

Chapter 153: My Genes Evolve Infinitely

BATTLE.NET EXPLODED, TRADING CREDITS

‘Really?! What’s there?! As long as your stuff is good enough, the senior will definitely not let you suffer!’

When McGonagall heard that Lu Yuan actually had something he could use, his eyes lit up, and he moved closer to Lu Yuan.

Just when Lu Yuan was about to speak, a roar suddenly sounded.

‘Fuck! Brother Yuan! Brother Yuan will always drop the gods!!’

Lu Yuan and McGon’s expressions changed, and they suddenly looked upstairs.

McGonagall’s face was a little weird, and his tone was a little uncertain and said:

‘Listen to this voice...It’s that kid from Yang Ping?! Why is he crazy?!’

Lu Yuan also looked dazed: ‘I don’t know either.’

Why is he so godly?

Soon, Lu Yuan and McGonagall heard the sound of the door opening and closing, and then the footsteps of Dong Dong.

A figure rushed down quickly, and it was Yang Ping.

Yang Ping turned his gaze in the hall and saw Lu Yuan in front of the dining table. His eyes lit up. The whole person leaped towards Lu Yuan, slumped on Lu Yuan’s footsteps, and hugged Lu Yuan’s thighs.

‘Brother Yuan! My brother! Take me to fly! Please! Take my brother!’

Lu Yuan: ‘???’

McGonagall: ‘???’

The two looked at each other and both saw the question mark on each other's face.

McGonagall said in a daze:

'Lu Yuan, what did you do? Although Yang Ping was a bit stupid before, he wouldn't be so stupid, right?'

At this moment, an afterimage passed by and appeared in the restaurant.

It is Si Tingfeng.

Si Tingfeng was also stunned when he saw Yang Ping's appearance.

He looked at Lu Yuan and McGonagall, and said in doubt:

'What's the matter with Yang Ping? I can hear his ghost cry and wolf howling when I practice in the room.'

McGonagall shrugged and spread his hands: 'I don't know, I have to ask A Yuan, right?'

When Lu Yuan saw Si Tingfeng and McGonagall looking at him, his face turned black.

He shook Yang Ping holding his leg, but who knew Yang Ping held him tightly, and the whole person shook Lu Yuan's leg up and down, tightly holding Lu Yuan's leg up and down.

Lu Yuanren was stupid, his face was dark and said:

'Yang Ping! I'll give you a chance to speak well, or be careful I kill you!'

Yang Ping let go of Lu Yuan's thigh when he heard this, but his face was still a little reluctant.

Looking at the black line, Lu Yuan almost kicked it.

Yang Ping stood up, saw a few people wondering, and said:

'Don't you know?! Battle.net exploded because of Brother Yuan!'

‘What ? What happened ?’

When they heard Yang Ping’s words, Si Tingfeng and McGonagall were both taken aback, looked at Lu Yuan with some curiosity, and asked.

When Lu Yuan heard this, he suddenly understood.

It should be about the remains of El’s machinery.

Yang Ping went out of his cell phone and drew out the light curtain:

‘See it for yourself.’

He clicked on Battle.net, and there was a post on it that was marked as explosive.

‘Two human lords actually defeated the king-level Tianjiao at the El Mechanical Ruins !

‘Today I want to tell everyone a big news! The opening of the Al Mechanical Relic during this time is something that almost all genetic warriors will care about. After all, most geniuses of all races in the new generation of Baiyunzhou will enter the contest and obtain resources. This time, there are a total of three King-level Tianjiao who have entered the El Mechanical Ruins! They are the cat person Tianming Empire Princess Ye Ye, the hoarfrost person Frost Temple Saint Bai Lin, and the Green Devil Wildland Palace Young Palace Lord Patton. As natural kings, the talents and strength of the three people are so powerful that I don’t need to repeat them. However, according to the reliable information I got, among the three people who entered the Ayre Machinery Ruins this time, Bai Lin and Barton were actually in the central floating city. Swept out! You guessed it right, the protagonist is the two human lords and Princess Tian Ming! The specific incident this time...’

Lu Yuan quickly finished reading this post, and I have to say that this post is also a personal talent, making Lu Yuan and Amy rare in the sky.

Those who rebel against the king as a lord will definitely become a war emperor or even a war saint-level boss in the future.

However, only Lu Yuan knew that they didn’t make any moves, but they used a bunch of Tier 2 Peak Mechanical Lords and bombs to push it.

Lu Yuan glanced at Tie Zhu's name, Huo Tianhua.

He doesn't know.

In the end, Huo Tianhua even released images of Lu Yuan and Amy.

This impression is recorded on the communication crystal.

I don't know which human genius who was in the El Mechanical Ruins at that time received the news and saved it.

