

Chapter 184: My Genes Evolve Infinitely

PAY ATTENTION TO THE INFLUENCE

Hot recommendation:

Early the next morning.

Lu Yuan opened his eyes and glanced outside the window. The sky was already bright.

He also stayed in the reception dormitory last night to rest, because of the previous animal tide, he needed to control the mechanical lord, and he had not closed his eyes for two consecutive days.

In fact, not only was Si Tingxue tired, he was also tired.

Resting all night and sleeping comfortably, Lu Yuan is now in a good mood.

When he walked out of the room, Lu Yuan glanced at the other rooms. The door was closed.

That was the room of Li Qinghe, Si Tingyu and Si Tingxue. They should still be resting.

Lu Yuan left the reception dormitory and went to the military cafeteria.

On the way, all the guards greeted him with excitement when they saw Lu Yuan, with respect in their eyes.

Almost all the guards of Camp No. 257 had heard of Lu Yuan's deeds in the Beast Tide in the past two days.

Lu Yuan nodded in response, went to the cafeteria to buy some breakfast, and then returned to the reception dormitory.

As soon as he went back, Lu Yuan heard movement in the kitchen.

He was stunned, and looked at the kitchen, only to see a tall, blond figure.

It is Si Tingyu.

When Si Tingyu heard the movement, he turned his head.

After seeing Lu Yuan, she smiled slightly and said:

‘Just got up? I’m making breakfast, wait a moment.’

Lu Yuan was a little surprised: ‘Teacher, do you still cook?’

Although Lu Yuan had eaten several times in Si Tingyu’s dormitory when he was in the genius camp, they were all made by intelligent robots.

Lu Yuan never knew that his tutor could even cook.

Si Tingyu said while cutting vegetables:

‘It’s all about interest.’

Lu Yuan glanced at the breakfast he was holding, and silently placed the breakfast in the war pattern space.

It’s rare to eat the meal that the instructor personally cooks, so it’s better not to say that you bought breakfast yourself.

Lu Yuan sat down in the living room silently. Just then, the door of the room opened and Si Tingxue walked out.

She saw Lu Yuan sitting on the sofa in the living room, paused, then closed the door and walked over.

Sit on the sofa next to Lu Yuan.

Lu Yuan greeted with a smile:

‘Good morning, Si Tingxue.’

Si Tingxue nodded: ‘Yeah.’

Then the two had nothing to say.

Soon, Si Tingyu brought out some porridge, put it on the table, and smiled:

‘It’s breakfast.’

Si Tingxue stood up silently and walked towards the dining table, with Lu Yuan following behind.

Si Tingyu glanced at the direction of the door and frowned slightly: ‘Where is Qinghe?’

Lu Yuan smiled: ‘Sister Qinghe may be lying in bed again.’

After arriving in the imperial capital with Li Qinghe, they lived together, and Lu Yuan had a good understanding of Li Qinghe's living habits.

Regardless of Li Qinghe's strength and talent, she is actually a lazy woman.

Every day I go to bed, even if I wake up naturally, I still have to lie down in bed for a while, and even throw away my underwear.

Lu Yuan had seen it several times.

Hmm...mostly black.

Things in the house are also randomly placed.

To be honest, if there is no intelligent robot, Li Qinghe can definitely be regarded as a waste in life.

He smiled and said, 'I'll get her up.'

Si Tingyu nodded: 'Yeah.'

Lu Yuan came to the door of the room and knocked on the door:

'Sister Qinghe, get up!'

There was a dazed voice in the room, and I couldn't hear what it was saying.

Lu Yuan opened the door and walked in.

Then Lu Yuan saw Li Qinghe lying on the bed leaning on all sides, covered with a thin white blanket, and his snow-white arms and thighs were exposed outside.

You can still see the black underwear faintly.

Lu Yuan gave a dry cough and blushed a little.

However, Lu Yuan silently took the picture deeply in his mind.

Wow, it's not good. This is not good.

It was the first time that he saw Li Qinghe's sleeping posture, something like that.

Luyuan opened the mouth and said:

'Sister Qinghe, get up.'

‘Well.....’

Li Qinghe heard the sound and slowly opened his eyes, then sat up and rubbed his long black hair, stretched again, and yawned.

Afterwards, she looked at Lu Yuan and said with a grin:

‘Brother Yuan, is it early?’

Lu Yuan glanced at her, and saw that her blanket had been cut off, and the corners of her mouth twitched:

‘Sister Qinghe, pay attention to your image, I’m still there anyway.’

Li Qinghe yawned and waved his hand indifferently:

‘It’s okay, you can see it anyway.’

