

Chapter 111: My Genes Evolve Infinitely

RECKLESS

Earth Fire Ankylosaurus.

As a beast of the dragon type, strength, defense, and speed are all strong points, and the Earthfire Ankylosaurus also mastered the ability of fire.

is also a very powerful existence among the boss-level beasts.

At this moment, the Earthfire Ankylosaurus also noticed the edge of the land in the distance, stopped, and sprayed wisps of flames from its nostrils, burning the weeds on the ground.

Its dark red eyes stared at Lu Yuan, with a cold killing intent in its eyes.

Lu Yuan felt the powerful aura of the Earthfire Ankylosaurus, slightly narrowed his eyes, and a dark red epee appeared in his hand.

This is a first-order elite weapon called the Dark Red Blade.

During this period of time, there were not a few Tier 1 elite fierce beasts that Lu Yuan killed, and he dropped out of this heavy sword.

Mainly enhances strength, secondly enhances defense, even when attacking, there will be a trace of flame surging, using high temperature to burn opponents, it is a very good elite weapon.

With this dark red blade, Lu Yuan's beetle claw epee, which he used for a long time, has also retired honorably.

Lu Yuan didn't throw away the Beetle Claw Epee, but kept it as a collection.

After all, this is his first elite weapon.

squeezed the dark red blade, Lu Yuan's whole body flashed with red light, his feet stepped on the ground, and he rushed towards the distant ground fire dragon.

'hold head high!!'

Seeing Lu Yuan rushing over, the Earthfire Ankylosaurus roared, the powerful momentum of the first-order peak emerged, and a group of scarlet flames was expelled at Lu Yuan.

The high temperature consumes oxygen, and Lu Yuan has difficulty breathing.

He squinted his eyes, turned his steps, and quickly moved his body to the side, and the flame passed through where Lu Yuan had been before.

Boom!

A scorched black mark more than ten meters long appeared on the ground, and there was still a trace of flame burning on it.

Lu Yuan had already approached the Earthfire Ankylosaurus at this time.

A fierce color flashed in his eyes, the power group all over his body rhythmic, and Hei Gangjin burst out.

With a trace of red light, the dark red blade slashed towards the neck of the fire dragon.

The sharp sword light ripped the air apart and made a noise.

The fire armored dragon roared, and his limbs stepped on the ground. The huge body was extremely flexible. It moved a few meters quickly, avoiding Lu Yuan's slash.

Lu Yuan's complexion remained unchanged, and his figure followed the ground fire dragon.

At this moment, from the corner of Lu Yuan's eyes, he saw a red afterimage swept across, whizzing with a strong wind.

That is the long tail of the Earthfire Ankylosaurus.

Lu Yuan showed a sneer, sticking out his left hand and opening his palm to block the tail of the Earthfire Ankylosaurus.

Boom!

The tail of the Fire Ankylosaurus collided with Lu Yuan's palm, and a wave of air spread, and the fallen leaves on the ground were blown away by the air wave, and a deafening roar sounded.

Lu Yuan's body faced the sweep of the huge tail, but he didn't move.

‘This is impossible!’

In front of the light curtain, the burly man saw this scene, his eyes widened, his face was disbelief.

‘The peak-level Earthfire Ankylosaurus is even more powerful than the same level assault fighters. How could this kid be able to block it so easily?! Didn’t even shake it a bit?’

Not only are burly men, even tall and thin men and mature women are shocked.

‘Isn’t the gene he burned at the boss level?! How can the body be so strong?!’

Li Qinghe was also a little surprised to see this scene.

She showed a bright smile: ‘It’s my destined brother.’

Within the light curtain, the battle continued.

After Lu Yuan easily blocked the ground fire armored dragon’s tail-sweeping attack with one hand, the dark red blade of his right hand drew a sword light, and with the terrifying power of black steel, it slashed towards the ground fire armored dragon’s body.

嗤!

The armor of the Fire Armored Dragon was torn, blood spurted out, and the ground was stained red.

‘hold head high!’

The fire armored dragon screamed, and a hideous sword mark appeared on its side, with bones visible.

The shocked mood of the people in front of the light curtain has not calmed down. Seeing this scene, his eyes widened again, with a look of stunned expression.

The burly man spoke again:

‘This power...this has surpassed the peak assault fighter, right?! Is this kid a guardian or assault fighter?!’

The eyes of the tall and thin man are full of shock:

‘Not only that, although his speed is not as strong as his strength and defensive capabilities, it is still ridiculously fast.’

‘What is the gene he burned? How could it be so comprehensive?! Or did he practice some powerful physical skills?’

Yu always looked at Lu Yuan, but also a little surprised, a smile appeared on his face:

‘It looks like an interesting little guy is here this time.’

