

Chapter 112: My Genes Evolve Infinitely

END OF ASSESSMENT

After flying more than 20 meters, Lu Yuan had just landed, and the Shijia Manniu had already rushed to Lu Yuan once again.

Feeling the strong aura, Lu Yuan's pupils shrank, his speed exploded, and he dodged to his side.

Shijia Man Niu rushed past Lu Yuan, and the strong wind brought Lu Yuan's black hair dance.

Lu Yuan felt a slight soreness in his arms and a trace of dullness in his chest, and couldn't help grinning.

deserves to be the second-tier boss, this power is even stronger than his full use of Heigangjin.

A head-on collision, even with his physique, he felt a bit internally injured.

However, Lu Yuan didn't feel the slightest frustration in his heart, but rather excited.

Because of Lu Yuan's body, an emerald green seed condensed with strong vitality is exuding strong vitality, constantly repairing Lu Yuan's sore muscles and body.

Chief-level combat skills, the seed of nature.

He can expend his spiritual power at any time and plant the Seed of Nature in his body. As long as he is injured, the Seed of Nature can automatically heal Lu Yuan.

Until the life force inside is completely exhausted.

Of course, he can also use this combat technique against others.

With the healing effect of the seed of nature, Lu Yuan's originally aching arms and dull chest have completely recovered in just two breathing times.

It can be said that he took a blow from the stone armored bull and was unharmed.

For Lu Yuan, as long as he can't kill him, he will always have the opportunity to consume the enemy with his ability to continuously absorb spiritual power.

In other words, as long as Lu Yuan is willing to spend time, he can completely kill this stone armored bull!

The first-tier fighters can kill the second-tier boss fierce beasts.

Lu Yuan had a relatively accurate understanding of his current combat power, and he was a little surprised.

Compared to before, the strength is indeed improved a lot.

When Lu Yuan was surprised, Shijia Manniu had already rushed towards Lu Yuan again.

Lu Yuan grinned and greeted him again.

锵!!

锵!!

锵!!

The sound of gold and iron symphony continued to sound as the two sides collided.

Outside, Li Qinghe's eyes widened as they watched the battle between the inner edge of the light curtain and the stone armored bull.

'It seems that we still underestimated this kid. I didn't expect him to fight the second-tier low-level boss?!'

The burly man had a look of shock in his eyes.

The others nodded.

Even Li Qinghe was a little shocked.

She didn't expect that Lu Yuan's current strength had reached this point.

You know, it has only been two months since Lu Yuan awakened.

The speed of improvement is really amazing.

.....

The central area of the small world, somewhere in the wasteland.

There is a breeze flowing all over Yang Ping, looking for the fierce beast.

He glanced at the points on his black instrument, the corners of his mouth raised, and a smile appeared:

'44677 points. Not to mention ranking first, it must be higher than that kid? There is still a while, keep working hard!'

At this moment, he heard the sound of gold and iron clinking in the distance.

'Huh? Is there a fight?'

Yang Ping was taken aback, turned his head and looked in the direction of the sound.

He thought, changed direction, and ran towards the direction of the sound.

The closer he gets to the battle area, the more powerful Yang Ping can feel, and a solemn color appears on his face.

'So powerful, who is fighting? How can it be so strong?'

Soon, he came not far from the battle area.

After seeing Lu Yuan and Shijiao bulls fighting in the distance, Yang Ping's eyes widened, his expression unbelievable.

'It's him?!'

Yang Ping glanced at the huge stone-armed bull, some of his scalp was tingling:

'Such a big stone armored bull, this breath... is the second-tier boss?! This guy is actually fighting the second-tier boss? How can he be so strong?!'

Yang Ping thought that his current points would definitely be higher than Lu Yuan.

But now seeing this battle, his heart is cold.

His strength is far worse than that of Lu Yuan.

Unless there is something unexpected, it is impossible for Lu Yuan to have less points than him.

Just when Yang Ping was a little at a loss, another breath approached. Yang Ping turned his head and looked over and saw Min'er with short hair running over.

is now the central area of the small world. When four people come to this area, naturally they will not be too far away.

The movement of Lu Yuan and Shijia Manniu fighting was so loud that they could easily hear the noise.

Min'er saw Yang Ping and nodded slightly at him, then turned to look at the battle area.

Seeing that Lu Yuan and Shijia Manniu collided again and again without losing, Min'er clenched the two knives in his hands, a flash of shock flashed in his eyes, and she couldn't believe it.

'Is he so strong?'

Combat area.

After Lu Yuan and Shijiaman Niu collided again, their body moved back more than ten meters.

His hands trembled slightly, a little sore.

Soon, a warm current flowed to Lu Yuan's hands, and the soreness disappeared quickly.

Lu Yuan glanced at Yang Ping and Min'er not far away.

