

Chapter 183: My Genes Evolve Infinitely

1 POINT REWARD FOR THE FATE BROTHER

Hot recommendation:

Seeing this, Tracy rubbed her red hair helplessly:

‘Then I’ll go together. Anyway, there is nothing wrong with our camp now.’

Ye Zhenghao showed a look of sorry, and said:

‘Our camp still has a lot of things to do. Except for His Royal Highness the Nine Princesses, we can’t arrange people to go with them.’

Lu Yuan shook his head, ‘Leader Ye Jun is too polite, we can go by ourselves. Just tell me the defensive camp for help.’

Ye Zhenghao looked at the communicator.

In fact, because of the strong beast tide, there are many defensive camps for help.

Ye Zhenghao chose a few areas close to the back of the defense line, and then told the three of Lu Yuan about the defense camp that was closer to them.

After all, if you go to a defensive camp close to the front line, you may encounter a lot of Tier 4 fierce beasts and king-level fierce beasts.

It was too dangerous for Lu Yuan.

Even if Lu Yuan and Tracy are not considered, there is still a Nine Princesses in it.

The three of Lu Yuan didn’t care, but the defensive camp in this position was the most friendly to them.

After all, the mechanical lord only has second-order consummation, and his strength is limited.

The three of Lu Yuan bid farewell to Ye Zhenghao and left camp 306 and headed for other camps.

In the ensuing time, the three of Lu Yuan wandered between the camps close to the back line of defense, constantly eliminating various animal tides.

The mechanical lord of Lu Yuan spread among these defensive camps.

After all, more than two hundred mechanical lords are too great.

After half a day, the movement in the endless mountain range stopped, and the wave of fierce beasts on the front line ended.

The front-line fighters who slowed down began to support the rear one after another, extinguishing a large number of fierce beasts that were besieging the defensive camp.

In just a few hours, there was no beast tide in the middle of the entire defense line.

The animal wave is completely over.

...

At the front line fortress, a few streams of light crossed the sky and fell on the fortress wall.

Headed by Li Xinghai.

Li Xinghai's face was a little pale at the moment, and his breath was a little weak, but his face was still calm and light.

Behind Li Xinghai are Li Qinghe, Si Tingyu, and other warlords and warlords who went together.

However, almost everyone was injured, even Li Qinghe and Si Tingyu were pale.

There are even people who haven't come back.

After Li Xinghai came back, a few streams of light flew out of the barracks and landed on the city wall.

The leader is Rafael Harold, the war emperor of the White Devil who is stationed on the front line.

He looked at Li Xinghai and asked, 'Old Monster Li, how is it? Watching the fierce beasts in the endless mountains subsided, did you solve the source of alienation?'

Li Xinghai frowned slightly, and said uncomfortably:

'The source of the alienation is the Balrog Dog. After the alienation, his strength has improved a lot, and he was finally beaten to death when he even let him run away.'

Hearing this, Rafael frowned:

'Run?! Then if he comes back again, wouldn't he have to come again?'

The few people behind him couldn't help but frowned.

Li Xinghai shook his head:

'This time his injury is extremely serious. He wants to fully recover. He can't do it for decades. If he wants to come back, I'm afraid he doesn't have the courage. Moreover, he is not fleeing to our Daqixing, I am afraid he is planning to go to the universe. Looking for a space rift, I went to another planet.'

Hearing these words, Rafael was slightly relieved.

'That's good.'

Li Xinghai nodded, and then smiled: 'Since the matter has been dealt with, you old boy can invite me to drink, right?'

The smile on Rafael's face froze, looking at Li Xinghai helplessly, and then he said:

'Then invite you to have a drink.'

The two left, leaving Li Qinghe and others.

The blond man glanced across the crowd and said:

‘This time you have worked hard, come with me if you are injured, and I will take you to treatment.’

Li Qinghe smiled and said:

‘I won’t go, it’s just a bit expensive.’

Si Tingyu also nodded: ‘Me too.’

The blond man nodded and let Li Qinghe and Si Tingyu feel free to leave with the others.

Seeing a few people leave, Li Qinghe took out a cigarette and lit it, took a sip, and knocked on his shoulder:

‘I’m exhausted this time.’

Si Tingyu nodded: ‘Get a good rest.’

Li Qinghe thought of something, smiled and took Si Tingyu’s shoulders, and said:

‘By the way, which defensive camp is Brother Yuan at? Shall we go find him?’

Secretary Yu heard the words, thought about it, and then said:

‘Well, I also stopped by to see Tingxue. That kid was a little worried.’

Li Qinghe waved his hand carelessly: ‘It’s fine to hear Xuexue. Although she doesn’t say anything on the surface, she actually knows it in her heart. And her strength is not weak anymore.’