Although the above is not Lu Yuan's face-up photo, basically looking at the image, you can still see Lu Yuan's appearance.

At the bottom of the post, Lu Yuan glanced at it, and it turned out that there were over 10 million replies.

Kind of sorrow and joy: 'Fuck! The three people in this image are so handsome! Isn't the young lord handsome than the elves?! The young lord is also so cute, looks like an angel! What pure eyes are that? That Princess Tianming is also extremely beautiful. Does her face value have a bonus to her talent?!'

Wandering wantonly: 'On the first floor, you don't even know the little princess Amy Algaby of Tianluo City?! Are you still not from Daqixing?'

It looks more abstract: 'I still know Princess Amy, but who is that man?! Why have I never seen it before? Is it the hidden genius of which family?'

Back-to-back leaning: 'Yes, that man has never been seen before. But is our human lord Tianjiao so strong? Actually cooperated with the princess of the Heavenly Empire? And also killed two king-level geniuses?! Isn't it a rare event in the history of the opening of the Ayre Machinery Ruins?'

Memories are blank again: 'These two young Tianjiao have the posture of a war emperor, I said!'

Lightly sing: 'If there are two more war emperors in Daqi, that would be great. At least the city must be more stable and will not be attacked by beasts.'

‘...‘

Lu Yuan read the replies with gusto. Some people praised him for being handsome. Although this is true, he is still very happy.

But someone actually said that he was the emperor of war?

This makes him unhappy.

How could he just be the Emperor of War in the future?

joke.

Lu Yuan felt underestimated.

When Lu Yuan was happily watching, he suddenly felt that the atmosphere in the restaurant was a little weird, and three eyes were looking at him.

Lu Yuan was taken aback for a moment, then came back to his senses.

He looked up and found that at this moment, whether it was McGonagall, Yang Ping, or even Si Tingfeng, they were staring at him with wide eyes.

The atmosphere became very quiet for a while.

Lu Yuan looked dumbfounded:

‘What’s wrong?’

The three of them recovered, McGonagall swallowed, and pointed to the image on the screen. The voice was a bit harsh:

‘...Which, is this person?’

Lu Yuan smiled and nodded: ‘It’s me. Didn’t I say that the harvest this time was good?’

The corners of McGonagall’s mouth twitched, almost squirting out.

‘You call this a good harvest!? How do I know that what you said is a good harvest is actually killing the king’s Tianjiao?!’

Si Tingfeng looked at Lu Yuan with admiration:

‘Ayuan, senior, I can only say admiration here. When I went to the El Mechanical Ruins, there was also the King’s Tianjiao. At that time, I was also a lord, but I could only hide away. I didn’t expect you to kill two of them. King Tianjiao. Senior I am not as good as you.’

Lu Yuan was a little embarrassed to see Si Tingfeng’s admiration.

He smiled and said: ‘That is to say, if you are not lucky, the right time and place are on our side.’

To be honest, if there is no mechanical control, no Black Bear One, no Evolution Cube, he will at best join forces with Amy and Ye Ye to harvest something in the central floating city.

Even Yeye is stronger than them. If he hadn’t entered the Central Floating City in advance, he would really have to be allocated, and he and Amy would definitely gain a lot less.

It can only be said that luck is better.

When Si Tingfeng heard this, he shook his head earnestly:

‘Whether it’s luck or hard work, it’s part of yourself. What’s more, luck will only be reserved for people who are talented in hard work. If you have insufficient strength before, you will not be able to obtain the flying machine, let alone the treasure that controls the life of the machine. .’

Hearing this, Lu Yuan was stunned, and then felt that Si Tingfeng’s words made sense.

He smiled and nodded: ‘What the senior said is.’

When the opportunity comes, if you don’t have enough strength, you won’t be able to seize it even if you have the opportunity.

And this strength is what you usually accumulate by yourself.

Lu Yuan always thinks that he is still working hard, which is also a reward.

Well, of course the biggest luck is the evolution cube he got somehow.

This thing is really outrageous.

At this moment, Yang Ping coughed lightly and said seriously:

‘Let’s not talk about luck, I just want to ask Yuan brother a question.’

Lu Yuan was a little puzzled: ‘What’s the problem?’

‘Can our gender stop being too deadly? I think I can too.’

Seeing Yang Ping’s shy expression, Lu Yuan’s face suddenly darkened.

The corner of McGonagall’s mouth twitched: ‘Wow, Xiaopingzi, you made me vomit! Please don’t do this!’

Even Si Tingfeng was cheeky and speechless.

Seeing the unkind eyes of the three of them, Yang Ping also realized that he seemed to be a little bit awkward.

He suddenly became serious: ‘Just kidding! Really kidding!’

