

Chapter 121: My Genes Evolve Infinitely

EVERY NIGHT'S INVITATION, CRUSHED

After leaving the 100-meter-high building, Lu Yuan continued to move in the direction of Amy in the communication crystal.

The two keep in touch from time to time, and Amy is also rushing to him now.

But the two of them are not too anxious, after all, with their strength, under normal circumstances, they will never encounter danger.

Even if you are in danger, you should still be able to escape.

.....

One day later.

Lu Yuan rushed on the street, and the air waves formed at high speed made a whistling sound.

Lu Yuan drank a bottle of optimizing spiritual power gene liquid, and threw the empty bottle away.

He narrowed his eyes, and his eyes showed a hint of surprise.

Optimizing the spiritual power gene liquid is indeed more convenient to absorb, and his 'seed of nature' has finally been tempered to completion.

Until now, his physical strength has reached the limit that can be reached at present.

For this reason, Lu Yuan has absorbed more than 400 bottles of optimized spiritual power gene fluid, which is almost equivalent to more than 400,000 first-order spiritual crystals.

All that Lu Yuan had to do was to charge the Evolution Cube, and then he was ready to break the genetic lock.

At this moment, Lu Yuan suddenly felt a powerful aura burst out in the distance.

Lu Yuan was taken aback for a moment, and he glanced at the direction of the breath with some confusion.

is not far from the street on the right.

Lu Yuan thought for a while, planning to go over and take a look, maybe there is something good ?

He changed direction and moved in the direction where the breath came.

Soon, Lu Yuan approached the place where the powerful aura was. The aura was just around the corner, and there were still a lot of them.

He glanced at his surroundings, bent his legs and stepped on the ground forcefully, his body jumped tens of meters high and came to the top of a 30-meter tall building.

He came to the edge of the roof and looked down.

On the street, more than 30 gene warriors of kobolds, Kamans, Barrows, and green demons were leaning against a figure.

There are many corpses on the side. These corpses include kobolds, kamans, barros, and green demon, and some of them are cats and elves.

Seeing this figure, Lu Yuan's eyes widened slightly, a little startled.

With the iconic black cat tail and cat ears, the slender and fiery figure, the corners of Lu Yuan's mouth twitched.

Isn't this Yeye ?

I didn't expect to encounter it here.

Lu Yuan thought that with Ye Ye's strength, I am afraid that he would also enter the El Mechanical Ruins this time, and they might encounter it.

I didn't expect to meet so early.

But looking at this situation, Ye Ye was besieged?

Lu Yuan glanced at the thirty-odd genetic warriors, several auras were at the boss level, which was a bit strong.

But Lu Yuan raised his eyebrows, a little puzzled.

These people, even if they are not a threat to him, shouldn't be a threat to Ye Ye?

Lu Yuan is still not sure if he played the night.

After all, Ye Ye never showed her full strength, Lu Yuan still felt a little vain.

At this moment, Ye Ye took a step forward, and the genetic warriors all took two steps back.

They looked at Ye Ye with horror, and a Kaman warrior headed by had a look of horror on his face, and some screamed:

'You, don't come here!!!'

After the cat man appeared, they didn't even see the situation clearly before, and many brothers died!

They didn't see how those brothers died!

This cat person is obviously not an ordinary person, and definitely not something they can provoke.

Ye Ye's originally dumb and pretty face had a rare cold killing intent, and her black vertical eyes shrank slightly, with a hint of majesty and domineering.

'Kill my warrior of the Celestial Empire, ** it!'

There are dark light and shadows appearing all over her body, and in the next moment, four dark figures with the same figure as Ye Ye condense.

Seeing Ye Ye's movements, everyone was tensed, their spiritual power surged wildly, staring at Ye Ye and those weird shadows.

There was no movement every night, the dark figure turned into a stream of light and disappeared in place.

In the next moment, sword lights burst out among the crowd.

Everyone's eyes widened, with a hint of horror in their eyes.

A blood line appeared on their necks, and their bodies slowly fell to the ground, losing their vitality.

On the high platform, Lu Yuan's pupils shrank, and there was a flash of shock.

Ye Ye's strength is stronger than before.

Sure enough, the first gene Ye Ye inherited was definitely above the lord level.

Lu Yuan's current strength is already very strong, a leader-level and a boss-level.

But it still feels like Ye Ye's opponent is not.

have to keep working hard.

After the death of those genetic warriors, Ye Ye suddenly disappeared in place.

Lu Yuan felt a chill behind his back, turned his head abruptly, and resisted with his horizontal sword.

A pitch-black long sword stopped in front of Lu Yuan.

Ye Ye has returned to her original stunned appearance, and when she saw Lu Yuan, she tilted her head slightly:

'Lu Yuan?'