Si Tingyu smiled and did not answer.

The two are compatriots and sisters of the same father and mother, and they are also the two who have the best relationship in the royal family. Although she knows that Si Tingxue is extremely strong, she still feels a little worried.

The two turned into a stream of light and flew towards the middle of the defense line.

...

In the middle of the defensive line, No. 201 defensive camp.

On the wall, in front of Lu Yuan, Si Tingxue and Tracy, stood a heroic-looking black-haired woman.

She is Liu Yixin, the commander of the 201st defensive camp.

Luyuan opened the mouth and said:

‘Captain Liu, the animal tide has ended, then we won’t bother.’

Liu Yixin nodded, his face a bit heavy.

The loss of their defensive camp is also not small, it is really hard to laugh.

‘Thank you again, Commander of the Army, His Royal Highness the Ninth Princess, Deputy Commander of the Army Tracy.’

Lu Yuan no longer remembered that this was the first time Liu Yixin thanked him. He smiled and nodded, saying goodbye to Liu Yixin.

The three then left the No. 201 defensive camp.

Crossing the hillside covered with blood and corpses, they came to a messy forest.

The forest was originally lush, but the tide of beasts passed by, and a large number of trees inside were knocked down by the beasts.

This is true not only in this area, but in the entire central defense.

Si Tingxue looked tired, but he was a little excited, and said:

‘The animal tide is over.’

Lu Yuan nodded and laughed: ‘Well. It was a nightmare, now the nightmare is over.’

Tracy sighed and shook her head:

‘It’s a pity that those dead colleagues can’t survive.’

Both Lu Yuan and Si Tingxue fell silent.

They moved around six defensive camps in half a day and saw too many deaths.

Except for No. 257 where Lu Yuan and the others are located, all other defensive camps were rushed onto the city walls by fierce beasts.

The losses were large and small, among which the small casualty rate exceeded 20%, and the large one even had a casualty rate of 50 to 60%.

There are too many dead guards.

After being silent, Lu Yuan changed the subject and looked at Si Tingxue:

‘Now the animal tide is over, Si Tingxue, are you planning to return to Camp 306?’

Si Tingxue thought for a while, then nodded: ‘Yeah.’

‘Then let’s take another cut of the road, just in time.’

Si Tingxue nodded, and then said:

‘The animal tide is over. It won’t be long before we will go back.’

Lu Yuan also smiled and nodded, some expectation: ‘I don’t know how many credits I can get this time?’

Hearing this, Si Tingxue’s expression instantly turned weird, and she snorted softly:

‘Your credits this time may be the most among all the students in the entire genius camp.’

Lu Yuan was taken aback, a little surprised: ‘Are there so many?’

Si Tingxue glared at Lu Yuan without speaking.

Lu Yuan: ‘???’

He was a little puzzled, not knowing how he caused Si Tingxue.

Then Lu Yuan thought of something and glanced at Si Tingxue with a weird expression:

‘...You don’t think your credits are as high as mine, so you are unhappy?’

Si Tingxue stiffened and stared at Lu Yuan:

‘Um!’

Lu Yuan: ‘...’

Good guy, did this person admit it directly?

He smiled and said:

‘This is no way, after all, I am strong.’

Si Tingxue faintly said:

‘The one who is strong is not you, but your mechanical lord.’

Lu Yuan smiled and said:

‘The machine lord itself is my thing, of course it is also part of my strength.’

Hearing these words, Si Tingxue’s face turned and fell silent.

She snorted and walked a few steps forward in silence, not talking to Lu Yuan.

Lu Yuan was a little funny, the ice cube’s desire to win is stronger than he thought.

Tracy at the side always felt like she was a bit redundant.

She smiled and said:

‘A Yuan, you are in six this time. No, if you count our own defensive camps, there are seven defensive camps that played an important role in defending against the beast tide. Although your mechanical lord is only second-tier in strength, but the number Enough, if it is to deal with a weak beast, the effect is not even worse than that of the King of War. If you talk about the credits this time, I also think you should be the highest.’

When Lu Yuan heard the words, he smiled and said, ‘If this is the case, then it would be fine.’

He started to look forward to his credits.

Maybe you can just collect two million credits in one wave, and then you can change the flashing transcendent gene.

The three of them rushed to the sky while chatting. After the tide of beasts passed, even the normal fierce beasts that originally inhabited here had become very few. The three of Lu Yuan drove smoothly and returned to Camp 257 in a short time.

Seeing the camp, Lu Yuan looked at Si Tingxue and said:

‘You should be a little tired now? Should you come to rest and head back to Camp 306? You are the only one on the road, so it’s better to be safe.’

After hearing the words, Si Tingxue thought about it, and then nodded: ‘Yeah.’

