

# Chapter 142: My Genes Evolve Infinitely

## I BELIEVE IN YOU, NIGHT KING

Enter Black Bear One.

Lu Yuan and Amy sat in the passenger cabin, looking at the projected image of the outside world.

As we get closer, the central floating city looks bigger and bigger.

Amy looked forward to it:

‘It won’t take long to get to the Central Floating City.’

Lu Yuan nodded, his face a little heavy:

‘Now there is still some distance away from the floating city, the number of lord-level aircraft is more than before, and the aircraft here have become stronger. I don’t know how many lord aircrafts around the central floating city will be?’

The expectation on Amy’s face has also become a little less, her eyebrows frowning slightly:

‘If there are many lord aircrafts around Floating City, it might be difficult for us to get there, right?’

Lu Yuan thought about it and said:

‘Let’s go and have a look first.’

‘Um.’

At this moment, Lu Yuan’s expression changed slightly, revealing a hint of doubt.

‘What’s wrong?’

Amy asked curiously as Lu Yuan’s expression changed.

Lu Yuan took out the communication crystal, and there was a white light flashing on the communication crystal.

He opened his mouth and said:

‘Someone contacted me.’

‘Huh? In the El Mechanical Ruins, only people in the Ruins can contact you? Is it your friend?’

Lu Yuan also had some doubts. To be fair, Yang Ping and others from the genius camp shouldn’t contact him at this time.

That would contact him, should it be Ye Ye?

But why did Ye Ye suddenly think of contacting him?

Is it because they hunted a lot of lord beasts?

If Ye Ye wanted to join them, Lu Yuan would definitely agree.

Among other things, every night in the misty forest took Lu Yuan a long way, so that he could reach Tianluo City faster.

Otherwise, his current strength may not be so strong yet.

He connected to the communication.

Sure enough, Ye Ye’s beautiful face appeared on the communication crystal, and the black cat ears looked exquisite and lovely.

Amy on the side secretly looked over here.

After seeing Ye Ye’s delicate face, Amy’s eyes widened, and her purple eyes were full of shock.

Is this guy Lei Feng’s friend so pretty?

Still a cat person?

This looks almost as good as this lady.

Lu Yuan laughed:

‘Master Ye Ye, what’s the matter?’

A flat voice sounded every night:

‘Lu Yuan, was it you that was on the diamond-shaped aircraft recently?’

Lu Yuan nodded and smiled: ‘Well, it’s me.’

Meanwhile, Amy’s eyes widened slightly, and she was a little puzzled: ‘Lu Yuan? Who is Lu Yuan?’

Lu Yuan: ‘???’

He just remembered that his name here for Amy seems to be Lei Feng?

emm...

Lu Yuan’s mouth twitched and saw Amy looking at him suspiciously.

Lu Yuan gave a dry cough and was about to speak, and Ye Ye also saw Amy. She blinked and said calmly:

‘This is your companion? Don’t you know your name?’

Seeing Amy’s face, Lu Yuan seemed to start to look angry.

He felt that the situation seemed a bit wrong, so he quickly coughed and said:

‘This question is a bit complicated. Amy, I’ll talk about this later. Ye Ye, the aircraft you are talking about is ours. Did you contact us because of the aircraft?’

Amy took a deep breath, gritted her teeth and stared at her wide eyes, muttering the big liar constantly in her mouth.

Luyuan is full of black lines.

After thinking about it every night, he said:

‘Well, did you clean up the leaders of two Bai Lin’s subordinates before?’

‘Bai Lin? Could it be that King Hoarfrost? Lord Ye Ye, do you know him?’

When Lu Yuan heard the words, his heart sank slightly.

Are Ye Ye and that King Hoarfrost really friends?

Amy on the side also frowned slightly, looking at Ye Ye.

Ye Ye shook his head:

‘I don’t know him, but Bai Lin is looking for you now.’

Hearing this, Lu Yuan’s pupils shrank slightly:

‘Come to me?’

‘Yes. You should know that the central tower of the Central Floating City has not been opened yet, and only you can hunt down the lord. It will attract others to watch, even the king-level genius. Plus you cleaned up before. The two leaders of Bai Lin. He is here to look for you.’

This was the first time Lu Yuan heard Ye Ye say such a long sentence.

After he finished listening, his brows frowned slightly.

Amy on the side is also worried.

Ye Ye continued to speak:

‘Not only Bai Lin, another king-level genius Patton has also come to you.’

Lu Yuan: ‘...’

The corners of his mouth twitched: ‘Both kings are coming to us?! Are we so popular?’

Ye Ye thought about it, and nodded: ‘Only you can hunt the lord, everyone is staring at you. Although the core area is large, but at the speed of the two of them, as long as you find your position, you will advance in advance. It’s not difficult to stay on the sidelines on the route.’

