

# Chapter 161: My Genes Evolve Infinitely

## LU YUAN: WHY DID I STRETCH OUT MY HAND SUDDENLY?

‘The extraordinary gene of the time system... the big liar, you think it’s so beautiful.’

Amy looked at Lu Yuan with a weird expression: ‘If there is the extraordinary gene of the time system, even the strong of the battle saint level will grab it, right?’

Xiao Bai and Wang Lingling also looked at Lu Yuan with weird faces, and even Ye Ye’s eyes became a little wrong.

Lu Yuan coughed dryly and said:

‘Then Space Department or some other special transcendent gene.’

Ye Ye thought about it and nodded: ‘Well, I will look for it after I go back. The level may not be very high.’

Lu Yuan smiled and shook his head: ‘It’s okay, it’s okay if the level is not high.’

For him, the level is not high, at most, it just spends some spirit crystals to evolve, it doesn’t matter.

Amy also opened his mouth and said, ‘Then I will go back and look for it. I will bring it to you next time.’

Lu Yuan nodded with a smile.

Ye Ye stood up: ‘Since it’s over, then we have to go, and we still need to practice when we go back.’

Lu Yuan also stood up: ‘Then I too...’

Before Lu Yuan finished speaking, Amy suddenly said:

‘Wait for the big liar!’

The cold sweat fell on Lu Yuan's forehead.

Could it be that Amy still remembered the information about giving birth to a baby?

Lu Yuan soon found out that he wanted to go wrong.

Amy said, 'My grandfather wants to see you, so let's go to Tianluo City with me first.'

'Your grandpa?'

Lu Yuan was taken aback, then his eyes widened slightly: 'Are you talking about the Emperor Tianluo?'

Amy smiled and nodded: 'Yes, it's my grandpa.'

Yeye and Xiaobai on the side looked at Amy and then at Lu Yuan, without saying much.

Regarding Lu Yuan's matter, Ye Ye left the place of origin last time and also said to Ye Mu. Although Ye Mu was a little surprised and curious about Lu Yuan's performance, he did not express too much.

After all, they are not of the same family.

Lu Yuan thought for a while. Given his relationship with Amy, the Emperor Tianluo wouldn't say he wanted to harm him, right?

He nodded: 'Well then.'

Amy laughed: 'Let's go then!'

The five people left the box and went downstairs.

As soon as everyone arrived on the first floor, they heard a noise.

'It's Anastasia! She is here!'

'I'm so lucky! I was able to see Master Anastasia! I have to show off with my friends!'

'Master Anastasia is still so beautiful, that majestic aura makes people want to be stepped on by Master Anastasia!'

‘...‘

Lu Yuan was full of black lines, as if he heard something incredible?

but.....

Anastasia?

Isn't that the second-ranked person he saw on the Tianjiao list before?

Lu Yuan glanced at each other and looked in the direction of the sound.

Not far from the door, three Ye Mei slowly walked in.

The head of Yemei looks extremely beautiful, with long dark red hair like a special flame pulsing.

The slender and raised eyebrows looked a bit strong, and her dark red eyes contained fierce majesty and domineering, but her every move carried a special charm.

Like a queen high above, and like a banshee who charms all living beings.

She just stood there, like a whirlpool, attracting everyone's attention.

Lu Yuan was shocked, his mental strength was beating, and he came back to his senses.

A hint of shock flashed in his eyes.

This woman is terrible, just standing there can affect his spirit.

The Ye Ye few people nearby were also in a trance, and then they woke up one after another.

Several people looked at each other, and they all saw a hint of surprise in each other's eyes.

Behind Anastasia were two stunning beauties with the same beautiful looks, who were also Ye Mei, but beside Anastasia, they lost their color a bit.

Anastasia took a strong step and entered the midnight restaurant.

Her dark red eyes swept across, and her eyes looked as if a \*\* standing on the cloud looked down at sentient beings proudly. When she saw Ye Ye, she paused slightly, then looked away and continued to step upstairs.

When Anastasia disappeared upstairs, the noise of the crowd downstairs became even worse.

Lu Yuan glanced over, and found that most people looked at the direction of the stairs with a look of admiration, while others had some lingering fears.

Amy couldn't help but speak:

‘That woman is terrible.’

Ye Ye couldn't help but nodded slightly: ‘Yeah.’

Wang Lingling still had a smile on his face: ‘That's the second genius in the total ranking of Tianjiao, a figure standing at the top of the entire Baiyunzhou young generation, isn't it scary?’

Everyone nodded involuntarily.

‘Our cultivation base is still low, and we can't get in touch with guys of this level for the time being. Maybe we will get in touch in the future.’