The three quickly arrived at the foot of the mountain at Camp 257.

Unlike before, the corpse of the beast at the foot of the mountain has disappeared, leaving only traces of the fire.

Tracy glanced at it and said, ‘It should be the collection of materials, and then set the fire to burn all the dead beasts.’

Lu Yuan nodded and stepped up the mountain.

Although the corpse has disappeared, the smell of blood is still strong.

They were very fast, and it didn’t take long for them to jump on the wall.

The guards who were patrolling the city wall were taken aback, and after seeing the three of Lu Yuan, they suddenly smiled.

Several guards saluted Lu Yuan and said respectfully:

‘Hello, army commander!’

Tracy on the side was full of black lines and looked unhappy:

‘And me?!’

Several people hurriedly shouted again:

‘Hello, Deputy Chief Tracy!’

The corner of Lu Yuan’s mouth twitched and he smiled.

Even Si Tingxue couldn’t help her mouth twitching.

Tracy felt very upset, and stared fiercely at the guards, took note of their appearance, and planned to put them on small shoes.

‘Let’s go, first go back and report to the legion commander, and then you can go back to rest.’

The three of them were about to jump off the city wall. When they went to the military area, suddenly two streams of light flashed across the sky and landed in front of them.

Before Lu Yuan could react, he felt his eyes go dark, his whole body was hugged, and his face was soft.

He smelled a familiar fragrance, and heard a familiar voice:

‘Brother fate~ Have you missed your sister?’

Lu Yuan couldn’t answer, he felt that he was going to be suffocated to death by his great mind.

He struggled to get out of Li Qinghe’s embrace, but found that Li Qinghe’s strength was surprisingly great.

After all, it is the King of War level.

And Tracy on the side saw Li Qinghe hugged Lu Yuan, frowning, and was about to get angry. He suddenly heard Li Qinghe’s words, thinking that Lu Yuan had said that he had an older sister, his expression froze.

Si Tingxue at the side just glanced at the struggling Lu Yuan and ignored it, and then turned to look at Si Tingyu.

Si Tingyu walked up to Si Tingxue, a little surprised:

‘Ting Xue, you shouldn’t be in the same defensive camp as Lu Yuan?’

Si Tingxue nodded: ‘Well, this is a special situation.’

‘Huh? What special circumstances?’

Li Qinghe, who was holding Lu Yuan, looked over curiously.

Si Tingxue turned her head and looked over, and then saw that Lu Yuan’s struggle had become more intense.

The corners of her mouth twitched, and then faintly said:

‘Sister Qinghe, someone is going to be suffocated to death by you.’

Li Qinghe smiled and let go of Lu Yuan when he heard the words, and said:

‘They are all Tier 2 fighters, how could they be suffocated? This is a reward for Brother Yuan! I heard that Brother Yuan has performed very well here recently.’

Lu Yuan was released and found Si Tingyu, Si Tingxue and Tracy both looking at him, their eyes were still strange.

He couldn’t help but blush. UU Reading www.uukanshu.com

Although it’s quite comfortable to be held by Sister Qinghe like this, two people can hug it in a place where no one is there!

How embarrassed to be seen by so many people?

After all, Lu Yuan felt that his face was always thin.

He was a little embarrassed to be looked at by several people, and decisively changed the subject:

‘Ah, Sister Qinghe is right, my performance is really good recently! Mentor, don’t you want to ask Si Tingxue why he is here? Let me explain to you...’

After that, Lu Yuan explained everything after the outbreak of the beast tide.

Li Qinghe and Si Tingyu both showed surprise when they heard Lu Yuan's report.

Li Qinghe's eyes shone, watching Lu Yuan said:

'Brother Yuan, are you so good? Are you already the commander of a legion?'

She patted Lu Yuan on the shoulder, and said with a triumphant expression:

'As expected to be my fate brother, awesome!'

Si Tingyu at the side also nodded and looked at Lu Yuan carefully:

'It's good to think of helping other defense camps.'

Lu Yuan was a little embarrassed by the compliments of the two, and he gave a dry cough and said:

'We just came back, and we have to report to the legion commander.'

Li Qinghe smiled and said:

'Let's go together too.'

So, a few people went to find Luo Xiu together.

After Lu Yuan and Tracy reported the situation, they discovered that Luo Xiu turned out to be the senior of Li Qinghe and Si Tingyu.

After he arranged a special dormitory for the two of them, he asked Lu Yuan to take them to the dormitory.

In fact, whether it is Si Tingyu, Si Tingxue, or even Li Qinghe, the three of them have just experienced the battle and are very tired.

They all need to rest now.

Lu Yuan was very moved when he heard that Li Qinghe had come to look for him as soon as he came back.
