body suddenly flashed with faint blue light, and his consciousness suddenly became sober.

He was startled in a cold sweat, looked at the black beads in a little astonishment, and took two steps back vigilantly in his eyes.

This ghost is really evil.

Is it a legendary alien?

The previous events are all alienation events, this thing should be the alien thing in the legend.

At this moment, Lu Yuan suddenly discovered that something floated out of the black beads, entered his body, and then was absorbed by the Evolution Cube.

He settled down, looked at the Evolution Cube, and found that the Evolution Cube seemed to be a little bigger?

Moreover, its vibration stopped.

A hint of astonishment flashed in Lu Yuan's eyes.

what happened?

What did the Evolution Cube absorb?

Could the things in this black bead make the Evolution Cube stronger? !

Or is this a function originally hidden by Evolution Cube?

When I saw the mirage before, the Evolution Cube also shook.

Is it the same as when you encountered this black bead ?

Lu Yuan was full of question marks, but couldn't get the answer.

.....

a few minutes ago.

Leah Community.

The terrifying black sword light burst out again and again, and the air seemed to be filled with fierce sword aura.

Li Qinghe held a long sword in his right hand and a cigarette in his left hand. He spit out the smoke ring slightly, and squinted indifferently at the torn black shadow.

The dark shadows are much dim compared to the beginning, and even the number is much smaller.

There is only less than one-third of the original.

The one-third of the black shadow twisted, wanting to continue to merge.

Li Qinghe disappeared in place again, and the black sword aura broke out.

The black shadow was cut more finely.

‘what!!!’

A sharp scream sounded, and the shadow turned into a black mist, completely dissipated.

Li Qinghe's mouth raised slightly.

Just then, her face changed slightly.

‘Huh ? Where's the person ? Not here ?’

Then she discovered that Xue Ren had not merged with Sombra.

She frowned slightly, then turned her head abruptly and looked far away.

Her body disappeared instantly.

On a tall building, Li Qinghe's body appeared.

She looked down at the road below, and after seeing Lu Yuan, a hint of surprise flashed in her eyes.

'Brother fate? Why is he here? Huh? Wait...'

She felt the breath of Lu Yuan's body, and a flash of shock flashed in her eyes:

'The breath of the fate brother... is it first order?! So fast?? And the strength of this breath... is not the strength that an elite gene should have...'

Li Qinghe was a little surprised:

'He has already burned the boss-level genes, right? How could it be so fast? It's not right, just the boss-level genes, this intensity is not right...'

Li Qinghe looked at Lu Yuan with doubts in his eyes.

Soon she took a cigarette and smiled: 'It doesn't matter, it seems that it should be the opportunity obtained by the place of origin. It is indeed my brother Li Qinghe, not bad.'

The place of origin is too big and there are too many opportunities.

Every powerful genetic warrior, who hasn't gotten a chance?

Li Qinghe is happy for Lu Yuan.

At this moment, she saw the black mist on Xue Ren's corpse condensed into black beads, and a cold stern color flashed in her eyes.

'Is this the alien? It's a pity that Xue Ren just died, it's a bit cheaper for him.'

After the black beads appeared, Lu Yuan took two steps towards the black beads, and Li Qinghe was startled.

Just when she was about to go down, Lu Yuan stopped again. Seeing him looking at the black beads with caution, Li Qinghe's eyes widened again.

‘Judging from the ability of this alien, I am afraid that it has reached the level of an S-level alien. My brother is only first-order, and he has gotten rid of the attraction of the S-level alien? This guy, the surprise for me is really getting bigger and bigger. NS.’

Suddenly, she gave a smirk:

‘I don't know what this guy will look like when he sees me?’

Li Qinghe disappeared in place, fell in front of Lu Yuan, and said with a grin:

‘Fate brother, are you surprised? Are you surprised?’

Lu Yuan was thinking about the Evolution Cube, and suddenly an afterimage suddenly appeared in front of him.

Lu Yuan's instinctive body was tight and wanted to retreat.

Then he heard a familiar voice.

Lu Yuan paused, and when he looked up, he found that this person turned out to be Li Qinghe.

Lu Yuan: ‘???’

He looked at Li Qinghe who was all smiles, and his head was full of question marks, a little confused for a while.

Seeing Lu Yuan's bewildered look, Li Qinghe's mood became more and more happy. She walked over with a smile, and poked Lu Yuan's cheek with her finger:

‘What's wrong? Are you scared?’