Then she thought of something, her eyes lit up, and she looked at Lu Yuan with a smirk:

‘Brother Yuan, do you want to watch more?’

Lu Yuan’s eyes lit up, and he was a little excited:

‘Really can?’

Li Qinghe narrowed his eyes and showed a slight smile:

‘Look at your size!’

Then Lu Yuan felt that he was kicked in the chest, and he flew out and hit the wall outside the door, and then the door closed.

Lu Yuan grinned, his chest was a little stuffy, but Li Qinghe controlled his strength, and he was not injured.

It’s just a little hurt in my heart.

Hey, he thought he really wanted to show him something else.

Woman’s mouth, deceitful ghost.

Lu Yuan glanced at the closed door and silently returned to the dining room.

Then he saw Si Tingxue squinting at him coldly, as if looking at some garbage.

The Si Tingyu at the side also had a weird face, she said with a serious face:

‘After all, there are still Tingxue and I. You and Qinghe should pay attention to the influence.’

Lu Yuan: ‘...’

It turned out to be heard.

Think about it, too, they are all genetic warriors, the doors are not closed, it is strange to hear them.

Lu Yuan’s face was already thin, but now he feels a little embarrassed.

He sat down in silence and began to drink porridge.

Then he was slightly surprised:

‘The taste is really good, the instructor is really good. Not only is the strength strong, even the cooking skills are so good.’

He was telling the truth, and Si Tingyu did a good job.

Si Tingyu smiled: ‘Drink more if you like.’

Soon, Li Qinghe came out.

Soon after everyone had breakfast, Li Qinghe lay lazily on the sofa, like a salted fish.

And Si Tingyu looked at Si Tingxue:

‘Ting Xue, I will take you back to Camp 306?’

Si Tingxue nodded: ‘Yeah.’

Si Tingyu turned his head and looked at Li Qinghe:

‘Qinghe, when I come back, we will return to the fortress together.’

‘okay.’

Li Qinghe was playing Lianliankan, and the answer was a bit unsatisfactory.

Si Tingyu didn’t care, and went out with Si Tingxue.

Li Qinghe stretched his waist, curled his little feet on Lu Yuan's thighs, and said:

'My old man. He knew you before, and always wanted to see you. This time he just came to the defense line and wanted to see you. We will go to the front line fortress later.'

The corner of Lu Yuan's mouth twitched: 'Your father, is it the Shadow War Emperor?'

Li Qinghe smirked at Lu Yuan: 'Otherwise who do you think it is?'

'Hehehe~ Are you scared?'

She poked Lu Yuan's chest with her feet.

Lu Yuan looked serious: 'How can I be afraid? I have long admired Senior Zhandi, and it is my honor to see Senior.'

Li Qinghe curled his lips, somewhat boring.

'When the rain comes back, we will set off... By the way, let me pass the test soon!'

'Oh!'

Si Tingyu came back in just over ten minutes.

At her speed, it doesn't take even a minute to go to Camp 306, and it's fast back and forth.

The reason why it has been so long is probably to explain something.

After entering the door, she saw Li Qinghe put her feet on Lu Yuan's thigh, and the corners of her mouth twitched slightly.

She silently said:

'Qinghe, you can go back now.'

'Um~ let's go!'

Li Qinghe got up and put on his shoes, and Lu Yuan followed.

Si Tingyu glanced at Lu Yuan with some confusion:

'Lu Yuan wants to go too?'

'Well, my old man wants to see him.'

Si Tingyu nodded suddenly.

When the three of them left the dormitory, Li Qinghe grabbed Lu Yuan's shoulders and rose into the air.

Lu Yuan was a little shocked by the speed of the King of War experts, and soon they came to a huge fortress.

The three flew towards the military area. Si Tingyu said goodbye to Lu Yuan and Li Qinghe because he didn't need to see Emperor Li's family.

Li Qinghe took Luyuan to a small courtyard deep in the military area.

Lu Yuan glanced over, and found that this small courtyard was somewhat different from the small courtyard of Lu Yuan Jian Tian Luo Zhandi before. It was very simple and did not have so many flowers and plants.

Li Qinghe knocked on the door with Lu Yuan, and a voice came from inside:

'Come in.'

Li Qinghe pushed the door and walked in.

Lu Yuan saw two old men sitting together drinking in the lobby.

One has a gray scalp and looks a little thin, wearing a black robe, and one with gray hair, but an unusually strong figure, wearing a martial arts uniform.

At this moment, the old man in black robes was drinking wine happily, his sturdy old man's face was full of distress, and the eyes of the old man in black robes were full of resentment.