Lu Yuan smiled.

Both Yeye and Amy nodded, their expressions relaxed.

Whether it is Yeye or Amy, they are confident in themselves, and they will surely be able to become the emperor in the future, and even hope to become the emperor, standing on the pinnacle of the entire Baiyun Star Territory.

For them, Anastasia is just a few years older than them, and it may not be impossible to catch up.

For Lu Yuan, his mentality was even calmer.

He has to be a \*\* of war in the future, right?

Maybe it can surpass the God of War?

If there is something stronger after God of War.

For him, Anastasia is not so high, at most, she is a little weaker now.

The five didn't think much anymore, and they left the Midnight Restaurant, riding on the Black Bear One, and arrived at the teleportation hall.

After that, Ye Ye and Xiao Bai said goodbye.

They planned to return to Nether City, while the three of Lu Yuan returned to Tianluo City.

.....

Tianluo City, Tianluo Mansion.

The carriage stopped, and the three of Lu Yuan got out of the carriage, and Amy smiled lively:

'Go, big liar, I'll take you to see my grandfather.'

'Yeah.' Lu Yuan took a deep breath, calming down his slightly nervous mood.

It's not that I was nervous to see Amy's parents, but to see the Emperor of War. After all, as the Emperor of War, he was already standing at the pinnacle of the entire Baiyun Star Region in the real world.

Although Lu Yuan is not particularly clear about how strong the fighting power of a powerhouse of this level is, it must be no different from a humanoid natural disaster.

When the three of them entered the door, Wang Lingling separated from Lu Yuan and Amy. She was going to find Gwen, handing over the Civilization Inheritance Crystal to her for processing, and at the same time reporting the previous transactions.

Lu Yuan followed Amy to the deepest part of the huge Tianluo Mansion, a small courtyard covered with purple Tianluo wisteria.

Standing at the door, Amy smiled and shouted:

‘Grandpa, I brought a big liar to see you!’

The door of the small courtyard slowly opened, and a gentle voice sounded:

‘come in.’

This gentle voice with unknown power calmed Lu Yuan’s originally nervous mood.

Amy was heartless and bounced with Lu Yuan into the door.

The entrance is a garden full of flowers.

Lu Yuan glanced away and found that he had never seen all the flowers.

In the depths of the garden, there is a stone pavilion. Inside the stone pavilion sits a handsome middle-aged man in a white robe.

The middle-aged man has the same purple hair as Amy, and his eyes are also purple.

At this moment, the middle-aged man was looking at Lu Yuan, his mysterious purple eyes contained divine light, as if he wanted to see Lu Yuan through.

Amy walked over with Lu Yuan and sat down grinning.

‘Grandpa! I brought the big liar.’

When Adams heard the words, the corners of his mouth raised, and a playful smile appeared, looking at Lu Yuan:

‘big liar?’

Lu Yuan twitched the corner of his mouth and let out a dry cough:

‘The junior didn’t tell Amy his real name before.’

Amy snorted and squinted at Lu Yuan with contempt.

Adams laughed loudly and said:

‘Lu Yuan, um...you have a good relationship with my little Amy, I call you A Yuan, how about?’

‘Of course it’s okay. It’s an honor for the younger generation.’ Lu Yuan was a little happy.

Adams is the emperor of the war, and he is still on Daqi Xing just like him. If Adams can get closer, it would be a good thing for him.

From now on, you can walk a bit arrogantly.

Although Lu Yuan is not that kind of arrogant person.

Adams smiled and nodded, then spoke:

‘Last time Gwen invited you to join us in Tianluo City. This time, I personally invite you to join us in Tianluo City. You and Amy have a good relationship. If they are both together, it will be more convenient. In addition, if you join Tianluo City, your supply of cultivation resources is unlimited. How?’

‘Unlimited training resources?’ Lu Yuan couldn’t help his breathing when he heard this.

What is this concept?

If the cultivation resources are not limited at all, they are cultivated as the core of the family line, right?

This senior Tianluo Zhandi who first met, is so optimistic about him?

Isn’t it because you want him to be a parent?

Lu Yuan glanced at the silly Amy, and couldn’t help but guess.

‘Yes, as long as you can continue to improve, there will be no limit to the training resources.’ Adams affirmed.

For Adams, Lu Yuan was able to see the mirage dragon, and had such an outstanding performance in the Ayre Machinery Ruins. As an ordinary person, he could burn the lord gene in the second order. It was already extraordinary in itself, and the future potential was naturally amazing.

If Lu Yuan can really join the Algabe family, no matter what the unlimited supply of resources, the family will definitely have one more war emperor in the future.

A double war emperor, how much face is there to say?