Lu Yuan returned to his senses, looking at Li Qinghe with a weird expression:

‘Sister Qinghe...you are a genetic warrior?! And still very strong??’

Li Qinghe’s speed before, he did not react at all.

too fast.

and many more.....

Lu Yuan felt Li Qinghe’s spiritual power fluctuations, and couldn’t help frowning.

Isn’t this fluctuation the one I felt at home before?

And the horrible battle before, seems to be this fluctuation?

...The person who fought just now turned out to be Sister Qinghe?!

Lu Yuan suddenly felt that this world was a bit funny.

I always said that I didn’t understand anything, and that Sister Qinghe who said that my younger brother was amazing, turned out to be a big brother?!

Lu Yuan thought of telling Li Qinghe how proudly he had made before, and felt embarrassed that he wanted to buckle three rooms and one hall with his feet on the ground.

She is dead!

‘What is strong or not, sister, I am not a genetic warrior, I don’t understand~ My sister is just a weak woman living in a slum~’

Seeing Lu Yuan’s changing face, Li Qinghe showed a smirk.

Lu Yuan: ‘.....’

Lu Yuan felt that his face seemed a little red.

He always thought that Li Qinghe did that kind of thing.

is also wrong, obviously this guy keeps guiding him.

always said, 'this is not something children should know', 'do you really want to know?' so.

Who can't misunderstand this special?!

'Hahahahaha! Brother destiny, you are so cute.'

Li Qinghe squeezed Lu Yuan's cheek with a smile.

'Sister, I'm probably a little bit better than you, I'm just a war king.'

'...Oh, it turned out to be a billion dots. It's just the king of war...'

Lu Yuan has no expression on his face.

War King...

Trainee-level fighters, fighters, war masters, war generals, war masters, war kings.

is only four major levels higher than Lu Yuan.

Well, it's a hundred million points.

'Sister Qinghe, why didn't you say you are a genetic warrior before?'

Lu Yuan was a little curious.

Li Qinghe raised his eyebrows and glanced at the black beads not far away:

'I'm here for this. Because this guy is very cunning, if I'm in a slum area, this person can't just run away?'

Lu Yuan was taken aback: 'Sister, are you the night watchman?'

Li Qinghe heard the words and thought about it: 'It's also true.'

'What does it mean?'

Luyuan is full of black lines.

‘Sister, I am the honorary elder of the night watchman. It’s just a reputation, not under the control of the night watchman.’

She complained with some dissatisfaction:

‘I was just a little bored at first and wanted to find a task to pass the time. I heard that the alienation here is a bit difficult to deal with, so I came over to play, but I didn’t expect to waste so much time with my sister. I was mad at me.’

Lu Yuan twitched the corners of his mouth, not knowing what to say.

‘Wait, sister, I will put this alien away. If you lose it, it will be quite troublesome.’

Li Qinghe said to Lu Yuan, and walked over and grabbed the black beads in his hands.

As soon as she held the black beads, a sharp roar sounded, and the black mist surged, trying to break free from Li Qinghe’s hand.

Li Qinghe’s expression did not change, he took out a black metal sunspot, stuffed the bead inside, and then closed the lid. The world was quiet.

Li Qinghe put away the black box, clapped his hands, and laughed:

‘Well, I didn’t expect that I encountered an S-class alien this time. It was not a small gain. I didn’t waste such a long time in vain.’

‘S-class alien substance?’

Lu Yuan didn’t know much about alien objects.

‘Well, this Soul Devour Orb can be fused into the host’s body, devouring souls, allowing the host to improve its cultivation level. As the cultivation level gets higher and higher, the host will eventually be swallowed and assimilated by

the Soul Devour Orb, completely becoming a different kind. It will become stronger and stronger. If you leave it alone, you may be able to rise to the battle emperor or even the battle emperor level, which is still a bit troublesome.'

Lu Yuan's pupils shrank, a little shocked.

Such a small thing can actually be promoted to the rank of war emperor? !

Are you serious? ?

Seeing Lu Yuan was a little surprised, Li Qinghe smiled and said:

'For this kind of growth type alien, as long as it is cleaned up in the early stage, there will be no danger.'

Lu Yuan nodded, expressing understanding.

With the function of this kind of alien substance to devour the soul, it is a bit difficult to stay in the early stage.

He remembered Xue Ren's performance before and said:

'So was the person assimilated before? Sometimes I thought he was two people in his previous performance.'

Li Qinghe glanced at Xue Ren's corpse, his expression cold:

'Well, the more you use the Soul Devourer, the closer you will naturally be to the alien. It is normal to be assimilated. He was also unlucky and picked up this kind of thing.'