Lu Yuan felt chills when he watched. What's the situation with this old man?

Before he had time to think, Li Qinghe walked over and said to the old man in black robe:

'Father, I have brought my fate brother here.'

'Um?'

Hearing this, the black robe old man put down his wine glass and turned to look at Lu Yuan.

Another sturdy old man also looked over, with a slight smile on his face.

'Yo? Brother? Qinghe, called so affectionate, is this your little lover?'

Even Li Qinghe felt a little numb when he heard such straightforward words.

She glared at Rafael, and said quietly:

‘Master Rafael, I think my master’s worm king brew is still a bit less...’

Rafael: ‘...’

Now it was his turn to feel numb.

Li Xinghai laughed, then looked at Lu Yuan and said:

‘You are Lu Yuan? I heard that there was a genius battalion in the back of the defensive line with a small doll from the genius camp to help several defensive camps to wipe out the beast tide, should it be you?’

‘What? That Lu Yuan is him? Why do I sound familiar?’

Rafael looked at Lu Yuan and then grinned: ‘Boy, it’s pretty good. I have such an ability at a young age. I am better than I was back then. I am very optimistic about you!’

Lu Yuan smiled embarrassedly: ‘The two seniors praised it.’

Rafael pointed out:

‘But...you can’t rely too much on foreign objects, the most important thing is your own strength.’

‘Junior understands.’

Lu Yuan nodded seriously.

Li Xinghai looked at Lu Yuan with a smile, and said:

‘Old Monster White Demon, don’t worry about that. This kid is usually awakened and can burn Lord-level genes in the second stage. He has a lot of pursuit of his own strength. It is not the kind of person who depends on foreign objects.’

‘Huh? The lord gene was burned in Tier 2? Boy, that’s not bad.’

Hearing this, Rafael looked at Lu Yuan in surprise.

He sighed, and said: ‘I think I was also a common awakening back then, but the leader gene that was only burned when I was in the second stage, only worked hard step by step, giving up life and forgetting death, and I have come to this step. If you focus on yourself, It should be able to go

further than me. Although many natural inheritors have a higher starting point, they don't have the courage to pursue higher-level genes. In the end, they are lost. The starting point does not mean anything, as long as you have the talent, there is 'With great perseverance, you can also reach the peak.'

Perhaps because it was also a normal awakening, Rafael had better senses for Lu Yuan.

Lu Yuan nodded earnestly, 'Thank you senior for your advice.'

Although he is different from this predecessor.

This senior is fighting the danger of being backlashed, burning stronger genes, and step by step to the position of the Emperor of War. It can be said that step by step is shocking.

But he just evolved.

In the final analysis, what he spends is only spirit crystals, and the difficulty is much lower than that of this predecessor.

Because of this, Lu Yuan still admires this powerful man who can be awakened and raised to the level of a war emperor very much.

Li Xinghai on the side looked at ~www.mtlnovel.com with a smile. He asked Lu Yuan to come over, partly because he wanted to meet Lu Yuan.

After all, Qinghe, the most genius in his family, talked about Lu Yuan every day, and he was naturally curious.

Part of the reason is that he hopes to use Rafael's deeds to inspire Lu Yuan.

After all, both of them are ordinary awakenings.

Although Lu Yuan is now stronger than Rafael back then, he burned the lord level in Tier 2, but it is the most difficult to burn king, imperial, and even emperor genes.

The strength of the remaining will in these genes far exceeds that of genes below the king level.

This is why there are a lot of Tier 4 warlords, but the number of powerhouses above the king level is getting less and less.

Now it seems that the effect is good.

Lu Yuan obviously listened.

Li Xinghai was very pleased.

He smiled and said:

‘Well, you are really good. The girl Qinghe is lucky, and she can meet a genius kid like you on a mission.’

Lu Yuan was a little embarrassed: ‘Senior Emperor Zhan has praised him.’

Li Xinghai waved his hand slightly and said:

‘Qinghe calls me old man, you are the younger brother Qing He brought back, you can also call me old man.’

Lu Yuan was taken aback, then smiled and said:

‘Master.’

Rafael at the side also smiled: ‘It’s rare to meet such a talented junior. If you have any problems in the future, you can also find the old man.’

‘Junior understands, thank you, Father Raphael.’

Suddenly, there were two more war emperor level backstages.

It’s better to be my sister Qinghe.

Oh, and Amy is good, and Father Adams is good to him.

Lu Yuan thought that some were not.

After that, Li Xinghai and Rafael chatted with Lu Yuan again, and Li Qinghe took Lu Yuan away without disturbing the two old men drinking.