Amy looked at Lu Yuan with some worry:

‘Ray...big liar, what shall we do?’

Lu Yuan: ‘...’

The corners of his mouth twitched, intending to ignore the question of Amy’s address to him.

He thought for a while and said:

‘We have the Black Bear One, and we can stop in the air. Then Bailin and Barton must have nothing to do with us. The only problem is that if we hunt down the lord aircraft, they will guard us at the place where the lord aircraft fell. , We can’t get the dropped objects. However, our Black Bear One is very fast. If we can keep changing directions and make Barton and Bai Lin not know where we are, then we will hunt down the Lord’s aircraft. , And leave immediately after picking up things, they should also have no choice but to take us.’

Amy blinked and said:

‘But, how do we know where those two guys are?’

Lu Yuan also frowned.

After all, the core area is not small. Judging from the situation of Bai Lin and Button, they should have a lot of eyeliner in the core area.

The target of the Black Bear One is relatively large, and it has been flying in the air. It is easy for them to find the Black Bear One, but it is difficult for Lu Yuan and the others to confirm the location of Bailin and Barton.

While Lu Yuan was thinking, he saw Ye Ye next to him, his eyes lit up, and he said:

‘By the way, Lord Ye Ye, you should also be a king-level genius, right?’

Amy widened her eyes slightly when she heard Lu Yuan’s words, looking at the beautiful girl in the communication crystal with some shock.

She turned out to be a king-level genius?

Amy couldn’t believe it.

However, Ye Ye nodded and said calmly: 'Yeah.'

real...

Amy's eyes widened, surprised.

But Lu Yuan's face was indifferent.

After all, Ye Ye showed too much strength.

Lu Yuan had always guessed that Ye Ye's gene was very powerful.

So be mentally prepared.

Lu Yuan showed a slight smile:

'Master Ye Ye, how about our cooperation?'

Every night's black eyes flashed and raised his eyebrows:

'How to cooperate?'

Lu Yuan smiled and said:

'Since Lord Ye Ye can know the movements of the two King-level geniuses, there should be many subordinates in the core area? Then you should be able to continue to check their movements. We just need to avoid the two hunting lord-level aircraft. . In addition, with you, even if there is an accident, you should be able to stop them, right?'

Ye Ye nodded gently: 'Well, they are not as good as me.'

Lu Yuan was taken aback for a moment, but he didn't expect Ye Ye to be so direct.

Is it worthy of Lord Ye Ye?

The king of the same level can also say that the opponent is inferior to himself.

Awesome.

Amy on the side was also stunned by Ye Ye's domineering.

In comparison, she is a little cute.

Lu Yuan smiled and said, 'When the time comes, the three of us will be divided equally. How does Master Ye Ye feel?'

Looking at Lu Yuan every night, he nodded:

'Can.'

Amy suddenly smiled happily upon hearing this:

'Yeah! With king-level geniuses, we don't have to worry about being bullied!'

Lu Yuan also laughed.

Although in fact he has another way.

But since Ye Ye contacted him, he had to take Ye Ye to hunt down the lord.

After all, Ye Ye said before, she couldn't hunt down the lord.

Just like at that time in the foggy forest, Ye Ye led him to run, now it is him who leads Ye Ye to hunt down the lord.

At this moment, watching Lu Yuan every night, blinked and asked:

'I am better than you. At close range, you can't dodge my assassination. Are you afraid that I will steal your things after I get on the aircraft?'

Hearing Ye Ye's words, the smile on Amy's face, who was originally happy because the boss joined him, suddenly froze.

She seemed to think of this question, her eyes widened, and she looked at Ye Ye with some caution, as if Ye Ye would assassinate her at any time.

Lu Yuan was also stunned. He looked at Yeye and said seriously:

'I believe you.'

Lu Yuan and Ye Ye spent nearly four months in the Misty Forest, and he still knew Ye Ye very well.

Ye Ye itself is a cold-hearted type with its own bottom line.

Lu Yuan didn't believe that Ye Ye would betray him for the benefit of El Mechanical Ruins.

Just like with Amy, Lu Yuan and Amy stayed together in the Misty Forest for a while, and later in Tianluo City and Amy contacted each other from time to time, knowing that Amy was pure-hearted.

Trust Amy too.

Hearing Lu Yuan's words, Ye Ye's eyes flashed, and a smile appeared on her plain little face:

'I'll position you, and you will pick me up.'

Lu Yuan also smiled: 'Okay.'

And Amy secretly poked Lu Yuan's waist, blinked at Lu Yuan, and said through spiritual power:

'Big liar! You just agreed?! This cat is a king-level eh?! What if she gets on the spaceship to our detriment?'