Even in the entire Daqixing, you can have more voice.

Coupled with the good relationship between Amy and Lu Yuan, Adams is not opposed to the two being really together.

It's even better if you are really together.

Lu Yuan was in a daze after being confirmed by Adams.

Amy at the side also looked at Adams with a little surprise. Although she was relatively naive, she also knew what it meant for Lu Yuan's unlimited supply of cultivation resources.

It's completely cultivated as the core of the family.

Is this big liar so powerful?

But that's okay, when the big liar joins the family, this lady can let him be the deputy head of my adventure group.

When the time comes, this lady will call him Xiaoyuanzi, hehehe~

Amy felt a little smug when she thought of letting Lu Yuan do her own things.

'How?' Adams asked with a smile again.

'Senior, sorry, I'm afraid the junior can't agree. The junior never thought of joining any family.'

Although Lu Yuan was very excited, he still gritted his teeth and refused.

Joining other families is a bit too free.

And there is also Sister Qinghe. If he joins the Algabe family, where did he put Sister Qinghe?

Sister Qinghe is also in the War Emperor's clan, and really wants to join the War Emperor's clan, so why not join the Li family?

Hearing Lu Yuan's words, Adams raised his eyebrows slightly, Amy's eyes widened and her mouth was puffed out, looking at Lu Yuan:

'Big liar! Don't you want our family to supply unlimited resources? Such a good opportunity!'

Lu Yuan smiled: 'Amy, sorry, I won't join any family.'

Amy glanced unhappily, \*\* it! Can't let him do all kinds of things.

Adams stared at Lu Yuan and was stared at by the Emperor, Lu Yuan felt a little pressure.

But soon, Adams smiled slightly:

'Since you don't want to, then I won't force it. However, the door of my Algabe family is open for you at any time.'

'Thank you Tianluo for your understanding.' Lu Yuan heaved a sigh of relief.

'Little Amy has always been protected by the family before, and there are almost no friends. You are a friend of Little Amy, and you will come and go a lot in the future... If you need help with anything, you can ask me.' Adams smiled.

Even if he couldn't bring Luyuan into his family, Adams still chose to invest in Luyuan.

This is a pretty good potential stock.

Adams believed in his own vision.

'Thank you senior! Junior understands.' Lu Yuan nodded with a smile.

'Um.'

Adams smiled.

‘Okay, I, an old man, won’t bother you anymore. Practice hard. I’m very optimistic about you.’

‘I understand, I will work hard and will not disappoint the expectations of my predecessors.’

Lu Yuan nodded seriously.

After that, Lu Yuan and Amy bid farewell to Adams and left the small courtyard.

Amy is still a little unhappy:

‘Huh! Big liar, what’s wrong with our family? My grandfather said so, you don’t want to join our family?’

Lu Yuan rubbed Amy’s purple hair with a smile.

Amy shook her body like a little rabbit, patted Lu Yuan’s arm with one hand, and looked at Lu Yuan with some caution:

‘You, what are you doing?!’

Her ears are all red.

Lu Yuan didn’t expect that he would suddenly stretch out his hand.

Cough, there is a problem with this hand~[www.mtlnovel.com](http://www.mtlnovel.com)~ He chuckled and said:

‘Nothing, just want to comfort you.’

‘I don’t want your comfort!’

Amy squinted at Lu Yuan.

Lu Yuan smiled and said, ‘Even if you don’t join your family, aren’t we still friends? Amy, if you have anything to do in the future, just tell me, I will come and help you as soon as possible.’

Amy’s eyes lit up: ‘Then join my adventure team.’

Lu Yuan: ‘Oh, except for this.’

Amy's smile froze: '...'

Lu Yuan coughed dryly: 'Well, the harvest this time is not small, I have to go to practice. You also practice hard!'

'Know it.'

Amy nodded.

Then Lu Yuan hurried out of Tianluo Mansion.

Seeing the direction Lu Yuan left, Amy frowned slightly, always wondering if she had forgotten something?

After thinking about it for a long time, Amy didn't think what she had forgotten, so she didn't bother to think about it again.

And after Lu Yuanzhu left Tianluo Mansion, he went directly to the martial arts training hall. After having the spirit crystal, Lu Yuan directly encased the gravity room for twelve days and began to practice.

.....

In the end, Lu Yuan realized that he was still a little misguided.

After he broke through the second tier, the time he could stay in the place of origin became longer.

In the end, it took a full twenty days before Lu Yuan left the place of origin.

A white light flashed, and Lu Yuan's body emerged in the dormitory room.

He glanced out the window, just in the morning.

Today is the day to set off to the border.

A heavy look appeared on Lu Yuan's face.
