

Chapter 106: My Genes Evolve Infinitely

IMPERIAL CAPITAL, BACK TO THE PLACE OF ORIGIN

Several people chatted about a fighter plane in the sky.

As the night watchman of the imperial capital, he has certain privileges and can take off at any time.

The plane soared into the air, climbed continuously, and finally sank into the clouds.

‘At the speed of Ye Xiao 5, it takes three hours to get from Xili City to the Imperial Capital. During this time, rest by yourself.’

Li Qinghe said, sitting down on the luxurious seat, tilting Erlang’s legs, turning on the light brain that comes with the plane, and a light curtain of Lianliankan game jumped out.

Lu Yuan originally planned to sit down next to Li Qinghe, but Xue Wang took his shoulders with one hand and pulled him to the back.

Flaming and the others are sitting behind.

Lu Yuan glanced at a few people with some confusion:

‘Why do you sit so far?’

Flaming looked at each other, and Flaming said seriously:

‘Of course it is for adults to have a quiet rest environment.’

Lu Yuan glanced at a few people with a strange expression:

‘You guys aren’t afraid of Sister Qinghe, are you?’

‘Cough...’

Several people choked.

Flaming quickly said:

‘How is it possible?! We are respect and worship adults! Respect you understand?’

Lu Yuan: ‘.....’

He just believed it.

‘Don’t talk about this, there are still three hours, let’s play cards to pass the time. Take a break and get some food.’

Lin Hong silently changed the subject.

‘okay.’

And a thin-looking young man smiled and got up, and went to grab some drinks and food.

Lu Yuan found out that there are so many snacks here.

At this moment, Xue Wang looked out the window and exclaimed.

‘Look! Is that a secret blood sculpture?! That is a lord-level fierce beast!’

Lu Yuan turned his head and looked out the window, and found a blood-red giant bird flying in the air in the distance.

The giant bird spreads its wings and is hundreds of meters long, which is bigger than their fighter plane.

It turned its head from time to time to look in the direction of the fighter, with a cold killing intent in its eyes, but it did not dare to approach it.

It was the first time that Lu Yuan saw a fierce beast in the wilderness, and it was such a powerful beast. He couldn’t help his eyes widening, a little surprised.

‘Even at this distance, you can feel its ferocity. Is this the lord of the beast?’

Flaming several people are used to it.

‘It doesn’t dare to approach. Dare to approach is death. The lord fierce beast has no resistance to the airborne laser cannon.’

Lin Hong nodded: ‘The Wisdom of the Beast Lord is almost the same as that of human beings. It knows what it is and dare not provoke it.’

As Flaming and Lin Hong said, the blood-secret sculpture followed the fighter plane for a while, and finally uttered a sound of piercing gold and cracked stones. The wings shook and moved away from the fighter plane and disappeared into the clouds.

Lu Yuan also retracted his gaze.

The journey was very calm and there were no accidents.

Lu Yuan followed them to play the meeting card, and then used the virtual helmet that came with the fighter to play the meeting game.

Then he sat next to Li Qinghe and watched her again afterwards.

Lu Yuan can only use one word to describe Li Qinghe's Lianliankan level.

Nai's foot picking.

He also laughed out because Li Qinghe was so dishevelled, and then Li Qinghe, who was ashamed and turned into anger, was pinched in his face.

Soon, I arrived at the Imperial Capital Airport.

The fighter plane landed, and Lu Yuan got off the plane.

Flaming and Li Qinghe bid farewell to them and left.

And Lu Yuan followed Li Qinghe out of the airport.

Lu Yuan asked curiously:

'Sister Qinghe, where are we going next?'

Li Qinghe smiled and said:

'Of course I will take you home.'

Lu Yuan is a little nervous:

'Go to see Sister Qinghe, your parents? Isn't this... a bit too fast?'

During this time, Lu Yuan also knew Li Qinghe's identity.

The direct line of Tianjiao, the shadow war emperor Li family of the Red Maple Empire.

Shadow War Emperor, that was the top powerhouse in the entire Red Maple Empire, and even the entire Da Qi Xing.

And Li Qinghe is already the King of War at a young age. One can imagine how talented he is and his status in the Li family is probably extremely high.

Lu Yuan is going to follow Li Qinghe to Li's house, he is still a little bit unsure.

Although he has great potential, his strength is still too good.

Li Qinghe was taken aback, then smiled and said:

‘What do you see with your parents? Sister, I live alone, and I don't live with anyone in the family.’

Lu Yuan heaved a sigh of relief when he heard this.

‘It turned out to be like this, that's good.’

Li Qinghe suddenly showed a smirk:

‘Sister, is this Jinwu Cangjiao?’

Lu Yuan: ‘???’

He looked at Li Qinghe nervously:

‘Sister Qinghe, do you really have any intentions against me? Even if you get me like this, you won't get my heart!’

Li Qinghe's mouth twitched, pinching Lu Yuan's cheek, and pulling it to both sides.

She smiled to see Lu Yuan:

‘Give you a chance to reorganize the language.’