This kind of power and defense, and even speed, are several levels stronger than the genius of the same level who has burned the boss’s genes. Obviously, it is not something ordinary people can do.

‘Little Qinghe, your vision is really good.’

Li Qinghe was also a little surprised at Lu Yuan’s strength. Hearing this, the corners of his mouth raised, revealing a smile:

‘of course.’

She flipped out a cigarette, and was about to ignite it when she saw Yu Lao on the side looking at her with a smile.

Li Qinghe froze and put the cigarette back in surprise.

Inside the light curtain.

Lu Yuan’s sword severely injured the Ground Fire Ankylosaurus and completely angered it.

It uttered a violent roar, and its originally dark red skin showed a hint of crimson.

violent combat skills.

It roared at Lu Yuan, opened its big mouth full of fierce teeth, and bit down towards Lu Yuan.

This speed has improved a lot compared to before.

Lu Yuan frowned, his figure flickered, and escaped the bite of the ground fire armor dragon. The ground fire armor dragon had raised its front paws and slapped Lu Yuan with violent force.

Boom!

The land edge epee collided with the front paws of the earthfire ankylosaurus, and the air wave spread and turned into a strong wind. The surrounding trees were constantly shaking by the strong wind.

Lu Yuan and the body of the Earthfire Ankylosaurus retreated at the same time.

Lu Yuan took a step back slightly, and the huge body of the Earthfire Ankylosaurus retreated several steps, the wound cracked, and the blood kept overflowing.

Lu Yuan bullied himself up, holding the dark red blade and rushed towards the ground fire armored dragon.

The fire armored dragon roared, his eyes flushed red, and he faced Lu Yuan.

Two figures, one large and one small, flashed quickly in a small piece of forest. Every time they collided, they would make a deafening muffled sound. The air waves kept surging, the trees shook, and the leaves kept falling.

Li Qinghe and others closely watched the battle in the light curtain. After a while, the mature woman spoke:

‘The fire dragon has reached its limit.’

‘Well, no matter in which way, this fire dragon is not an opponent of Lu Yuan, it will be suppressed to this point in a short time, unable to come back.’

The tall and thin man nodded.

As the two of them had just finished speaking, the Earthfire Ankylosaurus let out a painful wailing.

Its body flew out and hit the trunk of a big tree hard.

The trunk was broken, the big tree fell to the ground, and the leaves flew like green rain.

The fire armored dragon was lying on the ground, its body full of lin armor was covered with sword marks, and the blood almost completely stained its body red.

The blood converged in its lin armor, forming a stream, slowly flowing to the ground, soaking the ground.

The Fire Armored Dragon struggled to get up. At this moment, an afterimage flashed by, and Lu Yuan appeared beside it.

His face was cold, and the dark red blade pierced through the neck of the Earthfire Ankylosaurus with a sharp sword intent.

嗤!

The struggling movement of the Fire Anchovy Dragon froze, its limbs slowly softened to the ground, and it lost its vitality.

Lu Yuan glanced at the corpse of the ground fire dragon and exhaled slightly.

I have to say that the strength of the fire dragon is very strong.

You must know that he has burned a boss-level gene and a boss-level gene now.

even practiced such powerful physical skills as Hei Gangjin.

The general Tier 1 peak fierce beast Lu Yuan can also be easily killed.

But this fire armored dragon can actually fight him for dozens of rounds, which is very unusual.

look for it to see where the mark is.

Lu Yuan began to search for the mark.

Outside the light curtain, the atmosphere is a bit silent.

Everyone looked at Lu Yuan who was looking for a mark.

After was silent, the burly man shook his head:

‘This strength is really good, Yang Ping can’t match him.’

The tall and thin man glanced at the burly man and smiled:

‘Bex, let alone Yang Ping, you weren’t his opponent back then? At the first level, you can defeat the ground fire dragon?’

The burly man froze and gave him a sideways look:

‘Lao Yu, can’t you?’

Yu Lao smiled and said:

‘This little guy is placed in the current genius camp, and his talent can also be ranked in the top fifty.’

Hearing what Yu Lao said, the two of them looked at each other and said no more.

Li Qinghe put his arms around his chest and smiled:

‘From this point of view, Brother Yuan’s points should be firmly ranked first.’

In the light curtain, Lu Yuan has found the mark and recorded it.

His points soared by 5,000 points, reaching 23,322.

has more than 6,000 points more than the second place Miner.

This is no longer a gap that can be easily caught up.

Hearing what Li Qinghe said, the other three did not refute.

However, the test has not yet ended, and the four of Lu Yuan continue to hunt down the beasts.