Although he had been fighting with Shijiazha Niu, Lu Yuan was not paying attention to his surroundings.

The first time Yang Ping and Min'er appeared, Lu Yuan had already felt their breath.

He is ready to retreat.

After the real battle, Lu Yuan understood that even if he went all out and used all kinds of hole cards, he wouldn't be able to kill this stone-armed bull in a few hours.

Time is too late.

After Yang Ping and Min'er came over, he didn't want to continue fighting.

It's just a test, there is no need to use all of your hole cards, and it's not good to be seen by others.

Lu Yuan didn't even absorb the spirit crystal.

He has consumed a lot of spiritual power now, and his body is a little tired.

Taking advantage of this retreat, Lu Yuan turned around and ran.

The stone armored bull who was planning to continue attacking Lu Yuan was stunned when he saw that Lu Yuan turned around and ran away.

Then it roared angrily and ran after Lu Yuan.

It's not just a stone armored bull, Yang Ping and Min'er didn't expect Lu Yuan to actually run away.

They were also taken aback for a moment. The two of them looked at each other and then chased them in the direction of Lu Yuan.

Shijia Manniu is not a boss who is good at speed, but compared to Lu Yuan, his speed is still a bit faster.

It's just that every time its attack will be blocked by Lu Yuan.

Lu Yuan even accelerated by the attack of the stone armored bull, and pulled a short distance from the stone armored bull.

Both sides chased and fled in the wilderness area, and quickly moved more than ten kilometers.

.....

on a wilderness.

Lin Wei, wearing a robe, wielded her staff, and a water gun was condensed. The water gun turned into a stream of light and penetrated a stone hound that pounced on her.

Lin Wei sighed slightly, wiped the sweat from her forehead, and showed a smile.

Just when Lin Wei was about to run over to find the mark, the ground suddenly vibrated slightly. At the same time, there was an angry roar in the distance.

Lin Wei's body tightened suddenly, and she looked vigilantly in the direction of the sound.

Soon, Lin Wei's eyes widened, and saw the huge stone-armored bull chasing a figure quickly approaching, and the approaching direction happened to be in her area.

‘???’

Lin Wei's face turned pale all at once:

‘Second-tier boss?!’

She didn't even think about it, she directly used the strength of the milk, turned into an afterimage, and ran to the side.

ran a distance, Lin Wei turned her head and saw that Lu Yuan with the stone armored bull had gradually moved away from her.

Lin Wei breathed a sigh of relief as he watched one person and one cow stay away.

At this moment, Lin Wei saw Yang Ping and Min'er also running over.

After seeing them, Lin Wei greeted them:

‘Why are you here? Min'er, what happened?’

‘Lin Wei?’ Min'er saw Lin Wei and explained, ‘You also saw Shijia Manniu and Lu Yuan, right?’

‘I saw it, how could the Shijiao Bull hunt down that Lu Yuan?’

Yang Ping and Min'er looked strange when they heard Lin Wei's question.

‘We just saw Lu Yuan fighting the stone armored bull. I'm afraid Lu Yuan wants to see if he can hunt the stone armored bull?’

Miner said.

‘Fight with the stone armored bull?!’

Lin Wei's pupils shrank, a little surprised.

‘Lu Yuan is so strong?!’

Min'er nodded earnestly: ‘Very strong, I am not an opponent.’

Yang Ping curled his lips: ‘Unfortunately, the Shijiao Bull is stronger. Now, isn't Lu Yuan also being run away?’

Min'er glanced at Yang Ping: ‘You have the ability to go up and get kicked out?’

Yang Ping: ‘.....’

His face became stiff, and he is not stupid!

Although his speed should be a little faster than that of Lu Yuan, he is slower than Shijia Manniu.

He could see that Lu Yuan's defense and strength were so strong that he could withstand the attack of the stone armored bull.

It's him, he thinks it's more dangerous.

With his body, if he is hit by a stone armored bull head-on, he might be dead.

Lin Wei looked at the two strangely:

‘So, you ran with Lu Yuan and Shijia Manniu to watch the show? Wouldn't you take this opportunity to continue hunting the beasts to earn points?’

Hearing what Lin Wei said, both Min'er and Yang Ping were froze.

The corners of Yang Ping's mouth twitched, revealing a daze:

‘That's right! Now that fellow Lu Yuan is being hunted down! I don't know how many points that fellow has, so let's kill a few more fierce beasts while there are still dozens of minutes!’

Miner also smiled a little embarrassedly:

‘I was so surprised just now, I couldn’t help but want to see if the stone armored bull could catch up with Lu Yuan. I didn’t expect this level. I’m going to hunt the beast first.’

After speaking, Min Er ran away.

‘I’m leaving too.’

Yang Ping turned and left after speaking.