‘Sorry, I was wrong!’

Lu Yuan decisively recognizes counseling.

.....

Li Qinghe got into the car, and after the two got in the car, the car quickly came to an area in the Beicheng District of the Imperial Capital.

The surrounding environment suddenly became quiet.

There are more trees, and the greening is much better than other areas.

The car was driving on the side of the road, and Luyuan could see the two-story and three-story single-family buildings around.

There is a garden in front of the small building.

Lu Yuan was a little surprised:

‘The houses here are expensive, right?’

After all, this is in the imperial capital, so you don’t need to think about it.

In such a place, there is such a greenery, and there is also a small building with a separate yard, and the price is not low when you think about it.

Li Qinghe stretched his waist and said:

‘This is Bailiu District. Everyone who lives here has a certain status. The price of houses is naturally not low. A small building is about two to three billion yuan.’

Lu Yuan: ‘.....’

I’m sorry to bother you.

Soon, the car stopped in front of a small three-story building painted with white walls.

Li Qinghe and Lu Yuan got out of the car. Li Qinghe pointed to the small building, smiling like a flower in the sun:

‘Brother Yuan, this is my home, and it will also be yours in the future.’

Lu Yuan also laughed, he nodded:

‘Um.’

entered the house, and two white intelligent robots stood at the door to greet him.

‘Master, welcome home.’

Li Qinghe nodded, and said to Lu Yuan:

‘These are No. 1 and No. 2. The housekeeper of the room, they clean up everything. An intelligent robot similar to Jeff in the room we rented before.’

Lu Yuan looked at No.1 and No.2, and the craftsmanship was much more advanced than Jeff.

Li Qinghe introduced:

‘The first floor is the living room, kitchen, and bathroom. There are four rooms on the second floor, a swimming pool on the third floor, and a training room. Your room is on the second floor. Come up with me.’

Lu Yuan followed Li Qinghe to the second floor.

The second floor is a corridor with two rooms on each side.

Li Qinghe pointed to the room on the right: ‘You can live in this room.’

Lu Yuan nodded: ‘Okay.’

Li Qinghe pointed to the room on the same side of Lu Yuan on the left: ‘This is my sister’s room. Opposite me is the room of one of my best friends. She sometimes comes to live in. Oh, the room opposite you is also the room of my sister and another best friend. Room.’

She paused, and poked Lu Yuan in the face with a smirk:

‘Except for my sister’s room, you can’t go in the other two rooms. Otherwise, I’ll be beaten, and I can’t help you with my sister.’

Lu Yuan’s face turned black and dissatisfied:

‘Am I the kind of person who enters other people’s rooms casually?!’

Then he paused and glanced at Li Qinghe:

‘Sister Qinghe, you mean, I can enter your room casually?’

Li Qinghe showed a kind smile to Lu Yuan:

‘What do you mean?’

Lu Yuan: ‘…….’

understood.

He entered the room that Li Qinghe had prepared for him.

The room is very large, with a separate bathroom, the bed has been lined up with sheets, everything is ready.

Li Qinghe said:

‘I will let the number one clean up before I come back, you can live directly.’

‘Well, thank you Sister Qinghe.’

Li Qinghe smiled and squeezed Lu Yuan’s face:

‘What can we thank you for?’

Li Qinghe stretched, and then he said:

‘Okay, you can rest at home. Sister, I also want to go to the night watchman headquarters to store the alien object.’

Lu Yuan was taken aback: ‘Can’t the alien object be destroyed directly? If it is lost, it will be very troublesome.’

Li Qinghe heard the words and smiled:

‘Do you think we don’t want to destroy it? Alienated matter, no matter low- level or high-level alienation, can’t be completely destroyed. Even if it destroys the external physical form, it will soon recondense.’

Lu Yuan was a little surprised when he heard this:

‘Why is this?’

Li Qinghe shook his head:

‘I don’t know, even if my old man made his best effort, he couldn’t completely destroy a lowest-level D-class alien. Some experts said that the alien might not be something in this universe, so it can’t be completely destroyed.’

‘Isn’t something in this universe? Could there be other universes?’

Lu Yuan was a little dazed.

Li Qinghe took a cigarette:

‘Who knows? Okay, sister, I’m going out. You can rest well. Sister will come back for dinner in the evening.’

Lu Yuan nodded: ‘Yes.’

Li Qinghe left, and Lu Yuan returned to the room.

Lying on the soft bed, Lu Yuan exhaled slightly.

came to a new environment and started a new life, he still had some expectations.

I just don’t know when Sister Qinghe will take him to the test of that genius camp?

.....

The headquarters of the night watchman is located in the center of the imperial capital. It is a tall black building.

Li Qinghe got out of the car and entered a tall building.

When the staff in the high-rise building saw Li Qinghe, they all hurriedly nodded respectfully.

‘grown ups!’

‘Hello Elder Li!’

‘.....’

Li Qinghe nodded slightly, walked into the exclusive elevator, and reached the top of the tall building all the way.