Lu Yuan smiled:

'No problem, if there is a problem, I will bear it myself.'

Amy suddenly puffed up a small mouth:

'We are teammates, of course we will bear it together!'

Therefore, Lu Yuan and Amy drove the Black Bear One and flew towards the direction given by Ye Ye.

...

A street somewhere in the core area.

Ye Ye looked at the white-haired cat girl who looked at her in a daze.

‘We have reached a cooperation, Xiaobai, do you know how to do it?’

Xiao Bai came back to his senses and hurriedly said:

‘His Royal Highness! Xiaobai will make people stare at Bai Lin and Barton at all times! They won’t disturb Your Highness and your friends.’

Ye Ye nodded gently: ‘Well. Knowing that I’m working with Lu Yuan, Bai Lin and Button may target you. If you can avoid it, then avoid it.’

Xiaobai nodded: ‘I understand.’

Ye Ye raised his head and looked at the sky, and then at the communication crystal.

‘I’m leaving first, Xiao Bai, then you can handle it yourself.’

Xiaobai nodded: ‘Okay.’

Ye Ye’s body turned into an afterimage and disappeared in place.

She looked at the direction Ye Ye left, with a ghostly expression on her face from time to time.

Yaoshou! How could my Highness ask such strange questions?

Why are you not afraid of me robbing you?

Is this still my Royal Highness?

My Royal Highness is obviously right that everything except food can be kept simple, right?

Does His Royal Highness really regard that human teenager as a friend?

Xiaobai’s mind was thinking about all sorts of messy things.

After a while, she came back to her senses and patted her pretty face with her hands:

‘Calm down, you have to do the things your Highness explained.’

She took out the communication crystal, and a look of majesty appeared on Qiao’s face:

‘Bai Lin and Button are both staring at me! Don’t let them disappear from your sight for even a second!’

...

More than half an hour later.

Lu Yuan watched the positioning on the communication crystal approach, his eyes lit up slightly.

‘arrive.’

He looked at the positioning direction, and soon saw Ye Ye on the virtual projection.

Ye Ye is standing quietly on the rooftop of a kilometer-high building not far in front of Black Bear One.

At this moment, she was looking up at Black Bear One.

Lu Yuan ordered Black Bear One to approach.

Black Bear One turned into a streamer and fell towards the city.

A group of genetic warriors nearby had already discovered it when the Black Bear One approached.

They looked up and watched the movement of Black Bear One.

An elf boy was a little surprised and said: ‘Is that the diamond-shaped flying machine?!’

A kobold said, ‘I heard that these are two human flying machines. Those two humans are very powerful and can control mechanical life.’

A human teenager widened his eyes, a little surprised: ‘Humans?! Can control mechanical life?! Really?!’

The kobold said, ‘Of course it is true. My friend is the third son of the chief of the Sky Spirit tribe. He is now at the second-tier lord level. This news has spread in the top circles. All the geniuses above the lord level are Know this.’

A green demon opened his mouth and said, 'Heh... I didn't expect this to be a human aircraft? Then can we \*\* them over?'

'What are you dreaming about? These two humans are also lord-level bosses. They just cleared out the two lord-levels not long ago. I heard that the two lords squatted on them in the outer circle. , I was killed in the end.'

'Lord?! So strong?? They have flying machines, and they can control mechanical life. Didn't they go sideways?'

'It won't be enough to walk horizontally. The two lords that humans have cleaned up belong to the Hoarfrost King Alliance. Now Hoarfrost King should be watching them, right?'

'Being stared at by the Kings? I'm afraid even they should be in danger, right?'

'Who knows? This level of confrontation is beyond our control.'

'Huh? This aircraft flies down?'

All the genetic warriors who were discussing had their eyes widened, a little surprised.

The kobold muttered to himself, with a dumbfounded look: 'Isn't this aircraft only landing when it shoots down a lord-class aircraft? What's the situation now? Isn't that right?'

'Huh? This aircraft seems to fly to a tall building?'

'Wait...Look at that tall building!'

The sharpest elf boy widened his eyes and looked at the direction of the tall buildings with some horror.

Hearing the words, the others narrowed their eyes and looked at the tall buildings.

After that, everyone's eyes widened and their faces were horrified.

'That, that is... is that adult?!'

‘It’s the Night King! The Night King is here?! The aircraft is approaching the Night King?!’

‘Does this aircraft actually belong to the Night King?! Those two humans belong to the Night King?!’

Everyone’s eyes widened, and they felt their scalp tingling.

‘If this is the case, then the matter will be even worse. The White Frost King and the Green Devil will definitely not watch the Night King control the aircraft. The three kings may be fighting soon.’