Lu Yuan breathed a sigh of relief, put away his epee, and smiled:

'What a coincidence, Lord Ye Ye, I didn't expect to meet you here again.'

'Um.'

nodded every night.

She looked at Lu Yuan and said softly:

‘Why are you here?’

Lu Yuan explained: ‘When I passed by, I felt a breath coming from here, so I came over curiously and took a look. I didn’t expect it to be you.’

nodded every night: ‘Yeah.’

Lu Yuan glanced at the ground:

‘Your subordinate was killed.’

Nodded every night: ‘Well, I brought the team in this time, and I am responsible to them. So I have to avenge them.’

Yes, it’s very night and night.

Lu Yuan didn’t have the slightest doubt about Ye Ye’s words.

Her heart has always been very soft.

‘They died before you arrived? It’s not your fault. You avenge them, they should be very happy.’

YeYe was silent, and then nodded.

‘Um.’

Lu Yuan thought of something and smiled:

‘By the way, Lord Ye Ye, shall we add a contact information? I bought a communication crystal from Baiyunzhou.’

looked at Lu Yuan every night, fell silent, then nodded:

‘Okay, I want to eat grilled fish.’

Lu Yuan’s mouth twitched and his face was speechless:

‘Now? In this ruin?’

I stayed every night, after thinking about it, I finally realized that it seemed a bit bad, after all, time was tight.

She faintly said:

‘Next time, I’m going to gather other people.’

Lu Yuan smiled and nodded: ‘Well, if you want to eat, contact me then.’

nodded every night and took out the communication crystal.

The two exchanged contact information.

‘I gotta go.’

said every night.

Lu Yuan nodded: ‘Well, be careful.’

nodded every night, she turned around to leave.

took two steps, paused every night, then turned to look at Lu Yuan:

‘Are you alone? Do you want to go with me?’

Lu Yuan was taken aback, but he didn’t expect to invite him every night.

He glanced at Ye Ye Jumei’s small face, a little moved, but recalled Amy’s cute face in his mind, feeling a little helpless.

The invitation of two beautiful girls is really annoying.

This is the consequence of being too good.

But Amy, who had promised first after all, as a man, cannot break her promise.

He reluctantly refused: ‘I also have companions, now I am going to join them in the past.’

nodded every night: ‘Yeah.’

She turned around and disappeared where she was.

Seeing Ye Ye leave, Lu Yuan also turned around and disappeared in place, continuing to move in Amy’s direction.

.....

In a complex alley formed by a combination of high-rise steel buildings, Lin Xixi and his two companions flashed and moved quickly.

All three of them had some injuries on their bodies. One of the blond girls in a white robe had a hideous knife mark on the shoulder. The white robe was stained with blood, and his face was extremely pale.

The three of them kept panting, Lin Xixi turned her head and looked behind her from time to time, with a cold expression on her face.

‘Xixi, are they catching up?’

asked another black-haired girl in leather armor.

‘Not yet, but they are crowded, I’m afraid they will surround this area, then we will become a turtle in the urn.’

A bitter color appeared on the face of the black-haired girl:

‘I shouldn’t have come to join in this excitement before I know it. Those Kamans are so scary.’

The black-haired girl seemed to have thought of something, and a hint of shock flashed in her eyes.

Lin Xixi is also a little more afraid.

‘I don’t know if the lady can beat the biggest guy.’

The black-haired girl criedly said:

‘Don’t say the lady can’t beat her, I think we might not see the lady anymore.’

‘what!’

The blond girl beside suddenly snorted, her face pale again.

She was holding her shoulders, blood flowing from her fingers.

Lin Xixi glanced, her face changed:

‘The wound is torn again!’

The black-haired girl couldn’t help but speak:

‘No matter how serious the injury is, it is difficult to treat it quickly even with powerful therapeutic agents, and it is impossible to heal the injury after doing such intense activities! What should I do? Xixi!’

The voice of the white-robed girl was a little weak, and she said:

‘Let me put me here, take me and your speed will be slower and easier to be exposed. I can stay and attract their attention. You two may hope to run away.’

Upon hearing this, Lin Xixi frowned and said sharply:

‘Alice! What silly thing are you talking about? We are a team, how can we abandon our companions and run away by ourselves?! Don’t say this again!’

The black-haired girl also nodded again and again:

‘Yes, Alice! Xixi is right, we are a group! How can we abandon our companions? The big deal is to die together!’

‘But.....’

Alice still wanted to talk, Lin Xixi interrupted her:

‘It’s nothing! You have the strength to speak, it’s better to recover.’

Alice was silent and nodded vigorously.

Lin Xixi glanced at Alice who was weaker than before, and said:

‘I will carry you on my back. Run faster like this.’