There are only a few rooms on the top floor of the high-rise building. Li Qinghe quickly came to the door of the room with the chairman’s office sign and knocked on the door.

The door of the room opened, and a middle-aged man with ordinary appearance and brown hair saw Li Qinghe and smiled:

‘Elder Li.’

After said hello, he stepped aside.

Li Qinghe nodded and entered the door.

The office area is large.

There is a sofa on one side, a bookshelf on the other, and floor-to-ceiling windows on the opposite side, with a wooden desk in front of the window.

At this moment, behind the desk sits a black-haired middle-aged man with a majestic face.

The middle-aged man smiled when he saw Li Qinghe:

‘Qinghe, you are here. It’s been a long time since I saw you. Your mission has been completed very well this time. Someone has already submitted the mission report.’

Li Qinghe smiled and said:

‘Uncle Gu, I’ll hand in the Soul Devouring Orb.’

Gu An, the chairman of the night watchman, raised an eyebrow and smiled:

‘Well, let me see, what on earth is the S-grade alien substance Soul Eater like?’

Li Qinghe took out the black metal box.

After opened the lid, wisps of black mist spilled out, and shrill and miserable screams echoed in the office.

The black beads floated out of the box slowly.

Gu An looked at the black beads, frowned slightly, her face solemn:

‘As expected, it is an S-class alien. It is indeed extraordinary. I will trouble you this time, Qinghe.’

With a wave of his hand, the black beads were pushed back into the box and closed the lid.

Li Qinghe smiled and said:

‘Yes, the reward can’t be less, right?’

‘Hahaha, you, you. What is your Li family? Still staring at my family background.’

Gu An couldn’t help but smile.

Li Qinghe took out the cigarette and wanted to take a sip:

‘Can it be the same? This is the result of my own hard work.’

‘Yes.’ Gu An smiled, and with a point of his finger, the fire Li Qinghe had just ignited went out.

Li Qinghe’s pretty face turned dark, staring at Gu An:

‘Uncle Gu, are you a war king bullying me a war king?’

Gu An’s mouth twitched:

‘Your father asked me to stare at you, girl’s house, what kind of cigarette do you smoke?’

‘What’s the matter? It’s strawberry flavor anyway, I like it.’

Gu An felt a little bit big, he said helplessly:

‘It’s all right, you and Lao Tian go to the basement, put this Soul Devourer away, and then go get the reward.’

The middle-aged man beside smiled and said:

‘Elder Li, come with me.’

Li Qinghe nodded, then she thought of something and said:

‘By the way, Uncle Gu, I have to tell you something.’

‘what’s up?’

Gu An has some doubts.

Li Qinghe’s eyes flashed, and he said: ‘This Soul Devouring Orb was specially given to the host.’

‘Huh? What?’

Gu An was taken aback, his eyes widened slightly.

‘You mean, this Soul Devouring Orb was sent by someone?’

‘Um.’

Gu An frowned slightly: ‘Do you know who it is?’

Li Qinghe shook his head:

‘I don’t know, the host died after saying this.’

Gu An was silent, then nodded: ‘I see, you go first.’

Li Qinghe followed Tian Yuan and left the room.

Only Gu An is left in the office.

He tapped his fingers on the wooden table, his eyes flashed:

‘Xili City... Brook family, Jing family...’

He shook his head slightly and sighed slightly.

.....

Two days later.

Lu Yuan died from the place of origin in just a week, and the light gate was completely repaired.

At ten o’clock in the evening, Lu Yuan once again entered the land of origin.

The misty forest, Lu Yuan’s body emerged.

brush!

As soon as Lu Yuan appeared, he saw a white light flashing, and then a girl with purple hair appeared beside him.

‘Ah!!’

Amy had just entered the land of origin, and suddenly saw a figure appeared in front of her, and she was shocked~www.mtlnovel.com~ She subconsciously turned the Tianluo wisteria, and purple vines bound towards the edge of the landing.

Lu Yuan: ‘???’

Seeing Tianluo Wisteria tugging towards him, Lu Yuan was full of question marks.

‘Amy?! What are you doing?’

His figure flickered, avoiding the attack of Tianluo Wisteria in a thrilling manner.

Amy came back to her senses when she heard Lu Yuan’s voice.

‘Lei Feng! It’s you!’

She quickly put away the Tianluo Wisteria, and smiled embarrassedly:

‘I thought someone was going to attack me, hehehe!’

‘Hey you are so tall.’

Lu Yuan is full of black lines.

‘Ahem... the mist has disappeared.’

Amy turned her head, looked around, and changed the subject abruptly.

Lu Yuan was too lazy to pursue it.

‘Before I came in, I investigated it on Battle.net. This time the fog has not been shrouded for a long time, it has disappeared two days ago.’

Fog in the misty forest is not a big thing in Baiyunzhou, but it is still a big event for nearby cities.

There are naturally many people discussing on Battle.net.

‘Oh.’

Amy nodded: ‘Then let’s go, we should be able to reach Tianluo City in these two days.’

Lu Yuan nodded.

The two ran towards Tianluo City.