As it continues to deepen, approaching the core area of the small world, the strength of the fierce beast is getting stronger and stronger.

Even the number of boss-level fierce beasts has increased a lot.

Yang Ping and the three also began to meet senior bosses, even the pinnacle bosses.

With the strength of Yang Ping and Lin Wei, he can barely kill when he encounters a high-level boss, but when he encounters a pinnacle boss, he can only retreat.

Although Min’er is a little stronger, she can only kill high-level bosses more easily, and she can only draw a tie against the pinnacle boss.

Compared to the three of them, although Lu Yuan’s luck was fairly average, he encountered the boss of the beast less frequently than the other three.

But no matter how powerful Lu Yuan is, no matter what level of fierce beast leader it is, encountering Lu Yuan is a dead end.

When there was less than one hour left in the test, Lu Yuan's points had reached 103,286 points.

The second place Min'er has only 49,843 points.

is more than double the second place.

The three burly men outside the light curtain completely extinguished their desire to fight for the first place.

'It's almost time, the time is coming.'

'They are coming out soon, too?'

The tall and thin man looked at the time and said with a smile.

Li Qinghe stretched out, showing a slight smile.

Lu Yuan's performance made him very satisfied.

At this moment, Li Qinghe smiled stiffly, his eyes widened slightly, and he looked at the light curtain of Lu Yuan.

'Huh? What is my brother going to do?!'

The few people who were watching the battle in the other light curtains, they all looked at Li Qinghe's words.

Then, their eyes widened, showing a hint of astonishment.

Within the light curtain, Lu Yuan came to a wasteland area full of gravel and weeds.

He was hiding behind a pile of gravel more than two meters high. A few hundred meters away, a giant cow with a shoulder height of more than two meters, sharp double horns, and gray-white stone armor was lying on the ground to rest.

Stone armored bull, the second-tier low-level beast leader.

Lu Yuan was looking at the stone armored bull at this moment.

Everyone in front of the light curtain was wide-eyed.

The corners of the burly man's mouth twitched, and he said with some uncertainty:

'This kid... isn't he planning to challenge the stone armored bull, right?'

The tall and thin man couldn't believe it: 'Although the stone armored bull is not a dragon-like fierce beast, its strength is not outstanding at the same level, but it is the boss of the second-order after all! Where does this kid have the courage to challenge the second-order fierce beast?!'

Li Qinghe narrowed his eyes, clenched his chest hands slightly, a look of worry appeared on his face.

She didn't expect Lu Yuan to go back to fight the Tier 2 Fierce Beast.

Yu always looked at Lu Yuan, smiled and said:

'Interesting little guy, what strategy should he have, can he deal with the stone armored bull?'

Hearing what Yu Lao said, the others felt reasonable and nodded.

The tall and thin man smiled and said:

'Should this be the case?'

The mature woman smiled slightly: 'Maybe he has a hole card we don't know?'

Only Li Qinghe is a little bit unsure.

Based on her opinion of her own brother, that kid doesn't seem to be someone who wants to make messy tactics?

Does he want to go up there?

Just as Li Qinghe was thinking, Lu Yuan's whole body in the light curtain flashed with red light, holding the dark red blade, he rushed directly to the stone armored bull.

The stone armored bull who was resting was disturbed, a trace of blood flashed in his eyes, he stood up suddenly, turned his head to look at Lu Yuan.

'Moo!'

It roared and rushed towards Lu Yuan.

In front of the light curtain, UU read www.uukanshu.com and the smiles on the faces of the old couple froze at the same time, a little bewildered.

‘Just rushed straight up like this?’

‘Good fellow, this kid is a reckless man, right?’

If Lu Yuan prepares a little bit and intends to succumb to a stone armored bull, they would still be able to accept it a little bit.

But... why would you just rush up like this? !

What are you going to do?

Isn't it too much to put the second-tier boss in his eyes? !

Only when Li Qinghe's mouth twitched, I knew it!

In a small world.

Lu Yuan faced the stone-armored bull who rushed towards him, a flash of excitement flashed in his eyes.

After searching for a long time, he finally found a second-tier boss.

Fight with the second-order boss, this is one of Lu Yuan's goals.

He wants to try, with his current strength, is it an opponent of the second-tier boss?

He clenched the epee in both hands, Hei Gangjin burst out with all his strength, and the epee slashed towards the head of the stone armored bull.

The stone armored bull roared, with its sharp horns like a long sword, facing Lu Yuan's epee.

锵!

The symphony of gold and iron sounded, resounding through this wilderness area.

Two powerful auras rose, intertwined and collided with each other.

Other fierce beasts in the wilderness area felt the fluctuations of the battle, and they were all frightened away.

Under the collision, Lu Yuan's body flew out directly.