Lin Wei left behind and shook her head speechlessly, and ran back to find the mark of the stone hound before.

.....

Lu Yuan was chased by the Shijia Bull, and soon ran to the edge of the wilderness.

Farther away is the forest area.

Lu Yuan saw the forest, his eyes brightened, he speeded up and dived into the forest, his figure turned into an afterimage, and he flashed forward quickly among the trees.

The edge of the land is small, and the speed in the forest has not slowed down much.

But the stone armored bull behind him is not so lucky.

That huge figure seemed a little inconvenient in the lush forest.

Although the trees could not withstand the charge of the stone armored bull, they were repeatedly broken by the stone armored bull.

But while breaking the trees, the speed of the stone armored bull slowed down a bit.

In addition, the vision in the forest was dim, and not long after entering the forest, the stone armored bull chased Lu Yuan completely.

It couldn't help letting out an angry roar, stomping its feet on the spot, and the ground shook slightly.

In the distance, Lu Yuan heard the angry roar behind him, his mouth raised, and a smile appeared.

He stopped staying, and quickly disappeared in place.

.....

In the following time, Lu Yuan continued to hunt down the beasts in the forest.

嗤!!

He killed an elite jungle python with a sword, found the mark, and planned to record it into the instrument.

Just then, the instrument clicked and made a mechanical sound.

'The assessment is over, all candidates are invited to leave the small world.'

Hearing this, Lu Yuan raised his eyebrows.

Did ten hours pass so quickly?

He glanced at his points.

114886.

More than 110,000 points, it should be pretty good, right?

I don't know how many places can be ranked?

Lu Yuan is looking forward to it.

He dropped the mark casually and ran towards the exit of the small world.

.....

Outside the small world, Lu Yuan walked out as if water waves waved at the entrance.

As soon as he walked out, Li Qinghe smiled and stretched out his hand to embrace his shoulder.

‘Brother Destiny, he is good at strength, he can actually fight the second- tier boss.’

Lu Yuan was taken aback when he heard the words:

‘Sister Qinghe, did you see me fighting just now?’

‘Of course, if you are in danger, how can we save you?’

Lu Yuan suddenly nodded.

He asked curiously: ‘Then where do I rank?’

Li Qinghe smiled and pointed to the light curtain not far away:

‘The ranking is there, you can see for yourself.’

Lu Yuan looked at the light curtain.

1, Luyuan 114886 points

2, Miner Ailan 53146 points

3, Yangping 46887 points

4, Lin Wei 46045 points

Lu Yuan smiled:

‘I am first?’

Although he had expected it before, he was still a little happy seeing the results.

At this moment, the entrance door continued to fluctuate, and the three of Yang Ping filed out.

After the three of them came out, they saw Lu Yuan for the first time.

Seeing Lu Yuan's appearance unscathed, all three of them had their pupils shrunk, and they were a little surprised.

Being chased by a stone armored bull, Lu Yuan turned out to be like a okay person.

Soon, they found that Lu Yuan's line of sight seemed to be looking in a certain direction.

The three of them also looked over.

After seeing the ranking, the three faces changed slightly.

Then, Min'er smiled and murmured:

'not bad.'

After seeing Lu Yuan's strength, she no longer expected to win the first place.

It's pretty so-so with second place, and it has met her expectations.

And Yang Ping looked bitter and depressed.

He took a peek at the burly man, and found that the burly man had a cold face, his mouth twitched, and he walked over with his head lowered.

'My lord...I failed your expectations~www.mtlnovel.com~The burly man glanced at Yang Ping and sighed:

'Don't blame you. Lu Yuan's strength is indeed not comparable to you.'

Yang Ping: '.....'

Although he knew that the burly man was telling the truth, he still felt a little bit heartbroken.

The most uncomfortable thing is Lin Wei.

Seeing that she was the last in line, Lin Wei turned pale and pursed her mouth.

Seeing Lin Wei's unacceptable look, the tall and thin man walked over, patted her on the shoulder, and smiled:

'Xiao Wei, are you okay?'

Lin Wei came back to her senses and shook her head, her smile a little far-fetched:

'I'm fine.'

The tall and thin man smiled: 'It doesn't mean anything to lose for a while, there will be more time in the future.'

Lin Wei nodded silently: 'Yeah.'

Yu Lao smiled and said:

'Okay, the assessment is over. Your grades are good, and you have exceeded the pass line by a lot. According to the standard, you can all join the genius camp. The first place is Lu Yuan, with 100 credits. The second Miner Ailan, Received 80 credits, and the third Yang Ping received 50 credits.'

Yu Lao smiled and said, 'Next, let Teacher Feng Zhou take you through the admission procedures, and then arrange the dormitory for you.'

After Yu Lao finished, the black-haired man who was controlling the instrument came out, looked at the four of them and smiled:

'You four, come with me.'