Alice looked up, saw Lin Xixi’s serious eyes, fell silent, and nodded.

Lin Xixi picked up Alice on his back, and the three continued to move.

At this moment, footsteps suddenly came from the alley on the left not far away.

‘Go over there and see if anyone is there!’

The cold, irritable voice sounded, and the pupils of Lin Xixi’s three people shrank.

Lin Xixi silently pointed to the alley on the right, and the black-haired girl nodded.

They changed direction silently and moved on.

Not long after, they met the voice of the genetic warrior again, and changed direction again.

After several consecutive times, they found that their moving space was getting smaller and smaller.

The three of them looked at each other, and there was a look of despair in their eyes.

The black-haired girl said:

‘We are still some distance away from the lady. The lady can’t reach us at all. Is there anyone nearby? If not, we will really have a cold.’

‘It’s useless for some people, the enemy here is so strong, it’s death if you come here.’

Hearing this, the black-haired girl nodded, without refuting, she was a little unwilling to say:

‘Are you waiting to die here?’

At this moment, the black-haired girl thought of something, her eyes lit up:

‘By the way, the lady said that the guy named Lei Feng who was with us before is very strong? Would you like to ask the lady where he is? If you are close, let him come to save us?’

Lin Xixi hesitated when she heard the black-haired girl’s words.

To be fair, she was wary of the man who entered their team for the first time.

After all, the lady’s mind is very simple, too easy to be deceived.

But now the situation is urgent, and she can’t care about it anymore.

Lin Xixi gritted her teeth and nodded: ‘Okay, I’ll contact Miss!’

.....

Lu Yuan ran for a long time after meeting Ye Ye.

was moving at his current speed, not too far away from Amy.

Just then, the communication crystal lit up, and Amy’s small face appeared in the crystal.

‘Amy, what’s the matter?’

Lu Yuan frowned slightly when he saw Amy’s small face with a worried and anxious look, and asked.

Amy bit her lower lip and said:

‘Xixi and my other two teammates are being hunted down! I can’t make it now, Lei Feng, your distance is relatively close. Go and see if you can save them?’

Lu Yuan raised his eyebrows slightly: ‘Where is the address?’

‘I send it to you.’

Amy passed a coordinate.

Lu Yuan looked around and found that it was indeed not far from where he was now.

If he breaks out with all his strength, he can arrive without needing about half an hour.

He spoke to Amy:

‘Don’t worry too much, I’ll go over and take a look.’

‘Hmm! Thank you Lei Feng!’

The worry on Amy’s face disappeared a bit.

Lu Yuan smiled, exploded with full speed, turned into a cloud of afterimages, and ran towards the location provided by Amy.

At his speed, the body ran across and brought a gust of wind, and the whole street was full of gusts.

.....

On the street, a team of mechanical guards is patrolling. At the corner of the alley not far away, two elves are looking at the mechanical guards, their faces are a little dignified.

‘How about? Why?’

‘It must be done. The problem is how to do it! We only have two people. We are not strong enough. We have to plan carefully. The most important thing is that there is no one nearby to avoid being killed by the passing boss.’

‘Well, boss, you have the final say!’

The strength of the two elven men is only the first-order senior elite.

After the death of the first batch of genetic warriors, it should be the bottom batch among them.

But with a cautious attitude, they are still alive.

The two elves have already planned to go to the end of the ruins.

Now their target is the mechanical guard on the street.

‘Let’s go and see if there are other people nearby!’

‘good!’

Just when the two were about to investigate the surrounding situation first, a roar sounded.

Then they saw a very handsome human rushing into the distance, and all the mechanical guards were activated in a defensive state~www.mtlnovel.com~ They raised their guns and turned to Luyuan.

However, before they had time to start shooting, the human directly ran into them.

Boom boom boom! !

The roar sounded, and the mechanical guards two meters high flew upside down. Many broken mechanical arms and mechanical legs, as well as some other parts, were flying in the air.

Soon, the human disappeared at the end of the street, leaving behind a fragment of the mechanical guard on the ground.

Two elven men: ‘???’

They looked at each other, with a trace of blankness in their eyes.

Seeing the mechanical guards emerging from the light regiment, the two of them were still a little dazed.

‘Just... what happened just now?’

‘I seem to see a human... or an elf running over?’

‘...That’s not an illusion? I thought I was wrong!’

The two looked at each other, shocked:

‘What kind of monster is that?! I just ran over and smashed these mechanical guards with my body! Isn’t it horrible?!’

The other elf nodded in agreement.

You know, facing a team of mechanical guards, they want to kill all of them, it takes a lot of time, and there may even be a huge price!

Unexpectedly, now someone just smashes the mechanical guard into pieces? !

Is this mechanical guard made of paper? !

The direct gap between people is so big that they feel desperate.