'I found it?'

Lu Yuan was taken aback, and he heard what Xue Ren said before he died, and said:

'He said it was given to him before.'

Li Qinghe stopped immediately.

She frowned and looked at Lu Yuan with a serious face:

‘Brother fate, what you said is true?! He said it was given to him by someone else?! Who gave it to him?!’

Lu Yuan nodded: ‘Well, he said before he died. But he didn’t say who it was, and I didn’t ask.’

Where did Lu Yuan know such things at the time.

He doesn’t want to know who sent this thing at all.

Now it seems that it’s important?

Li Qinghe fell silent, frowning, his expression ugly.

Lu Yuan didn’t dare to bother seeing her.

I knew it a long time ago.

The atmosphere fell silent, Li Qinghe sighed and said with a grin:

‘Forget it, since this alien substance has been recovered, report the remaining matters first and let others worry about it. Why do I think so much?’

Lu Yuan pulled the corner of his mouth when he heard Li Qinghe’s words.

can really have you.

What did she think of, she patted her hands:

‘That’s right! Now that the alien material has been recovered. Then sister, I can change it back...’

The corners of her mouth raised, the flesh and bones on her face changed slightly, and her body changed slightly.

Lu Yuan looked at Li Qinghe's changes, his eyes widened and his face was full of surprise.

The original height of about 1.67 meters and the height of 1.67 meters, the figure wearing leather armor is a little better than before, the waist is thinner, the legs are longer and straighter, and the chest is...what's the matter.

The biggest change is not the body, but the face.

Li Qinghe's appearance before is beautiful and beautiful, but it is completely incomparable with that after the change.

Exquisite melon face, slender eyebrows, straight nose, lazy peach eyes with a hint of flattery, and a mole in the corner of the eye.

This is a peerless beauty similar to Ye Ye and Amy.

Lu Yuan was stunned by Li Qinghe's trick of becoming alive.

This also works? !

Li Qinghe saw Lu Yuan dumbfounded, his red lips raised a smirk:

'How? This is what my sister looks like. Isn't it beautiful? Are you scared?'

Lu Yuan came back to his senses, and saw Li Qinghe's smirk, his mouth twitched.

'Sister Qinghe turns out you are so narcissistic.'

Li Qinghe stared, suddenly dissatisfied:

'Is this narcissism? Sister, what I said is the truth!'

said, she poked Lu Yuan's cheek with a smirk:

'By the way, do you remember that you rejected your sister's proposal to help you enter the adult world? Do you regret it now? Hahahaha!'

Li Qinghe still remembers the scene when Lu Yuan refused her.

Although it was a joke before, she still wants to see Lu Yuan regret it.

Lu Yuan's mouth twitched suddenly.

To tell the truth, his intestines are all regretful!

But in that scene, how did Lu Yuan think that Li Qinghe would be playing a weak woman?

He is not the kind of person who takes advantage of the fire.

If he knew Li Qinghe's situation at the time, Lu Yuan agreed properly.

As for now, a real man will definitely not regret it.

I regret it and don't admit it!

He said seriously:

'Who does Sister Qinghe think of me! Am I that kind of person? I'm still the same as before. I hope Sister Qinghe can live happily~www.mtlnovel.com~ This is the most important thing.'

A smile flashed in Li Qinghe's eyes, and he narrowed his eyes:

'Then now my sister will help you, are you still willing?'

'willing!'

Lu Yuan's answer was so fast that Li Qinghe was stunned, and only after a while did he react.

Li Qinghe was full of black lines.

This little ** actually dares to agree? !

Are you afraid that you haven't been beaten by society? !

She grabbed Lu Yuan's cheeks with both hands, pulled them to both sides, gritted her teeth and said:

'What did you say?! Sister, I didn't hear you clearly!'

Lu Yuan: '???'

It was obviously that she asked, is it wrong for me to follow my inner answer?

Why is sister Qinghe still angry?!

Lu Yuan felt the sharp pain in his cheeks, and wanted to pull Li Qinghe's hand away, only to find that his strength was no better than this woman, so he had no choice but to seduce him first.

'I was wrong, I was wrong, I don't want to!'

Li Qinghe narrowed his eyes when he heard Lu Yuan's words and sneered:

'Heh... I don't want to? Sister, am I not good-looking enough?'

Lu Yuan: '?'

I'm willing or unwilling to do it.

Then what should he say?!

Others are a bit silly.

Is this a woman?

horrible.