McGonagall gave Yang Ping a blank look, and then said:

‘A Yuan, do you have anything I can use? Let me see. I saved some credits and should be able to afford it.’

After knowing that Lu Yuan had killed two Tianjiao Kings, McGonagall looked forward to what Lu Yuan would bring out.

Not only that, but even Si Tingfeng is somewhat interested.

Although Si Tingfeng is now at the top of the third-order warlord, he is ready to break through to the fourth-order warlord.

The second-order things are a bit low for him.

But some things don’t really pay much attention to grade.

Lu Yuan smiled and said, 'Senior McGonagall, your cultivation level should be almost complete. Are you ready to break through to Tier 3?'

McGonagall was taken aback and nodded:

'Yes, what's the matter?'

'I wonder if the rough stone or the treasure of heaven and material you broke through is ready?'

Hearing this, McGonagall's eyes lit up:

'Do you have a treasure that can break the chain of genes?!'

Lu Yuan smiled and took out a bottle of faint blue potion.

McGonagall took it, then his breathing was stagnant and his face was full of surprise:

'This... good baby!'

What Lu Yuan gave to McGonagall was the second-order genetic evolution fluid.

Like the first-order genetic evolution fluid, it can also break ten genetic chains.

This is naturally obtained by Lu Yuan from a 10,000-meter-high building.

After exploring all the 10,000-meter-high buildings, a total of 28 bottles of second-order genetic evolution fluid were harvested.

Among them, Lu Yuan divided ten bottles by himself, Amy and Yeye each took nine bottles.

Lu Yuan intends to keep three bottles for himself, which is the amount that can break the chain of thirty genes.

After all, his current gene chain is already at the level of three lords, who knows how many gene chains there will be?

Be prepared a little bit more, be prepared.

Anyway, if you don't use it at that time, you can sell it at any time.

This thing will definitely not depreciate when you put it in your hands, after all, everyone has to break through the genetic lock.

Seeing McGonagall's shortness of breath, Lu Yuan's eyes were full of longing, and he smiled slightly.

'This is a genetic evolution drug that can break the ten chains of genes. What do seniors think?'

McGonagall thought about it, nodded, and said:

'Very good, give me a price?'

Lu Yuan thought for a while, smiled bitterly:

'Senior brother, I don't really know the value of this credit. Why don't you offer a price for the senior? I think it is reasonable and I sell it.'

McGonagall was a little tangled, and Si Tingfeng, who had been watching, smiled and said:

'Why don't I give Ayuan the calculation, one second-order rough stone is 4,000 credits, and this bottle of genetic evolution potion is equivalent to ten second-order rough stones, which is 40,000 credits, but you also know Ayuan, For sale outside the school platform, the price of credits is definitely lower than the price of the equivalent items sold on the school platform, usually around 90%, so this is also thirty-six credits~www.mtlnovel.com~A Yuan, this price is considered to be The most fair price in the trading market.'

Lu Yuan couldn't help but speed up a bit when he heard this.

Unexpectedly, a bottle of genetic evolution medicine is so expensive?

The ten bottles of Evolution Potion in his hand are three hundred and sixty thousand.

And he has other treasures, some of which are more precious than evolution potions, and some are inferior to evolution potions.

But if you add it up, you should be able to sell two million credits, so you can make up the credits for shining extraordinary genes, right?

Lu Yuan's eyes were full of expectation.

McGonagall looked at Lu Yuan who was a little surprised, expecting:

'A Yuan, what do you think?'

He is about to break through, and he really needs a bottle of genetic evolution medicine.

Lu Yuan came back to his senses, looked at the expectant McGonagall, smiled and said:

'Since Senior McGonagall wants it, I'm fine with thirty-five thousand.'

Hearing this, McGonagall's eyes brightened, and his eyes were full of surprises:

'Ayuan, are you serious?!'

Even Si Tingfeng looked at Lu Yuan, a little surprised:

'For freshmen who just entered the school, 1,000 credits are quite a lot, and only 11 to 100 in the power rankings will have 1,000 credits a month. Are you sure?'

Lu Yuan looked at McGonagall who was a little excited, nodded, and smiled:

'Since Senior McGonagall wants it, it should be.'

When McGonagall heard the words, a touch of emotion flashed in his eyes: 'A Yuan, senior, I will accept your love.'

He quickly took out his student card and traded 35,000 credits to Lu Yuan.

Yang Ping next to him stared blankly at the transaction process, a little dazed.

Everyone came together, why is Lu Yuan so good?

'Brother Yuan!! Please be supportive!!!'

Yang Ping yelled and wanted to hug Lu Yuan's thigh again, but Lu Yuan kicked it out with a black face.
